Gordon Smith is confined to his home in Adrian with rheumatism.

Edward Frensdorf of Hudson was in town Tuesday to attend the monthly meeting of the directors of the Tecumseh State Savings bank.

Funds raised by the Ladies Aid society of the M. E. church have made it possible to paint the parsonage, George Bangs of Adrian doing the work. Horace Eaton is superintending the job. Rev. and Mrs. Thompson appreciate the generosity of the Ladies Aid.

Honoring his friend, Frank Griffin, of Detroit, Wyman Service on Sunday evening entertained Glen Tansley, and the Misses June Brooks, Mary Avery and Lois Donaldson at dinner. Mr. Griffin was Wyman's roommate while he attended college in Chicago.

By the will of the late C. A. Slayton, an elder for many years in the Presbyterian church, he leaves the local church a legacy of $500, the income of which is to be used for its support. It has been invested in Liberty Bonds. It was the desire of Mr. Slayton that this should be the beginning of a fund which might become a kind of pulpit endowment. He very wisely saw the need of such a fund for the church in the small town. He also left $250 to the board of Home Missions and $250 to the board of Foreign Missions in the same organization.

It will be of interest to members of the Tecumseh post of the American Legion that Lieutenant-Colonel Augustus H. Gansser of Bay City has been elected state chairman of the Michigan branch of the Legion. The state convention of the American Legion closed at Grand Rapids Tuesday evening, two members of the local post having been delegates to the session. It was decided that the state headquarters of the Legion remain in Detroit. The other officers of the state organization are: Adjutant, Tyle D. Tabor, Detroit; financier, O. W. Tower, Lansing; historian, Douglass Hall, Kalamazoo; master-at-arms, C. A. McColl, Owosso; chaplain, Patrick Dunnigan, Flint.

Lieut. H. D. Copland, who has been making aeroplane flights from the Sutton farm during the last week, left Tecumseh Tuesday noon for the south. He had a busy day of it Sunday taking up eighteen passengers, giving many of them the thrills of tail spins, nose dives and loop the loop. Those taken up Sunday were Bernice Aelbridge, Alba Grady, Florence Beevers, W. E. Wilson, P. L. VanValkenburg, P. I. Alderdyce, Perry Hayden, H. S. Moore, Harold C. Halladay, Wesley Clark, John R. Keeney, J. C. Satterthwaite, Chas. Thurlby, Herb Russell, Frances Alderdyce, Alma Koffenstein and Mr. and Mrs. Charles F. Jones. While Perry Hayden was passing over Tipton he dropped four sacks of 1900 flour from the plane.

FURNITURE DEALERS
FUNERAL DIRECTORS

TECUMSEH, MICHIGAN, Oct. 16, 1919.

Dear Friends:

Now that this horrible war is over, it really seems as if life takes on a new aspect, with good cheer ahead, and in looking back over it all, we just wonder how it is that all of us managed to pull through as well as we did.

We are sort of commencing life all over again, and we have found out that a lot of things that used to be real, aren't so any more, and every day or two our consciousness gets a jab that makes us sit up and take notice.

There isn't any doubt about the change that has taken place in the world in general, and any business man can tell you of the change that the business world is undergoing.

This preamble just leads us to the statement that never in history, has there been a time when furniture was as difficult for the dealer to buy as at the present, and you will notice, if you have occasion to visit the different stores, that the dealer that did not anticipate his wants months ago, is to-day practically out of stock.

A great many of the manufacturers showing at the July market at Grand Rapids and Chicago, were so swamped with business during the first few days, that they were compelled to close their booths, as it was impossible for them to take any more orders.

This news was flashed to the dealers all over the country, with the advice to get busy with mail orders if they needed goods for the fall and holiday trade.

Naturally, a great many dealers did not heed this bit of warning, but we are glad to say that we did, and as a result, are showing a large and varied assortment which it would please us to have you inspect.

Very Respectfully,

SERVICE & SON.

There is no more wholesome recreation than bowling, and the opening of the SMOKE HOUSE ALLEYS gives all an opportunity to indulge in this great winter sport.

The three alleys just installed at the Smoke House are as well lighted as any in this part of the state and are in perfect condition. They are to be kept that way so that bowlers will have every advantage of making creditable scores. These alleys are equipped with automatic pin setters, guaranteeing perfect "spotting."

Ladies, You Are Invited

Many people have gained the impression that bowling is only for men, but such is not the case. The Smoke House invites the ladies of Tecumseh and vicinity to use its alleys and has set aside every Thursday afternoon as Ladies' Day, when the feminine pin spillers will have the exclusive use of the alleys. There will be a lady attendant on duty.

Bear in mind, local bowlers, that this equipment was installed for your convenience and you are cordially invited to make use of it.

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it? Just this:

A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good, honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay; over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is; your Postmaster will be glad to tell you.

To any Father and Mother:—
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It" removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "packagey" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

IT'S NOT YOUR HEART
IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

BRADLEY OPERA HOUSE ATTRACTIONS

Big Triple Bill Saturday Evening.

Last Saturday the big three-feature bill at the Bradley made such a hit that the management, after many requests to do so, decided to play one more big program of that kind and for this week Saturday, October 18, has booked the world's biggest comedian back again in "The Bell Boy." "The Bell Boy" like the "Sheriff" which we presented last Saturday night, is just one scream after another.

Norma Talmadge in a play that had all Detroit talking, "The Probation Wife" is the main big feature of Saturday's big bill while Mack Sennett's latest two reel comedy "The Dentists" finish the program.

Nazimova, Sunday.

The great Russian actress, Nazimova, will be the headliner at the Bradley Sunday, October 19, when she will be seen in the seven-act production "Revelation" Nazimova is a hit in Detroit and people have to stand in line and wait for admission into any of the big Detroit theatres playing here. When "Toys of Fate" with Nazimova was presented at the Bradley several weeks ago hundreds of Tecumseh's best people proclaimed it one of the best pictures ever seen in Tecumseh, "Revelation" is another of the same class.

"Smiling" Bill Parsons in "Birds of a Feather" and the special orchestra complete the program.

Tecumseh May See "Oh! Boy!"

As the paper goes to press the outlook is very good for Tecumseh people to see the big Shubert production "Oh Boy" which is a companion play to the big musical production "Very Good Eddie" which was seen at the Bradley two years ago. The management of the Bradley just receiving a wire from Jules Murry, the Shubert's New York manager, to hold October 29 for "Oh Boy", better make your dates accordingly so you will not have to miss this big show if it does come here on that date.

All Should Get Vision of Christ

REV. W. R. CURTIS EXPOUNDS "THE CHRIST THAT LIFTS"

Pastor of Baptist Church Says Tecumseh Would be Better Place if We Saw Son of God as Lifting Power; Next Community Service at Methodist Church.

"Tecumseh will become a better place when all have received the vision of Christ as a lifting power," declared Rev. W. R. Curtis in his Community service sermon at his church Sunday evening, his discourse being heard by a good sized congregation. The interior of the church presented an unique appearance, it having been decorated with all sorts of fruits and vegetables, the morning service of the Baptists having had a harvest processional as one of its features. A vocal solo by Gordon Bailey was one of the enjoyable musical numbers on the Community service program. The Community service next Sunday will be at the Methodist church.

Rev. Curtis took as his subject, "The Christ that Lifts," and his text from II Kings, 6:6: "And the man of God said, where fell it? And he shewed him the place. And he cut down a stick and cast it in thither; and the iron did swim." The Baptist minister declared there were many valuable lives lost in the sea of neglect. He called attention to the comprehensive efforts being made at present to raise valuable sunken boats with their cargoes from the bottom of the sea and urged all to help save those who were going down in the ocean of carelessness. The preacher asserted God sees great value in every character but few people realize the real value of the souls around us. He pointed out that ours was the opportunity to shape the character of those we come in contact with.

"I believe Jesus is in the hearts of the people of Tecumseh," declared Rev. Curtis, and continued: "There is power in Jesus to lift us to a higher life. The residents of this city are becoming interested in the power of Jesus to lift. Tecumseh will have become a better place when all will have received the vision of Christ as a lifting power. If it were not for Jesus the world would not now want peace but would be seeking war. Jesus as a branch goes down into the sea of humnity to lift all to a higher life.

"Let Jesus give you the lift that will bring vision to your life. Jesus lifts you and I that we might lift others. The joy of leading one soul to God is greater than all others."

The scripture lesson was read by Rev. W. A. Rex, pastor of the Presbyterian church, and Rev. Edward Escolme of the Friends church offered prayer. Rev. C. M. Thompson then announced the Community service next Sunday evening would be at the Methodist church and cordially invited all to attend. The pastor of the Methodist church also pronounced the benediction.

SCHOOL NOTES

There are three new scholars enrolled in the primary class, making a total of forty-two.

Mrs. Duaine Service is teaching the first grade during the absence of Mrs. Mulvaney.

The fourth grade language class is studying possessives and the fourth grade arithmatic class is drilling in subtraction with checking.

Miss Stone, the fifth grade teacher, has resumed her work after being absent on account of sickness.

The ninth grade, taught by Miss Boyce, has been having some interesting oral reports. Twice during the month this class talks over grammatical errors made during the time previous.

The eight grade history class, taught by Miss Wimple, is beginning to study about settlement of the New England colonies.

The Junior High School Glee Club has been practicing for the part they are to take in the Parent-Teachers' Association program to be given Tuesday evening. October 21, at the high school auditorium.

The junior and senior domestic art class is drafting patterns, the freshman sewing class is making aprons and the tenth grade cooking class is working at the preservation of fruits.

The junior high school art class is making posters. The senior high school art class has started the study of design.

There will be no school on Thursday and Friday of this week in order that the teachers may attend the county institute at Adrian.

High school students are selling tickets for the coming Lyceum course, which promises to be of great value. The first entertainment will be held the evening of October 25 at the high school auditorium.

Miss Martha Comfort was pleasurably surprised at her home Friday evening when fourteen of her schoolmates arrived unexpectedly. Games were played, music enjoyed, and a general good time indulged in. A feature of the evening was a "winnie" roast. The young people motored to Miss Comfort's home south east of town. Those of the party were Alice Hall, Bernice Austin, Helen Deming, Mabel Gill, Marian Williamson, Margaret Turner, Dorothy Ihrkey, William Beardsley, Charles Gray, Donald Brown, Lucian Williamson, Tom Mead, Ralph Comfort, Sam Sisson and Dale Bowen. The chaperon was Elizabeth Comfort.

Tecumseh easily defeated Manchester high in a football game played Friday afternoon by a score of 38 to 0. Tecumseh apparently found some of that spirit and fight which she lost at Addison and came back with a winning team. Although the weather was miserable the boys handled themselves nicely and carried the ball in verteran style. On account of a bruised hip, Abbott was replaced in the second half, and will be kept out of practice for a time. All in all, the team was given a chance to exhibit some of its real qualities. Next Friday Tecumseh meets Hudson at Tecumseh. Judging from what we hear Hudson has a very strong team this year with only one new man in the squad. However, we are looking for another victory. We hope the Tecumseh football games will turn out with as good a record in the following schedule: October 17, Hudson at Tecumseh; October 24, Clinton at Clinton; October 31, Blissfield at Blissfield; November 7, Hudson at Hudson; November 14, Blissfield at Tecumseh; November 21, Clinton at Tecumseh; Thanksgiving, Addison at Tecumseh.

To Remember Its Oldest Member

Tecumseh Grange Adopts Unique Plan—Elects Three to State Executive Committee.

A regular meeting of the Tecumseh Grange was held at Grange hall Saturday, October 11. The attendance was good, considering that farmers are still very busy.

In addition to the regular routine business an election was held to select three members of the executive committee of the Michigan State Grange, resulting in the unanimous choice of Nathan P. Hull of Dimondale, A. W. Thompson, representing the upper peninsula and A. E. Illenden of Madison Grange.

On motion of Mrs. George Sanford the custom of remembering the birthday of the oldest member of the local Grange was made a permanent affair. As the succeeding years shall come and go, Tecumseh Grange will perpetually remember, in some way the birthday of it's oldest member. The members of the Grange are requested to remember that each one may in time become the oldest member. Only two things are necessary, say the officers: Keep your dues paid and then you will not be suspended and live the simple life so completely that you will outlive the other fellow.

At this time the oldest member of Tecumseh Grange is Mrs. Hannah Margeson, who will pass the 90th milestone in life's journey on the 28th day of the present month.

The secretary was instructed to correspond with the manager of the community market at Adrian with a view of having members of that organization come to Tecumseh and put on a program for the local Grange in the near future.

The next regular meeting of the Grange will be held on Saturday, October 25. At that meeting it is hoped to welcome the latest addition to the Grange family, Mrs. Norman McConnell.

D., T. & I. Adds 2 Trains to Service

Going to Detroit,. Train Leaves Tecumseh at 9 a. m.; From Detroit it Arrives at 6:15 p. m.—Increased Traffic Results in Addition.

There are now two passenger trains out of Tecumseh every day over the D., T. & I. railroad, the second one having been replaced Monday after it had been off the road for about two years. It leaves here for Detroit at 9 in the morning arriving there at 11:30 and on returning leaves Detroit at 4 p. m. arriving here at 6:15.

Notice that the trains would again be placed on the schedule was received by Station Master A. B. McLachlin Thursday afternoon. The train north will be known as No. 4, while the one south will be No. 3.

These trains were in operation until about two years ago, when they were taken off by the government in its endeavor to facilliate the movement of troops by reducing passenger train schedules all over the country. During the past few months the traffic of the D. T. & I. through this city and the neighboring towns has grown to such proportions that it was found necessary to put these trains back on.

The new trains will not run on Sunday nor will they carry mail for the present. The train is made up here and consists at present of one coach, a combined baggage car and passenger coach. The crew who are finding homes here for their families are Conductor Wm. Lockwood, Engineer John Saums, Fireman Rodgerman, Baggageman W. H. Brown and Brakeman James C. Carter.

The addition of these trains will be a great convenience to those residing along the line and the step taken by the road is highly appreciated by all affected. The one train going each way on this road up to the present time left here for the south at 10:04 a. m. and for the north at 4:10 p. m.

There is None "Just as Good"

In buying bread do not be mislead by that time-worn catch phrase, "Just as good." Users of Nevison's Bread know there is none that is as good and few makes that are equal to our product.

And Nevison's Bread is not so superior just by chance. There are good and sufficient reasons for its excellence. The most important of these is that our bread is "Steam Baked" which brings out that appetizing flavor and makes our loaves so nourishing and creates the longing for more. Other vital factors in producing wholesome bread is the use of only first class ingredients and positively sanitary methods.

If you are not using Nevison's Bread there is every reason why you should buy no other.

GUNS PLACED IN ALL STORES OF THIS CITY

MERCHANTS FORM PROTECTIVE ORGANIZATION TO PREVENT HOLD-UPS

Action Follows Warning that Desperadoes Plan Raid on Many Southern Michigan Towns—Would-Be Robbers Will Meet Shower of Bullets Here.

WARNING !

Hold-up men, robbers, safe crackers, etc., beware of Tecumseh. The local merchants have formed a protective organization, having heavily armed themselves, and will shoot to kill if an attempt is made to rob any of the Tecumseh business places. A visit here will be perilous.

This sums up the action taken by the business men of Tecumseh to guard against being visited by a robber gang which has threatened to invade many of the small towns in the southern part of this state. Fearing this peaceful but prosperous little city might be one of those to attract the hold-up squad, the Tecumseh merchants have taken drastic steps and are confident they can repell the intruders.

Some time ago word was received by the local banks from high legal authority that an organization of looters was planning to make hauls in a long list of small towns in the lower part of Southern Michigan and the suggestion was made that action be taken to guard against such a raid or at least make a visit here by such a gang a dangerous undertaking. The hint of trouble was given due consideration and Monday evening the business men met and formed a mutual protective organization. This plan was adopted: Government rifles were ordered, which have already arrived and have been placed in the various stores in a convenient place so that they may be available at an instant's notice. Besides the loaded guns, each store has been supplied with a number of rounds of ammunition and the male clerks have been instructed how to use the weapons. Now, at the slightest warning Tecumseh has a fully armed, always-on-the alert guard which plans to make it decidedly perilous for a gang of hold-up men to attempt any of their "jobs" here.

In addition to this armed guard, the two local banks have stationed extra watchmen in their institutions whose duty it is to detect any suspicious actions on the part of strangers, and should anything out of the ordinary be attempted a warning would be sounded and the armed men in the business district will come to the rescue.

The business men are convinced Tecumseh should have more lights on its streets and in the alleys and also additional night police protection, and a petition to the council requesting these be furnished was signed by every merchant. A special meeting of the council was held last evening at which the matter was brought up.

Favorable action was taken by the councilmen. More lights will be provided, John McCaughan was deputized a special officer and he and Nightwatchman Rubadou will be properly armed.

While both the local banks are fully insured against loss by burglary, they will do all in their power to shield their institutions from an onslaught by highwaymen.

PLEASURABLY SURPRISED ON ANNIVERSARY OF BIRTH

A party of some thirty relatives and friends walked in on John O'Neil Thursday evening to help him celebrate his birthday and the Mr. and Mrs. O'Neil's wedding anniversary. The event had been planned by Mrs. O'Neil and she proved one woman at least can keep a secret, for the surprise was complete.

A picnic supper was served, then came an evening of music and games. David [illegible] was present with his violin and the guests enjoyed the music immensely. Mr. and Mrs. O'Neil were remembered with many splendid gifts.

Present from out of town were Mr. O'Neil's son, Floyd, of Toledo, Mr. and Mrs. Joe Mattausch, Mr. and Mrs. Henry Mattausch and Miss Segar of Adrian, Mr. and Mrs. Will Palmer of Tipton.

Loses 2 Brothers Within a Week

George Merritt Receives News of Death of Last of His Near Relatives.

George Merritt has suffered during the past week the loss of his two brothers, the last of his near relatives.

On Friday came a message telling of the death of his younger brother, John Merritt, aged 68, which had occurred the night before at his home in Lockport, N. Y. His funeral was held Sunday at Lockport.

Then on Monday came tidings of the death of the other brother, Edward, aged 71, at Big Rapids early that morning.

These men were the sons of Mr. and Mrs. John Merritt, pioneers of Franklin township, who originally came from New York. Later they came to Tecumseh, living here the remainder of their lives. In their family were five sons, of whom George Merritt was the oldest. When a young man John Merritt left the old home for New York and worked his way into things political. For several years he was third assistant postmaster general at Washington, D. C., and for nine years postmaster at Washington. He was also collector of customs at Niagara Falls for eleven years. He leaves the widow and one son, Allen.

Thirty years ago Edward Merritt went to Big Rapids and had since made that his home. He had been very successful in the real estate business and for many years was a justice of the peace. He is survived by only the widow, who accompanied the remains to this place yesterday afternoon. The burial took place in the family lot in Brookside, under Masonic auspices, with the Rev. J. G. Widdifield officiating.

Wallinger Home Is Damaged By Fire

Blaze of Unknown Origin Late at Night Causes Loss of Several Hundred Dollars—Fire Fighters Save Main Portion of House.

Fire of unknown origin damaged the residence of Mr. and Mrs. Frank Wallinger, who reside on Maiden Lane, about 10 o'clock last Thursday night to the extent of several hundred dollars. The loss is covered by insurance.

The blaze was discovered by several neighbors almost at the same instant, Sanford Cutting and Rev. W. A. Rex being among those to rush to the telephone to summon the fire department. The flames started in the rear part of the house and had gained considerable headway when discovered, but the fire fighters' intelligent and energetic efforts soon had the blaze under control and kept it from spreading to the main portion of the residence. The part that burned, which was sort of a store room and coal house, contained besides a number of pieces of household furnishings the family washing as well as several overcoats and other wearing apparel.

Mr. Wallinger was attending the meeting of the Knights of Pythias that night and with many others present rushed to the street when the fire alarm was sounded, and it was then he learned it was his house that was in flames. He heard some one call to another person across the street that it was the Wallinger residence that was burning and lost little time in getting home. He found his family was safe.

How the fire started is still a mystery. One theory is there may have been some matches in some of the clothes stored in the room and that mice might have been knawing at these and thus started the blaze.

Despite the late hour, a large number of people visited the scene of the blaze, as the flames could be seen for quite a distance.

Asks All To Live A Life Of Holiness

REV. CALVIN M. THOMPSON PREACHES REMARKABLE SERMON.

Says If We Follow In Christ's Footsteps We Need Not Worry About the Hereafter — Next Community Service at Presbyterian Church.

Rev. C. M. Thompson's sermon Sunday evening at the weekly Community service was a convincing argument for the fact of the immortal life. His theme was "The Hereafter, or Does Death End All?"

This thought has been in men's minds since the beginning, the oldest book in the Bible, the book of Job, having passages showing this question was even then bothering the minds of men. Mr. Thompson drew many of his arguments from the constitution of man. His soul is immaterial in substance, yet has in itself substance and life, living in the body and out of the body. Several instances are given in the Holy Word of the returning to the body of the soul.

His second argument was found in life's satisfactions. All down the ages men have been longing for immortality, it is an instinct with us. Another argument is compensation. Good morals, good ethics demand men should have a chance in another world. Many do not have a fair chance in this world and struggle against their handicaps all their life.

An argument drawn from the constitution of things is that nothing is ever destroyed. Nature is indestructible and so is man.

Annihilation is an unthinkable thing. No man can think of himself as out of existence. That which is unthinkable is impossible. God has breathed into us the breath of life, hence the living soul.

The most positive proof of immortality was Christ's resurrection from the dead. "Because I live, ye shall live also. I am the resurrection and the life."

Are we living as immortal beings should live? Let us live the life Christ lived, the life of holiness, then we will have no worry when the great change comes.

The service next Sunday evening will be held at the Presbyterian church.

First Meeting Is Enjoyed to Fullest

Parent-Teacher Association Takes In Thirty More Members—To Meet Monthly—Program is Varied.

Tuesday evening the high school was thronged with an interested crowd of parents and students for the first meeting of the Parent-Teacher Association. In the class rooms were on exhibition the work of the pupils. In the domestic science and art room was on display canned fruit and jelly, also sewing aprons and bags and other fine needle work. In the commercial room students were operating typewriters, to the edification of their friends.

In the gym was an informal reception when the parents and teachers met, frequently the students doing the presenting. Members of the board of education were among those to welcome the guests.

At 8 o'clock the company assembled in the auditorium, taking nearly every seat. Here Mrs. F. S. Turner, president of the association, very happily greeted the people with an urgent invitation for more to join the association with the eighty-five already signed up.

Secretary O. W. Laidlaw read the minutes of the meeting of organization and the session was turned over to Superintendent E. E. Crampton, who had the program in charge. The numbers were given by the scholars from all grades, beginning with a chorus from the little people. This was followed by a quartet selection by John Orr, Maurice Coller, William Rex and William Martin and a vocal solo by Wilhelmina Anderson.

Twelve girls from the physical training class, in charge of Miss June Brooks, gave many of their exercises, ending with a Swedish folk dance, which was very pretty. This is a new department just added to the high school course this year and has been enthusiastically taken up. The marching, drilling and exercises showed much practice and excellent instruction.

A song by the sixth grade followed, the solo work by Margaret Leighton being unusual for a little miss.

Twelve of the boys of the military training class drilled to perfection, equipped with their army guns.

The program closed with a chorus by the Junior High School Glee Clubs, at the end of which all joined in singing "The Star Spangled Banner"

After the meeting some thirty joined the association, which is bound to be of such a power for good.

It is now planned to hold a meeting of this association each month.

"Catch the Thief" is the sermon subject, Presbyterian church, Sunday, 11 a. m.

Set Clocks Back Sunday Morning

Daylight Saving Plan To be Abandoned at 2 a. m. October 26

At 2 o'clock next Sunday morning, October 26, the United States will abandon the daylight saving plan and clocks will be set back one hour.

It should be borne in mind that the school, churches, stores and in fact everybody will set their clocks back and by this general observance of the change in time resumption of the pre-war schedule will be accomplished without a hitch. Those who retire early and do not fancy arising at 2 o'clock to make the change may do so on going to bed.

Churchgoers will attend worship when the clock indicates it is time, as the churches will adopt the change at the same time others do.

George J. Ziehr Is Awarded a Medal

K. OF R. & S. FOR TECUMSEH PYTHIANS HONORED FOR FAITHFULNESS.

Grand Lodge Official Makes Presentation—Session Proves Interesting and Thoroughly Enjoyable—Two Made Esquires, Work Being Highly Complimented.

It was a case of entertaining and being entertained when William E. Hampton of Charlevoix, G. K. of R. & S., visited Tecumseh Lodge, No. [illegible], Knights of Pythias, [illegible] to present George J. Ziehr with a grand lodge medal. The prize was in recognition of Mr. Ziehr's zealous devotion to duty as keeper of records and seal of the local lodge. Mr. Hampton's visit was made a festive occasion, he being given proof of the warm hospitality of the Tecumseh Pythians and in his talk before the lodge he clearly showed that the local organization stands high in the estimation of the officers of the grand lodge.

Between fifty and sixty Pythians were present at the meeting, a feature of the session being the proving of two members in the second rank of the order. This work was done in a manner to elicit words of high praise from Mr. Hampton, which were appreciated the more as his duties as grand keeper of records and seal for the grand lodge of Michigan take him all over the state, where he has occasion to view the efforts of the largest lodges under his jurisdiction.

Following the work impromptu remarks were made, the distinguished visitor speaking on "Service." His subject was most timely as both the candidates had served their country overseas. He discoursed on this topic in a comprehensive way and in the course of his remarks brought out the fact that the Knights of Pythias were bound to do their share in the extensive reconstruction work which now confronts the world.

In further developing his theme the Charlevoix man called attention to the duties which devolve upon the grand lodge officers and on the officials and members of the subordinate organizations, and then told what steps had been taken to encourage promptness and efficiency on the part of those conducting the affairs of the various Pythian lodges throughout the state. He explained the Michigan grand lodge awards a medal each year to the three keepers of records and seal who answer their correspondence quickest and are the most prompt in submitting their semi-annual reports in January and July. This year two of the medals come to Lenawee county, Adrian winning one and the other being acquired by George J. Ziehr, keeper of records and seal of the Tecumseh lodge. Mr. Hampton complimented the local official on his devotion to duty and reminded the Tecumseh Pythians that it meant much time and labor for a lodge officer to keep up his work, especially to such high degree as is necessary to win the much coveted prize awarded by the grand lodge. He declared it was with much gratification that he awarded the medal to Mr. Ziehr, whose earnest devotion to lodge affairs merited full recognition.

The recipient of the medal accepted it in a gracious manner.

At the conclusion of the lodge work and the presentation of the medal an appetizing lunch was served, then cigars were passed and a social session ensued, it taking the form of "for the good or the order."

Need Is Great For Workers For God

REV. DR. IRVIN H. CORRELL PLEADS CHURCH MAY SEE BIG OPPORTUNITY.

Missionary From Japan Gives Spirited Address at St. Peter's Church — Sounds Call for Spreaders of God's Word and Urges All to Get Real Vision of One Who Hung on Cross.

Sounding a clarion call for workers in the vineyard of God in the Orient as well as elsewhere and declaring as false many of the disparaging rumors afloat regarding Japan, the Rev. Dr. Irvin H. Correll, missionary to the land of Nippon, delivered a gripping address at St. Peter's Episcopal church Monday evening, his discourse leaving a deep impression on all who heard him. The speaker was fired with the spirit of Christian zeal and his fervent plea for more reapers in the field where the saving of souls is the harvest gave evidence that he fully realized what a gigantic task confronts the church.

The Rev. Dr. Correll is stationed at Tsu, Japan, and is now in this country as a delegate to the general convention of the Episcopal church, being held in Detroit. He is a gifted orator and his words carry conviction, his earnestness being sensed by the audience the moment he began his discourse. The speaker took up his work in Japan forty-six years ago and since that time has been markedly successful. He is well known in Tsu, has a large following and in addition to his missionary work has published a number of works in the Japanese language.

He said forty-six years ago when he first set foot in Japan Christianity was forever forbidden in that land. People were afraid to hear about Christianity, that when they heard the word of Christ it was like a bomb and all would flee. Now all the old edicts are gone. The pulpit orator asserted when he began his work in Japan he would not have believed it, had any one told him such wonderful strides could be made there. But he pointed out it only goes to show what remarkable things can be accomplished in the name of God. Now is the time for the church to put on its garment of strength and to show what it can do. With emotion the speaker declared that like the new meaning which the Stars and Stripes have for all in America since the world war there should be an awakening to a new and ardent love for the cross and a personal contact with Him who hung on that cross. "It is a privilege to hold up Christ and tell all what blessedness can come to them through Him. What we want is to get on our knees and pour upon the church His oil of salvation." It was gratifying, in the opinion of the missionary, that unification of the work of the church was one of the objects of the nation wide campaign of the Episcopalians.

The worker among the Japanese closed his message with a strong plea for expounders of the gospel, declaring that in the nation wide campaign alone 1,500 workers, men and women, could be used in helping to bring God's word to those now deprived of this blessing. His prayer was that the church may see her great opportunity.

Editorial Comment

Preparedness against robbers is the watchword adopted by the merchants of Tecumseh.

And this watchfulness is not just talk and no action. It has taken concrete form, as government rifles have been distributed among the business places, ammunition furnished and clerks instructed how to use the firearms with the most telling effects.

This step was taken to guard against a visit from hold-up men and robbers who seem to be getting bolder day by day, as their activities, chronicled in the daily papers, show.

It was a tip from unquestioned authority that led to the arming of the local business places. Word was received here that a gang of safe-crackers, highwaymen and daring robbers were planning to make raids on the towns in the whole southern part of the state, the same authority suggesting that something be done to prevent an invasion of this city or at least be prepared should any of the desperadoes visit Tecumseh. The result was a meeting of the business men at which it was decided to have loaded government rifles placed ready at hand in all the stores with some one always close at hand to use the weapon should there be need.

Other precautions are also being taken and should the robber gang make a call here they will be met with a shower of bullets that is sure to keep some of them from returning to their haunts as full of life as when they arrived here.

All merchants are to be vigilant and others are also requested to be on the alert that the alarm be sounded when a raid is made and the invaders received in a manner to cause them to hasten on.

Those desiring to contribute to the Roosevelt Memorial fund are asked to do so voluntarily as no solicitation will be made. It was at first planned to have a committee call on the people seeking contributions to this fund but this has been abandoned.

Both the local banks, J. R. Nyland, R. K. Anderson or C. A. Wright will accept contributions and those interested in making donations to the fund for constructing a memorial to the "Great American" are requested to leave their subscriptions with any one of these.

The campaign to secure funds for a memorial to "T. R." was opened Oct. 20 and is to close Oct. 27, the anniversary of the birth of Mr. Roosevelt. It is to be made a special occasion in the public schools and the general public is urged to participate in the observance.

Tecumseh township's share of the fund has been set at $300 and as the local people have always gone over the top on occasions of this kind it is anticipated there will be no trouble experienced in raising this sum. But it should be remembered that no soliciting will be done so admirers of our former forceful president will be required to come forward of their own accord and make contributions. All subscribers to the fund will receive a membership certificate in the Roosevelt Memorial association.

J. R. Nyland is the chairman for Tecumseh township.

The first meeting of Tecumseh's Parent-Teacher Association at the high school Tuesday evening was a distinct success and a number of those in attendance were heard to remark they hoped more such sessions would be held at frequent intervals.

Gatherings of this nature are beneficial in many ways. They bring the teacher, parent and scholars closer together, the fathers and mothers of the pupils get a clearer idea of how their children are taught and this generating of interest in educational affairs is bound to have a helpful influence.

The program presented by the pupils gave the parents a clearer conception of what the varied courses now taught mean to the scholar and the splendid results secured by the teachers will cause all to take a deeper interest in school matters.

More such sessions are certain to bring encouraging results.

It is hoped every business man and many others of this city will attend the banquet to be given at Grange hall Tuesday evening by the Tecumseh Commerce Club. An invitation is extended to all whether members of the organization or not.

A. McArthur of Chicago, who is addressing rotary clubs, commerce associations and other similar organizations throughout the state, will be the speaker. He will give "Personal Recollections of James Whitcomb Riley" which are said to be of a highly entertaining character.

All sessions of the Commerce Club are of interest to all Tecumsehites and the banquet and business meeting of next Tuesday night will be of particular importance, so it is desired there be a large attendance.

Early next Sunday morning the daylight saving plan will be abolished in this country and Tecumseh with the rest of the United States will set its clocks back and then forget about it and go about its business the same as usual.

All should remember that the change will be universal—the churches, schools and business places conforming to the new time so there will be no confusion.

Set your clocks back at 2 a. m. Sunday, Oct. 26, and then go by the clock.

Home Truths

IS IT NOT TRUE, THAT THE FIRST THING THAT ATTRACTS YOUR EYE UPON ENTERING A ROOM IS THE CHARACTER OF ITS FURNITURE?

DO YOU SUPPOSE, THEN, THAT YOUR FRIENDS ARE AFFECTED IN THE SAME WAY WHEN THEY VISIT YOUR HOME?

IF YOU DO NOT POSSESS FURNITURE THAT YOU REALLY FEEL PROUD OF, YOU ARE DENYING YOURSELF THE MOST WHOLESOME ENJOYMENT IN THE WORLD.

REMEMBER, A DISTINCTIVE PIECE OF GOOD FURNITURE, SELECTED WITH GOOD TASTE, IS THE PERFECTING TOUCH IN A ROOM, AND IS ALSO THE REFLECTION OF YOUR CHARACTER.

WE FEEL EXTREMELY PROUD OF THE ASSORTMENT OF GOOD FURNITURE WE HAVE BEEN FORTUNATE IN ACCUMULATING AT THIS TIME, AND WE WOULD BE INDEED PLEASED TO HAVE YOU SEE IT.

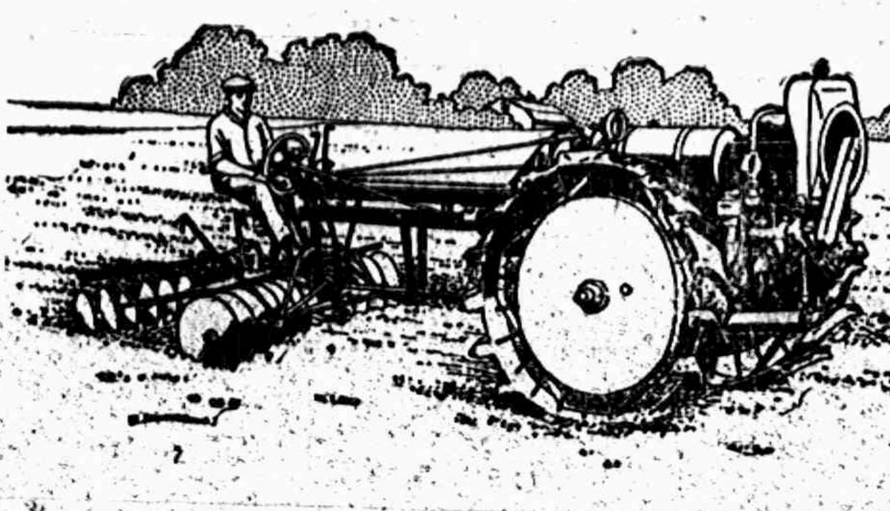
SAMSON



$950 Complete with Plows, Fenders, Platform, Etc.

We have two of these outfits running in Ogden township, and plowing ten inches every day; another plowing in Milan township, where it is claimed to be the hardest ground in the state to plow. There is another tractor in Tecumseh township, working on sand. This latter tractor also filled a silo, and had an abundance of reserve power.

GIVES SATISFACTION

In all cases the tractor outfit is doing more than we claimed it would do, and is giving the best of satisfaction in every insance, with only one minor breakage on one tractor.

LIMITED SUPPLY

We know, already, the demand will be much greater than the supply this coming spring. Why not get a tractor this fall, and get your fall plowing all done? Another thing—if you get your tractor this fall, you become fully acquainted with it, and are ready to get the most out of it when the spring rush begins.

DON'T DELAY

We realize that the average farmer waits until the last moment before purchasing, but is this good business at these times when manufactured goods are so hard to obtain in the busy season?

SAVE MONEY

You can get a tractor NOW, as we have another car in transit. You will be the gainer and will get more use out of the tractor by buying it now, even if you do pay interest from Nov. 1st until March 1st.

If you want to see one at work, advise us, and we will tell you where the nearest one is.

FORD

THE UNIVERSAL CAR

For the greater protection of owners of Ford cars, that they may receive the largest possible service from their cars, the Ford Motor Company has adopted the liberal policy of selling to any responsible Garage throughout the United States, the genuine Ford Parts, upon such Garages agreeing to give the real Ford service.

This accomplishes two splendid results. First, the widest possible satisfactory service to the owners of Ford cars; second, a larger and more profitable business for every garage.

The millions of Ford cars in daily operation means a large volume of service business throughout the country. The number of authorized Ford dealers is not sufficient to care for this immense volume of service trade, but now, wherever the Ford owner may drive, in any direction, in any state or territory, he will be within arm's length of reliable service with the benefits which come from the use of genuine Ford Parts. There is now no reason why every Ford owner may not demand and insist upon genuine Ford Parts being used when his car requires attention.

You remember reading stories of how he worked 18 to 20 hours a day in his laboratory, scarcely taking time to eat, snatching a few hours sleep now and then. All this time he was working to give you a better phonograph, something more than a "talking machine," a real musical instrument that would bring you true, lifelike music. At last he succeeded. At last he gave The New Edison to the world and pronounced it "perfect."

Re-Creates Music

A new word was coined to describe this new musical instrument—music's *Re-Creation.* Yes, it really creates music anew. For hundreds of tests before large audiences of music lovers have proved that when the music of The New Edison is heard side by side with the living artist, the ear cannot tell one from the other. Will *you* be satisfied, then, with anything less than Mr. Edison's genuine instrument?

There is None "Just as Good"

In buying bread do not be mislead by that time-worn catch phrase, "Just as good." Users of Nevison's Bread know there is none that is as good and few makes that are equal to our product.

And Nevison's Bread is not so superior just by chance. There are good and sufficient reasons for its excellence. The most important of these is that our bread is "Steam Baked" which brings out that appetizing flavor and makes our loaves so nourishing and creates the longing for more. Other vital factors in producing wholesome bread is the use of only first class ingredients and positively sanitary methods.

If you are not using Nevison's Bread there is every reason why you should buy no other.

The Story of a Turret Captain

Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. P. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turret Captain. His pay today is $165.76 per month.

A man's life—among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—*your* ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in *self-reliance* as well as self-respect. The Navy builds straight *men*—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. Women Learn of Rights Under Law

Attorney F. B. Wood Gives Enlightening Address Before Monday Club—Speaker Answers Many Questions.

Attorney Frederick B. Wood's address before the meeting of the Monday club last week was of particular interest to all women of Tecumseh and vicinity, but because of lack of space in The Herald of last Thursday it could not be used at the length that it deserves. The subject of Mr. Wood's discourse was "Michigan Laws Regarding Women and Children," and it was of such an enlightening character that it is given herewith.

He told of woman's rights under the laws existing in Michigan under the English law and which continues now, save as changed by subsequent acts of the legislature.

Under the common law the personal property of the wife was the husband's absolutely, and he had the use of all her real estate and which right to use continued during his life if he survived her and she could in no way dispose of any of her property without the husband's consent. She could not dispose of her property even by will unless the husband consented to the same by his endorsement of consent in writing upon the will with the same formalities required for the making of a will.

She cannot even now bind herself by her personal promise in any transaction not relating directly to her own separate estate, but by the Married Woman's Act of 1855 she was given complete control over her own property. This does not give her all the powers of an unmarried person, however, and her binding obligation must relate to her own estate. She cannot bind herself as security for the act of any other person and until very recently her mortgage with her husband, nor did any other of their contracts bind her even in relation to property they owned by entirety (commonly called joint estate) because that was not her separate estate, but her mortgage upon her own property or a mortgage of herself and husband upon lands they owned together does bind her interest in the property because the mortgage by its terms expressly relates to her property interest. She can become a partner in a business enterprise and be bound by the obligations of the partnership, providing her husband is not also a partner, in which event she is in no way bound except for so much of her property as has already gone into the firm.

Where two or more persons take lands by the same grant, providing it is expressly made to them jointly, each has during the life of the other an undivided share in the property, but with the right to take the share of those who die first, exclusive of the heirs of the deceased, which is ordinarily termed a joint estate, but this can be broken by any of the joint owners. Where husband and wife take property in such manner, however, commonly called a joint estate, it is known in the law as an estate by entirety and each is assumed to own the whole, but the rights of the one dying first are by that contingency eliminated, leaving the other the sole owner. During the lives of both, neither can alone affect this title, nor is it subject to collection of the debts of either.

A widow's rights in her husband's property, as widow, are one-third of his personal property, all household goods, $200 of other personal property, also support for herself and minor children from the estate until the same is settled. If there is but one child of the husband, then the personal property is divided equally. Of these rights she cannot be deprived by her husband's will, as she is given a year after his death in which to elect whether she will take under the will or under the law, save that in such election she would receive her share of the personal property up to $5,000 and above that one-half of what she had taken under the law.

In his real estate the widow has her dower right, which is the use of one-half of his real estate for her life, regardless of the rights of his creditors, also her homestead rights, which is the use of the homestead for her life, if there be no minor children, or

JACKSON COMMUNITY SERVICE BUREAU

AN EMBLEM LIKE THE ONE SHOWN ON THIS PAGE WILL BE FOUND IN THE WINDOW OF EACH MEMBER OF THE JACKSON COMMUNITY SERVICE BUREAU. THIS EMBLEM IS A GUARANTEE OF QUALITY, SERVICE and WORTH FOR PRICE.

FAITH NEEDED in DISTRICT BUSINESS

We must trust, right through life. Every time we leave home we are called upon to exercise faith in trolley, elevator, etc. We trust to the driver.

In buying for the home and family needs this faith is essential. It is not given to every one to be a good judge of merchandise or values, hence it is of vital importance to the individual who desires to practice economy and at the same time get "worth for price" to patronize stores where "Keeping Faith" with the customer is placed before everything else.

Your district merchant keeps this constantly before him and strives day by day to be MORE deserving of the faith you are placing in him and his estblishment.

Wherever you see the emblem of the Bureau displayed, you may enter with the absolute assurance of receiving Quality, Service and Worth for Price.

In these stores you'll find that the goods are not only in style but that they stay in style, because they were bought ahead of the fashions—not behind them. Stocks are weeded out frequently and nothing is allowed to remain that is not strictly up-to-date. The members of this Bureau know they deserve your confidence and they intend to keep it, no matter what the cost.

THE OBJECTIVES OF THE BUREAU.

To establish a bond of mutual helpfulness is the aim of these merchants. They stand for a policy that is clear in its principles and simple in its forms, and believe that their customers are in sympathy with it.

To deal with prices along fair and equitable lines. To institute reforms wherever they find the service lacking. To render justice quickly and surely. To be courteous, attentive and appreciative whether the purchase involves little or much. And—looking to the betterment of values never stop striving to make them more deserving of the price.

PLEASE POINT OUT OUR FAULTS

Perhaps in our eagerness to evolve a perfect service we have developed certain faults which, because of our proximity to them, we fail to perceive.

f you have noticed any of these faults, we would thank you to point them out to us, for only knowing them as you see them can we correct them.

You will thus render us an invaluable service. Your criticisms instead of peeving us will be a strong factor in moulding the character of the service we are constantly striving to give you. We consider our business held in trust for you, and as such to be guided by your friendly advice.

How To Keep in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

WAS RELIEVED AT ONCE

"I was afflicted with kidney and bladder trouble for nearly 6 years. Had one very bad spell about 3 years ago. Was confined to bed for 4 or 5 days, unable to turn without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending your kidney pills to all who have kidney trouble." John Heath, Michigan Bar, California.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleansed and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.

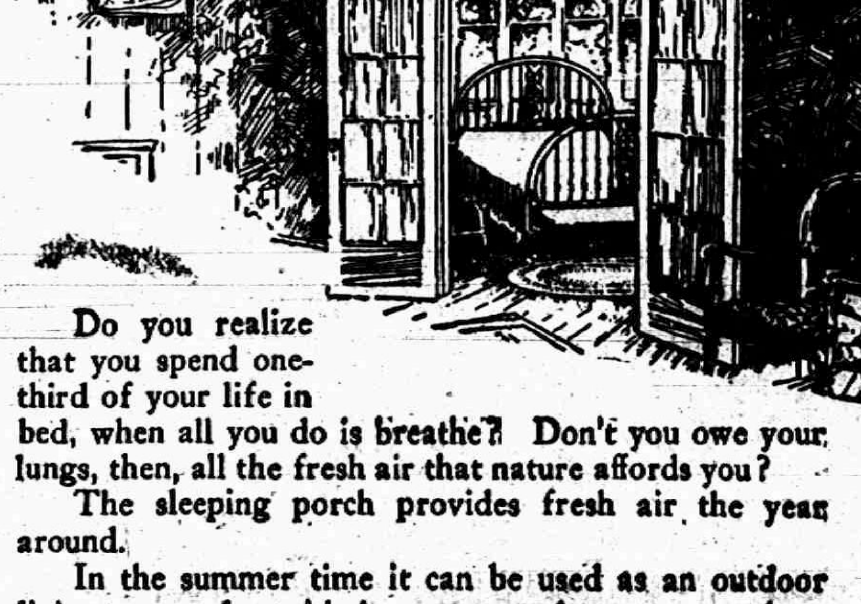
Where Do You Sleep?



Do you realize that you spend one-third of your life in bed, when all you do is breathe? Don't you owe your lungs, then, all the fresh air that nature affords you?

The sleeping porch provides fresh air the year around.

In the summer time it can be used as an outdoor living room, for with its exposure from two or three sides it is nearly always cool and comfortable.

When you use a sleeping porch in winter you don't have to open the bed room windows, and consequently you save fuel. You will find a sleeping porch pays for itself in health, comfort and pleasure.

Sleeping porches can be added to old houses or built onto new ones. Let us show you some Better Built Homes with healthful, comfortable, and convenient sleeping porches to give you an idea what you want.

KIDNEYS WEAKENING? LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

WOMEN LEARN OF RIGHTS UNDER LAW

(Continued from Pag Seven.)

during the minority of the children.

Until 1909 she was not an "heir" to any of his real estate, if there were children, but since that year she is an heir to one-third, if there be children. If there were no children, she inherits one-half his land as an heir, the other half going to his parents or brothers and sisters. But she had the same right of election in case of a will the terms of which she did not accept, but only to take her dower rights instead of the provisions of the will. This dower right is a very valuable right where the husband dies owning lands but is insolvent, as the dower right is superior to the rights of creditors, while the heir takes only what is left after creditors are satisfied.

The widow has exclusive right during the first thirty days after the death of the husband to assume administraton of the estate or ask to have some one appointed, but she is to be considered first. If she does not, then the heirs may look after the matter and if nothing is done in sixty days, the creditors may insist on such an appointment.

The legislature has not gone very far in so-called child welfare, and necessarily these matters must be left to some power having considerable discretion, and along the lines mentioned the child is best protected by having the legislature give the state board of health wide powers to manage under its own rules and regulat which, however, must not run counter to existing statute law.

But the legislature has spoken in regard to child labor in Michigan.

In Michigan the child must attend school until sixteen years of age and may not be employed without the consent of the parents, superintendent of schools or county commissioner of schools and then must be 15 to work, also the need of such labor must be stated. No male person under 18 years of age or woman can be employed between the hours of 6 p. m. to 6 a. m. and a stringent law is in force regarding safeguards around machinery. The parent has the right to the rewards of the labor of the child until 21.

During the discussion following the address many questions were asked which Mr Wood answered carefully. Several seemed to have the rights of the husband at heart and to these he answered: "A woman can will every cent away now, but if she leaves no will he gets one-third if there are children and one-half if none, and the remainder goes to the wife's relatives." One mother was assured that the mother has control of her children until they are 14 if she is worthy.

BRADLEY OPERA HOUSE ATTRACTIONS

Lyman H. Howe Next Monday.

Next Monday evening, October 27, Lyman H. Howe will present his big "Silver Jubilee" program at the Bradley opera house, Tecumseh. Mr. Howe is presenting an exceptional program on this visit to Tecumseh as this is his twenty-fifth year in the business and this speciall program is to celebrate the occasion.

To the hundreds of people that see Howe's wonderful travelog each year little need be said. These people know that Lyman H. Howe never disappoints, that his programs are of a different nature than the regular photoplay offerings, that you can practically "travel with Howe" to the four corners of the earth and still remain seated in a comfortable theatre seat.

In addition to Mr. Howe's wonderful pictures are two exclusive features found only with Howe—the piano player and the effect men. Many people have stated that the piano player with the Howe show is better than a whole orchestra, and the effect men who work back of the screen see that you "hear the noise at the same time that you see it" exactly as in reality. No other picture program has ever attempted anything of this kind, it is one of Howe's exclusive features.

Comedies and novelties are used to round out the program, which this season includes thrilling tarpon fishing pictures taken off the coast of Florida; a tour of the big Bethlehem, Pa., steel plants; a hand-car ride down the Andes mountains in Peru; "Water Nymphing", showing exciting aquatic contests at the famous Camp Wohela for girls in the Maine wilds; an exciting hike over the tips of the Canadian Rockies far above the clouds; a visit to the beautiful magnolia gardens in South Carolina; and glimpses of the famous motion picture stars, from Douglas Fairbanks to Mary Pickford, in their homes and favorite haunts.

New York Princess Theatre Success, "Oh, Boy," at Bradley Wednesday.

That a capacity house will greet the New York Princess theatre musical comedy success, "Oh, Boy," when presented at the Bradley opera house next Wednesday, October 29, is beyond question Ever since the first of their paper was posted in front of the theatre last Saturday, Manager Mark has been booking orders for tickets and while the regular sale of tickets does not open until Monday, still these orders will be filled in rotation as received and given first choice.

"Oh, Boy" is an exceptional attraction for a city as small as Tecumseh and theatre goers are very fortunate in being able to see a musical comedy of this calibre right at home.

"Oh, Boy" delighted New York and its millions of visitors, at the Princess theatre for over eighteen months and will be presented here with every song, dance, musical number and mammoth scenic effects exactly as shown at the Princess theatre in New York and with a Princess theatre cast and chorus.

The charm of the score, the cleverness of the book and the beauty of the production, make "Oh, Boy" one of the most pronounced successes in recent years. Eighteen musical numbers grace the score of "Oh, Boy" and a special orchestra will handle the music.

Some real good attractions have come and are coming to the Bradley but some of us don't know it until the next morning, when our friends or neighbors tell us what we missed. Don't let that happen with "Oh, Boy." See some of these good things yourself, "Oh, Boy" is an attraction you will never regret seeing.

COMMERCE CLUB FEASTS, HEARS A GIFTED READER

ACCOMPLISHMENTS OF PAST FEW MONTHS REVIEWED

To Co-Operate in Armistice Anniversary Celebration—Told of Red Cross Drive—Asks More Police Protection—Entertainment by Chicagoan Highly Enjoyed.

Never has the Tecumseh Commerce Club had such a decisively successful and thoroughly appreciated affair as was the banquet and business meeting held Tuesday evening at the K. of P. hall. Not only was the entertainment provided by Arthur McArthur of Chicago of an unique and interest absorbing character, but considerable business was also disposed of after the particularly satisfying meal, served by the Pythian Sisters, was consumed.

There were nearly a hundred merchants present, all lines of business being represented. Rev. J. G. Widdifield asked the blessing and at the close of the feast a vote of thanks was extended the Pythian Sisters for the appetizing viands and the painstaking manner in which the menu had been served.

J. R. Nyland, president of the Commerce Club, presided over the business session and acted as toastmaster. Wade L. Jones, manager of the Wednesday entertainments during the past summer, was unable to be present, his report being read by Mr. Nyland. H. S. Temple, secretary of the club, moved that public acknowl-

Tecumseh Vaults Over Top Again

Subscribes Its Quota to Roosevelt Memorial Fund—Campaign Open Till Saturday—Voluntary Contributions Desired.

Tecumseh has again gone over the top. It has raised its quota in the campaign for funds for a memorial to former president Theodore Roosevelt.

This city and township was asked to contribute $350, the campaign lasting from October 20 to 27. J. R. Nyland, chairman for this territory, reports the sum requested here has been fully raised, but adds that in order to make up for the lack of interest shown in certain other parts of the county it has been decided to extend the drive until Saturday.

He calls attention to the fact that no solicitation will be made but that any who desire to still make a contribution to the fund may do so to him, either of the local banks, R. K. Anderson or C. A. Wright.

Some people have gained the impression that all of the money raised is to be spent in erecting a memorial to Roosevelt. Those promoting the campaign desire to correct this. They say a portion of the funds secured is to be used to endow chairs in a number of colleges where true Americanism will be taught. In view of this laudable undertaking it is hoped a more general interest will be taken in the campaign. Those directing the drive emphasize the fact that no funds will be solicited, so those who wish to be contributors must donate voluntarily. All subscribers will receive a membership certificate in the Roosevelt Memorial Association.

The anniversary of the birth of the former Rough Rider and president of the United States was observed in the Tecumseh school last Monday. The students gathered in the high school auditorium and heard an address by Rev. C. M. Thompson, pastor of the Methodist Episcopal church. He gave a talk on Roosevelt's training, Roosevelt the man and the statesman. Rev. Thompson says he never talked to a more enthusiastic audience and he was much inspired by the interest shown by the youth of this city in the life of this great American.

FRANCES ALDERDYCE HOST TO SOPHOMORES

Miss Frances Alderdyce entertained the sophomores of Tecumseh high school at her home on West Logan street Tuesday evening, about thirty-five classmates and friends being present.

At 7 o'clock a bounteous pot luck supper was served, after which games furnished the amusement. Miss June Brooks pleased with a whistling solo. The evening proved decidedly enjoyable.

The decorations for the occasion were seasonable and very pretty. Streamers of orange and black were festooned from the corners of the room to the center lamps and maple leaves were used to advantage, the two large doors being arched with this foliage.

SURPRISE PERPETRATED ON MRS. GEO. McNEIL

Mrs. George McNeil was the victim of a very happy surprise Thursday evening, when some twenty-five members of Miss Kyle's Sunday school class appeared at her home bearing the ingredients for a splendid pot luck supper. This was in honor of Mrs. McNeil's return to the city and their class in her new relation and to show the appreciation of the class. An evening of fun with contests and music followed.

Noise Fest to Be Held Here Nov. 11

Tecumseh Post of American Legion Will Hold Armistice Day Celebration.

Got anything with which to make a noise?

Something that will make a loud, piercing noise.

If you have, get it in good working order during the next ten days, as it will be needed on November 11.

Underwood-Orr post, No. 34, American Legion, has decided to stage an armistice signing anniversary celebration the evening of that day and when the men who forced Kaiser Bill to his knees start anything they are bound to put it over big.

The occasion is to be made fully as noisome as was the celebration November 11, 1918, when Germany cried "enough" to the allies, hence your racket creators will be in demand that evening.

At its meeting last Friday evening the local post of world war heroes decided to hold an armistice celebration but it was not until Tuesday evening at the banquet of the Tecumseh Commerce Club that the matter was brought to the attention of the public. The Commerce Club has pledged its hearty co-operation in the undertaking and a committee from that body has been named to give the Legion every assistance possible in making the occasion all that the promoters hope it will be.

Post Commander H. H. Hammel brought the proposition to the attention of the Commerce Club. He said November 11, 1918, will go down in our memories as the greatest day in history, especially for those who participated in the downfall of Prussianism. Dr. Hammel asserted many cities have decided to hold celebrations similar to the first one and that the Tecumseh post of the American Legion wants to be among those observing the occasion. The general outline of the festivities, he explained, called for a torch light procession, the burning of the kaiser in effigy and all the noise that could be produced. Later in the evening the Legion would give a dance in Witherell hall to which all would be invited. He suggested the merchants might desire to keep their stores open that evening and make the event a sort of gala occasion.

Village President Hines was at the banquet and was asked how the council stood in regard to such an observance and he assured the Legion it had his consent to proceed with the jollification.

So steps are now being taken to arrange the details of the spectacular event and as it is being entered into with the usual Tecumseh vim the prospects are the occasion will be one that few will soon forget. The residents of the surrounding towns, people living close to this city, in fact everybody is invited to join in the fun.

LADIES' BAND MAKES A BIG HIT AT BURR OAK

The Ladies' band went to Burr Oak Friday morning, where they played that day and Saturday for the home-comers' celebration. Their program was greatly appreciated and the people expressed a strong desire for a return engagement.

The following ladies, accompanied by Clare Camburn, Clare Rhoades and W. L. Coller, made the trip: Mrs. Chas. Deery, Mrs. Robt. McCoy, Mrs. John Watson, Mrs. Thos. McCann, Mrs. Charles Williamson, Mrs. F. G. Heesen, Mrs. Bert Gray, Mrs. Geo. Witherall, Mrs. R. T. Mead, Mrs. Thos. Dennison, Mrs. E. M. Campbell, Mrs. McWilliams, Mrs. Vera Hodges, Misses Vivian Miller, Edna Taylor and Alma Klofenstein.

KRYL'S SEXTETTE

Classical Musical Entertainment Opens High School Lyceum Course.

Five attractive ladies and one gentleman, comprising Kryl's Orchestral Sextette, opened Tecumseh High School Lyceum course Saturday evening at the High school aditorium with a program of exceptional quality.

The instrumentation consisted of violin, piano, clarinet, flute, cornet and cello, the combination proving one of exquisite harmony. Masterpieces of famous composers were interpreted in a pleasing style, with clean harmony and excellent expression.

Each instrument was in capable hands, the lady violinist and cellist deserving special mention.

The solo work by the violinist, cellist and cornetist was faultless, and the reading and singing were appreciable diversions in the program. Every number was heartily encored.

The attendance was good.

FATHER AND SON BANQUET

BOYS AND DADS FEAST AT M. E. CHURCH PARLORS.

Good Program of Speakers and Music—Excellent Menu Served by Ladies.

Between sixty and seventy men and boys—fathers and sons or adopted sons for the occasion—gathered at the parlors of the Methodist church last Friday evening to enjoy a feast of good things in the way of a banquet prepared by the ladies of the church, followed with an excellent program of talks and musical numbers. Peculiarly attractive was the scene as presented in the banquet room with father and son—man and boy—seated side by side at the feasting tables.

The menu, appetizingly prepared, consisted of cold pressed meat, scalloped and creamed potatoes, white and brown bread, butter, salads, coffee, ice cream and cake, and to this splendid fare the men and boys did ample justice, following an expression of thanks to the Giver of all good things as offered by Rev. J. E. Somers of Dundee.

Rev. C. M. Thompson presided as toastmaster, opening the program of the evening with a few remarks pertaining to the times of this day of world unrest. Calling attention to a meeting in Switzerland of a group of representatives of red anarchists to arrange a program to rule the world, beginning first with Italy and then spreading to other countries, with their propaganda being carried on in our own United States, he said our troubles are

Red Cross Desires Large Membership

Annual Drive for Enrollments Will be Held November 2 to 11

An opportunity is soon to be given the people of Tecumseh to join the greatest mercy organization in the world, for the American Red Cross will open its annual membership campaign November 2, continuing the drive until the aniversary of the signing of the armistice by the Germans, November 11. We are all asked to become affiliated with this wonderful organization.

The Red Cross extends aid willingly, quickly and generously whenever and wherever help may be needed. It rushed to the assistance of the people of San Francisco when an earthquake visited that city; it extended a helping hand to the residents of Galveston when a flood swept that place; it went to the aid of Springport in Jackson county and Sharon Hollow in Washtenaw county when those places were visited by cyclones and it will do for Tecumseh should this ctiy need succor.

In addition to its many present activities the Red Cross, during the coming year, will do civilian relief work, which will be of great benefit to places where there is no organization to carry on constructive charity work. For instance, if there are charity cases here which need attention, the Red Cross will send one of its workers to this ctiy to make an investigation and take such steps as the occasion warrant.

In return for this and all of its other agencies of mercy the Red Cross merely asks us to become members of the organization.

FRESHMEN ENJOY HALLOWE'EN PARTY

A featureful Hallowe'en party was held by the freshmen class of the high school Wednesday evening in the gymnasium of the school, about forty being in attendance, all in costume and masked.

The party opened with a grand march at 8 o'clock, this being followed by games and contests of various kinds in keeping with the occasion. Later refreshments were served.

Superintendent of Schools E. E. Crampton and the following teachers acted as chaperones: The Misses Boyce, Carson and Miller.

The gym had been artistically decorated, orange and black being the colors displayed. Ghosts, black cats and corn stalks also had prominent places in the decorative scheme.

This was the second party the freshmen have had this season, it proving even more enjoyable than did the initial affair, which was a marshmallow roast.

Special Services at the Friends Church

Annual Quarterly Meeting and Exercises for Departing Missionary on Program Also Community Service.

Beginning tomorrow evening special services will be held at the Friends church which will last through Sunday evening, the occasion being the annual quarterly meeting of the church and exercises in honor of the daughter of the superintendent of the meeting who soon goes to China as a missionary.

The annual quarterly meeting of the Friends church is held here each year, the first session being at 7 o'clock Friday evening. All the meetings are open to the public and a cordial invitation is extended to all by Rev. Edward Escolme, pastor of the local church.

At 10 o'clock Saturday morning there will be another service. Lunch will be served at noon at the church. There will be a business meeting in the afternoon with a gospel service in the evening.

On Sunday there will be services morning, afternoon and evening. Sunday school, instead of being at 11:15 as usual, will be at 9 o'clock. Preaching service at 10, with lunch served at noon.

It will be Sunday afternoon that the exercises will be held for Miss Emily Moore, daughter of Mr. and Mrs. Howard Moore, of Ypsilanti. She is to go to China as a missionary for the Friends church and before her departure it was decided to hold a service in her honor and to have it during the annual quarterly meeting that more might have an opportunity to attend. An address will be the main feature of the exercises, with special music and other numbers also on the program. All are urged to be present.

Among those who will attend the quarterly meeting in addition to the superintendent, will be Rev. John Pennington, of Damaskus, Ohio, superintendent of the yearly meeting of the Friends church, and ministers from Adrian, Ypsilanti and other towns.

Sunday evening the Community service will be held at the Friends church. It is to be made especially interesting and an unusually large atendance is hoped for.

Tecumseh Veterans Win From Dundee

Local Post of American Legion Takes Sunday Game 25 to 3—Seeks More Material for Football Team.

Showing marked improvement over its efforts of a week previous, the football team of the Tecumseh post of the American Legion outplayed the Dundee veterans on Sunday afternoon at Recreation park and won by a score of 25 to 3. There was a good attendance.

It was an interesting game despite the good sized margin by which the locals were victorious. Tecumseh's world war veterans played much better than in the game the Sunday before, teamwork being a deciding feature of the contest. The nightly practice of the local post squad is bringing results and is to be continued.

More material could be used and any members of the post who are interested are requested to join in the practice, which is held at 7 o'clock every evening at Elliott park.

Next Sunday the local Legion team will go to Manchester for a game.

TRAIN TO DETROIT ON THE D., T., & I. SUNDAYS

Tecumseh people may now go to Detroit on Sunday over the D., T. & I. railroad. The recently added train on this road, which leaves here for the north at 9 o'clock in the morning, has been placed in service Sundays as well as week days. Heretofore it has not been running on Sunday.

Returning from Detroit it leaves that city at 4 p. m., arriving here at 6:15.

"The Gift of Healing In the Church"

Sickness and Disease Not a Gift of God—Harvest Festival at St. Peter's.

In his sermon on "The Gift of Healing in the Church" at St. Peter's church Sunday afternoon, Rev. J. G. Widdifield, the rector, took the stand that sickness and disease did not come from God, but from the evil spirit. He took for his text the last words of Jesus to His disciples, found in the 16th chapter of St. Mark: "Go ye to all the world and preach the gospel to every creature. * * * In my name they shall cast out devils; * * * they shall lay hands on the sick, and they shall recover."

Rev. Widdifield refuted the old idea that God afflicted man with sickness and disease in order that the spirit might be lifted up. Studying the new testament he finds that of the ministrations of Jesus 74 per cent was toward alleviating sickness and suffering.

Christians, after studying the new testament, could not believe in the new teaching that bodily sickness is visionary, unreal or non-existing. Jesus came on earth to heal, He came in contact with real sickness, and never once did He refuse to extend His healing hand.

The sermon was extremely interesting.

The church was handsomely decorated with samples of the bountiful harvest—products of our fields—and the music was in the nature of thankful praise for the gifts. The singing by the vested choir was unusually good.

HOWARD MATTHEWS AND MARGARET GREER WEDDED

A quiet home wedding took place Sunday morning at 9:30, when Rev. W. A. Rex, pastor of the Presbyterian church, united in marriage Howard W. Matthews of this place and Margaret E. Greer of Toledo at the gorom's home on West Chicago street. The marriage was followed by a beautifully appointed two-course dinner given by the groom's mother, Mrs. Chas. A. Matthews, at 1 o'clock, the guests being the immediate family and a few close friends. Covers were laid for fourteen.

Mrs. Matthews, who is the oldest daughter of Mrs. C. L. Lehman of Toledo, was very pretty in a suit of blue broadcloth with picture hat. She is an accomplished musician, which fact will be greatly appreciated by the already large number of talented people of this city. Mr. Matthews, who is constructing engineer of state highways, is one of our own boys and has a host of friends who wish him and his bride the best of success and happiness.

The out of town guests were Miss Gladys Matthews of Detroit, Kermett Bailey of Toledo and Mr. and Mrs. John Beckenbaugh of Adrian.

GIVEN A PARTY ON NINETIETH BIRTHDAY

Mrs. Hannah Margeson celebrated her ninetieth birthday Tuesday and in her honor, Mr. and Mrs. Leslie VanDoren invited a party to be her guests. A nice dinner was served to the following: Rev. and Mrs. W. R. Curtis, Mrs. Chas. Benedict, Mrs. S. W. Boyce, Mrs. Daniel Chase, Mrs. Jay Morse, Mrs. Albert VanDoren and Miss Emma Rogers. The aged lady received many handsome gifts from her friends, among them a bunch of carnations from the ladies of the Baptist church and a basket of fruit from the Grange.

TWO RUNS NECESSARY TO LOCATE THIS FIRE

Fire was discovered at the home of Sebastian Minkle, 512 West Potawatamie street, Monday evening about 6 o'clock. The fire department was called by phone and it was found sparks from the chimney had started a small blaze in the rafters. The damage was slight.

When the fire fighters first arrived at the Minkle home they were unable to get in, and believing they had visited the wrong place they hastened to the same number on East Potawatamie, only to learn there was no blaze there. Then they speeded back to the Minkle home and found the fire.

Will have on sale Saturday a large variety of attractive $5 hats. Miss Alice Owens.—adv.

Editorial Comment

Apropos to a world of unrest following the great war—a world turned topsy-turvy by bolshevists, anarchists and selfish profiteers, with our own country torn by strikes, murders, hold-ups and bold robberies—and appeal comes to the church to step into and heal the breach that has reached such alarming proportions as to threaten dire calamity. As a result of this appeal the various religious denominations have and are entering upon nation-wide campaigns in an endeavor to enlist the aid and sympathy of the citizenship of our nation to solve the great world problems confronting us today.

An important step in this direction in Tecumseh was the father and son banquet held at the Methodist church Friday evening—an occasion where the boy was proud to be the guest and chum of his dad, where the two together enjoyed a physical and mental feast. Such gatherings cannot help but lead to good and a father who accompanies his son to such a banquet cannot help but feel the responsibility that rests upon his shoulders.

Judging from past observation the bulk of Tecumseh men are not overly keen as to their church attendance. They do not seem to realize the important bearing of their example upon the mind of the youth. A banquet expressly for father and son cannot help but teach the father something and in the boy increase the respect for his dad.

Why not a big community father and son banquet in the near future?

Evidently it will require some great-hearted philanthropist to give Tecumseh the much needed housing facilities to accommodate the high class mechanics needed here and the many who are desirous of calling this their home town, for very little encouragement was offered at the banquet of Tecumseh Commerce Club Tuesday evening in the way of an investment to any one able to build a house or two. True, building operations are high now and they will without doubt remain high. But what of the future of Tecumseh? If building operations remain at a standstill the town is bound to retrograte, and we can't afford to go backwards. Some means should be devised to encourage growth. The future of our town should be dear to the heart of every Tecumsehite, and even if the building of new modern homes does not stand out as an alluring investment the property is always good and will be worth its cost. Encouraging was the statement of R. S. Moore that there would be no difficulty in financing building plans for those who wish to own their own homes. This will give those who wish to own modern homes at least an opportunity to acquire such. Let the hope remain that Tecumseh has not reached its last resources to supply cozy homes for the skilled mechanics so much needed by our manufacturing concerns.

Signing of the armistice by the Germans on November 11, 1918, is to be celebrated in Tecumseh on the first anniversary of this most mometous day in world history. The celebration will be staged by Underwood-Orr post, No. 34, American Legion.

The observance will be held the evening of November 11 and is to be made as near as possible a repetition of the noise festival held on the big day a year ago. A feature is to be the burning of the kaiser and other stunts will be on the program.

Tecumseh world war veterans invite all the residents of this city and the people of the surrounding territory to participate in this celebration, so let's one and all join in the jubilation which is in observance of an event which meant so much to each one of us.

In times past we have been accustomed to refer to the preacher as "a sky pilot." The name stuck, whether it pleased the preacher or not.

But it remained for a preacher himself to justify in fact the appellation applied in jest.

Lieutenant Maynard, a chaplain in the United States army, carried off the honors in a cross country distance flight, in which ten aviators lost their lives.

As a sky pilot he is a pronounced success, for his feat required nerve and judgment of an exceptionally high order.

Now if he can preach as well as he can fly he should be able in time to tell the truth to the average congregation and get away with it.

Score one for the sky pilot.

ATTENTION

Is Called to All Persons Having Business with the Banks of Tecumseh:

Owing to the numerous bank robberies and hold-ups and acts of such nature, it becomes necessary for the banks to use all possible precaution. The banks of Tecumseh realizing the situation, with the co-operation of the Village Council, are doing all they can to protect the funds and other valuables of the public entrusted to their care. We desire to call the attention of the public in general to the course the banks are pursuing and ask the public to co-operate with us in the protection of all concerned. The Village Council is furnishing more lights on the streets during the night and increasing the police force. The banks have increased their insurance on moneys, securities and safety deposit boxes rented to customers.

The cost of insurance of this nature is heavy, and the banks are asking the general public to share in this expense to a small extent. Heretofore no insurance has been carried on the valuables or moneys which may be in safety deposit boxes, the boxes have been rented at a small rental and the risk carried by the individual depositor or renter of the box. We have now insured all safety boxes to an amount of $2,500 each against loss by robbery. The cost of this insurance is nearly $1 per box annually. We are now asking that the renters of boxes pay the bank an increase of **FIFTY CENTS** per box. This charge will take effect on November the first to all renters of boxes. Those who have paid in advance on their boxes will not be charged the extra fee until the expiration of their advance payment. We believe that all renters will gladly co-operate with us in this, as they will receive the insurance protection, especially as the price paid heretofore has been much smaller than the rate charged in all other banking towns for safety deposit boxes—the charge for the smallest boxes being not less than $2.00.

Also the insurance held by the banks is written with the understanding that the banks' hours of opening be from 9 o'clock in the morning until 3 o'clock in the afternoon, except on Saturday evenings, when the opening hours are from 7 o'clock to 8:30. When the bank curtains are drawn it signifies the bank is closed and money and securities are locked in the vaults and safes, and customers are requested to arrange to do their business with the banks during the regular banking hours.

Clinton Eleven Takes 13 to 12 Contest on Home Gridiron— Locals Go to Blissfield Tomorrow.

Although playing as it had not played this season, the Tecumseh high school football team lost its contest with Clinton in that place Friday afternoon by the closest margin possible, the score being 13 to 12. Up to the middle of the last quarter the locals were ahead, but here the tide turned and the Clintonites copped the game.

The local team goes to Blissfield for a game next Friday afternoon and on November 14 is scheduled to meet the same eleven here.

Tecumseh high was accompanied to Clinton by a large group of loyal rooters, the local eleven battling systematically all through the contest, showing more real class than at any time this season.

Near the middle of the last quarter the Tecumseh squad had 12 points and their opponents but 6. Tecumseh had the ball and made a pass, a Clinton man catching it and he made a run almost the length of the field for a touchdown. The kick-off was won by the Clintonites, giving them the game.

Proclaims Jesus Greatest Sleuth

REV. W. A. REX PREACHES UNIQUE, BUT POWERFUL, COMMUNITY SERVICE SERMON.

Contends Ferreting Out Crime is Not Duty of Church—Declares Local Offenders May Escape Detection for Time But Their Sins Will Surely Find Them Out—Next Community Service at Friends Church.

That wrong doers may escape detection from all other sources but that Jesus, the greatest detective of all time, will positively find them out, was the indisputable fact brought home to the people of Tecumseh dramatically and very forcefully Sunday evening by Rev. W. A. Rex in his Community service sermon at the Presbyterian church. His striking discourse was heard by a goodly number of people and that his message was not in vain was evidenced by the deep interest manifested.

The service opened by Rev. Edward Escolme, pastor of the Friends church, giving the invocation. The scripture lesson was read by the same minister and prayer was offered by Rev. W. R. Curtis of the Baptist church. Rev. Escolme announced the Community service next Sunday evening would be in the Friends church and invited all to be present.

Rev. Rex took as his subject, "A Great Detective; Shall We Employ One in Tecumseh?" He began his sermon by announcing he enjoyed reading detective stories, saying some of them were much better than many of the books being secured at the Tecumseh library. He asserted not a few people have said liquor is being bought and sold on the streets of this city and that not very long ago seventy-five quarts are alleged to have been disposed of on Chicago street. It had also been reported whiskey could be had in certain cellars. He and other church workers had been approached and asked why they did not make an investigation. The congregation was asked, "Shall the churches hire a detective?" It was the contention of the Presbyterian pastor that it was not the duty of the churches to delve into this matter, as they had much more important work. He declared it was the aim of the church to upbuild and not to ferret out offenses of this character, there being others whose duty it was to bring law offenders to justice.

"Sin is a great detective," said Rev. Rex. He reminded his hearers that the local officers of the law and the people were too well acquainted for a full enforcement of the statutes, but in the end the unlawful will pay. "Remember, your sins will find you out," proclaimed the speaker with much emphasis. He went on to show his congregation how the sinner must pay for his misdeeds. The first place where he is likely to be summoned is to the court of public law. Should he escape this, there is the court of physical law, much more exacting than the first. He gave an example of how the court of physical law demands justice, his words making a noticeable impression on his hearers. There is a third court, the court of character, declared the preacher. He said nothing tells so on character as the things committed secretly, and cited cases to prove this point. There is also the court of conscience which is remorseless and keeps at us until it finds us out. The conscience troubles not only the bad but also the good, and with fervor Rev. Rex declared he thanked God for it. One more court must be faced, the great court of eternity, and there we will all be found out, no matter how many of the other courts we may have escaped. Rev. Rex, who had brought many of his points home with dramatic force, displayed increased fervor when he exclaimed: "There are things in your lives and mine that we think no one knows but in the court of eternity an accusing finger will be pointed at us. God's laws are perfect and we suffer because we do not obey them. Jesus, the man who saves us, will be the great detective who will point his accusing finger at us. I now offer Him to any one who has not accepted Him, and I pray you will take him to your hearts."

The benediction was offered by Rev. Rex.

And they're alike as two peas, I wonder if I can tell them apart." Closing his eyes he listened attentively. Gradually Ciccolini sang more softly. Finally he ceased. "Why don't you stop?" inquired Lazzari a moment later. "So that I can tell the difference?" Ciccolini and Signorina Lazzari burst into laughter. Lazzari, the noted basso; even he had been utterly baffled. He could not distinguish artist from instrument.

Corns 'Tween Toes? Use Easy "Gets-It"

Any Corn or Callus Comes Off Peacefully, Gloriously. Never Fails.

It is easy for "Gets-It" to reach "hard-to-get-at" corns, and better yet, it is easy to remove them, because "Gets-It" makes them come right off just like a banana peel. You can try to dig or drag out your corns with a knife, or slice them with a "bloody" razor, or use bandages and tape and wrap up your toe into a package, but that's the "treat-'em-rough," painful, foolish way. Use 2 or 3 drops of "Gets-It"—that's the peaceful, sure, common-sense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails.

Any Corn Peels Off With "Gets-It."

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

BRADLEY OPERA HOUSE ATTRACTIONS

Big Feature Program Saturday Night.

Vivian Martin is a favorite screen star with a personality which serves to fill every theatre in which she appears, and this is particularly so in Tecumseh, where Miss Martin has hundreds of admirers. There are few feminine stars of the screen with more distinct personality than that possessed by Vivian Martin. She is dainty and there is always evident in her picture portrayals, a quaint, almost whimsical quality which makes her adorable in the roles she essays. She has been seen in some exceptionally fine productions of late, but none better or more entertaining than her latest, "You Never Saw Such a Girl," which will be presented at the Bradley opera house next Saturday evening, November 1. The vivacity of Miss Martin has ample sway and she is simply delightful in this unusual photoplay.

A new "Smiling" Bill Parson comedy wlil complete the big Saturday night program.

"Mrs. Wiggs of the Cabbage Patch" Sunday Evening.

Marguerite Clark, in a picturization of Alice Hegan Rice's captivating novel, "Mrs. Wiggs of the Cabbage Patch," which will be seen at the Bradley next Sunday evening, November 2, is a picture you will like and remember for many a day. "Mrs. Wiggs of the Cabbage Patch" shows Marguerite Clark at her best—as the lovable, comical little lady who is always trying to do things for other people.

There may have been a more famous novel than "Mrs. Wiggs of the Cabbage Patch" but we don't know of it. There also may be a more lovable screen character than Marguerite Clark as "Lovey Mary" but we haven't heard of her yet.

The management of the Bradley makes an extra effort to get the very best pictures possible to obtain for the Sunday evening programs and the packed houses that have been attending these programs give porof that they are appreciated by our best people. In presenting "Mrs. Wiggs of the Cabbage Patch" we can guarantee it to be one of the very best Sunday offerings yet presented and will prove a delightful evening's entertainment for all fortunate enough to see it. Usual added Sunday attractions and special orchestra.

Commencing Sunday night the house will open at 6:30 and pictures start at 7 o'clock, a half hour earlier than before.

"The Eyes of the World."

Last spring Harold Bell Wright's "Shepherd of the Hills" was presented at the Bradley to two packed houses, a matinee and night performance being given, and was acclaimed by the hundreds who saw it to be one of the finest photoplay productions, in every way, which has ever been seen in Tecumseh. On Sunday, November 9, the second of Harold Bell Wright's big photoplays will be offered for the approval of patrons of the Bradley opera house, "The Eyes of the World," direct from its two weeks' run at the Broadway-Strand at Detroit.

"The Eyes of the World" is produced on the same lavish scale as was "The Shepherd of the Hills," but an entirely different kind of a story, as readers of the two books will readily recall. "The Eyes of the World" is a big picture of the great out-of-doors and the exterior scenes are things of beauty. The rugged, towering mountains of San Bernardino county, the orange groves and the rose gardens around Redlands, California, the locale of the story, have been exquisitely photographed into scenes of rare charm.

It took eight months to film "The Eyes of the World" and the photoplay shows it in the careful working out of the smallest detail. The picture is one of the best ever shown in this city and its story is big and vital, but yet full of the human interest of every day occurrences among everyday people. Harold Bell Wright is one of our greatest writers and his stories make some of our greatest film offerings, as "The Eyes of the World" will prove.

COMMERCE CLUB HAS FEAST, HEARS READER

(Continud from Page One.)

edgment be made of Mr. Jones' tireless efforts in making the mid-week street shows such a success and his suggestion was rousingly adopted.

Secretary Temple, in his report, called attention to one of the most important things the Commerce Club had taken up, that of seeing to it that the proposed trunk line highway through Tecumseh be given every encouragement. His figures showed the club had a balance of $139.81 in its treasury, but that the work of assuring this city a place on the trunk line improved highway had cost $159. He declared this undertaking was the biggest thing the Tecumseh Commerce Club had ever attempted and intimated the deficiency of $19.19 could be easily wiped out and this city's fair name be kept unblemished if every one present would contribute only a small sum toward this praiseworthy proposition. He had no more than ceased speaking when dollars and half dollars were tossed his way and more than the desired sum was quickly raised.

President Nyland brought to the attention of the banqueters the fact that Tecumseh has a house scarcity just like all other progressive cities. He said more than one concern had approached the Commerce Club with the plea for houses for skilled mechanics who were needed here and their families. An investigation revealed, he admitted, that there were sixty-five building lots within five or six blocks of Evans and Chicago streets, but the cost of erecting homes is so high at present those with capital feared to invest as rents were not large enough her eto make such ventures paying propositions. Mr. Nyland pleaded, however, that those who have houses that could be made into double residences at little cost do so and those who have old places make them modern and rents would soon go up. L. E. Temple and Robert Moore were among those interested in this problem, Mr. Moore voicing the opinion those who really want a home if they will buy a lot a way would be found to erect a residence.

Dr. H. H. Hammel, commander of Underwood-Orr post, No. 34, American Legion asked to be heard as he desired to inform the Commerce Club the local veterans of the world's greatest conflict at arms were planning on celebrating armistice day, November 11, and requested all present to participate in the occasion. It was the sentiment of the gathering that anything the Legion desired would be willingly given and a committee, consisting of R. W. Puffer, O. G. Garlinghouse and Eugene Rosacrans, was appointed to confer with the local post representatives in regard to the plans for the festivities, more details of which will be found in another column.

Rev. W. A. Rex had a suggestion to make in connection with the armistice anniversary observance. He announced the American Red Cross would hold its annual membership drive November 2 to 11 and was of the opinion that a fitting climax to the American Legion celebration would be by giving all participating in the event an opportunity to join the world's greatest mercy organization. The pastor of the Presbyterian church informed the assemblage that in addition to its many other activities of helpfulness the Red Cross is now taking up a new work—that of civilian relief or extending charity along a constructive line. He said if there is charity work needed in Tecumseh the Red Cross, through the Lenawee county chapter, stands ready to furnish it. It was his earnest plea that all would join the organization. Mrs. James Kennedy is the chairman for this territory, he said.

It was after the business session was completed that Arthur McArthur of Chicago, the entertainer for the evening, was introduced by President Nyland. Mr. McArthur reminded his audience that he was to give "Personal Recollections of James Whitcomb Riley" and he wanted all present to forget business. Before he had been speaking five minutes business and its many cares was probably farthest from the minds of all in attendance, for this Windy City man was a past master in presenting in a true to life manner the enduring lines of the Hoosier poet. Mr. McArthur stated, in prefacing his entertainment, that Riley had written something for every day in the year, for every man, woman and child, and when he recited poem after poem, from the humorous to the sublime, his hearers were firmly convinced that what he said about the Indiana poet was indeed true. Gifted as a dramatic reader, the Chicagoan gripped the interest of all as he recited some of the best known works of Riley, his presentation of "Good Bye, Jim" being touching to a marked degree. Mr. McArthur so impressively interpreted his selections that one gained the impression he had been present when the lines were written and had gained their full meaning which only close contact with the author could bring about.

In his characteristic manner the speaker related how he became acquainted with James Whitcomb Riley. After many attempts to make a call on the noted poet Mr. McArthur was admitted by the writer himself and on this occasion spent three days and three nights with him, later visiting him often, they becoming intimate.

Before adjournment was taken Mr. Nyland brought up the matter of more police protection in Tecumseh at night, the village council desiring to learn the wishes of the business men and other tax payers in regard to this question. The motion was made that a second nightwatchman be placed on duty for a time at least and it was unanimously adopted, this giving Village President Hines and the councilmen present something definite to be guided by. The matter is to be taken up by the council at its next meeting Monday evening.

SCHOOL NOTES.

Helen Hall, John Blessing and Norman Gady entered high school last week.

The kindergarten has received two new enrollments, making a total of forty-four.

The Tecumseh high school has entered the state high school debating league, determined to win in this line as well as in athletics.

The eighth and ninth grades are enlarging their vocabularies. Every two weeks they are given a short period of time in class to see how many new words they can write. The latest test showed the average of the eighth grade to be 12.9 words per person, and the ninth grade 13.3 words.

The agriculture room is now nicely furnished since the new stools arrived.

In the Freshman Latin class one of the pupils was asked to conjugate the verb "set" in English, in the past perfect tense. She responded: "I setted, you setted, he setted. Well! It does sound sort of funny, but I don't see how you could do it except by adding 'ed'."

not over with the war and that the problems of peace are just as difficult to handle as was the war program. He pleaded with the men and boys to stand by the church and help destroy the spirit of anarchism that is being so strongly manifested in the world today.

As the first number on the program Rev. Thompson introduced Wilfred Waldron, who furnished a trombone solo that was enjoyed by the gathering.

Herbert Knowles of Adrian, former popular county clerk, and a man much interested in boy life, was the first speaker introduced. Mr. Knowles has to his credit an experience of twenty years as a school teacher—an experience that brought him close to boys—and his remarks were indeed interesting. His subject was "How the boys can best help the church." He urged fathers to get closer to their sons, stating that the majority of fathers do not make enough of their sons—are not chummy enough. His advice to boys was to be manly, have a mission in life, and when they see a boy doing wrong get around that boy and win him. "There is no reason," he said, "why the church should not go if you get into the right harness and just go."

Master Norman Long favored the men and boys with a piano solo, when Toastmaster Thompson introduced Rev. J. E. Somers of Dundee as the next speaker.

Rev. Somers told many interesting episodes in his experience with boys. He advised the boys to get into the "boxing game," learn to play the game of life—give and take—and knock out the things that are coming along the path of life harmful to character building. He would see every boy face what he had to face and beat his way through. Every place of real responsibility is closed to the boy who has not learned to play the game of life square. He touched upon the relation of father to boy, emphasized the importance of the family altar upon the character of the boy and pointed out Christ as the greatest man of all.

After a violin solo by Master Raymond Austin, Toastmaster Thompson called upon W. D. Willett, superintendent of the Sunday school and Prof. E. E. Crampton, superintendent of Tecumseh schools, who gave excellent talks appropriate to the evening.

Master Webster Conklin gave a pleasing piano solo, which was followed by minute talks by O. V. Schneerer, J. O. Eaton, Dr. E. D. Brown, Wilfred Waldron, Perry M. Hayden, E. H. Ahrens, H. D. Daniels and G. N. Baker of Detroit.

"America" sung by the men and boys to the accompaniment of piano and trombone, and benediction by Rev. Thompson closed the evening's program and fathers and sons departed for their homes, voicing their appreciation of an evening of enjoyable fellowship.

The ladies who provided the banquet and service had a table by themselves and enjoyed the program and supper simultaneously.

THIRD ANNUAL

Red Cross

MEMBERSHIP DRIVE

NOVEMBER 2ND—NOVEMBER 11TH

WHY YOU SHOULD JOIN

The reasons for joining or renewing are many.

Red Cross still has an immense amount of work to do for the discharged soldier and the soldiers still in service. This takes money. Half your dollar goes to National Red Cross.

Red Cross is going to develop Civilian Relief into a tremendous force for relief and uplift and the half of your dollar that goes to our Lenawee County Chapter will be used to develop and carry on this most important work.

Civilian Relief will soon come to mean as much to the civilian as Red Cross and its Home Service have meant to the soldier.

It is going to be the biggest thing that communities have ever undertaken for their own betterment.

Lenawee made a splendid record in it's war work and we must keep her in the front ranks of this new army for good that is now forming.

WHAT BECOMES OF YOUR DOLLAR

The dollar you pay for your membership is divided, one-half going to the National Headquarters, the other half going to your County Chapter.

HOW NATIONAL RED CROSS USES ITS HALF

National Red Cross uses the funds it gets from the memberships to help carry on its nursing work in the hospitals abroad, its many sided service to the well soldier, and its relief work amongst our war worn and torn Allies.

It is also always ready to handle relief work such as it recently gave to the tornado stricken Gulf cities and any other disaster or epidemic that is too large for local Red Cross agencies to handle.

It proposes to organize the Red Cross in all Nations so that concerted effort can be had to stop or prevent such epidemics as the terrible Influenza one from spreading from nation to nation and it will spend large amounts of money, largely in this country, spreading knowledge along this line. It will also spend a great deal of money in organizing and developing Civilian Relief.

Its record during the war is sufficient to justify your full faith as to its half of your dollar.

HOW LENAWEE COUNTY CHAPTER USES ITS HALF OF YOUR DOLLAR.

All during the war Lenawee Chapter used all the money it got from memberships to help buy supplies and practically all the money the Chapter got was used for that one purpose.

There were no salaries paid to any of the many workers with the exception of the Secretary and he gave several months of his time to the work and then as he was giving all his time to the work the Executive Committee deemed it only right to pay him the nominal sum of $100 a month and since July 1st he has received no salary.

Since last November the Chapter has employed Miss Mary Mackenzie as the executive member of the Home Service Committee at a salary of $100 a month which was increased to $125 the first of October.

Her work for the boys that went from Lenawee has been fully on a par with the splendid work the Chapter and all its Branches did during the war.

In addition the Chapter has employed office help, one girl regularly at a salary which has run from $30 a month up to $70 at the present time, and extra help during the drives.

The Chapter has not paid any rent nor anything for its gas, water and electric light and power service and over one-half of its fuel has been donated.

The expense for purchasing materials has of course stopped but with the development of Civilian Relief it will probably be necessary to employ an additional field worker to help Miss Mackenzie, who will handle the work in addition to her Home Service work for soldiers, which will continue for a year or more.

Aside from the necessary and very moderate and incidental office expense, the money derived from memberships will be devoted to relief work in Lenawee County.

Renew your membership or join and help the Chapter spend your half.

TECUMSEH GRANGE HAS A PLEASURABLE MEETING

The regular meeting of Tecumseh Grange was held last Saturday, Oct. 25. There was a fairly good attendance.

The feature of the dinner was a jug of sweet cider furnished by Brother Norman McConnell. Brother McConnell brought his bride with him and the ladies of the Grange, knowing that the honeymoon was about over, felt that the newly-weds would venture to eat pickles again, presented them with a silver pickle fork.

Worthy Master Sanford appointed the executive committee and their wives as a committee to visit Onsted Grange Thursday night and listen to a program to be presented by the Community market promoters of Adrian. The committee will probably invite the entertainers to put on a program at Tecumseh Grange hall in the near future. There were other matters of business that would not be of interest to the public.

Brother C. H. Bramble of Lansing was present. We are always glad to greet Brother Bramble.

Secretary.

Overland Plant Is At Full Speed

Production of Two New Models Fully up to Expectations of John N. Willys, President of Company.

"Remarkable progress," is the way John N. Willys, president of the Willys-Overland Company, expresses his satisfaction after a week's visit in Toledo spent in intimate study of conditions today at the big Overland plant.

In conference with executives, Mr. Willys, during the week approved the plans for a huge production program scheduled for the two new models the company will market this year. These new cars are Overland 4, which is now in quantity production, and the new Willys-Knight model.

"Production of Overland 4 has already passed 300 per day," Mr. Willys said. "Within a short time I expect that the scale of production at the Toledo plant will equal any previous figures in the history of the company, and from then on should surpass former records." The plant here now ranks second in the country's total production of automobiles.

"Although the new Overland was designed two years ago, and engineering models have been under constant test for that entire period, factory production plans," Mr. Willys said, "could not be started until late last November, when the armistice released the plant from war work. And yet in August this year, Overland 4 was in production.

"Usually it requires a full year or more for an automobile company, however well equipped, to get under way with a new model. Even then the manufacturer generally has the advantage of being able to use many of the dies and tools necessary for previous models, or he is able, with very slight changes, to incorporate in the new model, some former parts, such as axles, steering gear and the like.

"But Overland 4 and the new Willys-Knight differ from any other cars heretofore made at Toledo. Parts from former models could not be used.

"Eight thousand special dies and tools had to be designed, built and installed at the Toledo plant to take care of the 10,000 operations on the Overland 4 alone. Factory methods and routine had to be changed over from war work. A great quantity of new machinery had to be built and installed.

"A tremendous job! And it was accomplished in the face of extraordinary difficulties between the months of November, 1918, and August of this year.

"We could use more labor in certain classes of work today.

"I am very gratified to find everything moving so harmoniously throughout the entire Toledo plant. More than 10,000 men are at work; materials are flowing in satisfactorily, and production is growing every day toward the big schedule established."

Foley's Honey and Tar is the best known and most successful family cough medicine on the market and the following letter is positively true and genuine:

Says "It Acts Like Magic"

Gilbert Fleming, 3911 Budlong Av., Los Angeles, Cal., writes: "I have much pleasure in testifying to the very great benefit my family and I have derived from the use of Foley's Honey and Tar. It positively acts like magic, and to my mind there is nothing on the market that can compare with it. Whenever there are any of our household suffering from heavy colds or bad coughs or hoarseness, we at once get a bottle from our local drug store, and after one or two doses obtain instant relief. Your company deserves great credit for such a valuable production and from our own experience we cannot do otherwise but recommend it to our friends and this we willingly do and will continue to do so."

Foley's Honey and Tar COMPOUND

CLEARS THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and coats the raw, inflamed surfaces with a healing, soothing medicine.

Coughs that "hang on" after the grip or "flu" are relieved by Foley's Honey and Tar.

LIKE A BANK For your Grain.

There is little difference between a dollar in money and a dollar's worth of grain.

Yet many farmers, who keep their money in massive stone banks where they know it will be safe, keep their grain in old and wasteful granaries.

Did you ever stop to think that every golden grain of wheat, oats, barley, or corn means so much toward your income?

Don't waste your money any longer by thinking that you can store small grains in a crib built for ear corn. Your granary must have tight walls and floors and be strong and durable.

We can help you build a granary that will increase your yearly profits.

Come in soon and we'll talk more about granaries.

Last week Thursday Naomi Frost was 5 years of age. She had an October birthday party, to which five little friends were invited, Alice Howell, Florence Greenman, Hazel and Olive Randall and Mary Dewey. It was an ideal day and the little folks had the time of their life playing and romping on the soft, green lawn. The dining room was prettily decorated with beautiful colored autumn leaves and the dining table was loaded with goodies to eat to which when the supper call came, the little ones did full justice, but they admired most of all the birthday cake with its candies and candles. Little Naomi received several little gifts as momentoes of the happy occasion.

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, *misses something*. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, *it's too late*.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting *you!* It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—*that's its business*. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

League Bowling Gets Good Start

Bowling has been started in earnest in Tecumseh, one league already having begun a series of games and others are soon to get into action. Many individual pin spillers are also taking up this sport to a marked degree and the three alleys recently installed in his Smoke House by Gordon Bailey are likely to be kept warm all winter.

"Gears Always in Mesh"

Heider

GEARS ALWAYS IN MESH—One of the big reasons why more power farmers are choosing the HEIDER Friction Transmission tractor. With the HEIDER Friction Drive there is only the fibre disc, attached right to the drive shaft, and the two large metal discs. The fibre does the driving and the discs pass the power on to the drive wheels or belt pulley.

THREE UNITS IN ONE

Friction drive replaces clutch, standard transmission and bevel gears. Loss of power eliminated—maximum pull delivered to drive wheels or belt pulley. Simple as can be; no transmission gears to put in mesh, none to strip. Less trouble, less expense, and handling made so easy that girls and boys are operating HEIDERS. This type of drive also means 7 speeds forward or reverse, for either traction or belt work.

HEIDER Model "D" 9-16 with Rock Island No. 9 Power Lift Plow attached is an ideal combination for small or medium sized farm. Foot controls plow, hands guide the tractor. Four-cylinder, heavy duty Waukesha motor, kerosene or gasoline, Dixie magneto, Kingston carburetor, Perfex radiator, 3-point suspension, ball bearings. Two sizes: Model "D" 9-16, Model "C" 12-20.

ARMISTICE CELEBRATION TO BE SPECTACULAR AFFAIR

All in This Part of Lenawee Invited to Tecumseh Tuesday—Torch-Light Parade and Hanging of Kaiser Part of Program—Service Men Asked to Wear Uniforms.

All is in readiness for the elaborate armistice day celebration in Tecumseh next Tuesday and the prospects are it will be a gala and featureful affair. A torch-light parade, hanging of the kaiser, red fire, hayseed band and jazz dance are only a few of the many stunts which will mark this celebration as one of the most spectacular ever staged in this city.

The celebration is being engineered by Underwood-Orr post, No. 34, American Legion, which is being given the hearty co-operation of the Commerce Club and the merchants in general.

A torch-light parade will be the opening feature of the demonstration, the festivities to begin at 7:30 in the evening. The parade is to be made a pretentious affair and everybody from far and near is invited to take part. The procesison will be led by the Tecumseh post, American Legion, in uniform. It is earnestly requested that all world war veterans appear in their uniform that the celebration have the same military atmosphere that prevailed when the initial observance of armistice day was held a year ago.

Following the Legionaires in the parade will be a hayseed band, which will include every one who can handle a tin pan, horn, bell or other noise-making contrivance. With noise of all kinds, some music, red fire, fever heat enthusiasm and a general holiday spirit prevailing, the occasion should prove one that will stand out prominently in the history of Tecumseh. The promoters desire to emphasize the fact that this observance is for all and a general participation of the people of this vicinity is hoped for.

It will be after the parade that the impressive part of the demonstration will take place. This will consist of a hanging, the former kaiser and German war lord to be strung up by proxy. And even the funeral service will not be omitted. W. A. Rex will preach and those who heard his previous effort along this line are anxiously awaiting the arrival of Tuesday evening that they may again hear this dramatic orator at his best. This stunt will take place at the main four corners.

One of the unique features of the evening will be the kangaroo court, which is expected to develop much fun.

The doings of the evening will conclude with a jazz dance at Witherell hall, this part of the program to begin at 9 o'clock. The Legion orchestra will furnish the music. All service men attending the dance are requested to wear their uniforms.

Demonstrations of this kind are not complete without the Boy Scouts having a part and the Tecumseh troops will actively participate in the celebration, to which all in this part of Lenawee county are heartily invited.

CHARLES H. BEAL WAS A PIONEER OF LENAWEE

On Monday afternoon was held the funeral of Charles H. Beal, who had been a resident of Lenawee county sixty-four years. He died last Friday at the home of his brother, Byron A. Deal, 410 East Chicago street. The deceased was very well known.

Rev. J. C. DeRemer, pastor of the Christian church at Britton, officiated at the funeral. Burial was in the Ridgeway cemetery. The pall bearers were Samuel Patterson, David Linton and Ernest Hoagland of Britton, Charles Hines of Ridgeway, Frank Hoagland of Raisin Center and Joseph McSeveny of Durand. Oil Can Explodes, Man Loses Life

Kenneth Pocklington of Ridgeway Meets (With) Shocking Accident While Starting Fire.

Kenneth Pocklington died this morning about 7 o'clock at his home, one mile south of Ridgeway, as the result of being burned Sunday afternoon about 4 o'clock when an oil can exploded.

With his wife he had been for a ride and coming into the house found the fire low, so, grabbing a can of oil, he started to pour some on the coals when the flames seemed to jump toward the can and it exploded, the bottom being blown out as clean as if cut with a knife. The clothing of Mr. Pocklington took fire and before the flames could be extinguished he was terribly burned from his chest to his shoe tops. Mrs. Pocklington also received some of the flaming oil on her colthing, but was not burned.

Dr. H. H. Hammel was summoned and did what he could to relieve the man's suffering.

Mr. Pocklington was the brother of Miss Stella Pocklington, teacher in the fourth grade in the Tecumseh and son of Layfette Pocklington of Ridgeway.

MRS. ARNO DANIELS DIES AFTER SHORT ILLNESS

The home of Arno Daniels was made immeasurably sad when the young wife and mother passed away at noon on Monday. She had not been feeling well last week but did not think a physician necessary until Sunday, but she grew rapidly worse, becoming unconscious Monday morning and so remained until the end. The disease was pronounced uremic poisoning.

Nora Roberts was born at Lisbon, Ind., thirty-three years ago, one of eleven children of Mr. and Mrs. Joseph Roberts. There she married Mr. Daniels and some eight years ago moved to Michigan, living since at Adrian and Tecumseh. The family moved back from Adrian only a few weeks ago.

Besides the husband and parents she is survived by two children, Vera and Robert, and seven brothers and three [illegible] Austin Lake, Mich.; Roy of Elkhart; Clyde and Charles, living in Nebraska; Mrs. Myra Lawrence of California; Mrs. Celia Rhodehammel of Kendalville, Ind., and Miss Alta Roberts of Conrad, Mich. The mother and the brother, Charles Roberts, just visited the Daniels home last week, returning to Lisbon only on Friday.

The funeral services were conducted from the home on North VanBuren street yesterday afternoon, Rev. W. R. Curtis officiating. The bearers were five brothers of Mrs. Daniels, Roy, James, Charles, Homer and Warren Roberts, and Ray Daniels, a brother of Mr. Daniels.

Present from out of town were Mr. and Mrs. Joseph Roberts of Lisbon, Ind., Mrs. Celia Rhodehammel, Miss Alta Roberts, Homer and Warren Roberts of Kendalville, Ind., Roy Roberts of Elkhart, James Roberts of Austin Lake, Charles Roberts of Imperial, Neb., Mr. and Mrs. Fletcher Daniels, Mr. and Mrs. Glen Daniels of Pentecost, Mr. and Mrs. Ray Daniels of Adrian, Mr. and Mrs. Harry Daniels, West Adrian, Mr. and Mrs. Bert Tuttle, Mr. and Mrs. Martie Ruff of Addison, Mr. and Mrs. Vernie Harrison of Franklin, Mr. and Mrs. Harry Daniels and Mrs. Ogden of Tipton.

MRS. B. J. PULVER HOST TO WESTMINSTER GUILD

Mrs. B. J. Pulver opened her home Tuesday evening for the meeting of the Westminster Guild. There was a splendid attendance. Mrs. E. C. Heilman, the president, conducted a business session which was followed by the study of the new book, "American Christianization," with Dr. Pauline Bredow leader. The first chapter, "Americanization," was discussed by Mrs. J. D. Service. Music on the Graphonola varied the program and at the close the hostess and Mrs. J. H. Smith and Mrs. W. L. Jones served refreshments.

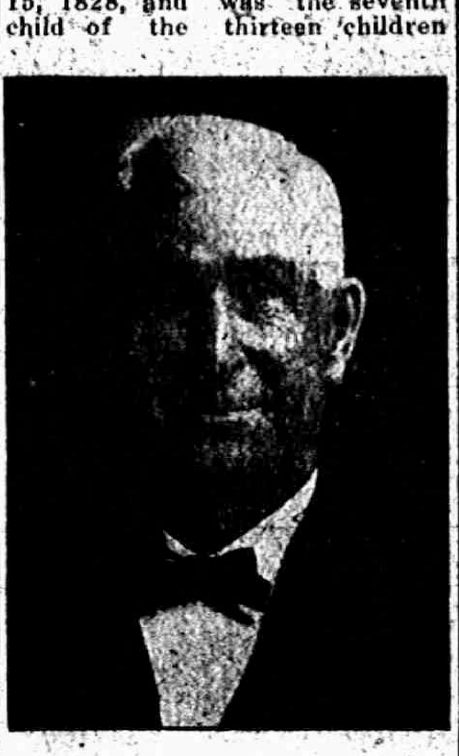
Tecumseh's Oldest Mason Passes Away

EDGAR C. VAN VLEET, AGED 91, WAS PIONEER HERE

Came to Lenawee's Wilderness 87 Years Ago—Had Been Member of Local Masonic Lodge Since 1866.

Edgar C. VanVleet, well known pioneer and one of the oldest Masons in Tecumseh, is dead at the age of 91 years and 16 days. He passed away October 31, 1919, at his home one and one-half miles east of Tecumseh.

Mr. VanVleet was born in Seneca county, New York state, Oct. 15, 1828, and was the seventh child of the thirteen children born to Peter P. and Lois VanVleet. He was 4 years of age at the time the family moved from the old Empire state to the wilds of Lenawee county and his memory bore definite impress of the scenes and conditions which marked the early pioneer epoch in this section, as well as the various stages of progress to which it was his privilege to contribute with the passing of years. He was a most interesting man to listen to with his reminiscences of early days, having a fund of anecdotes and a vivid memory.



EDGAR C. VAN VLEET.

"Uncle Ed," as he was familiarly called, was of a most kindly disposition, always looking on the bright side of life, and who was [illegible] band, a loving father.

On April 23, 1856, he was united in marriage to Miss Mary A. Waring, who died October 10, 1870, and September 15, 1872, he married Mary E. Hathaway.

He is survived by the widow, two sons, Arthur and Roy, and one daughter, Gertrude, and three grandchildren. One daughter, Edna, preceded him in death, Aug. 14, 1917.

Mr. VanVleet became a Master Mason in 1866, receiving his degree in the local Masonic orders the same year with his brother, John. For many years these brothers and Minor Davidson have been the revered old men of the order. Besides belonging to the Blue lodge, Mr. VanVleet was a member of the Royal Arch chapter and Order of the Eastern Star, being the oldest member of each.

The funeral was held Tuesday afternoon from the family home. Rev. C. M. Thompson officiated and the Masonic burial service was read by R. A. Heesen. There was a large attendance with many Masons present to do honor to the memory of their loved brother. The bearers were also of the order: Frank Temple, W. J. Morse, A. C. Aylesworth, Alva Spayde, John McIntyre and Frank Avery. Present from away for the services were Miss Delia Allen and Mrs. Ed Allen of Detroit; Mr. and Mrs. Buell Johnson and son, Elmer, Peter Knight and son, Clyde, Mrs. Thos. Brown and daughter,

HALLOWE'EN CELEBRATED IN A MERRY FASHION

The "Busy Bee" Sunday school class of the Baptist church was delightfully entertained Thursday evening at the home of their teacher, Mrs. Anna Morse. The little guests assembled early in the evening and after a short business meeting, games were in order, the hostess suggesting the playing of the game, "follow your leader." This resulted in the discovery that the spacious second floor of the barn, with the aid of autumn leaves, cornstalks and jack-o-lanterns, was turned into a mystic bower of Hallowe'en weirdness and as spooks, ghosts and witches appeared one wondered if they were reading one of Grimm's fairy tales.

Games were merrily engaged in and dainty refreshments served.

Mrs. Morse was assisted by Mrs. Horace Lamkin, Mrs. Sheldon and Mrs. Becker.

Local Veterans to Assist Red Cross

Tecumseh American Legion Will Show Appreciation by Aiding In Membership Drive.

In its present drive for members, the American Red Cross is to be aided by Underwood-Orr post, No. 34, American Legion, of Tecumseh, the local world war veterans' participation in the campaign being given impetus by a telegram from the state commander of the Legion. Augustus H. Gansser, Department Commander Gansser's message, sent to R. K. Anderson, adjutant of the local post of the American Legion, reads as follows:

"Detroit, Mich., Oct. 30, 1919.
"R. K. Anderson:

"Michigan Legionaires, as individuals and through local posts, are urged to assist in securing one million Red Cross memberships in Michigan during the drive November 2 to 11. We can honor our Red Cross most by acknowledging their splendid work for us by joining ourselves and by helping our local Red Cross officials always.

"Augustus H. Gansser,
"Department Commander."

The officers and members of the Tecumseh post, in appreciation of the noble service rendered them by the Red Cross while they were in the thick of things on the battle fields of Europe, will do all in their power to make the present drive for members of this remarkable mercy organization an unqualified success.

HORSE, STOLEN BY BOYS, IS RECOVERED

When Mrs. R. W. Cole finished her shopping yesterday afternoon about 5:30 and went for her horse which she had left hitched in front of Satterthwaite's she found the rig gone. She reported her loss to Deputy Smith and Marshal Bert Mominee and they got busy.

They notified the sheriff's office in Adrian and found that two [illegible] Robinson had disappeared. Naturally the [illegible] were connected [illegible] officers and [illegible] boys with the horse. The brothers, who were 14 and 10 years of age, were found to have visited relatives near the celery farm Tuesday and from there were thought to have gone to the home of other relatives near Clinton. The officers started for that place a little after 9 o'clock and out by the Jonas Waldon farm found the horse hitched to the fence, reeking with sweat, and the two boys rolled up under the buggy. The outfit was brought back to town and Mrs. Cole notified that the horse had been found.

The boys were taken by the officers to the Adrian jail last night. There it was learned that the oldest, Olia, was only just out on parole, having stolen $15 from an older brother who had just returned from overseas service. The lad will probably be sent at once to Lansing but the younger boy is too young to come under the authority of the court.

NUMBER OF FARMS SOLD DURING WEEK

Parties from Illinois have purchased James Mark's place, the old Israel Schreder farm. Mr. Voorhees of Britton has bought one of Henry Scofield's farms, northeast of town. Thos. Murphy has sold his home farm just north of town to Roscoe Hewlett of Saline, who married recently Miss Frances Brooks of this city.

Another buyer is Carl Schaffer of Palmyra, who now owns Ed Koernig's farm in the Clarkson neighborhood. Mrs. Sarah Avery also has sold her farm northeast of town to Jay Freman, but he does not take possession for some time. Mr. Brighton of Newburg has acquired the Billy Boyce orchard farm on the Clinton road.

ST. PETER'S GUILD TO HAVE ALL-DAY SESSION

At the meeting of St. Peter's Guild Tuesday afternoon, $95 was reported as the amount raised at their recent cafeteria supper. The sixteen ladies present enjoyed a very pleasant meeting. Two new members were received, Mrs. Chas. A. Ihrkey and Miss Alma Tansley. The November committee served lunch.

November 18 the ladies will hold an all day meeting, when they will tie comfortables. A picnic dinner will be served.

The Ladies' Aid society of the Baptist church will conduct a salvage sale in the old postoffice building commencing next Saturday.—adv.

RESEARCH CIRCLE HAS A HALLOWE'EN PARTY

The Research Circle was entertained royally at the home of Mrs. Grant Schreder Friday evening when the sports of Hallowe'en took the ladies back to the days of their girlhood. They rode out to the farm in a large hay rack and upon arriving found the house decorated in boughs, cornstalks and jack-o'-lanterns. They had a jolly evening telling ghost stories and visiting and with the serving of Hallowe'en refreshments. The club meets tomorrow with Mrs. John Snow.

Editorial Comment

An organization which for years has been "giving" unstintingly is now "asking." The American Red Cross, the world's most lavish organization in dispensing mercy, is requesting us all to join it in providing succor to the needy whenever and wherever they may be.

Can we conscientiously ignore this plea? Isn't it our duty to support this society, which is engaged in the noble work of bringing relief to suffering humanity when it is in the direst need?

The Red Cross is not asking much. Its plea is that we join the organization, this entailing the expenditure of but a small sum. And for this small sum it gives so much. More, a great deal more, than the same amount will bring if spent in any other way.

In the past the Red Cross has done a great variety of relief work and intends to not only carry on these same lines of helpfulness during the next year but will also take up a new activity. It now plans to do civilian relief work, which is charity work along advanced lines. The Red Cross will even come to Tecumseh to look after the needy ones here if the people of this city desire it.

And for all of this great work it merely asks that we join. Are there any residents of Tecumseh and vicinity who will say "No" when requested to become affiliated with this world-wide mercy organization?

The drive for members opened Monday, November 2, and continues until Tuesday, November 11, the first anniversary of armistice day, which meant so much to the whole civilized world.

That Jesus will not forsake those who believe in Him is strikingly illustrated in the long and successful career of the Methodist Episcopal church at Tipton, which has just celebrated its seventy-fifth anniversary, the observance being attended by a number from Tecumseh, among them being Rev. C. M. Thompson of the local church of the same denomination.

The celebration was a two-day affair, all of the services being well attended. Former members of the church came from many places to rejoice with the present congregation over the fact that for seventy-five years the church has been spreading the word of God and all joined in the fervent prayers that the gospel of Jesus Christ would continue to be expounded in the same edifice for generations to come.

Former pastors and the present shepherd of the flock at Tipton, Rev. L. H. Kellogg, gave addresses during the celebration, the discourses all being of an inspiring character. In the three-quarters of a century during which this church has been consecrated to upbuilding of God's kingdom on earth many a soul has been won for the Lord and with such devoted worshipers as the people of that vicinity have proven to be and under the guidance of the present pastor, the Tipton M. E. church is destined to bring many more to kneel at the shrine of the Saviour.

Complying with the request of the Tecumseh business men, the village council has unanimously voted to place another nightwatchman on duty at least for three months, thus assuring the local banks, stores and in fact all business places more protection during the hours that these establishments are in greatest danger from fire or visits from burglars.

Under the new arrangement not only the business places in the down town section will be policed but also those in the outlying district, assuring these the protection to which they are entitled fully as much as the stores on Chicago street.

The extra nightwatch was believed necessary because of the crime wave which is now sweeping the country and the village council's action of locking the door before the horse is stolen instead of after will no doubt be approved by all the taxpayers of Tecumseh, as the business places are entitled to the fullest protection.

K. O. T. M. ENTERTAIN IN PLEASING MANNER

A fine program was presented by the K. O. T. M. Monday evening, when they entertained their ladies and friends at their lodge room. Commander Charles Dixon called the crowd to order and turned the meeting over to George Hoag, who was chairman of the committee having this entertainment in charge. The following program was given:

Piano solo, Miss Alma Muhn.

Recitation, "Little Orphant Annie," Miss Gladys Clark.

Violin solo, Raymond Austin, accompanied by Miss Bernice Austin.

Recitation, "I Meant To," Howell Clark.

Address, Deputy Leo White of Adrian.

Song, Miss Genevieve Austin, accompanied by Miss Bernice Austin, with violin obligato by Raymond Austin.

Hollis Clark concluded the entertainment with a chalk talk. It will be of interest to the townspeople to know that we have an artist of unusual ability in our midst. The young man gives an entertainment along his line equal to many who have traveled this way with Chautauquas. His drawings are remarkable, his comic sketches clever and as a climax his "End of a Perfect Day" was charming. He accompanies his work with a fire of fun and part of the time Miss Alma Muhn accompanied on the piano. His easel is electrically lighted with an original contrivance across the top showing our young friend is a genius as a mechanic as well as an unusual artist.

The entertainment concluded with dancing, and was a pleasing affair.

Present from out of town besides the jolly deputy were Mr. and Mrs. Mayne Pennington and Mr. and Mrs. Lewis Coller, all of Macon.

ED SMALLEDGE IS REPORTED ON GAIN

Reports from Ed Smalledge at the hospital in Jackson give him as resting more comfortably, but it will be several weeks before his knee will be so he can use his leg at all.

Last Thursday he was unloading freight at the New York Central freight house and the steel track into the car was wet and slippery. He was coming down the incline pulling backward when the truck slipped, knocking him over backward, and one side of the truck crashed down on his knee, splintering the bones severely. He was given first aid and taken to Jackson on the noon train, where he has since been in the W. A. Foote Memorial hospital. Mrs. Smalledge makes frequent trips to Jackson, spending as much time with him as is allowed.

Making a Dollar Do a Lot of Work

When there are a dozen places to spend every dollar we earn a fellow has to "watch his step" where and how he spends it.

This is the main advantage of buying CLOTHCRAFT CLOTHES.

For instance: A man often comes into our store and selects one of these garments and when he finds out the price, he discovers he is going to have money left to buy gloves, shirts, ties, hat, etc., out of what he expected to pay for a suit or overcoat.

Store will be open Tuesday evening, Nov. 11, for the American Legion celebration.

Overland 4 After Two Years of Actual Demonstration is Officially Announced

Unusual Public Interest Has Been Centered in This Latest Model.

New Type of Springs

Three-Point Suspension Design is Introduced for First Time.

BIG CAR COMFORT IS CLAIMED

Willys-Overland Asserts Springs Are Greatest Improvement in Motor Cars Since Pneumatic Tires.

Overland 4, the new car of light weight construction for which the public has been waiting since its introduction was first rumored at the automobile shows about two years ago, was placed on exhibition in Tecumseh today at the Overland salesrooms of L. E. Temple & Co.

The men and women who inspected the Overland 4 were representative of the visitors to Overland salesrooms in a thousand cities, towns and hamlets of the United States. The company's dealers, from Maine to California, and from Washington to Florida, now have on display one or more of the new models described as embodying "the greatest improvement in riding comfort since the introduction of pneumatic tires."

New Type of Springs.

This improvement is the use of three point suspension springs. Unusually graceful in body design, Overland 4 makes a splendid impression on the visitor. It was this new spring suspension, however, which absorbed motorist attention at the salesrooms. It is a combination of two principles that have been used to greatest advantage in automobile construction: First, that of cantilever springs; second, the flexible three-point construction.

The luxurious riding comfort these springs furnish the car was immediately understood and appreciated. It is this feature which gives to the new Overland car, designed for light weight, that degree of riding comfort and security hitherto possible only in high-priced, heavier cars.

But this is only one of many features in Overland 4 which back the Willys-Overland Company's claim to success in giving the public "a new standard of riding comfort."

The actual creation of Overland 4 began more than two years ago. The last two years have been devoted to testing and perfecting each part of the car. Back of its development stand ten years of successful manufacturing and engineering experience in giving the public good motor cars. For the immediate development and production of Overland 4, John N. Willys has concentrated the vast resources of the Willys-Overland Company. Production will be on a scale which will assure the greatest economies in manufacturing.

Ideals Guide Design.

Guiding the development of this remarkable new car was Mr. Willys' ideal of a motor car which would combine with the economy of light weight all the comfortable riding qualities and the stamina of the heavy and expensive automobiles. He proposed a car of built-in quality which would free the owner from all possible up-keep expenses. This was not possible, the company claims, until the Willys-Overland company devised this interesting three-point spring suspension, a spring seating radically different from the conventional design of four springs paralleling the chassis frame. New as this spring suspension is, it is interesting to note that the design has been approved by the Society of Automotive Engineers.

Before the final adoption of the new springs, special breaking and bumping machines were rigged up at the factory, and the cars, after that supposedly destructive test, were sent out on trial trips which carried them into every section of the country in all sorts of weather conditions. The cars were driven over the Rocky Mountains, through the desert roads and boulder stretches of the southwest, over the sagebrush and sand of Texas, and through the mud and clay of the Missouri Valley. A two years' test, covering 250,000 miles of travel! The car satisfied the company's engineers that it was right. The war period which held up production was devoted to an exhaustive perfection of car details, refining the quality and economy features.

Without emphasizing such features as an unusually attractive appearance, the all-steel body with an oven-baked enamel finish and other interesting details, it may be said that motoring interest centers in four new and distinctive features of Overland 4. These features, each worth the motorist's study, are:

Springbase, Not Wheelbase.

First, of course, the three-point cantilever spring suspension. The springs on Overland 4 extend fifteen inches from a point on the chassis beyond the axles at front and rear, giving a wide diagonal shape to the springs. The car has thus an actual springbase of 130 inches, although the car wheelbase itself is 100 inches. Each spring flexibly responds to its task of keeping the body and passengers riding on a constantly even keel. Bobbing, sidesway and lurching are materially lessened. The result is a roomy, easy-riding car on a new type of springs so designed as to absorb road shocks from the worst of pavements or roads. The Willys-Overland engineers make the unusual claim of having produced a car that rides well on any road.

Second—Economy. The new springs so protect the car from road shock as to make possible much lighter weight and hence a great saving in fuel and tires. Furthermore, the car is so simple and accessible that cost of upkeep and repairs must be greatly reduced. Yet the car's parts have a protected accessibility—a big factor in upkeep. The car is assembled from five units only. The chassis is clear of all involved mechanism. The entire assembly required only 50 bolts. The engine is a remarkably high-grade, thoroughly up-to-the-minute power plant, compact and simple. The neatness and cleanness of design bespeak the ready accessibility to all parts.

New Quality Standard.

Third—Quality. Specifications indicate that the Overland 4 has been built in each part of the finest quality steels and steel-alloys. The car's parts have been machin-

Sunday Schools to Meet Here in 1920

County Association Elects Rev. W. A. Rex As Its Vice President.

In 1920 the Lenawee County Sunday School Association will hold its annual convention in Tecumseh, the organization having accepted this city's invitation to convene here next year at its yearly session in Blissfield last Wednesday and Thursday. There was quite a delegation from the Tecumseh churches at this year's convention of the association.

This city was honored in another way, Rev. W. A. Rex, pastor of the Tecumseh Presbyterian church, being chosen vice president of the association. Other officers elected were H. A. Frey, president; Mrs. Haas, of Palmyra, secretary-treasurer.

A committee composed of members of the Sunday schools of several of the local churches extended the invitation that the county association hold its next session in Tecumseh and the offer was accepted. In which church the gathering will be held has not yet been decided. About forty churches are affiliated with the county organization.

LOCAL PYTHIANS HOSTS TO VISITING LODGEMEN

Tecumseh lodge, No. 190, Knights of Pythias, was host to visitors from Manchester and Tipton last Thursday evening, initiatory work, a lunch and smoker being on the program.

Raisin River lodge of Manchester conferred the rank of knight on four esquires and did it in a creditable manner. There was a large delegation present from Manchester and quite a number from Tipton, and with an unusually good turn-out of Tecumseh Pythians castle hall was well filled.

Following the initiatory ceremonies a roast pig lunch was served, cigars passed and remarks were made by a number of the visiting and local lodgemen, the session proving markedly enjoyable.

Extra Nightwatch Gets Council's O.K

Will Be Placed on Duty for At Least Three Months—Fireman Granted Vacation.

For at least three months Tecumseh will have two nightwatchmen on duty, the council having acted favorably on the request of the local business men that additional protection be provided. It will be the duty of the extra guardian of the law to visit the outlying business places in addition to keeping in touch with the officer who patrols the stores in the downtown district, so in case an emergency arises the two watchmen can co-operate to the fullest. Because of the many robberies and hold-ups in this part of the state the local merchants decided to ask the council for an extra nightwatch as a precautionary step and the aldermen unanimously granted the plea.

There was other business transacted at the Monday night meeting of the council. John McCaughan, driver of the fire truck, asked he be given one day off each month and a ten-day vacation in the summer and his request was granted.

The night engineer at the water works plant believes he is entitled to a raise in wages. His petition was tabled until a future meeting.

There was a petition presented pleading that a light be placed at the intersection of Chicago and Eastern streets, this being referred to the street committee.

Who the extra nightwatchman will be has not been decided. Applications have been received from Hiram Gove and Charles Skinner, but no action was taken. This question is to be settled at a special meeting of the council as more applications may be received within the next few days.

Aldermen Pulver and Barrett were absent from the meeting.

B. Y. P. U. HOLDS JOLLY GHOST PARTY IN BARN

The B. Y. P. U. held one of the jolliest Hallowe'en parties out at Floyd Bryan's Friday evening. The barn was the scene of the fun and here the witch, Alvin Knight, and the ghosts, Maud Scofield and Florence Bryan, kept things lively. There were all sorts of stunts and an old fashioned husking bee. There never were so many red ears and those Baptist boys are not so slow, either.

At a booth were sold sandwiches, coffee and the daintiest little pumpkin pies, so the affair was a success financially also.

It is easier to follow the races than it is to get ahead of them.

BRADLEY OPERA HOUSE ATTRACTIONS

What Flint and Jackson say About Harold Bell Wright's Mammoth Feature, "The Eyes of the World."

ORPHEUM THEATRE
Flint, Michigan.
9-29-19

Globe Film Co.,
301 National Bldg.,
Omaha, Neb.:

Dear Sir: Just closed an engagement of one week of "The Eyes of the World" to record business. Opening on Sunday, September 21, in a heavy rain storm, the theatre was crowded, and they were lined clean to the curb.

Playing only the biggest and best attractions at the Orpheum theatre, I must admit that "The Eyes of the World" was the biggest surprise that I have ever had handed to me, as long as I have been an exhibitor.

It is a wonderful picture, and one that appeals to all classes, and should prove a big winner for every exhibitor. Not alone does it give satisfaction, but will bring in people that very seldom frequent any theatres, and it is a repeater. After they see it once they will come back and see it again.

I am very grateful to you for having given me the opportunity in playing "The Eyes of the World," and I trust that it will be one of your biggest successes.

Always bear in mind, if you have attractions of the above.

With best wishes,

Truly yours,
(Signed) Chas. Garfield, Mgr.

Jackson, Michigan,

Globe Film Company,
Omaha, Nebraska.
Gentlemen:—

It gives me great pleasure to recommend to exhibitors your production, "Eyes of the World." While I had considerable faith of its drawing powers at the times of signing the contracts, little did I realize how far I underestimated this attraction.

We have just completed our four-day engagement to absolute capacity at night and with wonderful success at our matinees. It is by far the most satisfying big picture we have ever played, price considered, and not excepting "The Birth of a Nation"

I cheerfully recommend it to fellow exhibitors, not only from a box office standpoint, but from the standpoint of pleased patrons.

Yours very truly,
Majestic-Colonial
Theatre Co., Inc.
(Signed) W. S. McLaren,
Manager.

Last spring you had the opportunity of seeing Harold Bell Wright's "Shepherd of the Hills" on the screen at the Bradley for both a matinee and night performance and at both showings a capacity house saw that wonderful photoplay. Next Sunday, November 9, you will have an opportunity to see his other mammoth feature "The Eyes of the World" and without a question of a doubt two capacity houses will again see this wonderful writer's works dramatized on the screen. The attraction will be at the Bradley opera house for the one day only.

The above two letters from two of Michigan's best theater managers in two of Michigan's finest theaters, the Orpheum in Flint and the Majestic in Jackson, are absolute guarantee that this mammoth film production is everything that is claimed for it.

Big Boy Scout Play Friday Night

One of the most wonderful impersonations ever seen will be given by the Boy Scouts of America in their benefit play "A Rustic Romeo," Friday evening, November 7, at the Bradley opera house.

A very clever plot is carried out in the play in which a rural town is the scene of many thrilling escapades, and a double wedding ends many difficulties.

It is truly remarkable the way the play is carried out, especially on the part of the bevy of chorus girls who make life miserable and merry for Chowderville. The village fire brigade gives a wonderful demonstration of a military order. But best of all are the Hula dancers and oriental girls in their own Arabian "Dance of Death." Willett's orchestra assists very efficiently in carrying out the musical parts of the play.

This play is given for the benefit of the Boy Scouts. First floor seats may be reserved by phone, call 365.

TECUMSEH'S OLDEST MASON PASSES AWAY

(Continud from Page One.)

Mrs. Orrin Woods, of Clinton; Albert Morseman and son, Charles, of Tipton; Mrs. Laura Cox, Mrs. Eliza Pocklington and Mrs. Libbie Wilson of Holloway; Mr. and Mrs. George Suydam, Mrs. Eliza Miller, Arthur Van Vleet and family, Mr. and Mrs. George Allen, Mr. and Mrs. Cyrus Smith, Miss Eva VanVleet and many friends from Britton.

Darling father, he has left us,
We shall hear his voice no more.
He has gone to meet our Saviour
On that bright and golden shore.

Through our life our cares he lightened,
Helped to bear each ache and pain.
His whole life was for his loved ones;
All for us who now remain.

Still beside that eastern window
Stands our dear one's vacant chair;
In our hearts what pain is felt
Not to see him sitting there.

Yes, he's gone—loved husband and father;
He has heard his Master say:
"Enter, good and faithful servant,
Into the realms of endless day."

And to us our own dear Saviour
Says in words both sweet and clear:
"Peace to you and be ye ready
When I call to meet him here."

Card of Thanks.

We desire to thank our many friends for their kindness and sympathy in the death of our husband and father. To the minister for his comforting words, to the Masons for their beautiful services and also for the beautiful floral offerings.

SCHOOL NOTES.

During the month of October Mary Coscarrelli and Marion Jones of the fifth grade had a perfect spelling record. The class made wall paper designs in complimentary colors.

The third grade contributed $3.60 to the Roosevelt memorial.

Mrs. Service substituted for Miss Pocklington on Monday.

Kenneth Willetts and Forest Hartwell have just entered the second grade.

The "Independent Magazine" has arrived, but only in multigraph copies due to the pressmen's strike in New York City, affecting all periodicals.

Next week the senior English class will begin the study of the play "Hamlet," while the juniors will take up Shakespeare's "As You Like It."

At present all English classes are spending their time in an attempt to improve their use of the English language, in accordance with the Better Speech campaign which is a nation wide movement.

The Junior High drawing classes are making posters for Good Speech week. The study room and halls are well decorated.

The seniors forgot their dignity Wednesday night when they held a Hallowe'en party at the home of Blanche Vogel. Everyone came in costume, two clowns and a Charlie Chaplin being among those present. The house was prettily decorated with orange and black paper pumpkins, also a skeleton, (which no senior can forget). Games were played, (we wonder if Ralph Hodges will ever be satisfied) and dainty refreshments were served. (But oh, what late hours the seniors keep.)

"The Chiefton" and the "H. S. Gazette" were edited again this month. A great improvement was noticeable in the paper. The eighth grade also gave reports on the "Prize of the Prophets," a picture by Sargent which hangs in our hall.

Friendship day in the ninth grade was observed by reports on modern artists.

Our football team journeyed to Blissfield last Wednesday where it met defeat by the score of 40 to 0.

SAYS FALL CULLING OF FLOCKS NEEDED

Slacker Birds Should be Cut Out Now—Rules Given for Selection.

East Lansing, Mich.—During the fall of the year the farmer and the poultryman are marketing the surplus birds from their flocks, and it is at this time that care should be taken to cull the flocks properly. Chickens that will strengthen the flock during the following year should never be marketed, while on the other hand birds that will weaken the strain or fail to produce enough to pay for their winter's feed should never be kept on the farm.

The following rules for the proper cullng of the poultry flock are given by Prof. C. H. Burgess of the Michigan Agricultural College:

"First, the cock bird. If he is purebred and from a good laying strain, if his progeny are quick to mature (that is, if his cockerels feather quickly, grow their combs early, and commence to crow when six to eight weeks of age) if he is vigorous and healthy, if he crows often during the day, if he is a bit scrappy, if his feathers are of good lustre, if he moulted early and grew his new feathers quickly—keep him.

"Second, the hen. Send to market those hens that moulted in July or August. A good laying hen moults late in the year. She drops all of her feathers at a time. If a hen laid well last winter, no matter what her appearance is now, keep her. She will improve the flock. Market the hens that are in full feather—that have those brilliant yellow shanks and beaks. Market those hens that have been lazy during the summer. Market the hen that stole her nest and hatched a brood of chicks in August. Market her brood with her.

"Third, the cockerel. Market the ones that were slow to develop. Market the ones that are poorly feathered. Open the wing and if the primary feathers are long, narrow and pointed (the chick feathers) market the cockerel.

Plant Rust-Resistant Asparagus. The asparagus industry is fast becoming important in South Carolina, and especially in Aiken, Barnwell, Edgefield, and Saluda Counties. In these counties an annual loss of from 15 to 25 per cent of the crop is due to asparagus rust, and county agents are urging growers to use the more productive rust-resistant strains developed by the United States Department of Agriculture. A report from one agent states that a grower in his community who used crowns of the rust-resistant asparagus is highly pleased with the showing it made this season and expects to increase his plantings greatly.

Mr. and Mrs. Wells Larrabee and Miss Luella Haynes of River Rouge visited Mrs. C. L. Lowe and family Saturday and Sunday.

Mr. and Mrs. Bert Pocklington, Mr. and Mrs. C. F. Smith and Florene were in Adrian Sunday. They found their father, Albert Smith, who has been quite poorly, much better.

Mr. and Mrs. Ernest Hoagland, Mr. and Mrs. Henry Bachman, Mrs. Chas. Craig, Samuel Patterson, David Linton and Mr. and Mrs. Chas. Hindes attended the funeral of their relative, Charles Beal, in Tecumseh Monday. Rev. J. C. DeRemer of the Christian church was the officiating clergyman.

Chas. Sphor had a birthday Sunday, and honoring the occasion, a duck dinner with all the trimmings was served by his estimable wife. Those present to enjoy the affair were Mr. and Mrs. Geo. Snauble of Clinton, Mrs. Demon Cowan, John Jasper, Walter Miller and John Rickard and their families.

Joseph Morris and son, E. H. Morris, of Monroe and Miss Margarey Morris of Adrian college were over Sunday guests of his niece, Mrs. John Taylor, and family. The former, a gentleman of 81, left Monday, expecting to meet relatives in Chicago, going from there to California for a winter's sojourn.

Thursday morning about 7 o'clock Louis Swick, our telephone lineman, went out to clear up his lines that were down from the storm the night before. He was attempting to move the one that had fallen, which ran to the elevator, when his hand came in contact with a high tension electric wire carrying a current of 2,300 volts. As soon as possible he was rescued and taken to Dr. A. R. Lusty's office, where, after he regained consciousness, it was discovered he had suffered a badly burned hand. He is able to be out again, but will be unable to use the injured member for some time. In fact he is fortunate in not having been killed outright.

State's Oldest Man Dies at Poorhouse

George Miller, Aged 108, Had Been Resident of Lenawee Many Years.

It develops that in the death of George Miller at the Lenawee county poor farm recently, Michigan lost its oldest resident, this man having been 108 years of age. He had been a resident of the county's refuge for the indigent for eight years. Just previous to being taken to the poor farm he resided in a shack near Cement City.

Mr. Miller was born in 1811 in Alsace, and came to this country when a young man. He settled in Hillsdale county in 1835 and was a passenger on the first train running between Hillsdale and Detroit. With a companion Miller took up government land in Wheatland township, Hillsdale county, but did not remain long, going back to the land of his birth. He returned to America three years later and settled in Woodstock township, Lenawee county, where he lived until taken to the poor farm.

His home was a magnet for many of those who were eager to hear stories of the early days in this part of Michigan and he was always willing to tell experiences of his pioneer days. He spoke English, German and French very fluently and was reluctant to accept help when misfortune visited him, it being the opinion of his friends that his death was hastened by grief over the fact that he was compelled to be a resident of the poor house. That he was 108 years of age was verified by papers found at his home.

TIPTON

Dr. W. J. Fruit of Detroit was in the village on business Wednesday.

Rev. C. H. Brewer of Willis was a guest at the W. L. Wyman home Thursday night.

Miss Myrtie Kemp of Adrian has been spending the past week with Mrs. Irving Luce.

Mrs. D. J. Preston was a guest of Mrs. Fred Holmes in Tecumseh a few days the first of the week.

T. J. Pentecost has moved the postoffice into the new building across the street from where it was formerly located.

There will be a temperance program given at the M. E. church next Sunday evening. A cordial invitation is extended to all.

The village is indeed a busy place. Masons are busy putting concrete steps to the bank and another gang of men are putting in the foundation for Louis Warner's new building, so with two concrete machines standing within a few feet of each other and the men it requires to keep both going the village certainly is booming.

W. A. Beebe pleasantly entertained the patrons and families of the electric light line at a dinner at the Grange hall last Thursday evening. The early part of the evening was spent in visiting and music was provided for those who did not attend the business meeting held in the upper hall. Mr. Beebe did not overlook anything, providing for music during the meal. Then a program along community lines was given under the direction of Charles Evans. Rev. S. N. Oliver and Clark Baldwin of Adrian were the speakers.

The "Be Square" class of the M. E. Sunday school held a Hallowe'en social at the pleasant home of Mr. and Mrs. Henry Baker last Friday evening. There were about 100 present. The house proved ideal for such an affair, the winding staircase leading to the witch's tower, where the fortune teller gave those who climbed the stairs a peep into the future. The young people served a cafeteria supper to which all did ample justice judging by the number of times they passed the cashier's desk. After supper an excellent program of music, recitations and ghost stories were given. The guests were then invited to visit the "chamber of horrors" on the second floor. The house was appropriately decorated with autumn leaves, black cats, pumpkins, witches and owls, and was lighted by jack o' lanterns and candles. The young people realized $22.85 from their efforts and immediately turned $10 over to the piano fund.

Mrs. F. W. Ives entertained her aunt, Mrs. Sutton, of Detroit and mother, Mrs. Hiram Westcott, of Tecumseh last week Friday and Saturday.

Mr. and Mrs. L. G. Brown and baby, Mr. and Mrs. Clarence Aebersold and three children were guests of Mr. and Mrs. Frank Boyd of Adrian last Sunday.

E. T. Harris and family, Mr. and Mrs. Judson Harris and Chester Kamp and family all visited Lynn Haris anrd family last Sunday afternoon at Tecumseh.

E. H. Brown received a letter from his sister, Mrs. Nellie Wheeler, of Hinsdale, Mont., saying they were having cold winter weather with snow on the ground. The letter also says nearly every one lost their potatoes as the ground froze before the tubers could be dug. Many people are leaving their home for the winter, while others are departing for good. Nearly all the crops were a failure this year. During the summer the hot, dry winds burned everything up.

Annual Quarterly Meeting and Special Exercies at Friends Church Prove Attractive.

With a program full of interest and a large attendance at each session, the annual quarterly meeting of the Friends church, held at the local edifice of that denomination from Friday night until Sunday evening, was a pronounced success.

At the opening meeting Friday evening Rev. Herbert Haldy of Adrian, was the preacher. Rev. John Pennington of Damascus, Ohio, delivered the sermon Saturday morning, a business session being held that afternoon.

On Sunday morning Rev. Chas. [illegible] of Ypsilanti expounded the gospel.

One of the most interesting sessions was held Sunday afternoon, when exercises in honor of Miss Emily Moore of Ypsilanti, were on the program. Miss Moore is soon to go to China as a missionary for the Friends church. The meeting was opened by the congregation singing "Onward Christian Soldiers." This was followed by a selection by a quartet composed of Mrs. Hensen and the Misses Elizabeth Comfort, Mabel Lockwood and Naomi VanWinkle. The devotional exercises were led by Miss Susan Knowles of Rollin. Mrs. Graves and Miss Stella Haynes of Raisin Valley sang a duet, this being followed by a solo by Miss Bowtell of Ypsilanti. Miss Myrtle O. Allen, field secretary of the young people's activities of the Ohio yearly meetings of Friends, gave a forceful and timely message with this text, "Speak unto the children of Israel, that they go forward," Ex. 11:15. The speaker urged those present to take more advanced ground in Christian experience and in Christian service, with special emphasis on foreign missionary work. At the close of her message Parker and Russell Comfort sang a duet.

A number of people who have known Miss Moore for some time then paid tribute to her sterling Christian character in words of simple and sincere appreciation. The out-going missionary responded with a few words in an equally sincere way.

The familiar song, "We are Marching to Zion," was then sung by the congregation. During the song most of those present stepped forward and bade Miss Moore "Good-Bye" and "God Speed," this portion of the exercises proving decidedly impressive. Miss Celia Bowerman of Raisin Center closed the meeting with a fitting benediction.

Sunday evening the Community service was held at the Friends church, an account of which will be found on another page.

Many residents of this city and vicinity are beginning to see the error of their ways in regard to bread buying. They are realizing more and more that "out-of-town-made" bread is not equal to Nevison's.

There are a number of reasons for Nevison's bread being superior to other makes, the principal one being that it is produced by that modern and excellent result-bringing process known as "Steam Baked."

If you desire to be fair to yourself it is essential that you buy your bread and other baked goods at

"The Wedding Supper"

SUBJECT OF INTERESTING SERMON SUNDAY NIGHT.

Rev. Herbert Haldy, Pastor of Adrian Friends Church, Addresses Community Service—Next Union Meeting at Baptist Church.

A good-sized congregation met at the Friends church Sunday night for the Community service, when the churches of the town joined with the Friends in the closing service of their annual quarterly meeting, which had been in session since Friday evening.

Rev. Howard Green of the Raisin Center church made the opening prayer after a short song service conducted by Rev. W. R. Curtis. The scripture lesson from the twenty second chapter of the gospel of St. Matthew was read by Rev. W. A. Rex. Then came the announcements. Rev. Curtis announced the next Community service would be held at the Baptist church. Rev. C. M. Thompson called attention to the service at the M. E. church the second Sunday, when Dr. George Elliott, one of the big men of that church, will speak, also to the Sunday school institute to be held the next day, November 17.

Not to be outdone by his brother ministers, Rev. Rex told the people that on the third Sunday night the service would be held at the Presbyterian church, and also spoke in behalf of the Red Cross drive which began Monday, saying "There are many things which the churches are leaving undone which they should do and which the Red Cross is doing, therefore all church people should support the Red Cross."

Rev. Edward Escolme, the Friends pastor, then introduced Rev. Herbert Haldy, the new minister of the Adrian church, as the speaker of the evening. He began his discourse in a happy way, saying he belonged to just such a mixed church as was represented by his audience. He was born of Lutheran parentage who had just become Friends, was educated in a Methodist college, married a Presbyterian and read Methodist and Baptist books. He told of the old fellow's version of the churches: "The Methodists start 'em, the Baptists wash 'em, the Presbyterians starch 'em and the Friends dry clean 'em."

Then Rev. Haldy gave an excellent sermon with his theme "The Wedding Supper." Passage after passage of scripture were repeated, telling of this wedding feast of the Lamb of God to which the whole world is invited to be guests, when all kings of earth shall fall and our King be lord of all.

He drew a vivid picture of the gathering of the men representing church and state to decide the fate of this Man of Galilee who was turning their religion of long standing upside down and pointing out so forcibly their own evils. Then over in the poorer part of the city was this Holy Man met in an upper room with his friends for "The Last Supper." Another picture was the crucifixion, when by the words "It is finished" came the full redemption of man.

The excuses made by the guests invited to this wedding feast are still as numerous as in the old parable. The attitude of the world to the invitation "If any man thirsteth let him come unto Me and drink," is yet the same: Commercialism, the toils of life, social life.

But when we do lay aside our worldly affairs how we clean up the temple when looking for the coming of our King.

The fact of Jesus coming is appreciated now as never before. The men at the head of the churches realize that it must be soon and are "cleaning up the temple" in preparation. After all these years our Intended, who has been sending us all these precious gifts, is coming! And the bride is awaiting gladly, her fine linen being the righteousness of her saints.

The New Motor Car

Overland

TRADE MARK REG.

The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires

HERE is a brand *new* type of car. It solves the problem which has baffled automotive engineers—how to combine riding *comfort* with *light weight* and *economy.*

Our new *Three-Point* Cantilever Springs make this possible.

These are the *first* springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 *combines* the riding qualities of large heavy, expensive, long wheelbase cars, *together* with the advantages and economy of small light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it *rides well on all roads:* they reduce choppy rebounds and side swaying, protect the car from road shocks and *prolong* its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the *springs ward off.*

But this *new* riding comfort, possible *only* with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of *gasoline* and *tires.*

High quality materials insure durability. All vital parts of the front axle and steering gear and all highly stressed gears and shafts for driving the car are made of *alloy steel.*

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

Overland 4 has been tested for two years and more than 250,000 miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you *ride in it* the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

ed within the closest possible limits, permitting a quality of construction equal to that of a hand-made product. Inspection starts at the steel mills where the company has stationed expert metallurgists to test every heat of steel, and the inspection ends only with the owner's driving the car away. The stock reaching the factory is thus all first grade through many inspections. This itself is a new feature in automobile construction. The body is all-steel with an oven-baked enamel finish. The construction is simple and the balance of part to part is unusually fine. The car has been designed light weight.

Unusually Complete Equipment.

Fourth—Bountiful and complete equipment. In every detail from demountable rims to Auto-Lite starter, lights and horn, the equipment of Overland 4 appears to have been planned with a single view of comfort, convenience and long service. All seat cushions, which are detachable like those in a pullman, are upholstered with the luxurious Marshall Divan springs. The windshield is slanting rain vision. The one-man top, curtains and cushions are Duratex. The horn button is in the center of the steering wheel. The controls are all mounted on a keyboard on the cowl in instant and ready reach.

All in all, Overland 4 impresses its visitors as being a motor car value of very distinctive comfort, economy, quality and convenience. It will be marketed in four body styles: A Sedan at $1,375; coupe at $1,325; touring car and roadster at $845, f. o. b. Toledo.

Interesting Detail Features.

The motor of the Overland 4 is cast en bloc with a removable head. It has generous valve opening.

The lubricating and oiling system require no pumps. The oil is circulated by pressure automatically created and the water is circulated by the Thermo-Syphon system or natural cooling method. No power is required of the motor to operate these systems.

The steering apparatus is of the planetary gear type with the gears at the bottom of the steering column. By this arrangement all the strain is taken at three points instead of at one.

The clutch is of the single plate type now used by 71 per cent of the motor manufacturers. The selective gear transmission has three speeds forward and reverse. It operates in oil.

The front axle is of chrome nickel steel which affords both light weight and strength. The front wheels have tapered roller bearings. The rear axle, also of chrome nickel steel, is three-quarter floating. The differential and rear wheels operate on annular ball bearings.

The car is equipped with two brakes—foot and hand. These work on 10-inch drums on each wheel and to assure safety are larger than necessity demands.

Keyboard Control.

Upon the instrument board, or "keyboard" as it is called on the Overland 4, is centralized the hand throttle, spark and choke control, and the ignition and electric buttons, together with the speedometer dial and current indicator.

In addition to the hand throttle there is a foot accelerator handily placed. The clutch and brake pedals are adjustable to reach.

The wide, deep seats of the Overland 4 supplement the three-point suspension springs and comfortably accommodate five passengers. The cushions are equipped with Marshall Divan springs. The upholstery throughout the car is long grain Duratex. All cushions, including the back and sides are removable. The one-man top also is of Duratex.

Body is All Steel.

One of the chief aims of the builders has been to maintain the highest standard of quality throughout the car in both the material and manufacture. This has been carried to the design and finish, the body details and the equipment.

The car has a streamline body which is entirely constructed of steel with slanting windshield. The full-crowned fenders are of heavy sheet steel. The running boards are covered with linoleum, aluminum bound. The body and chassis are finished in hard baked enamel. The fittings are nickel and polished aluminum.

The car is equipped with an Auto-Lite two-unit starting and lighting system, headlights with a dimmer, dash and tail lights, a magnetic speedometer, electric horn, spare tire carrier, extra rim, complete set of tools, tire repair kit, jack and pump. The tires are mounted on demountable rims.

Because of the unprecedented demand for the Overland 4, dealers for the time being are accepting orders for delivery to purchasers in the order in which requests are received.—adv.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

Corns Come Off Like Banana Peel

"Gets-It" Leaves Toe Smooth As Your Palm. Never Fails.

Ever peel off a banana skin? Well, that's the way "Gets-It" peels off any corn or callus. It's a picnic. Nothing else in the world will do it

"2 Drops of 'Gets-It,' Good-bye Corns!"

but "Gets-It" because of the new secret principle in the "Gets-It" formula. "Gets-It" does away forever with "contraptions," "wrappy" plasters, ointments that rub off, blood-letting knives, and scissors that snip into the "quick." "Gets-It" eases pain. It takes but a second or two to use "Gets-It." There's no fussing or trouble. It dries immediately. You put your stocking right back on again. Your corn will come off painlessly in one complete piece. That's common-sense. It never fails.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Tecumseh and recommended as the world's best corn remedy by B. J. Pulver.—adv

STRAW INCREASES CROP PRODUCTION

Value as Top Dressing on Fall Seeded Crops Rated High by Soil Experts.

East Lansing, Mich.—That straw is far too valuable to leave in the stack, and that its use as a top dressing for fall seeded crops will materially increase the yield of these crops, is the opinion of Dr. M. M. McCool, soils specialist of the Michigan Agricultural College experiment station. While the value of straw as measured by the benefits to the crops grown varies greatly, conservative estimates places the minimum at not less than $2.50 a ton, under present conditions.

"It is becoming a common and profitable practice, where there is not sufficient livestock on the farm to pass the straw through the barnyard, to distribute it on the land, rather than to allow it to remain in the stack and decay," says Dr. McCool. "The material may be applied before the land is plowed or used as a top dressing for fall seeded crops.

"The benefits are attributed to the catching and holding of the snow on exposed situations, decreasing winter injury, and retarding both wind and water erosion of the land. In addition, straw carries appreciable quantities of nitrogen, phosphorus and potassium, which, along with some of the mineral portions of the soils, become available to crops when decay takes place. Even if the value of straw is very conservatively placed, seldom is it profitable to permit a straw stack to rot down in place or to be burned.

"Before the snow flies is a good time to distribute it on the land."

Does Your Back Ache?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Tecumseh testimony.

J. B. Smith, E. Chicago St., says: "I was caused a great deal of suffering by pains in the small of my back and when the attacks came on, it was all I could do to attend to my work. When stooping, I was dizzy and spots of fire seemed to flash before my eyes. I did not rest well and mornings when I got up I was tired and languid. I used different remedies, but got no benefit until I began taking Doan's Kidney Pills. They made me feel like a different person, completely ridding me of kidney trouble."

OVER FIVE YEARS LATER Mr. Smith said: "I gladly confirm my previous endorsement of Doan's Kidney Pills. I use them occasionally when I feel in need of a kidney medicine and they never fail to relieve me."

SEARCH FOR POTATO WART IN MICHIGAN

East Lansing, Mich.—The possibility that potato wart, a destructive foreign plant disease which was recently imported to this country from Europe, may have spread to Michigan has caused the department of agriculture to start a federal survey of the state in an effort to find any possible locations of the pest. Dr. E. F. Woodcock of the botany department at the Michigan Agricultural College, is in charge of the work, and will cover all the important points of both the lower and upper peninsulas.

Potato wart has been doing great damage to European potato crops, and there is danger that it will prove equally destructive to American fields if it gets a good start in the country. As yet the only place where the disease has gained a foothold is in Pennsylvania, and a strict government quarantine is expected to stop its spread. The examinations in other parts of the country are a check upon a fresh outbreak in some new section.

In the potato wart disease the tuber is replaced by a 'cauliflower-like' growth which quickly rots away. Any suspicious cases should be reported to the plant pathology department of the agricultural college for inspection.

TUBERCULOSIS FOUND IN POULTRY FLOCKS

Spread of Disease Among Michigan Chickens Becomes Real Menace.

East Lansing, Mich.—"Tuberculosis has increased so rapidly among the farm poultry flocks of Michigan that the disease has become a serious trouble to the farmers of the state," says M. E. Dickson, of the poultry department at the Agricultural College. Reports from various parts of the state indicate that the disease is very general and that it is apparently on the increase.

It is difficult to diagnose a case of tuberculosis in poultry until the disease is in an advanced stage that the symptoms are prominent. A rheumatic condition or "dumpish" actions on the part of the bird are among the signs of disease. The liver, spleen, intestines, and rarely the lungs and kidneys are covered with masses of tubercular lesions, varying in size from a mere speck to the size of a large pea.

"While cooking kills the disease germs in an infected fowl, the housewife is, nevertheless exposed to contamination when she draws and dresses the bird," declares Mr. Dickson. "The personal danger is so great that one should not attempt to keep any fowls that have even been exposed to contamination. All birds that have been killed or have died from tuberculosis, together with sweepings from the infected poultrry house, should all be completely destroyed by burning, as a step in controlling the spread of the disease."

You Are Probably Insured, But Are You

Fully Protected?

When you had your house, barn or other structures insured lumber and all building material was low in price and the valuation you placed on your property was probably what it should be.

Now everything is very high and if you suffered a fire loss would the insurance you carry replace the structure destroyed?

Better see me and get ample fire protection before it is too late.

Gears Always in Mesh

Heider

GEARS ALWAYS IN MESH—One of the big reasons why more power farmers are choosing the HEIDER Friction Transmission tractor. With the HEIDER Friction Drive there is only the fibre disc, attached right to the drive shaft, and the two large metal discs. The fibre does the driving and the discs pass the power on to the drive wheels or belt pulley.

THREE UNITS IN ONE

Friction drive replaces clutch, standard transmission and bevel gears. Loss of power eliminated—maximum pull delivered to drive wheels or belt pulley. Simple as can be; no transmission gears to put in mesh, none to strip. Less trouble, less expense, and handling made so easy that girls and boys are operating HEIDERS. This type of drive also means 7 speeds forward or reverse, for either traction or belt work.

HEIDER Model "D" 9-16 with Rock Island No. 9 Power Lift Plow attached is an ideal combination for small or medium sized farm. Foot controls plow, hands guide the tractor. Four-cylinder, heavy duty Waukesha motor, kerosene or gasoline, Dixie magneto, Kingston carburetor, Perfex radiator, 3-point suspension, ball beatings. Two sizes: Model "D" 9-16, Model "C" 12-20.

Host to Many on Golden Wedding

MR. AND MRS. HORACE EATON MARRIED FIFTY YEARS

Hold Reception and Serve Refreshments at Home East of City — Large and Numerous Chrysanthemums Help to Beautify Residence.

Just fifty years ago Tuesday Mr. and Mrs. Horace Eaton were married, and in celebration of the golden wedding anniversary their spacious home east of town was thronged with visitors all the afternoon, who wished to congratulate the revered couple on the unusual event.

The guests, numbering more than a hundred, were received by the bride and groom of long ago, their son, Joseph, and wife and the daughter, Mrs. Mary Henne, of Grand Rapids. Frequently was the wish expressed that the younger daughter, Mrs. Agnes Chapman, might have come from her far-off home in California for the occasion.

MR. AND MRS. HORACE EATON

Great quantities of mammoth golden and white chrysanthemums decorated the parlors. These were remembrances from friends, coming from Detroit, Adrian, New York and other points, and besides there were many gifts in silver and gold.

After greeting the honored hosts the guests were ushered to the dining room, where at a table decorated with huge baskets of chrysanthemums and tall yellow candles in their crystal holders, presided Mrs. H. R. Conklin and Mrs. F. S. Turner at the coffee urns. Here the guests were served refreshments with a yellow or white chrysanthemum for each, the waiters being Mrs. Emilie Hall, Mrs. G. R. Newsom, Misses Laura Brown, Gertrude Turner and Georgiana Conklin.

Mrs. James Kennedy presided at the guest book and that will be highly cherished by Mr. and Mrs. Eaton.

Among the guests were Mrs. Margaret Jewell and daughters, Agnes and Helen, of Adrian; Mr. and Mrs. Everett Collins and little son of Macon; Mrs. Thomas Brown and daughter, Mrs. Orin Woods, of Clinton; Mr. and Mrs. Charles Foote, Mrs. Loree, Mr. and Mrs. Warren Jones and daughter of Ridgeway.

Horace Eaton was born October 9, 1843, in Raisin township, the son of Mr. and Mrs. J. Clement Eaton, and Sarah Waring, daughter of Mr. and Mrs. Daniel Waring, was born March 2, 1840, on the farm adjoining her present home. When they planned to be married fifty years ago they invited Miss Waring's cousin, Rev. Chas. Brown, to come from Newburg, N. Y., to perform the ceremony. He arrived on the day stated, the plans were all arranged for the nuptials when they learned that the laws of that day prohibited a minister from performing the ceremony outside of his own state. So the interested parties and minister returned to his home in Newburg and there the ceremony was performed.

Mr. and Mrs. Eaton since childhood have been devoted members of the Methodist church and for years have been regular attendants at the Grange.

SAYS LOCAL LEGION IS LOYAL TO RED CROSS

Editors The Herald:

There has been much criticism about town this week against the members of the Tecumseh post of the American Legion, that they did not back the Red Cross. At a meeting of the Legion Friday evening, November 7, it was unanimously voted to support the Red Cross, inasmuch as it was a national drive although the funds pass through Adrian. Pursuant to this expression of the Legion, we had canvassers out Tuesday on names turned over to us. All these had been previously interviewed, excepting the cigar factories and three business places. The result was that the names received were practically neglible. Every man in the American Legion realizes and appreciates what the Red Cross has done and is still doing not only in a military but a civil way and first, last and always the Underwood-Orr post is ready to back the Red Cross.

American Legion,

Celebration Made A Rousing Affair

BIG BON FIRE ILLUMINATES ARMISTICE DAY BLOW OUT

Kaiser Meets Fiery End—Kangaroo Court Proves Laugh Provoking—Many Service Men in Parade—Dance Closes Festivities.

Tecumseh did not begin her celebration of armistice day until evening but then made up for lost time. The bells began to ring about dark and from then on every kind of a noise maker was brought into action. Red lights flared from every direction, greeting the crowds as they filled the streets. Paper streamers flew about, tangling the crowd in one big, good natured jumble.

The parade was led by an F. W. D. truck, the driver and assistant frequently cutting out the muffler and the resulting report beat on the ears of the celebrators like a close-up battle.

The kaiser, on his throne, followed, being borne on the shoulders of four valiant soldiers. That kaiser was a wonder, clad in a suit donated by an ex-sailor, the body a discarded corset form, the helmet a derby hat with a shaving brush sticking out the top. In his hand was the scepter of state and the mustache having the true William fierce points. The whole get-up was the handiwork of Lester Heesen. The effigy was followed by rank on rank of men in uniform, both soldiers and sailors, and each who could find one had a torch. Then followed autos and trucks loaded with people blowing horns and shaking rattlers.

Circling the main streets the procession halted at the flag pole and there William was raised by the neck to the view of the populace. An immense bon fire was lighted and Kaiser Bill thrown into the flames.

Right here the plans of the promoters went askew. W. A. Rex was ready to give his funeral oration, but the boys were in a hurry and forgot that part of the demonstration but hustled out the officers of the "Kangaroo Court." The audience was disappainted, some saying they drove in many miles for the purpose of hearing Rev. Rex, but the fun of the court made the crowd good natured again.

Here Judge Fisher presided very solemnly and his decisions showed a close study of the law in such cases made and provided. Officers patrolled the crowd and apprehended twenty prisoners accusing them of all sorts of ridiculous offenses. The prisoners were nearly all fined. If they pleaded "not guilty" there was some witness to swear as to the truth of the charge and if they stood mute they were fined for contempt of court.

After the court adjourned came the jazz dance given by the Legion at Witherell hall. The hall was packed, the noise makers seeming more numerous than ever. A fine Legion orchestra was led by Archie Boyd with Miss Thompson of Clinton pianist and although the hall was packed every dancer had a good time.

The Legion is very grateful to the Commerce Club and business men for the financial help received to make the celebration a rouser but emphatically disclaims any responsibility in the all-night bon fire and the attendant destruction of property.

Sunday School Institute Sunday

Second Town Event in the Community Church Program.

Sunday will be Sunday school day in Tecumseh. The various schools are planning to have a very high average attendance as well as special features. In the afternoon at the Methodist church will be held the Sunday school institute scheduled in the community church program. Mrs. A. D. King, an officer in the State Sunday School association, will give an address and lead a conference on children's work. Rev. C. B. Hawkins of Lansing, just now entering the state work of the Presbyterian church, will give an address and lead a conference on young people's work. Dr. E. R. Rice, county chairman of the adult work, will give an address on that subject and conduct a conference. Elmer Slayton of Adrian will sing. W. D. Willett of Tecumseh will have charge of the program, which begins at 2:30 p. m.

This institute is open to the general public and it is hoped all who are interested in religious instruction will plan to be present. It makes no difference if you are not directly connected with the Sunday school work. Help make the Community program a success.

WIT AND WISDOM CLUB HAS PLEASURABLE MEETING

The hospitable home of Mr. and Mrs. Frank S. Turner was thrown open to the Wit and Wisdom club Monday evening and in spite of the wind and rain a party of some fifty attended.

In the absence of the president, J. O. Eaton, Mrs. J. F. Rector, the vice president, called the gathering to order and as Mrs. J. D Service, the secretary, was ill and unable to be present, Mrs. E. D. Brown read the secretary's report of the previous meeting. Then the meeting was turned over to Mrs. F. S. Turner as leader of the program.

First came a victrola selection from Mendelssohn and following were papers taking the Jew as the subject for the evening.

Mrs. A. J. Bigelow gave an excellent paper on "The Progressive World Struggle of the Jew for Civil Equality." This exhibited much study and thought and told how now the Jew after 2,000 years of persecution is given the franchise all over the world excepting in Russia and Roumania.

Miss Lillian Kennedy delighted her audience with a vocal solo, "The First Love," accompanied by Mrs. Ella Hodges.

Mrs. Wilfred Waldron again took up the theme of the evening with a most interesting paper on "Jewish Home Life." This she closed with a number of essays on their Passover and other phases of their life written by Jewish children of Detroit. These had been sent Mrs. Waldron by a friend who is teaching the fourth grade in Detroit, who, upon hearing of her need of such material, asked her pupils to write these as a part of their work.

"Dear Old Pal of Mine" was beautifully rendered by Harold Lowry, and to close the program the roll call was answered by the names of modern Jews. Many funny anecdotes were related of the different Isaacs and Benjamins and several good stories of local color told.

A friendly visiting session followed, when the hosts served ice cream and cakes.

The club is to meet next Monday evening with Dr. and Mrs. L. G. North, with Miss Nannie Kyle assisting hostess.

WELL KNOWN FRANKLIN RESIDENT PASSES AWAY

A prominent resident of Franklin, Mrs. William Camburn, passed away this morning at her home three miles west of Tipton, after a long illness. She is survived by the husband, two sisters, Mrs. Case of Cambridge and Mrs. Will Beebe of Tipton, also two grandchildren, the sons of their son, Sherman, who died only a year ago.

The funeral will be held Saturday afternoon at 2 o'clock from the home.

ANDREW WO[illegible] IS RUN [illegible] BY AUTO

This m[illegible] o'clock Andrew [illegible] was badly hurt when he was run down by an auto driven by W. W. [illegible] Wonder was in the employ of the city, cleaning leaves from the gutter near the corner of Chicago and Pearl, when Mr. Shurtz' machine hit him. The motorist stopped his car and ran to the aid of the injured man. The latter was carried in an unconscious condition into Dr. Hardy's office nearby. There were five cuts on his face, and two on the skull, while the left thumb was broken. The physician was unable to tell whether there were internal injuries.

After he had been given attention Mr. Shurtz took the injured man home and he is resting as comfortably as could be expected.

RESEARCH CIRCLE HAS A SEWING SESSION

The Research Circle met with Mrs. John Snow last Friday afternoon and instead of a program sewed diligently for the little people at the St. Joseph home. They completed a large box full of articles. Mrs. Snow served her guests refreshments. The Circle meets with Mrs. H. S. Waring tomorrow.

MONDAY CLUB HAS AN UNUSUAL MEETING

The Monday club session this week was unusually well attended. The program of original stories was very much out of the ordinary and the ladies wanted to hear what their club sisters could do in that line—and they went away satisfied that there certainly was unusual literary talent in the club as well as in other departments.

Mrs. Robert McCoy was leader and although disappointed in two who were on the program, the two stories given were very clever and delighted the club members exceedingly. Mrs. W. D. Reed's story was "How Dorothy Helped," then another, "The Drag," was read by Mrs. F. B. Wood, but the name of the author was not divulged. Many had their suspicions of one and another, but whoever was the author need not be ashamed, for the two stories were splendid indeed, having happy endings and being well received by the club members.

One new member was voted in, Mrs. H. R. Conklin.

Next week the annual Sunshine day will be observed, with a program of music and several addresses along the lines of the charity worker. The chairman of the day, Mrs. R. B. Gillespie, also plans to get Miss Mary Mackenzie of the Home Service department here if possible to explain where Tecumseh comes in in the present Red Cross work, which has caused so much discussion here this week. The ladies also that day are to remember the unfortunates at the county infirmary with goodies and other gifts. There will also be a pot luck supper after the meeting.

Circle Two Host At Novel Dinner

Ladies' Aid of Methodist Church Entertains Sister Organizations in Elaborate Manner.

For the past three years the Methodist Ladies' Aid society has been divided into circles and there has developed a pleasant rivalry in the money-making and social features, but when Circle Two entertained Circles One and Three Friday afternoon it was probably the most elaborate affair given by these organizations.

The guests were invited to an English dinner and about one hundred accepted. The tables were profusely decorated with the English red rose. Enormous baskets were tipped over in the center of the tables with the red roses showering out. Then at each plate lay a rose with the place card in the petals.

A splendid dinner was served at 1:30, with roast beef served in good old English style, then finishing with plum pudding. The dinner was in charge of Mrs. F. E. Smallidge and Mrs. Homer Whaley. Following came a program of toasts with Miss Lucy Train, the efficient toastmaster. Her introduction for each toast was in rhyme, and her program was preceded with this little passage:

"In England once it was the rule
For every court to have a fool,
Who helped with wit and jest and song
The entertainment to prolong.
Now here's your fool, I'll furnish laughter,
The wit and song will follow after."

The first toast was "Dining with the King," by Mrs. C. M. Thompson, telling of the service of the meals of state of old England. Next Mrs. E. D. Brown came with a toast, "Tea," the favorite beverage of the Britisher. "Circles" by Mrs. Leslie Drake was novel. She told how a woman's life is a series of circles, starting with the teething ring, then the engagement ring, on up to the Ladies' Aid Circles. Elmer Linn varried the program with a charming vocal solo. Mrs. W. D. Reed had "English Customs" assigned her as her toast and she treated it most interestingly. "The Red Rose of England," by Mrs. Wilfred Waldron, followed and she gives the English woman as the rose of the British empire. In closing Miss Train held the folds of the flag and recited:

"We've honored England here today
With feast and song and story;
Now all arise and join in song,
As we salute 'Old Glory'."

So the banquet ended with "The Star Spangled Banner," with the ladies rising to do honor to the best flag of all.

MERRY GO ROUND CLUB MEETS AGAIN NOV. 24

Mr. and Mrs. H. W. McClure, Mrs. L. B. Schneider, Mr. and Mrs. Thomas McCann were hosts to the Merry Go Round club Monday night. In recognition of armistice day the McClure home was decorated with flags. Flag place cards and red, white and blue horns were at each place when the party were served a roast pork dinner of two courses early in the evening.

Later ten tables were in play at cards, the prize winners being Mrs. G. H. Rathbun and R. S. Moore. Guests from out of town were Miss Ruth Rainey of Detroit and Clarence Paisley of Montreal, Ont.

November 24 the club will meet with Mr. and Mrs. Wade Jones, with Mr. and Mrs. J. H. Smith assisting.

You Are Probably Insured, But Are You Fully Protected?

When you had your house, barn or other structures insured lumber and all building material was low in price and the valuation you placed on your property was probably what it should be.

Now everything is very high and if you suffered a fire loss would the insurance you carry replace the structure destroyed?

Better see me and get ample fire protection before it is too late.

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

10

There's No Corn "Gets-It" Will Not 'Get.' is "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-fiddling." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Tecumseh and recommended as the world's best corn remedy by B. J. Pulver.—adv

"The Land of the Stalking Death."

Under this title the Geographic Magazine for November gives a plain description of the terrible state of the people of Armenia.

On account of its simplicity this story is all the more gripping and horrible.

Through no fault of their own, these people, who belong to the oldest Christian race in the world, have been nearly exterminated, and those who remain are dying of famine by the thousand every day.

Everyone is advised to read the Geographic Magazine, in order that they may realize that only the help of America can relieve these people, who were visited by the very apostles of Christ, and who have suffered ever since because they remained true to the teachings they received the first of all Christian people.

Few people realize what an important factor electric service is in disposing of a residence.

Let Electricity Help Sell or Rent Your House

It is well known that the home wired for Electricity always sells easier and for more or rents quicker than the unwired dwelling.

ELECTRICITY Also Means COMFORT

A home without electric service lacks many of the comforts that are possible in the house that is wired for electricity.

We desire to remind you that wiring will not be any cheaper than now.

Just telephone No. 6 and our representative will be pleased to call and talk this matter over with you.

BRITTON DEPARTMENT

John Britton.

One of this village's highly and much beloved citizens, John Britton, passed away Tuesday morning, Nov. 4. He had been in failing health, but was able to be around the house until about ten days prior to his death. Mr. Britton was born at Maeston, Yorkshire, England, Feb. 6, 1833, and ended his earthly pilgrimage at his home in Britton Nov. 4, 1919, at the age of 86. He, together, with his parents, came to Michigan from England in 1850 and settled in Ridgeway township on the farm now a part of the village of Britton.

He was married to Sarah A. Osterhout March 20, 1855, who preceded him in death, Sept. 28, 1910.

During the progress of the civil war in August, 1862, Mr. Britton enlisted as a private in Co. F., 26th Michigan Infantry, and his regiment was later assigned to the Army of the Pottomac under command of Gen. Grant. He was promoted until he reached the rank of first lieutenant of Co. H. He returned home as acting captain, receiving his honorable discharge in June, 1865.

Fraternally he had membership in Tecumseh Lodge, No. 69, F. & A. M., Adrian Chapter, No. 10, R. A. M., and Adrian Commandery, No. 4, Knights Templar. He took his first two degrees in Tecumseh lodge and was raised to the sublime degree of Master Mason in George Washington lodge at Alexander, Va., while serving in the army. Mr. Britton was an active church worker as long as his physical powers permitted. He was a staunch republican and also very prominent in the affairs of the township and of the village of Britton, which was named for him.

He is survived by three children: William Britton of Adrian, Morris D. Britton of Detroit, and Mrs. E. A. Bachman of Britton; seven grandchildren and six great-grandchildren.

The funeral services were conducted at the home Thursday at 1 o'clock under the auspices of the Tecumseh Masonic lodge, with Adrian Commandery, Knights Templar, acting as escort, assisted by two pastors, Rev. J. C. DeRemer and Rev. Samuel Tamblyn. The pallbearers were his Masonic brothers. Beneath the glorious Stars and Stripes and a bed of flowers he was laid to rest in Ridgeway cemetery.

Those from away attending the funeral services, besides members of the fraternal lodges, were: Mr. and Mrs. William Britton and Mrs. Rachael Emery, Adrian; W. P. Rainey and family, Holloway; Mr. and Mrs. M. D. Britton, Wm. Rinn and Wm. Andrews, Detroit; Mrs. Gayl Fisher and daughter, Walkerville, Can.; Mrs. Lizzie Britton and Mrs. Walter Britton, St. Johns; Mr. and Mrs. Elmer Osterhout, Mrs. Henry Spaulding and Mrs. Alevida Hewitt, Hillsdale; Mrs. Mary Osterhout, Reading; Mrs. Nellie Osterhout and sons, Will and Lyman, Mr. and Mrs. Chas. Dixon. Mrs. Sylvia Davidson, Mrs. Wm. Smallidge, Mr. and Mrs. E. M. Camburn and Geo. Hawkes, Tecumseh; Mr. and Mrs. Peter Swick and son, Charles, Mrs. Willis Sulver, Mrs. Caroline Rendel and Miss Pearl Weigle, Milan; Mr. and Mrs. Ed Osterhout and Mrs. Wm. Miller, Petersburg; D. R. Wiggins, Toledo.

Card of Thanks.

We wish to express our heartfelt appreciation to all who were so kind during the sickness, death and burial of our beloved father. We wish especially to thank the pastors for their comforting words, the members of the fraternal organizations, the singers and those who sent the beautiful flowers.

Mr. and Mrs. M. D. Britton,
William Britton,
Mr. and Mrs. E. A. Bachman,
and Their Families.

Banquet for Returned Soldiers.

The I. O. O. F. and Rebekah lodges were surely "it" Wednesday evening, when they had for their honored guests the returned soldiers of Ridgeway township. Early in the evening the guests and members began arriving at the lodge rooms, where they were met by a reception committee who extended the "welcome home." At 7:30 a line was formed and all marched to Lenardson's hall, where the banquet awaited them. The tables were very pretty with their decorations of potted plants, vines and place cards, while "Old Glory" was artistically draped from every corner of the room, extending, as it were, also a royal welcome.

Out of the 62 men in service from this township five made the supreme sacrifice, and this fact cast a tinge of sadness over the assembly. And yet, how pleased all were that the war was over before many more were called to give up their lives, and that all were again home. Not all were able to be present, but there was a goodly number who listened with close attention to the excellent program that was given, seemingly enjoying very much the honor bestowed upon them.

As soon as all were in their places for the banquet, which was served by the daughters of members of both orders, under the efficient direction of Mrs. Wm. Brisbin, the invocation was given by Mrs. A. VanDerventer, chaplain of the Rebekah lodge. Following the banquet, B. J. Beasley pleasingly gave a few remarks and introduced the toastmaster, W. C. Eldred, who, in his jovial manner, announced the different numbers on the program.

Solos were given by E. L. Palmer and Mrs. George Witherell of Tecumseh. Rev. W. Comebllack spoke on "The World and War," Rev. Sam'l Tamblyn on "The United States and War," and Rev. J. C. DeRemer on "Lenawee and the War." Then came the address of the evening by Dr. F. A. Perry of Adrian, who paid glowing tribute to the boys and left many thoughts that were worthy of consideration.

Miss Mary Mackenzie of Adrian was also present in the interest of the present Red Cross drive and Home Service division, and gave a short talk, after which we were dismissed by Chaplain C. R. DuBois of the I. O. O. F. lodge.

Coller's orchestra of Tecumseh received their share of praise for the music for the occasion, as well as for the social hour that was spent afterward in dancing in the lodge rooms.

Telephone Meeting.

The annual telephone meeting was held Monday evening. A number of bills were presented and allowed. There was no election of officers as, by vote, it was decided to change the constitution so as to have the annual meeting come in January instead of November. The action of the board of directors, whereby they have acquired the hotel property of Mr. and Mrs. Frank Miller of Adrian, was accepted, and as soon as possible work will begin for installing the new switchboard they expect to purchase. While we regret the fact very much that we have no hotel, yet a question is being considered as to whether part of the building, which is comparatively large, will be retained and rented, together with the large barn, for hotel and livery purposes. A building lot, west of the Clark garage, upon which they had expected to build, has been re-sold to the former owner, A. W. Lee.

Christian Church Notes.

Services next Sunday as usual.

The Dorcas class entertained their husbands at the church Tuesday evening, celebrating Liberty day. The dining room was very tastefully decorated in the patriotic colors and a bountiful two-course supper was served by the older daughters of the Dorcas ladies. After the supper a short program was enjoyed by all.

Remember church night—Wednesday night. Everybody come and enjoy the evening together.

The Dorcas class will hold their regular monthly meeting at the home of Mrs. Viva Brown Thursday, Nov. 20. An all day meeting. Pot luck dinner. Bring your thimble.

M. P. Church Notes.

Usual services next Sunday, both morning and evening.

An interesting W. F. M. S. meeting was held Sunday evening. Papers were given by Miss Margaret Gregg, Mrs. Theodore Betz and Mrs. C. B. Exelby. A solo by Miss Norma Gorham and remarks by Rev. Tamblyn completed the program.

Compares Red Cross To Good Samaritan

REV. W. R. CURTIS MAKES TOUCHING PLEA FOR MERCY ORGANIZATION.

Also Expresses Hope in Community Service Discourse That Tecumseh Establish Medical Examination in Schools — Next Services at Methodist Church.

Rev. W. R. Curtis' sermon on "Neighborliness" Sunday evening at the Community service at the Baptist church was a fitting "last gun" in the Red Cross drive.

Following as it did a forceful prayer by Rev. C. M. Thompson pleading with the Great Father for an awakening of the churches and the town from their indifference, it made a splendid impression. Then, too, Rev. W. A. Rex preceded the sermon with a plea for the splendid organization and made an emphatic denial of certain stories being circulated regarding the officers in Adrian.

Rev. Curtis used the parable of the Good Samaritan as his theme and very graphically told the story. How the man traveling the lonely road was robbed and left half dead by the roadside. A priest, to whom the injured man naturally looked for succor, passed by on the other side of the road with face averted. Then along came a Levite whose mission in life is also to help the needy. He stopped and spoke to the sufferer but passed on without assisting him. Soon along came a Samaritan, one of the race the Jews drove out of the country when they defeated them and were considered so lowly they were not allowed to assist in the building of the temple. The sufferer beside the road did not expect much of this man, but he got far more attention than from those of the man's own race who had passed him by. He picked him up, put him on his beast, took him to an inn and left money for his care.

The application of this story to the Red Cross was made, telling of the wonderful work of this organization and the work yet left for it to do.

During his discourse Rev. Curtis made several remarks which are well worth repeating. The closing sentence of the parable, "Which now was the neighbor?" was frequently alluded to. "For the advancement of any great work you must believe in folks." Our real joy in life comes from our neighbors. Again was the splendid feeling now existing between the churches commented upon. There is now going on over the world a great struggle between a socialistic and evangelistic gospel. They must become unified before good can be accomplished.

In speaking of the present labor conditions he said, "The greatest enemy of labor today is labor that won't labor. Give the foreigner who has come over here and is making us this trouble a free ride across the pond to the country from which he came."

Bringing the neighborliness into our own home town, the speaker advocates medical examination of the school children as a preventative of an epidemic which might cause much loss of life and assuredly would be of value to the student as regards eyes and teeth.

Entertain

You cannot imagine the endless variety of pleasure, entertainment and happiness it will mean for all your family, old and young alike. You cannot imagine this until you have had the New Edison in your own home.

It means a *united home.* It means a real home where genuine happiness prevails—where you, your family and all your friends can gather together and *enjoy* life.

No Needles to Change

Yes, all the fuss and bother of changing needles is gone in the New Edison. The music comes through a genuine diamond. Always the same. Never changed—never wears out. That's part of the product of Mr. Edison's great genius; the years of research, working night and day in his laboratory with hardly any sleep, spending $3,000,000 in experiments; all so he could give you a phonograph that would Re-Create music so true to life that the ear couldn't tell it from the *living* music. And that's what he did. Actual test has proved it.

Even Records of All Other Makes

sound more human when played on The New Edison. But Mr. Edison's own Re-Creations are the ones you will marvel at. No one else will ever be able to get that very breath of reality which the world's greatest inventor captured in his way of recording—*Re-Creating*—music.

THE CITY MILLS AND ELEVATOR

COMPARES RED CROSS TO GOOD SAMARITAN

(Continued from Page Seven)

There are many homes here which need looking after. We need an organized expression in Tecumseh for our poor. May we see the visions which Christ would have us see in this great society of the Red Cross.

Rev. Edward Escolme read the scripture lesson, Rev. C. M. Thompson offered the prayer and Rev. W. A. Rex pronounced the benediction.

Announcement was made by Rev. Thompson that the next Community service would be at the Methodist church and would be the climax to the Sunday school institute to be held next Sunday at that church. The hope was expressed there would be a large attendance, as the Rev. Dr. Elliott of Detroit, a forceful pulpit orator, would give the address.

COTTON IS RAISED IN VICINITY OF TECUMSEH

One of the most interesting exhibits ever brought to The Herald office was that left here Monday, it being cotton raised just east of this city on the Mrs. Mary Shull farm.

The cotton was raised by Donald Drewyor, son of J. D. Drewyor, tenant on the Shull farm. The youth had nine plants in course of development, but his brother, in weeding the garden, by mistake destroyed six of the plants. The other three flourished, grew to be eighteen inches high, and finally bloomed, samples of the fully developed cotton being on display at this office.

This is believed to be the first cotton ever grown in Tecumseh.

REACHES 74th MILESTONE IN LIFE, CELEBRATES

James Updike, the rural mail carrier, was 74 years of age Sunday and hale and hearty and on the job every day. In celebration of the event a party of some forty-five relatives made merry at his home, coming with the "makins" of a great pot luck dinner. The afternoon passed all too quickly with visiting and congratulating Mr. Updike. Among the guests were Mrs. Lant Updike and son, Floyd, and Mr. and Mrs. Ambrose Welch of Clinton.

Pyrex Ware Is Gaining in Popularity

For those who insist on sanitary cooking utensils there is nothing that answers the purpose so completely as PYREX-WARE. It is so easy to keep clean and germs are unable to get a foothold. Its use is daily becoming more universal. Your needs along this line can be fully supplied here.

Tested 250,000 Miles Three-Point Cantilever Springs Greatest Improvement Since Pneumatic Tires

OVERLAND 4 has been put through the most thorough and severe test possible.

250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.

They enable the wheels to hold better to the road. They give greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

Obituary.

Kenneth L. Pocklington was born in Ridgeway October 14, 1898, and passed away November 6, 1919. He was the only son of Mr. and Mrs. Lafayette Pocklington. In 1916 he graduated from the Ridgeway high school. He always lived at home, working with his father on the farm.

June 7, 1919, he was united in marriage to Gladys A. Young of Holloway. Those left are the young wife, the father and mother, one sister, Estella, an aged grandmother and an aunt, Mrs. Rachel A. Lewis of Ann Arbor, besides a great number of other relatives and a host of friends.

Though his married life was brief, he loved his home and was a true helpmate and companion. He was always kind and thoughtful toward others and with his sunny smile and cheery words he gained many friends.

The dear old home is vacant,
In grief we open the door;
For the smiling face of welcome
Will greet us there no more.
Soon in the bright hereafter
We hope to meet him again;
For God has given us promise
To meet on a fairer plane.

Card of Thanks.

We thank the relatives, neighbors and friends for the beautiful floral pieces. To the pastor for his comforting words, to Mrs. Marion Stone for the music rendered; also to the neighbors for their kindness and help during Kenneth's sickness and death.,

Service & Sons Enlarge Store

Improvements Provide Ample Room for Displaying Stock, Which is Larger Than Ever.

That the people of Tecumseh and vicinity may become acquainted with their remodeled and enlarged store and at the same time have an opportunity to purchase furniture in the height of the season at a pronounced saving, Service & Sons will conduct a sale for eight days beginning Saturday, November 15, which they say will be something out of the ordinary.

Though Service & Sons have in the past had a large store, at present they are occupying more room than ever and their stock is the largest it has ever been in the history of the firm. Alterations and improvements just completed have added much to the concern's facilities to serve its many patrons. While the firm has owned two stores, it did not occupy the lower floor of the one to the west, but now it uses all three floors of its double store and the second floor of the Braman jewelry store, its goods covering 7,000 square feet of floor space. An archway has been cut from the store previously occupied to the one just west, both have been repainted and papered and present a very attractive appearance.

On the main floor are displayed buffets, dining tables, library tables, bedroom suites, overstuffed rockers, kitchen cabinets, davenports, cedar chests and the Alethetone.

The casket display room is on the second floor, Service & Sons being funeral directors as well as furniture dealers. Also on the second floor will be found rockers and dining chairs, trunks, traveling bags, suit cases and mirrors.

A trip to the third floor reveals dressers and metal beds, sanitary couches, springs and mattresses, writing desks, baby cabs and cribs.

This was followed by the conferring of the degree on seven candidates—Mr. and Mrs. George Cole, Mr. and Mrs. Ernest Topps, Mr. and Mrs. David Mackey and Carl VanEtten. Mrs. George Zimmerman and her committee served a delicious lunch after the lodge session.

BRITTON

The school is planning on holding a fair some time in December. A fine time is promised. Armistice day was appropriately celebrated with an enjoyable program.

Roy Doyle and Mr. Gartee and their families will leave soon for their new home in Wyoming. Friends here regret their going, but wish them success in their new undertaking.

Mrs. Stewart and Gilbert Smith, north of town, are both quite poorly. Mrs. Aggie Showalter and Mrs. Bertha Handville, of Wyandotte have been assisting in their care for a few days.

Mr. and Mrs. W. L. Exelby and Willoween, Mr. and Mrs. J. H. Zeluff and Mrs. Frank Gibson spent Sunday at Mr. Baker's near Petersburg. Mr. and Mrs. Zeluff remained for a few days.

Fire caught in the roof of the school house in some mysterious manner Thursday, but fortunately was discovered before serious damage was done. Jay Lowe was the hero in extinguishing the flames.

Mr. and Mrs. Joseph McSeveny of Durand, Mrs. Orpha Reynolds of Flint and Mr. and Mrs. E. M. Camburn of Tecumseh were guests the latter part of the week of Mr. and Mrs. Ernest Hoagland. Mr. and Mrs. Martin Harper and daughter of Adrian were there Sunday also.

Cards announcing the marriage of one of our boys, Jasper L. Brown, son of Mr. and Mrs. Chas. L. Brown, to Miss Ada Miller of Rodney, Ont., have been received by relatives and friends here. The wedding took place Wednesday, Oct. 29, at the home of the bride's parents, Mr. and Mrs. Levi Miller, in Rodney, Ont. The groom spent his younger days here, being graduated from our schools and has won a degree from the state normal in Ypsilanti. He gave up his work in the Highland Park schools to do service for Uncle Sam, recently returning from overseas and has been honorably discharged. Since coming home he has resumed his very successful work in the Highland Park school. The bride is an accomplished young lady of Rodney and also an efficient teacher in the schools there. During her visits here she has won many friends. They will reside in Detroit and will be at home to their many friends, who join in hearty congratulations, after December 1.

Gears Always in Mesh

Heider
GEARS ALWAYS IN MESH—One of the big reasons why more power farmers are choosing the HEIDER Friction Transmission tractor. With the HEIDER Friction Drive there is only the fibre disc, attached right to the drive shaft, and the two large metal discs. The fibre does the driving and the discs pass the power on to the drive wheels or belt pulley.
THREE UNITS IN ONE
Friction drive replaces clutch, standard transmission and bevel gears. Loss of power eliminated—maximum pull delivered to drive wheels or belt pulley. Simple as can be; no transmission gears to put in mesh, none to strip. Less trouble, less expense, and handling made so easy that girls and boys are operating HEIDERS. This type of drive also means 7 speeds forward or reverse, for either traction or belt work.
HEIDER Model "D" 9-16 with Rock Island No. 9 Power Lift Plow attached is an ideal combination for small or medium sized farm. Foot controls plow, hands guide the tractor. Four-cylinder, heavy duty Waukesha motor, kerosene or gasoline, Dixie magneto, Kingston carburetor, Perfex radiator, 3-point suspension, ball bearings. Two sizes: Model "D" 9-16, Model "C" 12-20.

Lecturer Bases Hope for World On the Bible

ILLUSTRATED LECTURES ON BIBLE PROVE VERY INTERESTING.

If the world has any hope in the future, it lies in a regeneration, says Paul Burnham of Detroit. The end of the present evil world will mark a new era, which will far surpass our fondest dreams. Death has been sadly misunderstood in the past and this lecture will make clear some of the truths long shrouded in mystery. "Will the Dead Come Back? When? Where?" is his topic, and he speaks at 7:30 Sunday evening in the

The program started with a song service led by Justin Camp of the Baptist church, and a choir from the different churches. Mr. Willett led responsively the reading of the Nineteenth Psalm and Rev. Edw. Escolme invoked divine blessing.

WIT AND WISDOM CLUB HAS AFRICAN NIGHT

Dr. and Mrs. L. G. North and Miss Nannie Kyle were hosts to the Wit and Wisdom club Monday evening at the North home on West Chicago street.

Mrs. J. F. Rector, the vice president, presided at the business session, in the absence of J. O. Eaton, the president. Miss Kyle was leader of the program, which was in observance of African Night.

An Indian selection by Thurlow Laiurence began the program, which was preceded by a sketch of Laiurence by Mrs. Charles Williamson.

Papers were read by Miss Bertha LaPointe and E. E. Crampton on "Curious and Characteristic Customs of Central African Tribes." These were followed by a reading, "Ephriam Jones," by Rev. C. M. Thompson and a recitation, "The Negro's Rainy Day," by Miss Margaret Turner. Frequent victrola selections varied the program, which closed with a roll call responded to with negro stories. The hosts served refreshments assisted by Mrs. Williamson, Margaret Turner and Marian Williamson.

The club meets December 1 with Rev. and Mrs. W. R. Curtis for Boy Scout evening.

TECUMSEH HIGH MEETS CLINTON ON FRIDAY

Tomorrow afternoon, the Tecumseh high school football team will meet the Clinton eleven here and a closely contested encounter is looked for. The local team is now in better condition than ever and will put up opposition that the visitors will likely have trouble in counteracting.

In the game here last Friday with Blissfield Tecumseh was defeated 7 to 0, but the locals consider this a very favorable showing as the Blissfield eleven is rated as the best in the county. The visitors were heavier, man for man, than the home players, but in spite of this could not break the line of the Tecumseh team, which resisted all attacks. During the last half the local eleven outplayed the winners, especially good work being done by the backfield and ends. Blissfield made its touchdown as the result of the efforts of their speedy little halfback.

MAKES A REPORT OF THE STREET SPRINKLING

Editors The Herald:

Perhaps those who paid for sprinkling streets during the past season would like a report. The work was put in the hands of a committee of three—Thomas McCann, Leon Rosacrans and the writer. Mr. Swift was hired to do the work at $31 a week. The work was well done and was satisfactory to nearly all concerned. Only one contributor refused to pay. We expected some would drop out and collected a little more each week than enough to pay Mr. Swift and $1 per week for doing the collecting. When the water froze and we were obliged to stop, there was left in the fund $28.45. This is deposited in the bank and will be ready to start with next spring.

Sunday afternoon the Manchester veterans of the world war will come to Tecumseh for a game of football with the eleven from Underwood-Orr post of the American Legion. The contest is expected to be a close one.

Last Sunday the local post squad was held scoreless by the Adrian team at the county seat, the winners running up 13 scores. The encounter was a clean, hotly contested clash, the victors making a touchdown on a forward pass and on an intercepted forward pass.

Forceful Pulpit Orator Places Much Emphasis on Christian Training of Child—Next Community Meeting at Presbyterian Church.

SUNSHINE DAY OF THE MONDAY CLUB A SUCCESS

"Sunshine Day" of the Monday club was on the program this week, with Mrs. R. B. Gillespie leader. Each year this is the occasion when the ladies remember the inmates of the county house with gifts and have several papers along charitable lines. This year a larger assortment of gifts than ever before was collected. The program began with community singing led by Mrs. R. S. Moore, then an instrumental duet by Mrs. C. H. Williamson and Mrs. F. S. Turner. Mrs. E. S. Tate of Clinton gave a very interesting talk on charitable institutions, notably our own county house and the industrial home. She laid special stress on the necessity of having a woman on the board for any institution where women are confined. She commended the splendid condition of affairs at the Washtenaw county house, which had largely been brought about through the work of the Washtenaw County Federation of Woman's Clubs. Repeatedly did she speak of the necessity of amending the laws governing our county charities.

Miss Mary McKenzie of Adrian, chairman of the home service department of the Red Cross, then addressed the ladies, telling of the value of the work of her department for the soldier, sailor and marine and their families. The department is assisting them in getting their insurance straightened out and procuring their bonds, in which the federal government has been so slow. After the first of January the department will take up work over the county for civilian relief.

A bountiful picnic supper was served and a very pleasant social hour followed. Next Monday will be given a Thanksgiving musical festival, in charge of the musical committee of the club.

The program for the musical next Monday will be as follows:

Community singing.
Soprano solo, "A Song of Thanksgiving," Mrs. Billings.
Reading, Mrs. R. S. Moore.
Vocal solo, "The First Rose of Summer," Miss Lillian Kenedy.
Piano duet, "Zampa," Mrs. Wood and Mrs. Hodges.
Mezzo solo, "That's the World in June," Mrs. Heilman.
Girls' High School Glee club.

TECUMSEH YOUNG MAN ON THE M. A. C. SQUAD

Wilfred D. Mills of Tecumseh is one of the sixty men on the varsity football squad at the M. A. C. this fall. Mills had no chance to make the first team because seventeen monogram men returned to school and not even all of these could be used. He is expected to get his opportunity next season, however. The Tecumseh young man is taking the agricultural course and is a member of the class of 1920.

While there are sixty men in varsity football clothes, the total number playing the gridiron sport at the M. A. C. is more than 200, counting nearly fifty on the All-Fresh and about ninety on the various class teams.

In addition basketball, track, swimming and baseball bring out their share of the Aggie students. One reason for the high standard of athletics set at the M. A. C., authorities believe, is the compulsory gymnasium rule, which requires every student, "ed" and co-ed both, to spend two hours a week in gym work. This carries out Athletic Director Brewer's idea of athletics for the mass, rather than for the few.

Extra Nightwatch Granted Merchants

Charles Hooten, jr., Appointed As Additional Patrolman for Stores at Special Meeting of Council.

Two nightwatch will guard Tecumseh's stores during the next few months. Favorable action on the petition of the merchants requesting another night officer was taken by the village trustees at a special meeting Monday evening. The latest step of the councilmen rescinds action taken two weeks ago when it was decided to hire a second nightwatch, it being stipulated the extra guard also visit the Tecumseh Butter Co. plant and the Wm. Hayden mill. The resolution passed at the special meeting provides that the regular and the special night officers patrol only the main business streets on which the stores are located. Chas. Hooten, jr., was chosen as the special nightwatchman.

There was a large attendance of merchants at the extra meeting of the trustees. Two members of the council were absent, Trustees Barrett and Kempf. There was considerable discussion after the petition of the business men, requesting extra police protection for the stores, was read by President Hines. It was finally moved by Trustee McCoy that the business section be granted the extra nightwatchman asked for and the vote on the proposition was unanimous.

The special meeting of the council was called as the result of an informal session of the merchants and village trustees at the town hall Friday evening. George Hines was chosen chairman and the opening remarks were made by J. M. Jones, who called the attention of the aldermen to the fact they seemed to have lost view of the main issue in the petition recently presented to the council requesting more lights and another nightwatch. He pointed out that the petition asked for more lights and an additional night officer in the down town business section and that it was the merchants on the main business streets who signed the petition making these requests. Mr. Jones contended the council should either grant or deny the plea of the business men and then if it saw fit provide the outlying factories or mills protection if these places desired it, saying he for one would be willing to pay his share of the taxes necessary to cover the expense, declaring that no doubt all the other business men would do the same.

Leon Rosacrans urged the protection asked for be provided at once as the danger is very great at present of a raid by a gang of robbers.

There were fourteen business men present, and glancing around the room Alderman Barrett expressed the opinion the merchants could not be deeply interested or more would have attended. Mr. Rosacrans replied that inasmuch as everyone present at the recent meeting and banquet of the Tecumseh Commerce Club had voted the extra protection asked by the business men be granted he believed it was the duty of the council to comply with the request without further encouragement.

Others expressed themselves along the same line and it was finally voted a special meeting of the council be held as soon as possible to act on the matter. President Hines assured the gathering he would call a special session of the village trustees the evening of November 17 and requested all business men be notified that there be a large representation of the merchants in attendance.

A FORMER TECUMSEH WOMAN PASSES AWAY

Mrs. William Heck, a former Tecumseh resident, died Tuesday morning at the home of her son, Charles, in Ann Arbor, aged 82 years. She had been in her usual good health up to just a few days ago when it is supposed she suffered a slight stroke, and had gone down rapidly.

Surviving are three children, Charles of Ann Arbor, Walter of Los Angeles, Cal., and Mrs. Jennie Hurlbut of Adrian; seven grandchildren and eight great-grandchildren. Mrs. R. A. Heesen of this city was a niece.

Mrs. Heck was a devoted Methodist, a member of the local church for many years, and had many friends in this city. The family built and resided in the house now occupied by Elbridge and Miss Franc Hyde.

The funeral services are to be held Friday at South Bend.

PHYSICIANS OF COUNTY HAVE ENJOYABLE FEAST

At Hotel Murry Tuesday evening a group of county doctors met for a six o'clock dinner. They all pronounced that meal, prepared by Mrs. Murry, about the most excellent chicken dinner ever. Following the banquet was held a business and scientific session peculiarly enjoyable to M. Ds. They voted to meet the third Tuesday of each month. Next month will be held the annual meeting in Adrian.

Present for the banquet were Drs. Chase Morden, Mackenzie, Rice and Whitney of Adrian; Drs. Eccles and Lamley of Blissfield; Drs. Nelson, McCue and Spaulding of Hudson; Dr. Westgate of Weston; Dr. Heffron of Metamora, and Drs. North, Beardsley and Hammel of the local corps of physicians.

MRS. H. S. WARING HOST TO RESEARCH CIRCLE

Mrs. H. S. Waring, West Chicago street, was hostess to the members of the Research Circle Friday evening. Her home was beautiful with autumn foliage and chrysanthemums. A decidedly interesting program was given with Mrs. Floyd Waring as the leader. A paper, "Czeche Slovaks," was read by Mrs. Andrew Taylor and current events were given by Mrs. H. S. Waring. A reading by Mrs. Thomas Price, "Aerial Railway Trains Without Wheels," was especially interesting. Roll call responses were on "The County in the World War."

After a social hour dainty refreshments were served.

The next meeting will be held with Mrs. R. V. Wilson Tuesday afternoon, November 25.

Calls on All to Be Real Americans

Dr. W. B. Hartzog, State Commander of S. of V., Sounds Warning Against Spread of Bolshevism.

Tuesday evening, at their lodge rooms, the local camp of the Sons of Veterans entertained their former honored member, Dr. W. B. Hartzog, who is now the state commander of this order. About thirty-five members of the local camp and Beers post, G. A. R., were present and enjoyed an oyster supper.

After the supper, Dr. Hartzog gave a very interesting talk of his work as state commander. He said that all patriotic organizations were making it their present work to try and combat the apparent present spread of Bolshevism and anarchy in this country, and urged upon every member to pe 100 per cent American and to talk 100 per cent Americanism amongst his fellowmen.

Dr. Hartzog illustrated the situation by saying there were but about 20,000 revolutionists in France at the time of the French revolution, while at the same time France had a population of about 20,000,000, and that even with such a population, the small band of 20,000 revolutionists were so well organized that they were able to overthrow the French government. He further said he believes it is safe to say there are 1,000,000 people in the United States with anarchistic tendencies, and that the law abiding citizens of the United States do not realize the extent to which these Reds or anarchists would go if the opportunity was open to them; that they are in all of the larger cities, forming secret societies, and rapidly organizing, and that it is up to the law abiding 100 per cent Americans of this country to do everything in their power to put down this anarchistic movement. He hoped that every member of the Grand Army post would do all he could to spread propoganda against anarchy, and that all others in this vicinity, who are not members of the loaal camp, of Sons of Veterans, and who are eligible to membership, would at once affiliate themselves with the camp.

MRS. RECTOR'S CLASS SELECTS OFFICERS

On the evening of November 13 sixteen members of Mrs. F. D. Rector's class met with Mrs. R. B. Gillespie for their annual meeting. A bountiful pot luck supper was served at 6:30, which was followed by a short program.

The election of officers resulted as follows:

President—Mrs. Halladay.
Vice President—Mrs. Wilson.
Secretary—Alice S. Wimple.
Treasurer—Mrs. Bordine.

The benevolent work for the ensuing year was decided upon and a pleasant social hour followed.

Editorial Comment

When taxpayers of school district No. 7 and Tecumseh township stop to think that they are really getting something for their money there should be no occasion for alarm at the high tax rate levied this fall. We are living in an era of high prices—everything is up and we can not expect to conduct the affairs of schools, municipalities, townships, counties and state on before the war basis. The state tax has increased 56 per cent and the county tax has doubled. The good roads movement is in a measure responsible for this increase, but after a few more years we will wonder why we have neglected to adopt a systematic plan of road construction so long, and the taxpayer will consider the money well spent in permanent highways.

Outside of school district No. 7 the tax rate is not burdensome, the highest rate being in district No. 5—$16 per one thousand valuation.

Taxpayers in district No. 7 understand that they are paying for a new, modern school building and equipment in which to properly educate their children. For this purpose the people of the district themselves voted the sum of $35,300 at the annual meeting last July—an amount absolutely necessary to properly conduct the school. Since the increase in wages in all branches of business activities teachers can not be procured at salaries in vogue before the war and it should not be expected. Consequently the board of education required $12,500 in addition to the one mill tax and state primary money, or altogether $18,500 for teachers' salaries. For the general fund $18,000 was voted. This amount pays $5,000 on the bonded indebtedness and takes care of the interest on the bonds, the fuel, light and power, water, officers and janitor's salaries, etc. The building and site fund was placed at $3,500 and the library fund at $1,300. The first was necessary for interior equipment, a needed addition to the chimney and for beautifying the site with a cement curbing.

It is interesting to note that taxpayers, at least those who have discussed the matter at this office, do not regret the expenditure for educational purposes. They fully realize that the nation, yes, the world, depends upon the youth of today and that education and proper training are essentials for good citizenship and statesmanship. Tecumseh's school is none too good for Tecumseh—in fact there are still things lacking that are necessary and desirable for the proper training and education of our youth. We are asked to educate the children. Are not the children worth it?

Our attention has been called to the condition of Monument square since a portion of it has been used as a school playground. The little park was set aside in honor of the memory of the heroes of the civil war. It is hoped that next spring a suitable playground will be provided for the school children and Monument square will be placed in presentable condition and kept sacred to the memory of those who shed their blood for the preservation of the union.

Thirteen cents a pound in car-load lots is the price asked by New York paper mills for print paper last week. The normal price before the war was two and a quarter to two and three-quarters cents per pound. If these conditions continue publishers will be compelled to raise subscription prices or get out of business.

The water sprinkling season is over and now the business district is getting a good dose of fall dust.

MRS. GEORGE HOLLISTER, WELL KNOWN HERE, DIES

Mrs. George Hollister, so well known and highly respected by Tecumseh people, passed away November 1 at the home of her daughter, Mrs. Fred Frost, at Rex, Oregon. Mr. and Mrs. Hollister left Tecumseh about two years ago to reside near their daughter and family, feeling they had but a few years to live and wanting to spend those near their loved ones. Mr. Hollister died only last January and since Mrs. Hollister had not been well. Only recently it was discovered she had a cancerous tumor, but she was confined to her bed only two weeks. The burial was beside the husband from whom she had been separated only such a short time.

Mrs. Hollister was a devoted member of the Presbyterian church and had hosts of friends about the village who will sympathize with Mr. and Mrs. Frost in their new affliction.

How Do You Feel—
—When You Stoop?

Slow and sluggish movements, tired action, backache, rheumatic pains, stiff joints or sore muscles indicate that something in the human system is out of order. In most cases, these symptoms are the result of waste matter or poisonous acids being left in the blood by the failure of the kidneys to properly do their work of filtering and casting out impurities from the blood.

STOPPED HIS BACKACHE

"I am 70 years old. I tried Foley Kidney Pills, thinking I needed them—as my back was hurting and aching all the time. I got so bad that when I would stoop over in the store while at work I could hardly raise up—such an awful catch in my back. After taking just one bottle of Foley Kidney Pills, my backache was entirely gone and I felt good and strong. I think they are the greatest remedy for backache and irregularities of the bladder."—W. P. Totom, R. F. D. 1, Washington, Pa.

FOLEY KIDNEY PILLS

have been used by young, middle-aged and old with complete satisfaction. You will find them different from all other remedies. They act quickly and surely and have given relief in cases of years' standing. If you have cause to suspect your kidneys are weak, disordered or inactive, you should act immediately.

For example, you can invest $40.00, $80.00, $120.00, $160.00, or as much as you care to as long as you can divide it by $40.00.

SIX PER CENT PLAN

Under this plan you purchase an account card for 25c, then you purchase as many shares as you wish at 10c each. Each share when matured has a value of $100.00. You're supposed to pay at least 25c per week on each share you purchase. These payments can be made weekly or monthly as you wish. At the end of each six months, interest will be computed on your savings at the rate of 6 per cent per annum and added to the value of your account. When the total amount of your savings plus the interest amounts to $100.00 on as many shares as you have purchased, your account will be matured.

How Do You Feel—When You Stoop?

Slow and sluggish movements, tired action, backache, rheumatic pains, stiff joints or sore muscles indicate that something in the human system is out of order. In most cases, these symptoms are the result of waste matter or poisonous acids being left in the blood by the failure of the kidneys to properly do their work of filtering and casting out impurities from the blood.

STOPPED HIS BACKACHE

"I am 70 years old. I tried Foley Kidney Pills, thinking I needed them—as my back was hurting and aching all the time. I got so bad that when I would stoop over in the store while at work I could hardly raise up—such an awful catch in my back. After taking just one bottle of Foley Kidney Pills, my backache was entirely gone and I felt good and strong. I think they are the greatest remedy for backache and irregularities of the bladder."—W. P. Tatom, R. F. D. 1, Washington, Pa.

FOLEY KIDNEY PILLS

have been used by young, middle-aged and old with complete satisfaction. You will find them different from all other remedies. They act quickly and surely and have given relief in cases of years' standing. If you have cause to suspect your kidneys are weak, disordered or inactive, you should act immediately.

BRADLEY OPERA HOUSE ATTRACTIONS

"Friendly Enemies," A. H. Wood's Sensational Comedy Success at the Bradley This Week Friday.

Since the memorable night in March, 1918, when President Wilson rose in his box at the National theater Washington, and publicly endorsed "Friendly Enemies," that play has been establishing itself as one of the greatest popular successes of all times. It has been playing continuously for two years throughout the length and breadth of the United States and the British Isles to audiences that literally cheered in the enthusiasm of their approval. "Friendly Enemies" will be presented at the Bradley opera house, this week Friday, November 21, with a notable company and a splendid production. President Wilson's comment on the play is internationally famous. He said: "All that I can say has already been said most admirablby in this beutiful play. All the sentiments I could express have been admirably represented—sentiments that I hope will soon grip the world." To the President's endorsement has since been added the endorsement of other notable men; the enthusiastic approval of the press of the United States and Great Britain and the applause of millions of playgoers in both countries. The New York Times, one of the most conservative newspapers in the United States, called the play "one of the great theatrical properties of the last decade."

"Friendly Enemies" will make you laugh and weep almost at the same instant; it will make you feel and it will make you think. A famous critic said "Friendly Enemies" has the laughs of 'Potash and Perlmutter' and the tears of 'The Music Master'." No playgoer who is at all interested in the theatre can afford to miss this masterpiece of popular appeal which is making theatrical history.

Charley Ray, Saturday.

"Greased Lightning," the name of Charley Ray's latest Paramount picture, comes to the Bradley opera house next Saturday, November 22. Charlie plays the part of the village blacksmith in this picture, but, unlike the gentleman celebrated by Mr. Longfellow, he didn't stick around under the spreading chestnut tree. He was a busy smithy, we'll tell the universe.

Brains, too! Say, didn't he invent "The Little Giant Potato Slicer?" It blew up while he was exhibiting it to the public, traded the slicer for a flivver, "Greased Lightning" he called it. It worked alright when it worked, but it had a terrible habit of stalling around.

But one day—Oh, Boy! Charlie took every hill on high with that little ol' car o' his! You'll want to see him in this.

As an extra attraction "Roaring Lions on the Midnight Express" will be on the bill and it is advertised as the greatest comedy ever on the screen and we guess it is, too.

Remember the old advice of the management, go early Saturday night if you want a seat. Doors open at 6:30.

Mabel Normand, Sunday Evening

Mabel Normand is making a greater hit in her new comedy, "Peck's Bad Girl," than she ever thought of doing in "Mickey" and that's saying a whole lot. She is practically sweeping the country in this new comedy. Most everyone, young or old, have heard of "Peck's Bad Boy" but that has nothing on Miss Normand in "Peck's Bad Girl" which will be the attraction at the Bradley opera house next Sunday evening, November 23.

Put Mabel Normand in a harum-scarum, tomboy role, and you would have to challenge the world to produce a screen character that could equal her. In "Peck's Bad Girl" Miss Normand has just such a role.

Hundreds who saw Miss Normand in "Mickey" last spring at the Bradley will probably ask if this one is better than "Mickey"—the management says that it is, yes, 100 per cent better so you knew what to expect.

The usual added attractions including the ever popular "Smiling" Bill Parsons in a new comedy, the educational and interesting Ford weekly and the special orchestra will complete the big program. See ad on page five for prices.

Fairbanks' Biggest Picture on Thanksgiving Day.

For your entertainment on Thanksgiving day (next Thursday) the management of the Bradley is offering you an exceptional attraction having booked Douglas Fairbanks in his latest and biggest production, "His Majesty, the American," which will be shown both afternoon (2:30) and evening at 6:30.

"His Majesty, the American" is the only eight-reel picture Fairbanks ever made and the entire eight reels are just full of action, thrills, pep, laughs and "Doug." A better or more fitting program for the entertainment of the patrons of the Bradley could not have been booked if the film market of the entire universe had been scoured.

"His Majesty, the American" is called Fairbanks' eight cylinder play and from the speed and action of the picture it is well named.

Thanksgiving day is your only chance to see it so if you can't come at night don't miss that matinee.

Mr. Auto Owner:

I have a motor gas preparation that will increase your mileage 33 1-3 per cent, save 15 to 40 per cent gasoline, eliminate and prevent carbon from baking on cylinders, valves, valve seats and spark plugs, assuring a smooth running motor, quick pick-up and a better running motor in every way. Absolutely assures against carbon, which is the cause of nine-tenths of all motor troubles.

MIRACLE MOTOR GAS is not an experiment. It was tested in all makes of cars for two years before ever a dollar's worth was sold—tested thoroughly, analytically and found to be all that is claimed for it. Have had MIRACLE MOTOR GAS tried out in Tecumseh and vicinity and it is doing all that is claimed for it in every way.

I am district manager and the preparation sells for One Dollar a package—enough to charge one hundred gllons of gasoline. It is harmless, entirely soluable, no sediment, no filtering, and is put up in tablet form.

Mail orders promptly filled, and if not satisfied after using one-fourth box return balance and I will refund your dollar.

Give it a trial, and start cutting down your gasoline bills.

Local L. O. T. M. Entertains Lenawee County Association.

The members of Ivy Leaf Hive, No. 506, L. O. T. M., were genial entertainers Wednesday, Nov. 12, to about 100 members of the Lenawee County association. The morning hours, with President Carrie Stark of Adrian in the chair, were spent in work pertaining to the order, including initiation.

At noon an enjoyable feature was the serving of a fine pot luck dinner.

At 1:30 Deputy Commander Hattie Meade of Dundee, at an open meeting, called the assembly to order and after a few pleasing remarks announced the following program, each number being heartily applauded:

Welcome in behalf of the Maccabees—Mrs. Ida Taylor.

Response — Deputy Mary E. Timming, Detroit.

Recitation—Mrs. Emily Pfund.

Pantomine, "America," encore—Beatrice Gorham.

Solo—Mrs. Carrie Stark.

Recitation—Alice Taylor.

Music, closing with national hymn—Blissfield ladies.

A quartette from "Coontown" favored with a mock wedding ceremony and encore.

BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Tecumseh people recommend Doan's Kidney Pills. Read this case:

Wm. Martin, Logan st., Tecumseh, says: "My kidneys were out of order and I had dull backaches and tired easily. I had soreness and lameness across my back and my kidneys acted irregularly. The kidney secretions were unnatural, too. I got Doan's Kidney Pills at Wright & Son's Drug Store, and they strengthened my back and put my kidneys in good order."

INSTITUTE BRINGS SPLENDID RESULTS

(Continued from Page One)

who took for his theme "The Young People's Department." He says in this department is found a 75 per cent leakage. In Adrian and Lansing reform schools are 1,142 inmates, the mistakes resulting from the youth between 12 and 16 not being in Sunday school. What they need is direction of their energy, their desire to do something. He told of the cave dear to the boy heart, then of the books liable to be found there which combined with a certain class of movie is bound to make a criminal of the boy. This summer Rev. Hawkins had charge of the playground work in the city of Lansing, where for 2½ cents daily per capita the children have been amused in the playgrounds and been directed in garden clubs and Bible study. The result is there has been a falling off in juvenile delinquency of 66 2-3 per cent. He lamented the fact that the Sunday school has such a small portion of the youth's time. He spends 12 per cent in school, 32 per cent at home, 55.7 per cent about town and .3 per cent in Sunday school, which should be the most important of all. He advised the elders not to be so tight with their money and time, but spend more on Sunday school equipment, make it a pleasant place to come to, and study what your young people are doing. Be willing to sacrifice.

Mrs. King of Adrian followed, taking for her theme "The Religion of the Child." She affirms that every child is naturally religious. Our part is to keep this nourished. A little child is sincere and has great affection. The personality of his teacher counts greatly. It is just as easy for a child to learn to love God as to love his mother, if he is taught of the Holy One and not allowed to forget. By some instruction we must give to the boy or girl the ideals which will improve, not pull back.

Can children be Christians? yes, child Christians. The sin of making the Shepherd search for the lost lamb is not necessary. Between 9 and 12 is the age neglected, because we have failed. Unless the teacher makes his church membership a goal it will not become a reality. The church has a great responsibility in looking after them. Be persistent, give personal work.

Rev. W. R. Curtis and Rev. Escolme took up the offering and Rev. W. A. Rex complimented the gathering on the success of the institnte, saying they had a far larger attendance than at the county convention at Blissfield recently.

Rev. Earl Rice of Adrian was then introduced and he took up the adult department in his address. He claims the whole responsibility for the attendance and success of the Sunday school *falls on the adult portion of the* congregation, for the young people are watching the church attendance. For the influence on the young people we need the adults. Then, too, we should not forget the one who came to do for the heart of the world and the world remained cold. He developed a program which we are to carry out. Any pastor is near to heart-break when he sees the work which ought to be done.

Patience, kindness, thoughtfulness, insistence must be the line of the adult teacher, a tremedous problem, but it is better to attempt a big task than a small one. It is a compliment from God. "I am past sympathy for the man who joins the church and is not interested in all parts of it, the Sunday school, young people's society, Ladies' Aid, etc. Find your old Bible, give yourself to the work of the Sunday school, and through you will new souls be led to the kingdom.

The congregation then were divided into three groups, those interested in the smaller classes meeting with Mrs. King and the teachers and those interested in young people's work with Rev. Hawkins going to rooms on the lower floor. Rev. Rice held a round table with the adults in the *auditorium. The discussion of the* problems in each department were very interesting and should work much profit. The Sunday school workers hope for more of these sessions soon and often.

Thomas A. Edison

The NEW EDISON

No Needles to Change

Even records of all other makes sound more human when played on The New Edison.

EVERY home should own The New Edison, the wonderful new musical instrument perfected by Thomas A. Edison, the world's greatest inventor. This great genius now offers you *real* music, *life-like* music—more than "talking machine" music—just as he gave you electric light, the movies and a host of other human benefits. After years of toil, night and day, after millions of dollars spent in research, Mr. Edison gave his new phonograph to the world and made it possible for you to have the finest music in the world just as it was originally played or sung by the living artist.

B. Y. P. U. MEETS FOR ITS MONTHLY SOCIAL

Friday evening, Novemer 14, the Baptist Young People's Union was most royally entertained at the home of Mr. and Mrs. Alvin Knight on North Pearl street. The B. Y. P. U. is a jolly group in itself and with a host and hostess such as Mr. and Mrs. Knight proved to be there was something doing from the finding of the first peanut, in the peanut hunt, until Jacob successfully captured Ruth. The games (and players) being so full of fun and pep that a number stopped to play 'just one more' even after the wraps were on.

Victrola music and a comic recitation by the hostess were pleasing features of the evening.

Dainty refreshments were served by the committee. A short business session was held, at which time reports of various committees were heard and favorably acted upon and a committee appointed to supervise a play to be given in the near future by the society.

SINFUL PARENTS MORAL SLACKERS

(Continued from Page One)

is one of the objects on the program of the Community service, as laid out for this town. Rev. C. M. Thompson, who was presiding, announced that Dr. Fruit will be here December 7, when the M. E. church will again be the meeting place. also he announced evangelistic meetings for his church for this week.

Then Rev. Thompson introduced Rev. Elliott, who took for his theme "The Church and the Children," from the text Exodus 2:9, "Take this child away, and nurse it for me, and I will give thee thy wages."

Beginning with the story of the royal princess finding the infant Moses in the rushes beside the Nile, he applied the text as said by God to his church. A crying babe turned the whole course of human history.

The significance of childhood is a late discovery. Up to a generation ago they were sadly mistreated in the old world. Among ancient literature of the world the Bible is the only book which speaks of children, but there the child comes as a messenger from God all through the book.

The child is too often forgotten in the training for Him. He who deals with childhood is sowing the seed for the age to come. "Old King Ramases is now a rotting mummy in a British museum while Moses still rules the world."

We talk reconstruction yet we neglect the means God has given us through our children. Youth is the educational period, in these years come the shaping of manhood. "You must train childhood in the dialect of Heaven or they will speak a bad brogue all their life." Victor Hugo says, "If you want to reform a man, begin with his grandmother." If the world had spent the money used in the last five years of war, in training, we would have a different planet. Too often our children are little monstrosities, trained for pleasure, pride, show, not trained for God.

The three agencies for child culture are the home, school and church. The first is the oldest of all institutions. The world is secure as long as the home stands, in spite of anarchy or the Reds. The reason for the present lack of ministers is the decline of religion in the families. "Don't abuse the Bolshevik or I. W. W. until you keep up the service of God on the family altar in your own home." Too often ought we to say "God bless our boarding house," for that's about all some of these would-be homes amount to.

When the child is old enough to go to school to learn the mutliplication table he can learn of Christ and is old enough to join the church. "I'd like to see a shepherd who put all the sheep in the fold and left the lambs outside." Rev. Elliott did not forget the League of Nations. "I don't say with the senate, 'Half a League, half a League backward, straight to the jaws of hell,' but a whole League."

Now to the rewards, the wages: The man who shapes the destiny of a little child is greater than he who rules an empire. Your field reaches to the throne of God. The church which keeps its little children has a perpetual Easter and Christmas. Any man or woman who has children and is not a christian is a moral slacker. The way to get close to God is to get close to those God has sent.

The story of the two sons waiting for him at Heaven's gate left hardly a dry eye in his audience and he asked in closing the song, "When He Cometh."

Bread Is Now Cheapest Food

SCIENTISTS DECLARE:

A quarter's worth of Bread produces ten times as many food calories as the same amount of beef.

A quarter's worth of Bread produces twenty-six times as many food calories as the same amount spent for eggs.

Beef and eggs yield at least 11 per cent refuse. Bread yields no refuse.

The foregoing is proof that Bread is at present the cheapest food obtainable, and this is especially true of Nevison's Bread. The ingredients used produce more nourishment than any other loaf.

Elderly people and others who suffer from stubborn or chronic coughs that wear down the strength, lower vitality and disturb sleep, will find in *Foley's Honey and Tar* a most helpful and healing medicine.

The very first doses bring comfort and ease, as in it you get the curative influence of pine tar and other healing ingredients, together with the mollifying laxative effect of honey.

Foley's Honey and Tar

"I was troubled with a cough, and would be completely exhausted after each fit of violent coughing. I bought a bottle of Foley's Honey and Tar and before I had taken it the coughing spells had entirely ceased. I wish to say it can't be beat." R. C. Collins, Barnegat, N. J.

'My daughter had a bad case of chronic cough. We finally gave her Foley's Honey and Tar. Its effect was almost immediate for after a few days the trouble entirely disappeared and has not returned." Knudt Lee, Wannaska, Minn.

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase.

Overland 4 does *not* change the road, but it *does* change the *manner* in which you can ride on it. It gives you comfort instead of dis-comfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

The Diagonal attachment of Three-Point Cantilever Springs at the ends of a 130-inch Springbase gives long wheelbase road steadiness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down [illegible] to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

He came here with his parents in the early forties, when they settled on the farm which has since been his home. Mr. Harmon was married to Miss Ervena Davis of Macon, who died in 1866, leaving one son, Orrel Harmon, of Lansing, and on the 7th of May he was united in marriage to Miss Anna Wade, and to this union one son was born, Claude Harmon, who lives near the old home. Mr. Harmon was a man of sterling worth, a good neighbor, kind and generous, and always greeted you with a word of cheer. He was "Uncle James" to everyone. His death was due to apoplexy. He leaves a faithful wife, two sons and three grandchildren and other relatives and friends who have been saddened by his death. The best tribute we can give him is that the neighborhood is better for his having lived here. The last chapter is ended, his book of life is closed. On the last page may the angels write "Peace." The funeral was held from his late residence on Wednesday, Rev. W. S. Smith of Belleville, a recent pastor here, officiating. Burial took place in Mooreville cemetery.

Tells How to Get Bible Into School

T. L. RYNDER OF TOLEDO DEEPLY INTERESTS TECUMSEH PEOPLE

Explains in Community Address What His Home City Has Accomplished—Confident Plan is Feasible Here and Calls Attention to Its Advantages.

How Tecumseh can add Biblical instruction to its curriculum in the public schools was interestingly explained at the Community service at the Presbyterian church Sunday evening by T. L. Rynder of Toledo. The Ohioan told how systematic non-sectarian religious instruction had been introduced into the Toledo schools and assured his hearers the same step could be successfully taken in this city. The service was largely attended, it being evident the people of this city are interested in the matter of Bible lessons in the public schools.

Rev. W. A. Rex, before introducing Mr. Rynder, explained the question of religious instruction in the public schools was one of the things which the churches of Tecumseh hoped to accomplish, it being part of the year's work mapped out some time ago. He said it was not the desire to force the board of education to adopt the plan, the church workers merely taking the matter up and looking after the details to relieve the school officials of this task. Consultation with the board of education, he stated, revealed this body was heartily in accord with the movement and welcomed the interest taken by the pastors.

Mr. Rynder asserted since Toledo had begun teaching the Bible in the schools three years ago it had received many inquiries regarding the work. "Religious education in the schools is one of the biggest things facing educational forces," he declared. "It is a big and very important work in towns the size of Tecumseh, for

TROOP NO. 1 IS GIVEN PLEASING CHALK TALK

Hollis Clark gave one of his splendid chalk talks at the high school auditorium Monday evening with Troop 1, Boy Scouts, and many of their friends, as an enthusiastic and appreciative audience.

Miss Ellen Mohr presided at the piano and Perry Hayden started off the entertainment by leading the boys in some rousing yells.

Each time Mr. Clark gives an entertainment he demonstrates more convincingly that he is an artist of marked ability. His audience was quick to catch his jokes and each picture was received with fun, in true boy fashion.

After the entertainment the lads practiced football in the "gym." Every man who is backing the Scouts would have received the full worth of his money invested could he have seen the pleasure the boys take in these gatherings, where good, clean fun and healthy exercise are enjoyed and the boys are safe from harmful influences.

DEATH CLAIMS FORMER RESIDENT OF FRANKLIN

Mrs. T. M. Camburn, Mr. and Mrs. George McNeil were in Adrian and Tipton Sunday for the funeral of Mrs. Camburn's sister and Mrs. McNeil's aunt, Mrs. James Cottrell.

Mrs. Cottrell, whose maiden name was Emma Mills, was born in Franklin seventy years ago and resided in that township until four years ago, when she moved to Adrian with her husband. For the last year she had been a sufferer from heart trouble, but had been confined to her bed only a few days at a time. She spent part of September with Mrs. Camburn.

Thursday evening Mr. and Mrs. Cottrell sat by their fire after supper, when, as Mr. Cottrell was reading the evening paper, he heard his wife make a peculiar noise and glanced up at her. There she lay back in her chair, her troubles all over.

Short services were held at the home in Adrian Sunday at 12:30, with the funeral services at the Tipton Congregational church at 2 o'clock. The burial was in the family lot in Mills cemetery, west of Tipton.

Mr. Cottrell will make his home with his daughter, Mrs. Matie Snyder, at Clark's lake.

Wrong Thinking Is Cause of Turmoil

This is Opinion of Rev. W. A. Rex, Who Advocates Americanizing and Christianizing Bolshevists.

That the present turmoil all over the world is the result of wrong thinking was asserted by Rev. W. A. Rex Sunday morning in an excellent discourse at the Presbyterian church. He said in part:

"We're in this terrible mess and should sit down quietly and think ourselves out. Increased production and decreased consumption is our only remedy for the high cost of living, but we'll have none of it. Our extravagance paves the way to our destruction and I'm surprised we've existed as long as we have. If we want a thing we get it. 'Can't afford it' is beginning to be bad form. Even our children get about all they want and it is too bad where children and wealth come together. They should be trained to meet the dire appetites they are bound to meet in later life and learn self-control. Again wrong living comes from wrong thinking. We're all upside down. Even the Red missionaries with their wrong ideas are in our midst. It is our fault that we have left them alone so long. Right in New York and other large cities over the country the Reds are holding mass meetings, haranging against the government, advocating plunder, murder and even our girls are not safe. The pendulum has swung too far.

"Then the wrong thinking industrially. I don't blame many men for striking, but there is wrong thinking on both sides. The men and bosses should practice the Golden Rule. Every war is the result of wrong thinking. Right now in our government is shown more wrong thinking. Both parties and president included have acted like a pack of school kids. Thinking people are disgusted with the whole outfit. We are in a state of centralized press vs. exclusive president. He has been in a sense autocratic. We have paid an awful price for their wrong thinking. It looks as if we had killed a million young men to show we could play the game of war. We've forgotten already the meaning of Armistice day. At least we appeared to in Tecumseh.

"What shall we do with these wrong thinkers, the Bolshevists? If we try to send them back it will be some shipping job. How about changing our own ideas and Americanize and Christianize these foreigners who were neglected too long. If we don't send men down to the foreign quarters in our cities to teach and live with them as Christians, we are doomed as a church. So sure as history is written and God rules, we'll pay the price if we go at this thing wrong."

CHELSEA VETS HERE FOR GAME ON THANKSGIVING

At 3 o'clock the afternoon of Thanksgiving Day the Tecumseh post of the American Legion will buck up against the Chelsea world war survivors in a game of football at the baseball grounds in this city. Chelsea has a strong team and the local post is primed for a vigorous battle. In a previous encounter the Tecumseh eleven lost to this team but is determined to get revenge and will send a formidable squad against the visitors.

In the game here Sunday with Manchester the locals were snowed under, the score being 32 to 0. It is stated the Manchester post to develop a winning team and to devolpe a winning team and has not been scored against this season.

Grange No. 166 Is Very Cordial Host

BANQUET AND PROGRAM A MOST PLEASURABLE FAMILY GATHERING.

Edward Frensdorf Vigorously Attacks Present State Administration, Accusing Officials of Filching People—Booms Senator Baker for Governor—Other Numbers Also Interesting.

Tecumseh Grange, No. 166, has again very positively demonstrated that when it was referred to as "the Grange of the cordial welcome" this designation was markedly appropriate. When this organization extended hospitality to its members and friends last Thursday evening in a banquet and program at its hall the welcome accorded all the guests was especially hearty and the entertainment provided was of a high order, in keeping with previous affairs of a similar character.

The occasion was announced to be an old-fashioned family gathering, and such it proved to be in every sense of the word. Grangers and invited friends and members of their family, young and old, were present to the number of about 150 and that all very thoroughly enjoyed the affair was made evident by the jovial, pronounced good fellowship feeling which was so noticeable. Each number on the program was just a bit better than what had been expected, the address of Edward Frensdorf of Hudson being of a surprising and enlightening character. The other speaker was Mrs. Beatrice P. Huncicker, recreation director of the Industrial School for Girls at Adrian.

It was shortly after 6:30 when the clang of the supper bell announced the banquet was ready to be served, and when all were seated the hall was practically full. Rev. W. R. Curtis, pastor of the Tecumseh Baptist church, asked the blessing and then the feast was attacked with vigor. A Tecumseh Grange menu always is looked forward to with pleasure and it is safe to say no one was disappointed, there being an abundance of appetite strengtheners, prepared as only the wives of Grangers can cook a meal. The menu included roast pork, mashed potatoes, brown gravy, brown bread, white bread, cabbage salad, jelly, pumpkin and apple pie, cheese and coffee. Wives and daughters of the Grangers served the viands, painstakingly seeing to it that all were fully satisfied.

A. O. Howard was assigned the task of toastmaster and filled the place admirably, his sallies in introducing the various participants in the program being in a happy and fitting vein. Rev. W. A. Rex pastor of the Presbyterian church, was called on for a reading and gave proof that he was not only a forceful pulpit orator but also an impersonator and dramatic interpreter of ability. His farcical discourse on "Old Mother Hubbard" was a distinct laugh producer and he followed this with a more serious reading which also brought forth hearty applause.

May Nobles of Adrian, also a dramatic reader of talent, gave several numbers, her efforts meeting the warmest approval.

Mrs. Huncicker took for her topic, "Lights and Shadows of the Industrial Home," she telling of the deplorable conditions existing in the state institution at the county seat before the present ad-

PREDICTS EARTH WILL BE PURGED IN 1921

About thirty people on Sunday evening attended the second lecture of a series given by Paul P. Burnham of Detroit at the Royal theatre. The topic was "Are We at the Dawn of a New Era?"

Mr. Burnham asserted he did not say the world would come to an end in 1926, as reported in a recent issue of a county paper, that he had been misunderstood. The world could never pass away, but present conditions would have passed by that time and peace will settle on the earth. Everything religious and political is all to go because of disloyalty to Jehovah.

He told of nations and churches being at each others throats, the masses against the classes with Lucifer controlling the mundane things. In Noah's day the flood of water descended and killed off humankind, purifying the earth. Now he figures that in 1921 a wave of electricity will sweep the earth, killing the weeds, thistles and unpleasant things, "making the desert to blossom as the rose" and all will be a paradise.

OPEN FORUM STARTED AT PRESBYTERIAN CHURCH

An entirely new, novel and revolutionary form of church service is to be tried at the Presbyterian church next Sunday morning. The open forum method has been tried out in some eastern churches and some startling results obtained. It is not in any sense a Bolshevik method yet it is a most remarkable change from the old order. The pastor says "Of course this is only an experiment but no doubt some shaking of dry bones will take place." The service Sunday morning will be particularly for members of the church and congregation.

CONCERT FOR THE ARMENIAN RELIEF

A concert will be given by the members of the former Red Cross Concert Company on Monday, December 8, at 8 p. m. in the auditorium of the Tecumseh high school for the benefit of the Armenian relief fund.

The program will be most attractive and entirely new.

The oldest of Christian peoples will perish from the earth unless help is given, substantial and speedy help, and on the whole earth America alone can help.

More than half a million orphans wander around like wild beasts, eating bugs, beetles and even from the dead, until death claimes them too. Death will claim all that the American committee for Armenian relief cannot reach. But even to furnish the few ounces of food doled out to those in charge of the committee takes millions of dollars.

Come to the concert and help those who first welcomed Christ, and fed his apostles when they were in need.

Full program in the next issue of The Herald.

TO PLAY VOLLEYBALL ON SATURDAY NIGHTS

Lads of Various Sunday Schools Will Have Sports Event at "High" Gym.

Arrangements have been completed whereby the boys who are members of the various Sunday schools of Tecumseh will have a play festival at the gymnasium of the high school each Saturday night.

Volleyball will be played, a league to be formed to add to the interest in the sport. Pastors of the city were instrumental in perfecting the arrangements for the play night. It is aimed to make the high school a real community center and the gathering of the boys from the various Sunday schools [illegible] sports event of this nature is one of the steps along this line.

The promoters of the movement hope to [illegible] get the men of the city interested in something of this [illegible] they, too, may get out [illegible] a little oftener than [illegible].

Next [illegible] night will be held the [illegible] the boys.

TECU[illegible] AYS [illegible] BUT [illegible] REFEREE

In [illegible] the Te-[illegible] team's season [illegible] though the local players claim that had the visiting referee been fair even to a slight degree the home eleven would have won.

The final game was played here last Friday, Clinton high being the opponents. It was a see-saw affair all the way, the visitors stalling to a noticeable extent. The referee from the neighboring town was entirely unsatisfactory, all the local rooters commenting on his lack of sportsmanship. He penalized the local players for every minor infraction of the rules, making much of little things that are usually overlooked. It is said his penalties against Tecumseh totaled fifty yards. This is all that kept Tecumseh from scoring, in the opinion of the local rooters.

So far as the local players are concerned they did not expect to administer a decisive defeat to the Clintonians. But the locals proved themselves the better players in the game. At no time was the Tecumseh eleven in danger of being scored on, it having the ball in its territory throughout the contest. After the home men had carried the pigskin to the Clinton four-yard line in the third quarter they attempted an onside kick, not realizing they were within the ten-yard line, where such a play is contrary to the rules. Had this taken place anywhere else it would have resulted in a touchdown.

The Clinton squad played a clean game but the Tecumsehites feel the visiting referee kept the locals from scoring.

FORMER TECUMSEHITES NEARLY ASPHYXIATED

Don H. C. Bowen and family came near being asphyxixated at their home in Washington Court House, Ohio, a few days ago and as yet have scarcely recovered. Don was awakened at midnight by the crying of their cat and going into the kitchen fell unconscious to the floor with the daughter, "Billy," insensible in his arms. Mrs. Bowen started down stairs but she, too, was overcome and pitched head first down stairs. Miss Gayle managed to call from a window for help and a doctor was summoned. He administered strychnine and worked over the family until morning. Mrs. Bowen was badly cut and bruised about the head and shoulders and all have been very ill since. But they thankfully give the praise for their rescue to Miss Gayle and Ikey, the cat.

WAR TANK COMES HERE IN RECRUITING DRIVE

Recruits are needed for the regular standing army of the United States and in an endeavor to bring the forces up to the required strength a campaign is now on, war tanks being used to create interest in the drive. One of these tanks visited Tecumseh late last week, arriving in town Friday evening and remaining until Saturday noon. It attracted much attention and the officer in charge hopes the visit here will bring results.

The recruiting party consists of Captain M. C. Wiley and five men. The tank is hauled from one city to another on a truck, being unloaded at each place visited and a demonstration given. The one seen here had been in actual service on the European battlefields and bore the scars of conflict.

All of the thirteen branches of the regular army are now open to enlistment, men from 18 to 45 years of age being eligible. There is a recruiting station at Adrian and those from this vicinity who are interested are requested to visit the county seat.

From here the recruiting party went to Adrian and from there will journey to Hudson, Jackson, Ann Arbor and back to Detroit, where it started its tour of this part of the state. Encouraging results have been obtained, Captain Wiley said.

"FRIENDLY ENEMIES" SPLENDID PRODUCTION

It is to be regretted that more Tecumseh people did not witness the comedy drama, "Friendly Enemies," at the Bradley opera house last Friday evening, as they missed seeing one of the most meritorious attractions that has ever visited this city. There were only seven characters in the play but all were talented actors, portraying their respective parts as though their lines had been written especially for them.

"Friendly Enemies" is a war time production. Its leading characters are two Germans who are in accord in everything but the world war, one being a loyal American the other a German-American who insists the people of the land of his birth are not guilty of the atrocities of which they are accused. Every time the two meet a war argument is started and it results in a quarrel, these misunderstandings resulting in tense situations which are relieved at frequent intervals by humor of that clean and wholesome kind which lifts this attraction far above the ordinary.

The German-American's son, unknown to the father, enlists in the United States army. He is in love with the daughter of the true blue American. Before he sails for France he tells his father that he is a member of Uncle Sam's fighting forces, which breaks the parent's heart. The father has been contributing to a movement which he believed was of an educational character to enlighten the public in regard to the good deeds of Germans in America. His friend learns of this and discovers the one who has been accepting the contributions is a German spy. When the boat that the son sails for France on is blown up and the father learns some of the money furnished by him was used to finance the plot, he realizes he has been tricked, no longer doubts the Teutons are as cruel as they have been painted and renounces the fatherland and all that is German.

The scenery was in keeping with the general high character of the production.

RUTH PEOTTER AND CLEMENT COVELL WED

Miss Ruth, daughter of Mr. and Mrs. Charles Peotter, and Clement Covell were married in Adrian Wednesday, November 26. They will reside for a time with the groom's parents, Mr. and Mrs. Charles Covell, in Brownville. Mr. Covell was across the sea in Uncle Sam's service some months and both have hosts of friends to wish them a long and happy life together.

Saturday evening a party of some fifty friends gave them a kitchen shower at the Covell home when games and music livened things up. The couple received many useful gifts. Refreshments were served.

Tells How to Get Bible Into School

T. L. RYNDER OF TOLEDO DEEPLY INTERESTS TECUMSEH PEOPLE

Explains in Community Address What His Home City Has Accomplished—Confident Plan is Feasible Here and Calls Attention to Its Advantages.

How Tecumseh can add Biblical instruction to its curriculum in the public schools was interestingly explained at the Community service at the Presbyterian church Sunday evening by T. L. Rynder of Toledo. The Ohioan told how systematic non-sectarian religious instruction had been introduced into the Toledo schools and assured his hearers the same step could be successfully taken in this city. The service was largely attended, it being evident the people of this city are interested in the matter of Bible lessons in the public schools.

Rev. W. A. Rex, before introducing Mr. Rynder, explained the question of religious instruction in the public schools was one of the things which the churches of Tecumseh hoped to accomplish, it being part of the year's work mapped out some time ago. He said it was not the desire to force the board of education to adopt the plan, the church workers merely taking the matter up and looking after the details to relieve the school officials of this task. Consultation with the board of education, he stated, revealed this body was heartily in accord with the movement and welcomed the interest taken by the pastors.

Mr. Rynder asserted since Toledo had begun teaching the Bible in the schools three years ago it had received many inquiries regarding the work. "Religious education in the schools is one of the biggest things facing educational forces," he declared. "It is a big and very important work in towns the size of Tecumseh, for

TROOP NO. 1 IS GIVEN PLEASING CHALK TALK

Hollis Clark gave one of his splendid chalk talks at the high school auditorium Monday evening with Troop 1, Boy Scouts, and many of their friends, as an enthusiastic and appreciative audience.

Miss Ellen Mohr presided at the piano and Perry Hayden started off the entertainment by leading the boys in some rousing yells.

Each time Mr. Clark gives an entertainment he demonstrates more convincingly that he is an artist of marked ability. His audience was quick to catch his jokes and each picture was received with fun, in true boy fashion.

After the entertainment the lads practiced football in the "gym." Every man who is backing the Scouts would have received the full worth of his money invested could he have seen the pleasure the boys take in these gatherings, where good, clean fun and healthy exercise are enjoyed and the boys are safe from harmful influences.

DEATH CLAIMS FORMER RESIDENT OF FRANKLIN

Mrs. T. M. Camburn, Mr. and Mrs. George McNeil were in Adrian and Tipton Sunday for the funeral of Mrs. Camburn's sister and Mrs. McNeil's aunt, Mrs. James Cottrell.

Mrs. Cottrell, whose maiden name was Emma Mills, was born in Franklin seventy years ago and resided in that township until four years ago, when she moved to Adrian with her husband. For the last year she had been a sufferer from heart trouble, but had been confined to her bed only a few days at a time. She spent part of September with Mrs. Camburn.

Thursday evening Mr. and Mrs. Cottrell sat by their fire after supper, when, as Mr. Cottrell was reading the evening paper, he heard his wife make a peculiar noise and glanced up at her. There she lay back in her chair, her troubles all over.

Short services were held at the home in Adrian Sunday at 12:30, with the funeral services at the Tipton Congregational church at 2 o'clock. The burial was in the family lot in Mills cemetery, west of Tipton.

Mr. Cottrell will make his home with his daughter, Mrs. Matie Snyder, at Clark's lake.

I will be at the Tecumseh State Savings bank every Tuesday and Friday, commencing Friday, December 5, and until January 9.

Wrong Thinking Is Cause of Turmoil

This is Opinion of Rev. W. A. Rex, Who Advocates Americanizing and Christianizing Bolshevists.

That the present turmoil all over the world is the result of wrong thinking was asserted by Rev. W. A. Rex Sunday morning in an excellent discourse at the Presbyterian church. He said in part:

"We're in this terrible mess and should sit down quietly and think ourselves out. Increased production and decreased consumption is our only remedy for the high cost of living, but we'll have none of it. Our extravagance paves the way to our destruction and I'm surprised we've existed as long as we have. If we want a thing we get it. 'Can't afford it' is beginning to be bad form. Even our children get about all they want and it is too bad where children and wealth come together. They should be trained to meet the dire appetites they are bound to meet in later life and learn self-control. Again wrong living comes from wrong thinking. We're all upside down. Even the Red missionaries with their wrong ideas are in our midst. It is our fault that we have left them alone so long. Right in New York and other large cities over the country the Reds are holding mass meetings, haranging against the government, advocating plunder, murder and even our girls are not safe. The pendulum has swung too far.

"Then the wrong thinking industrially. I don't blame many men for striking, but there is wrong thinking on both sides. The men and bosses should practice the Golden Rule. Every war is the result of wrong thinking. Right now in our government is shown more wrong thinking. Both parties and president included have acted like a pack of school kids. Thinking people are disgusted with the whole outfit. We are in a state of centralized press vs. exclusive president. He has been in a sense autocratic. We have paid an awful price for their wrong thinking. It looks as if we had killed a million young men to show we could play the game of war. We've forgotten already the meaning of Armistice day. At least we appeared to in Tecumseh.

"What shall we do with these wrong thinkers, the Bolshevists? If we try to send them back it will be some shipping job. How about changing our own ideas and Americanize and Christianize these foreigners who were neglected too long. If we don't send men down to the foreign quarters in our cities to teach and live with them as Christians, we are doomed as a church. So sure as history is written and God rules, we'll pay the price if we go at this thing wrong."

MONDAY CLUB MUSICAL A DELIGHTFUL AFFAIR

The Thanksgiving musical given at this week's session of the Monday club was truly a delightful affair. Mrs. F. B. Wood acted as leader in behalf of the music committee and the program was given as follows:

Piano duet, "Zampa," Mrs. Wood and Mrs. Ella Hodges.
"That's the World in June," Mrs. E. C. Heilman.
"The Rose of No Man's Land," Harold Lowry.
Community singing.

Mrs. Wood acted as accompanist and sincere was the praise given the various entertainers.

CHELSEA VETS HERE FOR GAME ON THANKSGIVING

At 3 o'clock the afternoon of Thanksgiving Day the Tecumseh post of the American Legion will buck up against the Chelsea world war survivors in a game of football at the baseball grounds in this city. Chelsea has a strong team and the local post is primed for a vigorous battle. In a previous encounter the Tecumseh eleven lost to this team but is determined to get revenge and will send a formidable squad against the visitors.

In the game here Sunday with Manchester the locals were snowed under, the score being 32 to 0. It is stated the Manchester post to develop a winning team and to devolpe a winning team and has not been scored against this season.

Grange No. 166 Is Very Cordial Host

BANQUET AND PROGRAM A MOST PLEASURABLE FAMILY GATHERING.

Edward Frensdorf Vigorously Attacks Present State Administration, Accusing Officials of Filching People—Booms Senator Baker for Governor—Other Numbers Also Interesting.

Tecumseh Grange, No. 166, has again very positively demonstrated that when it was referred to as "the Grange of the cordial welcome" this designation was markedly appropriate. When this organization extended hospitality to its members and friends last Thursday evening in a banquet and program at its hall the welcome accorded all the guests was especially hearty and the entertainment provided was of a high order, in keeping with previous affairs of a similar character.

The occasion was announced to be an old-fashioned family gathering, and such it proved to be in every sense of the word. Grangers and invited friends and members of their family, young and old, were present to the number of about 150 and that all very thoroughly enjoyed the affair was made evident by the jovial, pronounced good fellowship feeling which was so noticeable. Each number on the program was just a bit better than what had been expected, the address of Edward Frensdorf of Hudson being of a surprising and enlightening character. The other speaker was Mrs. Beatrice P. Huncicker, recreation director of the Industrial School for Girls at Adrian.

It was shortly after 6:30 when the clang of the supper bell announced the banquet was ready to be served, and when all were seated the hall was practically full. Rev. W. R. Curtis, pastor of the Tecumseh Baptist church, asked the blessing and then the feast was attacked with vigor. A Tecumseh Grange menu always is looked forward to with pleasure and it is safe to say no one was disappointed, there being an abundance of appetite strengtheners, prepared as only the wives of Grangers can cook a meal. The menu included roast pork, mashed potatoes, brown gravy, brown bread, white bread, cabbage salad, jelly, pumpkin and apple pie, cheese and coffee. Wives and daughters of the Grangers served the viands, painstakingly seeing to it that all were fully satisfied.

A. O. Howard was assigned the task of toastmaster and filled the place admirably, his sallies in introducing the various participants in the program being in a happy and fitting vein. Rev. W. A. Rex pastor of the Presbyterian church, was called on for a reading and gave proof that he was not only a forceful pulpit orator but also an impersonator and dramatic interpreter of ability. His farcical discourse on "Old Mother Hubbard" was a distinct laugh producer and he followed this with a more serious reading which also brought forth hearty applause.

May Nobles of Adrian, also a dramatic reader of talent, gave several numbers, her efforts meeting the warmest approval.

Mrs. Huncicker took for her topic, "Lights and Shadows of the Industrial Home," she telling of the deplorable conditions existing in the state institution at the county seat before the present ad-

PREDICTS EARTH WILL BE PURGED IN 1921

About thirty people on Sunday evening attended the second lecture of a series given by Paul P. Burnham of Detroit at the Royal theatre. The topic was "Are We at the Dawn of a New Era?"

Mr. Burnham asserted he did not say the world would come to an end in 1926, as reported in a recent issue of a county paper, that he had been misunderstood. The world could never pass away, but present conditions would have passed by that time and peace will settle on the earth. Everything religious and political is all to go because of disloyalty to Jehovah.

He told of nations and churches being at each others throats, the masses against the classes with Lucifer controlling the mundane things. In Noah's day the flood of water descended and killed off humankind, purifying the earth. Now he figures that in 1921 a wave of electricity will sweep the earth, killing the weeds, thistles and unpleasant things, "making the desert to blossom as the rose" and all will be a paradise.

OPEN FORUM STARTED AT PRESBYTERIAN CHURCH

An entirely new, novel and revolutionary form of church service is to be tried at the Presbyterian church next Sunday morning. The open forum method has been tried out in some eastern churches and some startling results obtained. It is not in any sense a Bolshevik method yet it is a most remarkable change from the old order. The pastor says "Of course this is only an experiment but no doubt some shaking of dry bones will take place." The service Sunday morning will be particularly for members of the church and congregation.

CONCERT FOR THE ARMENIAN RELIEF

A concert will be given by the members of the former Red Cross Concert Company on Monday, December 8, at 8 p. m. in the auditorium of the Tecumseh high school, for the benefit of the Armenian relief fund.

The program will be most attractive and entirely new.

The oldest of Christian peoples will perish from the earth unless help is given, substantial and speedy help, and on the whole earth America alone can help.

More than half a million orphans wander around like wild beasts, eating bugs, beetles and even from the dead, until death claimes them too. Death will claim all that the American committee for Armenian relief cannot reach. But even to furnish the few ounces of food doled out to those in charge of the committee takes millions of dollars.

Come to the concert and help those who first welcomed Christ, and fed his apostles when they were in need.

Full program in the next issue of The Herald.

TO PLAY VOLLEYBALL ON SATURDAY NIGHTS

Lads of Various Sunday Schools Will Have Sports Event at "High" Gym.

Arrangements have been completed whereby the boys who are members of the various Sunday schools of Tecumseh will have a play festival at the gymnasium of the high school each Saturday night.

Volleyball will be played, a league to be formed to add to the interest in the sport. Pastors of the city were instrumental in perfecting the arrangements for the play nights. It is aimed to make the high school a real community center and the gathering of the boys from the various Sunday schools in a sports event of this nature [illegible] steps [illegible] this line.

The promoters of the movement hope to later on get the men of the city interested in something of this kind [illegible] they, too, may get out [illegible] little oftener than [illegible].

Next [illegible] night will be held the [illegible] the boys.

TECU[illegible] PLAYS [illegible] BUT [illegible] REFEREE

In [illegible] the Te- [illegible] though the local players claim that had the visiting referee been fair even to a slight degree the home eleven would have won.

The final game was played here last Friday, Clinton high being the opponents. It was a see-saw affair all the way, the visitors stalling to a noticeable extent. The referee from the neighboring town was entirely unsatisfactory, all the local rooters commenting on his lack of sportsmanship. He penalized the local players for every minor infraction of the rules, making much of little things that are usually overlooked. It is said his penalties against Tecumseh totaled fifty yards. This is all that kept Tecumseh from scoring, in the opinion of the local rooters.

So far as the local players are concerned they did not expect to administer a decisive defeat to the Clintonians. But the locals proved themselves the better players in the game. At no time was the Tecumseh eleven in danger of being scored on, it having the ball in its territory throughout the contest. After the home men had carried the pigskin to the Clinton four-yard line in the third quarter they attempted an onside kick, not realizing they were within the ten-yard line, where such a play is contrary to the rules. Had this taken place anywhere else it would have resulted in a touchdown.

The Clinton squad played a clean game but the Tecumsehites feel the visiting referee kept the locals from scoring.

FORMER TECUMSEHITES NEARLY ASPHYXIATED

Don H. C. Bowen and family came near being asphyxixated at their home in Washington Court House, Ohio, a few days ago and as yet have scarcely recovered. Don was awakened at midnight by the crying of their cat and going into the kitchen fell unconscious to the floor with the daughter, "Billy," insensible in his arms. Mrs. Bowen started down stairs but she, too, was overcome and pitched head first down stairs. Miss Gayle managed to call from a window for help and a doctor was summoned. He administered strychnine and worked over the family until morning. Mrs. Bowen was badly cut and bruised about the head and shoulders and all have been very ill since. But they thankfully give the praise for their rescue to Miss Gayle and Ikey, the cat.

WAR TANK COMES HERE IN RECRUITING DRIVE

Recruits are needed for the regular [illegible] of the United States and in an endeavor to bring the forces up to the required strength a campaign is now on, war tanks being used to create interest in the drive. One of these tanks visited Tecumseh late last week, arriving in town Friday evening and remaining until Saturday noon. It attracted much attention and the officer in charge hopes the visit here will bring results.

The recruiting party consists of Captain M. C. Wiley and five men. The tank is hauled from one city to another on a truck, being unloaded at each place visited and a demonstration given. The one seen here had been in actual service on the European battlefields and bore the scars of conflict.

All of the thirteen branches of the regular army are now open to enlistment, men from 18 to 45 years of age being eligible. There is a recruiting station at Adrian and those from this vicinity who are interested are requested to visit the county seat.

From here the recruiting party went to Adrian and from there will journey to Hudson, Jackson, Ann Arbor and back to Detroit, where it started its tour of this part of the state. Encouraging results have been obtained, Captain Wiley said.

"FRIENDLY ENEMIES" SPLENDID PRODUCTION

It is to be regretted that more Tecumseh people did not witness the comedy drama, "Friendly Enemies," at the Bradley opera house last Friday evening, as they missed seeing one of the most meritorious attractions that has ever visited this city. There were only seven characters in the play but all were talented actors, portraying their respective parts as though their lines had been written especially for them.

"Friendly Enemies" is a war time production. Its leading characters are two Germans who are in accord in everything but the world war, one being a loyal American the other a German-American who insists the people of the land of his birth are not guilty of the atrocities of which they are accused. Every time the two meet a war argument is started and it results in a quarrel, these misunderstandings resulting in tense situations which are relieved at frequent intervals by humor of that clean and wholesome kind which lifts this attraction far above the ordinary.

The German-American's son, unknown to the father, enlists in the United States army. He is in love with the daughter of the true blue American. Before he sails for France he tells his father that he is a member of Uncle Sam's fighting forces, which breaks the parent's heart. The father has been contributing to a movement which he believed was of an educational character to enlighten the public in regard to the good deeds of Germans in America. His friend learns of this and discovers the one who has been accepting the contributions is a German spy. When the boat that the son sails for France on is blown up and the father learns some of the money furnished by him was used to finance the plot, he realizes he has been tricked, no longer doubts the Teutons are as cruel as they have been painted and renounces the fatherland and all that is German.

The scenery was in keeping with the general high character of the production.

RUTH PEOTTER AND CLEMENT COVELL WED

Miss Ruth, daughter of Mr. and Mrs. Charles Peotter, and Clement Covell were married in Adrian Wednesday, November 26. They will reside for a time with the groom's parents, Mr. and Mrs. Charles Covell, in Brownville. Mr. Covell was across the sea in Uncle Sam's service some months and both have hosts of friends to wish them a long and happy life together.

Saturday evening a party of some fifty friends gave them a kitchen shower at the Covell home when games and music livened things up. The couple received many useful gifts. Refreshments were served.

THANKSGIVING.

I'm thankful to live in a land that is free,
With chances for all men whoever they be,
To labor in fields of their own for the spoil
That comes to the hand that is willing to toil;
To stand without fear, without favor or grace,
From masters enthroned in inherited place.

I'm thankful for hearts with deep sympathy thrilled,
Who care for the weary, the weak and the chilled;
For boys and for girls to inherit the land
With spirits alert, and the will to command—
Past, present, or future, whate'er may befall,
I've thanks in my heart for the blessings of all.

—John Kendrick Bangs in Farm and Real Estate Journal.

Study of the scripture in the schools of Tecumseh is feasible, Rev. T. L. Rynder of Toledo told the people of this city at the Community service Sunday evening and it is hoped the next step of those fostering this movement will be to present the proposition to the board of education.

That the Sunday school is insufficient to give the child a thorough knowledge of the Word of God has long been realized by those in this work and systematic instruction in the Bible in the schools will solve this problem.

The plan in force in Toledo could be adopted here in its entirety, Mr. Rynder said. It was his opinion the expense for one year would be less than a hundred dollars. Who would not favor a system whereby the youth of Tecumseh could be taught the Holy Word the year round even if it cost several times that much? The fruits of these Biblical lessons would be so great that no matter what the cost the expenditure would be infinitesimal.

Under the plan in force in Toledo the parents make written application if they desire their child to take the Bible study course. The student must then attend the class regularly as a record of attendance, deportment and progress made is kept the same as in any other study. And it is in this respect that the religious instruction in the public school is more effective than in the Sunday school. Attendance at Sunday school is not compulsory and the instructor of the class is not always trained for the work and has no authority over the child.

In the Ohio city it has developed the study of the Bible has had a most beneficial effect on the character of the students, there being many cases where a wayward youth has become a studious, wholly changed boy.

While it may not be advisable to attempt to add the Bible instruction to this year's course of study in the Tecumseh schools, the preliminary steps can all be taken that the scripture lessons be given with the opening of the term next fall.

Edward Frensdorf at the Grange banquet last Thursday evening fearlessly told the Grangers why taxes in Michigan are high, accusing the present administration of the commonwealth's business of extravagance and crookedness. With everything sky high since the war people naturally expect the state's expense to increase over normal times, but, according to Mr. Frensdorf's figures the people are being filched. It surely should not require over $200,000 more to conduct the state dairy and food department than it did a few years ago under J. W. Helme's administration. It should not require five times as much to conduct the attorney-general's department than it did under Bird's administration, nor should it cost twelve times as much to conduct the state tax commission than it did a few years ago.

There is one lesson that the people of Michigan as a whole have not learned thoroughly and that is to vote intelligently. They have been sticking too closely to party lines. They voted as their fathers and grandfathers did—the same old Democratic or Republican party. As a consequence the state has been more than once in the hands of a "ring" of politicians who were after the long green. With the party vote overwhelmingly in their favor they could do just about as they pleased. The people of the state did not use frequently enough the big stick—the ballot. They could not sever old party ties to rebuke unsatisfactory office-holders or office-seekers. Old party ties would not allow them to vote for a better man on the opposition ticket.

The only hope for bettering political conditions is the growth in force of the independent voter—the voter that can be affiliated with a political party and still have the backbone to vote for a candidate on the opposing ticket if he is a better man for the place. The independent vote is the only thing that political ringsters fear and the people should see to it that it has a healthy growth if they want cleaner politics and cleaner administrations.

BRADLEY OPERA HOUSE ATTRACTIONS

Another Big One Friday Night

Everywhere on the street you hear that "Friendly Enemies," which was presented at the Bradley last Friday evening, was the best company and play seen in Tecumseh in years and still many Tecumseh people missed it, many who have undoubtedly paid twice as much to see some show away from home, thinking they could see something better than they could in their [illegible] home town. Some said they never heard of "Friendly Enemies" [illegible] so thought, perhaps, that because they had not heard of it that it might be an inferior attraction. Every one should have heard of "Friendly Enemies" long ago if they pretend to follow the theatrical hits at all or know anything about city attractions, as the original company of "Friendly Enemies" is now going on its second year's steady run in New York City and still playing there.

Tecumseh is getting an excellent line of attractions, in fact a class of attractions which, as a general rule, are playing cities the size of Jackson, Battle Creek, Lansing, etc., instead of towns the size of Tecumseh, but Tecumseh is getting them nevertheless and the people who want this high class of theatrical attractions here should patronize them and boost for them. Your town can be just what you make it, the management of the Bradley can book these attractions, but it's up to the people to support them.

On next Friday evening, November 28, patrons of the Bradley will have an opportunity of seeing the big Chicago success "A Honolulu Honeymoon," which will prove another big hit added to the list of really good attractions at the Bradley this season. The company numbers close to 35 people, the costumes are the most lavish and rich ever seen with any similar organization, the special scenery, of which there is a carload, was made after original sketches by Victor Kilauni, the celebrated Hawaiian landscape artist, the electrical effects are marvelous and a stunning chorus of sixteen render twenty exceptionally big musical numbers, including the famous troupe of Hawaiian Royal Serenaders which were brought to this country especially for this big attraction. In order that the correct musical score may accompany each number Willett's six-piece orchestra of Adrian has been engaged for the occasion. You see "A Honolulu Honeymoon" on the local management's guarantee that you are seeing a big city company and under city conditions. The stage of the Bradley is ample, the company and orchestra perfectly capable, the only thing necessary is your support. Seats may be reserved now by calling 365.

"The Book Worm."

Foremost among the novelty acts of the "Doughboys' Jubilee" at the Bradley December 2 will be a short comedy entitled "The Book Worm." The cast of five in this side-splitting comedy consists of Hazel Stahler, Gordon Bailey, E. E. Berry, Seymour Babcock and Perry Hayden. This act might rightly be called "big city" stuff, as it has met with wonderful success in the principal cities during the last two years. "The Book Worm" act is well worth the price of admission alone. Don't fail to see the "Doughboys' Jubilee" and give the Underwood-Orr post a boost.

CHRISTMAS GIFTS

The first duty of a gift is to give pleasure to the receiver.

The second duty of a gift is to show the thought of the giver—the sincerity of his greetings.

What could show more sincerity than the careful, thoughtful selection of a nice box of Candy, box of Cigars, Case Pipe, Fishing Reel or Pole, Shotgun, Rifle, Flashlight, Razor, Knife, Coaster Wagon, Boxing Gloves, Skates or pound of good Smoking Tobacco?

Not a frivolous gift for today, but the gift that as time goes on grows dearer to the receiver.

But gifts go even further than this—they reflect on the giver.

What could better reflect good taste than the above line of presents?

Call in and see my line.

Mr. Auto Owner:

I have a motor gas preparation that will increase your mileage 33 1-3 per cent, save 15 to 40 per cent gasoline, eliminate and prevent carbon from baking on cylinders, valves, valve seats and spark plugs, assuring a smooth running motor, quick pick-up and a better running motor in every way. Absolutely assures against carbon, which is the cause of nine-tenths of all motor troubles.

MIRACLE MOTOR GAS is not an experiment. It was tested in all makes of cars for two years before ever a dollar's worth was sold—tested thoroughly, analytically and found to be all that is claimed for it. Have had MIRACLE MOTOR GAS tried out in Tecumseh and vicinity and it is doing all that is claimed for it in every way.

I am district manager and the preparation sells for One Dollar a package—enough to charge one hundred gallons of gasoline. It is harmless, entirely soluable, no sediment, no filtering, and is put up in tablet form.

Mail orders promptly filled, and if not satisfied after using one-fourth box return balance and I will refund your dollar.

Give it a trial, and start cutting down your gasoline bills.

Do Not Read This

Unless you enjoy a good time once in a while. Do not read this if you are one of those long-faced pessimists who are always looking on the dark side of life, and can never take your nose off the grindstone of life to smile occasionally.

To be brief, this is the dope: The American Legion (Underwood-Orr Post, No. 34) is going to spring a wonderful surprise on Tecumseh people December 2. At the Bradley opera house on that night they will pull off one of the biggest hits of the theatrical season in this neck of the woods.

"The Doughboys' Jubilee," with a cast of 75 men and girls, will please a packed house with snappy new songs and capers, hitherto never "exposed."

The scenes are laid in an army camp and the atmosphere of the entire show will be of a patriotic nature. Do not fail to be there. It's for the boys who won the war and the price of tickets is 25c, 35c and 50c, with a few at 75c.

A Bigger Store

And a Greater Service

It is with pardonable pride that we point to our growth, as the triumph of an idea. Our business is so young—yet our success is so apparent, especially to those who visited us during our grand opening last week.

About six years ago we began in a little store—but the idea was so big that the space would not contain it—and now we are much bigger—and yet too small to satisfy the idea completely.

Our idea was—and is—to have the best appearing and best stocked furniture store in this part of the state, and then when you think of furniture you'll just naturally think of Service's big store.

The people visiting us last week were not slow to observe the big difference in the arrangement and appearance of our store, and most of them showed surprise in the amount and quality of the goods displayed.

We wish to thank our many friends for the interest shown in our Grand Opening, and we can assure you that every courtesy will be shown you in future visits.

BEAVER BOARD

Give them a room of their own

"Keep your hands off the piano—take your feet out of that chair—stop that hammering—Do sit down and read a book."

You can't expect Beaver Board results unless this trade-mark is on the back of the board you buy.

That's what the children hear from morning to night as soon as cold weather begins.

There's no place to play. And healthy children *must* play. Why not give them a room of their own?

Isn't there some space in the attic or some unused room that could be fixed for them. No need for the muss or delay of plastering. Simply take big sturdy panels of Beaver Board, nail right over the studding and joists, panel and paint to suit your individual taste.

Beaver Board is real lumber, sized and sealed by an exclusive "Sealtite" process that makes it impervious to weather or climatic changes, and it makes wonderfully attractive walls and ceilings, as permanent and desirable as hardwood floors. Call us and ask for estimates and samples.

GRANGE NO. 166 IS VERY CORDIAL HOST

(Continued from Page One)

ministration was placed in charge and of the great improvements that had been made during the past six months. Her address was along the same line given before the Monday club a few weeks ago. Mrs. Huncicker is a specialist in play, devoting her time to teaching young and old to play more games, it being her belief that life can be made much sweeter by seasoning it with more recreation. She was engaged in recreation work in Detroit when asked to go to the Industrial Home at Adrian to instruct the girls how to play. Many of the residents did not know how to play, she says, and were reluctant to take part in the games, but by perseverance and a deep interest in the girls she won them over and is now getting wonderful results. The task of placing the Industrial Home on a higher plane, in the opinion of Mrs. Huncicker, is the biggest bit of reconstruction work in Michigan at present.

Edward Frensdorf, whose subject was "Things That Concern Us," opened his remarks by assuring the Grangers it was indeed a pleasure to address them, as he was no stranger in Tecumseh, having been identified with this city's business interests for about thirty years. The Hudson man declared there was much satisfaction in being able to serve, and in this connection reminded his hearers that he had been identified with the Michigan state prison at Jackson for eight years as member of the board of control and also as acting warden, and then launched upon an exposition of why the state taxes were so high now, relentlessly assailing the present state administration. More than once he referred to those in control as crooks, desperadoes and robbers, sparing only one official, Auditor General O. B. Fuller, who, he asserted, could not "be fixed."

The speaker surmised that many people had been wondering about their taxes this year, expressing the opinion many will be shocked almost to death when they learn the worst. But, said he, it is not surprising the public has not been informed that the state's expenses have increased 91 per cent in one year. Those in control are not anxious that it be noised around how fast they are spending the state's money and see to it that the news agencies at Lansing do not send out anything that does not meet their approval. Mr. Frensdorf announced that for the benefit of those who desire information in regard to the state's method of doing business he had taken some pains to gather figures that would reveal what is going on. The figures he would present, he declared, could all be verified and were not hearsay. He alleged they would prove the gang now in the harness was a band of defaulters and embezzlers and their methods were a crime against the commonwealth of Michigan. Auditor General Fuller was the only one not involved, he said.

It was in 1910, the Hudson man explained, that he was pressed into service on the prison board of control by Governor Chase S. Osborn. Up to that time the Michigan penitentiary had been getting $96,000 a year from the state. During the six years following his appointment as a member of the board of prison control Mr. Frensdorf averred the institution began to make money, reaching its high tide in profits when it cleared $320,000. This, after $60,000 had been allowed for depreciation. During this time $90,000 was paid to inmates for overtime work.

He charged that the first break in the non-political administration of the prison came when Governor A. E. Sleeper removed O. L. Wernicke from the board of control. At this time the auditor general's books showed the prison was clearing over $300,000 a year and the speaker charged it was this money that attracted the attention of the political plunderers, as he designated them. The first step by the "gang" he said was Attorney General Alex Groesbeck's grand jury investigation of affairs at the state penitentiary, and while this fell flat, the Hudson man maintained it instilled in the minds of the people that Frensdorf was not serving on the board for nothing and must be "getting his." The next step was the accusation there was a shortage of thousands of dollars in the prison accounts and the appointment of a legislative investigating committee by Governor Sleeper. Then came the order to audit the books of the penientiary, the speaker alleging there was plenty of opportunity in the meantime to mutilate and destroy the records and accounts of the institution. When the auditors could not make head or tail of the prison accounts

GRANGE NO. 166 IS VERY CORDIAL HOST

(Continued from Page Seven)

the attorney general pronounced the audit a failure. "The penitentiary books were O. K. when I severed my connection with the institution," Mr. Frensdorf declared with emphasis, "but they were not O. K. when the auditors got them. Whole pages were torn out. Records were destroyed and accounts mutilated. No gang of desperadoes ever gathered under one tent ever attempted to pull as big a robbery as this gang put over on you people. But it had one man to deal with who could not be 'fixed' and this was Auditor General O. B. Fuller. I had a copy of every account of the prison when I left. It was when Groesbeck and the gang learned this that they termed the auditing company's efforts a failure."

In referring to the controversy over the prison farms the Hudsonite said the board of control had been charged with paying too much for the land purchased. He read a letter which he had sent to the governor when this accusation was made in which he offered to pay the state the same amount it had spent for the farms and said now he is willing to spend $20,000 more than what the land cost Michigan to acquire it for his own use.

To show how the expenditures of the state administration have advanced during the past few years the following figures were presented: The department of the secretary of state for 1909-1910, when Osborn was governor, was voted an appropriation of $68,000; now it gets eleven times that much, or $782,000. This appropriation, the speaker affirmed, was fathered by Senator Charles J. Deland of Jackson, who before the legislature adjourned announced himself as a candidate for secretary of state. The attorney general's department for 1909-1910 was granted $22,000 for its upkeep; now with Groesbeck in office the department needs five times that much or $108,000. Here Mr. Frensdorf remarked that before long the people will have nothing to live on but tax receipts. Again referring to the prison, he alleged that since the Sleeper-Groesbeck gang was in control, instead of making money, the state penitentiary is losing it at the rate of about $1,000 a day. He said the state tax commission in 1912 was given an appropriation of $26,000, but now it gets twelve times that sum, $300,000 a year; that when J. W. Helme was dairy and food commissioner his department was granted $35,000 a year, but used only $25,000 of it; the last legislature gave this department $247,000 for a year's work. Helme was fearless and offended the crooks, but since he has been out of office the crooks have been conducting things their own way, was the charge made by the speaker.

What could be considered a gubernatorial boom was started when Mr. Frensdorf referred to the fact that the Grangers were advocating a farmer for chief executive of the state. He called attention that the only real farmer in Michigan, and one born in Lenawee county, who had stood by the farmers was Senator Herbert Baker, and when he voiced the opinion Mr. Baker would make an excellent governor the hall resounded with applause. Some farmers are lined up with the grand plum distributors, it was alleged, and there are some Grangers in the state who want to break into politics but if they get in control the officials now in command might as well be retained.

"They say times are good," the Hudson man said. "But are they? Production now is less with four million men back from France than it was during the war. There is something wrong."

He warned the Grangers against being caught by the scheme to prohibit collective bargaining. "Do you want a law passed that will make it illegal for you and your neighbors to ship cattle or grain co-operatively? That is collective bargaining. Do you want it made unlawful for two or three of you farmers to have a carload of sheep shipped to you? That is collective bargaining. Beware of those who would prohibit this collective bargaining as it will hit you fully as hard as the organized laboring man in the cities."

This address created a deep stir and at the close of the meeting there were groups in various parts of the hall discussing it.

FIVE PER CENT PLAN

Under the five per cent plan you join without any expense. You receive a check for interest the first of January and July. Your money draws interest from the day we receive it to the day you withdraw it. Invest any amount you can divide by $40.00. For example, you can invest $40.00, $80.00, $120.00, $160.00, or as much as you care to as long as you can divide it by $40.00.

SIX PER CENT PLAN

Under this plan you purchase an account card for 25c, then you purchase as many shares as you wish at 10c each. Each share when matured has a value of $100.00. You're supposed to pay at least 25c per week on each share you purchase. These payments can be made weekly or monthly as you wish. At the end of each six months, interest will be computed on your savings at the rate of 6 per cent per annum and added to the value of your account. When the total amount of your savings plus the interest amounts to $100.00 on as many shares as you have purchased, your account will be matured.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

TELLS HOW TO GET BIBLE INTO SCHOOL

(Continued from Page One)

it is from these places the leaders are secured for the larger cities. The changed population in the big industrial centers has resulted in a Bibleless world, and Bibleless people result in Bolshevism. The family altar is largely a thing of the past in towns of any size and this has resulted in a tremendous increase in crime."

The Toledo man contended intellectual study alone will not make good citizens of our boys and girls and we should not neglect the heart while training the mind. Something more than the Sunday school is necessary, he asserted. "You cannot read the best literature understandingly unless you read the Bible," he insisted. "The Bible restrains people from sin and that is why it should be taught in the schools."

The speaker explained the plan in force in Toledo is an adaption of the Gary method of Bible instruction. A committee from the Federation of Churches outlined the plan to have the children taught Biblical lessons in school and submitted it to the board of education, which adopted it. Taking advantage of the Bible lessons is optional with the parents of the student, the father or mother of the pupil making written application if the child is to attend the class. Once the parents have applied for Bible lessons for their child, attendance at the class is compulsory. In the high school grades credit is given for the Bible study. The elementary grades, to show they have taken the studies, must pass an examination, and a record is kept of attendance and other phases of the work.

It is contrary to the Ohio law to teach the Bible in the public schools so the religious lessons are taught in the church nearest the school, the pupils studying the scripture being excused from the other classes for one period. Sunday school workers or others qualified to teach the Bible lessons are engaged as instructors, they being paid from funds raised by voluntary contributions.

All nationalities are represented in the Bible classes in Toledo, 428 pupils being enrolled last year. This year 1,500 students were expected, but 2,500 have made application for the religious instruction and it is a problem to find teachers enough to handle all the classes.

By the plan in force in the Ohio city the children are taught lessons from the Holy Word just as thoroughly as they are instructed in history, arithmetic or any other study and they thoroughly like it, Mr. Rynder assured his hearers. Expounding the scripture to the school children, he affirmed, has changed the character of many of the pupils, and he related the experiences of several of the teachers in the schools of his home city.

At the close of his address he announced he would gladly answer questions and in reply to quiries informed the congregation the money for the Bible courses in the Toledo schools was raised through a campaign. He was confident a drive extending over only one afternoon would raise enough money in Tecumseh to conduct such a school here for a year. A set of accurate Bible maps and a blackboard is all the equipment needed. It was brought out that by having the classes in a church the school restraint was thrown off and the atmosphere of the place where God's word is expounded from the pulpit helped to make the courses a success. Text books prepared by a recognized authority are used in the Toledo Bible classes and these were submitted to the board of education for approval before they were adopted.

The many questions asked and the keen interest taken in the address demonstrated this question is one close to the hearts of the residents of Tecumseh and vicinity and steps to introduce a similar plan in the local public school may be looked for.

The Community service was opened by Rev. W. R. Curtis offering a prayer and Rev. Edward Escolme reading the scripture lesson. Rev. C. M. Thompson made a special and appropriate appeal to the Great Master asking His blessing on the schools of Tecumseh. One of the musicl features of the evening which was thoroughly enjoyed was a selection by the Temple quartet. Announcements were next in order, Rev. W. R. Curtis making it known the next Community service would be held in the Baptist church.

How Do You Feel—When You Stoop?

Slow and sluggish movements, tired action, backache, rheumatic pains, stiff joints or sore muscles indicate that something in the human system is out of order. In most cases, these symptoms are the result of waste matter or poisonous acids being left in the blood by the failure of the kidneys to properly do their work of filtering and casting out impurities from the blood.

STOPPED HIS BACKACHE

"I am 70 years old. I tried Foley Kidney Pills, thinking I needed them—as my back was hurting and aching all the time. I got so bad that when I would stoop over in the store while at work I could hardly raise up—such an awful catch in my back. After taking just one bottle of Foley Kidney Pills, my backache was entirely gone and I felt good and strong. I think they are the greatest remedy for backache and irregularities of the bladder."—W. P. Tatom, R. F. D. 1, Washington, Pa.

FOLEY KIDNEY PILLS

have been used by young, middle-aged and old with complete satisfaction. You will find them different from all other remedies. They act quickly and surely and have given relief in cases of years' standing. If you have cause to suspect your kidneys are weak, disordered or inactive, you should act immediately.

The next meeting is at the home of Horace Lamkin.

Dr. Cteinhoff is at Ann Arbor undergoing an operation. We all miss his face.

Several new scholars joined the Sunday school last Sunday. It is hoped that we may have Baptismal services next Sunday.

Doughboys Take Town By Storm

"JUBILEE" BY UNDERWOOD-ORR POST DECIDEDLY CLEVER

Ex-Service Men and Friends Are Highly Capable as Entertainers—Varied Program Presented in Finished Manner—Musical Hits Numerous.

You cannot resist them.

The members of Underwood-Orr post, No. 34, American Legion, are just as clever entertainers as they are heroic fighters. This was demonstrated before a large audience Tuesday evening at the Bradley opera house when the local post, aided and abetted by a number of friends, staged a "Doughboys' Jubilee" which was as decisive a success as the rout of the Teutonic war lord a little over a year ago. All of the numbers on the long and varied program were presented with such smoothness and ability that one gained the impression the participants were professionals instead of home talent. The musical selections went over big, the catchiness of the various numbers quickly taking with the audience. Lester Coller directed the chorus.

Part One was a scene in a hostess house in an army camp in 1918, colored and white soldiers and some sailors enjoying the comforts of the place. Red Cross nurses were on duty to see that the service men were made to feel at home. This scene permitted the introduction of a series of vocal solos and a number of jokes with local people as the victims, these calling forth continued and pronounced applause. Colored soldiers included Sergeant H. H. Hammel and Corporal George Rathbun who acted as

PRESBYTERIANS TO MAKE CANVASS NEXT SUNDAY

The Presbyterian church, operative under the New Era program, will put on its financial canvass next Sunday. The amount apportioned to the local church is $2,100. Nearly all Presbyterian churches in the country made their canvass last Easter, when $11,000,000 were secured, leaving $1,000,000 to be raised by churches that did not put on the canvass then.

The war conditions and results at home and abroad have made necessary this extra amount as a benevolent fund, which is about twice the amount that the denomination has been in the habit of raising for charity and benevolent purposes. Four million dollars are to be spent in education and Presbyterian educational institutions, one million of which will be used in Americanizing of city foreign sections.

The denomination is helping to rebuild many of the Protestant church buildings of France. It is also looking after many soldiers' families overlooked by the government. Very large sums are also to be spent in Syria for relief and reconstruction.

The Tecumseh church is the only large church in the Monroe Presbytery which has not raised its apportionment.

Miss Mildred Brooks, daughter of Mr. and Mrs. Allen Brooks, on Wednesday, November 26, became the wife of Garland Gove. The ceremony was performed at the Baptist parsonage by Rev. W. R. Curits, with the attendants the bride's twin sister, Marian, and Lamont Harrington.

The bride graduated from the local high school in the class of 1919 and has since been an operator at the local telephone exchange. The groom, who is the son of Mr. and Mrs. Freeman Gove, is a survivor of the Tuscania and afterwards spent about eighteen months in foreign service.

After a short wedding trip the newly-weds will reside with Mr. and Mrs. Freeman Gove.

Much Damnge Is Done By Storm

GALE HERE WORST IN MANY YEARS

Many Buildings and Fences Fail to Withstand Fury of Wind—Telephone, Telegraph and Electric Service Seriously Interrupted—Numerous Trees Uprooted.

29

Every day new details come in of the wreckage caused by the terrific gale of Saturday. Not in many years has this district been swept by such a hurricane. It did not take a narrow path, but covered this whole end of the state apparently and Tecumseh suffered as did the other communities.

Here in town trees were blown down, electric, telephone and telegraph wires broken, small buildings and fences overturned, porches blown away and in several cases dwellings were much damaged.

Mrs. Rose Hoag's house on East Shawnee street is minus a front porch, a great tree being uprooted and fell onto the porch, breaking it down as though it had been paper.

At John Hoy's a part of the front porch was blown away and a plate glass window shattered.

The wires were down all over town so the electric plant was shut down for a couple of hours, adding darkness to the fright caused by the wind. The house and store lights came on later, however, but the street current and the current to Petersburg, Deerfield, Britton and Ridgeway was not turned on until Monday.

Through a strip down in Raisin every farm suffered to a marked extent. At Fulton McLain's several barn doors were blown off, even the tracks being smashed. At John Richard's farm a part of the roof of the barn, a section about twelve feet square, is missing. S. J. Wilson's brick house was probably damaged the most of any dwelling near here. Two windows some eight feet apart in the second story were blown in and also the intervening brick wall. Oliver Schneerer's silo was blown over and at Albert Kopke's, the old McIntyre place, every barn door is gone and the whole orchard destroyed.

Northwest of town Mr. Vogel's barn, just being rebuilt, was demolihed. Harry Abbott had just installed a new furnace in his home and that chimney went with the other wreckage. Also the whole south part of the roof of the large barn.

A. O. Howard and Frank Pratt are shy windmills. Two young men were driving to Ridgeway when their buggy was blown into the ditch and broken to pieces. They were forced to borrow a conveyances to get home. The Bidwell stock farm will have to reshingle the west side of their big barn. These are but a few of places where the storm left debris in its wake.

The telephone, telegraph and electric light men have been busy repairing the damage and are making good progress.

Social Problem Is Most Perplexing

REV. CURTIS ASKS ALL TO BELIEVE IN ONE GOD SENT

Says Relationship With Christ Must be Renewed—Next Community Service at Methodist Church.

That the real problem of today is the social problem, the problem of justice and equity was asserted by Rev. W. R. Curtis at the Community service Sunday evening.

The Baptist church held a good sized congregation in spite of the wind and cold. With four ministers on the platform, was shown the excellent spirit prevailing among these four churches of the town.

The scripture lesson was read by Rev. C. M. Thompson and prayer offered by Rev. Edw. Escolme.

Among the announcements the Community service is to be held at the M. E. church next Sunday evening, with Dr. Fruit, the presiding elder, making the address; the next Sunday the service goes to the Friends church and the third Sunday a Christmas service at the Presbyterian church. Rev. Thompson announced cottage prayer meetings among his people three afternoons this week and Rev. Escolme invited the people to attend evangelical meetings at the Friends church every evening this week except Saturday.

Preceding the sermon Mrs. R. S. Moore sang a solo.

Rev. Curtis took his theme from Rom. 5:20, "Where sin abounded, grace did much more abound." Christ is concerned in every problem. The sin problem is as a haze between us and Christ which only can be removed by the grace of God. God has given us a conscience and we know when we have done wrong and we cannot do good to overcome it.

As we study Christ we appreciate the condition within is not as it should be and the broken relationship between the sinner and Christ must be renewed, for "the soul that sinneth it shall surely die." But the gate of heaven is here. In spite of the selfishness which filled their hearts, he died for the world. "If you want your life full of joy, find the victory which comes in accepting Christ."

Martin Luther was the evangel of God's saving grace, and the story of his life gave many examples of the fighting of sin, the most poisonous thing in the world. Then it was only understood that God could be appeased for sin by self punishment, but Martin Luther has not brought to the world all there is to know about God's plan. Luther fasted and did penance yet asked "What shall I do to be saved?" The sacrifice on the cross gives hope for every person, life and joy. Believe in Him that God has sent.

WIT AND WISDOM CLUB HAS UNIQUE MEETING

There were over fifty at the meeting of the Wit and Wisdom club at the home of Rev. and Mrs. W. R. Curtis Monday evening when "The Boy Scouts" was the theme. In the party were some fifteen of Troop 2, Boy Scouts, and they took an active part in the entertainment, receiving the guests, assisting on the program and helping with the refreshments.

Rev. Curtis was leader and with the boys demonstrated different phases of the Scout work. This was varied with piano solos by Norman Long and Miss Ethel Curtis, a whistling solo and encore by Miss June Brooks accompanied by Miss Curtis. Mrs. R. S. Moore sang an Indian song, accompanied by Mrs. F. B. Wood, responding to an encore with a humorous reading. Rev. Curtis closed the program with an outline of the Boy Scout work. The responses to roll call were anecdotes of boy life.

The lunch which followed was a novelty, served in real boy fashion in a paper covered parcel, with "weinnies" roasted in an open fire and coffee in tin cups. Some enjoyed a bonfire in the back yard when formality was cast to the winds and the "weinnies" tasted every bit as good as when served on the nutting expeditions long ago. Others, fearing the cold, remained indoors and Mrs. Curtis arranged open fires in the living rooms. The affair was very delightful and besides helped to engender an interest in Rev. Curtis' favorite work.

December 15 will be the club's "Mid-Winter Frolic" out at the Eaton home.

MARRIED 25 YEARS, GIVEN A SURPRISE

Honoring the twenty-fifth wedding anniversary of Mr. and Mrs. Clarence Gilmore, a party of relatives gathered at their home Wednesday evening to help them celebrate. Mr. and Mrs. Gilmore were just ready to spend a quiet evening when the guests, unannounced, entered their home bringing with them well filled lunch baskets, from which a bountiful supper was soon prepared, following which social converse, music and reminiscences were enjoyed.

Mr. and Mrs. Gilmore received a beautiful token of remembrance from the guests.

Present were Mr. and Mrs. Frank Gilmore, Ray Gilmore and family and Miss Lulu Gilmore of Ridgeway, and Mr. and Mrs. S. W. Boyce, Wilbur and Miss Marjorie Boyce.

Rubber Equipment Provided Firemen

Council Also Purchases Hydrants to be Prepared in Case Jack Frost Does Damage.

Rubber coats and hats are to be provided the members of this city's fire department. The council, at its monthly session Monday evening, voted to purchase six such hats and coats. They are to be kept ready at hand on the fire truck and are to be of a size to fit any of the fire fighters. This equipment will help protect the clothes of the members of the local department, who at times heretofore have had to fight the flames when attired in their best garments.

It was also decided to buy a few extra water hydrants as a precautionary measure, as at present the city has none to install should one of those now in use freeze and burst.

Petitions for lights were received, but these were referred to the lighting committee.

About the usual number of bills were audited and ordered paid.

All of the trustees were present except Dr. Hendershott.

Open Forum Stirs Church to Depths

Presbyterians [illegible] Intense Interest [illegible] New [illegible] of Service [illegible] Most [illegible]

Sunday morning's service at the Presbyterian church took a new form. The open forum which has met with such great success in many city churches, was used and the innovation was successful in engendering an interest. It is safe to say no one went to sleep at this service.

By invitation from the congregation Joseph H. Smith acted as chairman and the problems of the church were concisely stated by Rev. W. A. Rex, not as the minister of the church but as a speaker in a forum. Mr. Smith then asked to have these points discussed and the speakers were so numerous and the congregation became so interested that the discussion had to be cut short after the closing hour and then groups forgot their dinners and remained to clear up a few problems, in their own minds at least.

For several Sundays on the calendar the minister has placed these questions: "(a) Name one improvement needed in the church (b) in the Sunday school," and it was the answers sent him which formed the basis of his speech, also the platform of the New Era movement, now being pushed in the local church with such effort.

Many features were brought out, both of criticism and commendation, and all good for the church. These open forum meetings cause a "shaking of old bones" and rouse any church from its lethergy.

No tickets will be sold, but a collection taken at which the smallest offering will be gratefully accepted, at the same time no limit is placed on the liberality of the public. There are no expenses, every cent donated will go directly to feed the dying people of Armenia.

The Armenians are the oldest Christian nation, they accepted Christianity from the apostles of Christ himself. And their present martyrdom, as well as the dreadful sufferings they have undergone for sirteen centuries, are due to the fact that they have remained true to the Christian religion. They could have saved themselves by becoming Mohammedans, and by denying Christ.

All the original Christian nations of the east, the cradle of Christ himself, have reverted to Mohammedansim, or to idolatry, Armenia alone has remained steadfast and true.

All nations have had martyrs, Armenia has been the martyr nation of the world.

Half a million orphans are wandering around eating vermin and even the dead, until death releases them from their sufferings. Shall we who call ourselves "Christians," and call on Christ for mercy, deny mercy to those who first welcomed Him.

Come to the concert and if you cannot come send us a donation. Mrs. Jos. Smith is chairman of the collection committee.

Editorial Comment

The Tecumseh Herald had to come to it at last. The pressure of steadily increasing expense has forced the publishers to adopt means to increase the earnings of the business. After carefully studying the situation the example of other publishers was followed and the advertising rate advanced slightly—just enough to place the business on a safe footing. There was no alternative except to discontinue publication and not one interested in the "Biggest Little Town on Earth" would relish the demise of The Herald after its continuous service of three score years and ten.

The biggest trouble to contend with during the past few years has been the print paper situation. The price has been advancing steadily until last week we were compelled to pay nearly four dollars per hundred over a shipment of six or eight weeks ago. But even at that we were fortunate to obtain enough to tide us over for a time. Three orders for print paper were turned down, paper houses claiming they had no paper in stock and mills would not fill their orders. It is a situation that many small city and town papers will be unable to survive.

The new advertising rate is by no means exhorbitant—it is what we should have had for the past twelve months at least. Publishers in nearby towns—publishers of smaller papers than The Herald—were not quite so optimistic and raised their rates before the situation really became acute.

The Herald uses between two and three hundred pounds of print per issue. Besides the increase in cost of print paper and everything in the making of a newspaper Uncle Sam has also taken a hand in the game and raised the postage.

The smaller papers are not the only ones to suffer—the big metropolitan papers are also feeling the pressure, some of them refusing to accept only a certain amount of advertising.

While at present there is no danger of Tecumseh losing its paper by suspension, thanks to the lucky purchase even if it did come high, we trust that the siutation will soon ease up so publishers will know what to depend upon.

Again we are living in war times as far as the coal situation is concerned. Fuel restrictions have been issued by Administrator Garfield and essential industries are the only ones that have any assurance of fuel. Tecumseh dealers have felt the effect of the restrictions, cars being confiscated by the administration and some difficulty has been experienced in getting cars released.

The matter of large ash piles and heaps of rubbish in the alleys back of the business blocks was brought to the notice of the village council by Marshal Mominee at the regular meeting of the city dads Monday evening. The fact of the matter is that Tecumseh alleys do not present as inviting an appearance as they should and it ought not to be necessary for town officials to order a cleaning up. People should take pride in the appearance of their rear entrance, guard against fire traps or obstructions to free fire fighting. It's pretty late to talk about it now, as ashes and rubbish are already frozen fast, but in the spring we should see to it that they alleys are cleared of all unsightly piles of accumulations.

Senator Newberry and 133 Michigan political leaders have been indicted on a charge of election fraud by the grand jury at Grand Rapids. The claim is made that a gigantic conspiracy has been uncovered and that the scandal extended from the most populous Detroit wards to the Indian reservations. Newberry comes back with the claim that the whole thing is a "frame-up" by political enemies and that he does not propose to rest under the charges that his seat was obtained by bribery and corruption. Michigan people well recall the political battle both in the primaries and election, in which Henry Ford was Newberry's chief Democratic opponent.

With the mercury hovering around the zero mark the sign, "Ice cold soft drinks," displayed on one of our store window shades has very little attraction for the passerby.

Murphy of Tipton.

Mr. and Mrs. James Hatch were hosts at a bountiful Thanksgiving feast enjoyed by their children and their families and other relatives to the number of 23. The guests were Mr. and Mrs. Wm. Hatch and family of Ypsilanti, Mr. and Mrs. Harold Hatch of Clinton, Mr. and Mrs. Fred Gerbric of Detroit, Mr. and Mrs. John Ladd and family, Mr. and Mrs. Wm. Swick and family and Mr. and Mrs. Geo. Collins.

On Thanksgiving day Vern Camburn and sister, Elnora, feasted with Mr. and Mrs. Sumner McCollum and family on the wild geese which Mr. McCollum bagged on Camburn's lake. The gander measured nearly six feet across its wings from tip to tip and weighed 10½ pounds, while its mate measured five feet from tip to tip of wing and weighed 8 pounds. Mr. Eberlie's family also on that day enjoyed a wild goose which they brought down. These birds are supposed to have become lost from a flock which was recently migrating to a warmer region.

The Ladies' Aid of the Presbyterian church will hold the annual chicken pie dinner at the home of Mr. and Mrs. Frank Sage next Wednesday, Dec. 10. Everyone be sure to remember the date and come.

The funeral of Mrs. Elizabeth Pennington Collins, who passed away at her late home in Saline Wednesday evening, Nov. 26, was held from the Macon Presbyterian church Saturday, Nov. 29, at 1:30 p. m. Although the day was very stormy, a large gathering of relatives, neighbors and friends met at the church in honor of her memory and testifying to the esteem in which she was held by all. The bearers were Sumner and Walter Cotton, Walter Morden, Kenneth Pennington, Bert Hammond and Mayne Pennigton. Rev. Hoffman of the Saline Presbyterian church, her pastor, spoke words of comfort and Mr. Finch of Saline sang. They laid her to rest in the beautiful Macon cemetery.

The wind storm of last Saturday evening and night, which did so much damage throughout the country, played a number of pranks around Macon and vicinity. It broke doors off their hinges, pushed in window sashes, ripped shingles off some houses and sent them whirling through the air, broke tops out of some trees and uprooted others. unroofed barns and tool sheds and one silo, tipped over some outbuildings, moved slightly a couple of barns and sheds. threw down telephone poles, putting the lines out of commission, and in fact had such a rollicking time that many things were all topsy-turvy when the storm had passed by. We have not heard of anybody being injured, although several happened to be out in the hardest gust of wind.

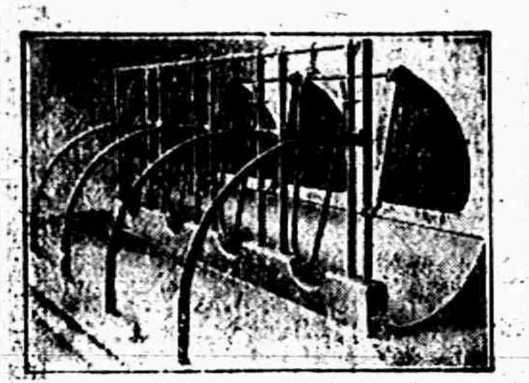
DAIRY NEEDS

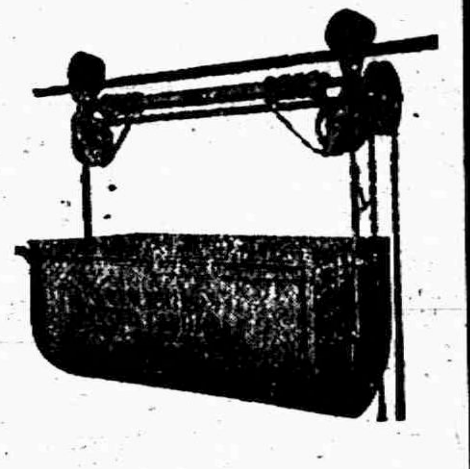
In looking over the long list of purchasers for the year of Silos, Milking Machines, Stalls, Stantions and Litter Carriers it is gratifying to know that each purchaser is so satisfied he tells his neighbors. Many of these neighbors are expressing their regrets for not purchasing this year and surely will install an outfit next year.

LOUDEN LINE

Which we have sold for several years is the last word in Barn Equipment. A great many farmers do not realize how important sanitary stalls really are, and do not believe the expense will warrant the purchase, etc.



In order for the farmer to know just how practical the matter of barn equipment is we have had built some complete stalls showing just how the bedding and feed is separated, how the partitions keep the cows apart, how the divisions keep the greedy cow from eating the share of her neighbor, how the new up-to-date water bowl works so she can get fresh water to drink any time.



Then how the Litter Carrier works so easy a child can operate it easily with a 500-pound load.

First time in town drop in and see for yourself, and, by the way, look over your other requirements and let us talk it over and let us try to assist you in the purchase of your needs early—before the spring rush begins.

Poultry Keeping for the Blind.

Blind Edward Jones, of Jefferson City, Mo., has made a record in keeping poultry which many who have eyes have not equaled.

Moving among his birds, which seem to understand how he is handicapped, and guided only by his sense of touch, he performs his daily work. He has built his own poultry house and brood coops, and has hatched and raised all his chicks. Blindness does not prevent him from culling his flock. The birds not intended to be kept are marketed as broilers, and the others are kept for the production of winter eggs.

Mr. Jones attended every poultry meeting held in his section last fall. He is now trying to organize a poultry club for blind people, and the home demonstration agent in the county has volunteered to read to the members the publications on poultry sent from the United States Department of Agriculture.

Mr. Auto Owner:

I have a motor gas preparation that will increase your mileage 33 1-3 per cent, save 15 to 40 per cent gasoline, eliminate and prevent carbon from baking on cylinders, valves, valve seats and spark plugs, assuring a smooth running motor, quick pick-up and a better running motor in every way. Absolutely assures against carbon, which is the cause of nine-tenths of all motor troubles.

MIRACLE MOTOR GAS is not an experiment. It was tested in all makes of cars for two years before ever a dollar's worth was sold—tested thoroughly, analytically and found to be all that is claimed for it. Have had MIRACLE MOTOR GAS tried out in Tecumseh and vicinity and it is doing all that is claimed for it in every way.

I am district manager and the preparation sells for One Dollar a package—enough to charge one hundred gallons of gasoline. It is harmless, entirely soluable, no sediment, no filtering, and is put up in tablet form.

Mail orders promptly filled, and if not satisfied after using one-fourth box return balance and I will refund your dollar.

Give it a trial, and start cutting down your gasoline bills.

FIDDLER GIVES FINE PROGRAM AT SCHOOL

Chas. Taggart, the old country fiddler, gave a delightful entertainment on the high school lyceum course Wednesday evening. For a one-man program he gives a great show. He started with a parody on "Smiles," getting his audience in fine humor. This was followed by brilliant piano selections and as for the violin he is an artist and it doesn't make much difference how he stands or holds the fiddle. His readings were excellent, as was his work as a ventriloquist.

FRANKLIN

Mrs. Sam Thomkins visited at her brother's, Mr. Case, west of Clinton Saturday.

Edward Wisner was absent from Clinton high school Monday and Tuesday on account of illness.

The K. of P. has appointed a committee to assist at Arthur Dove's as soon as it can be safely done.

Don't forget the meeting of Tipton Grange at the hall Friday night. There will be a number of candidates to initiate.

Miss Alice Whelan of Tecumseh, who came up to attend the Boy Scouts' meeting at Tipton Grange hall Friday night, remained with her grandmother, Mrs. E. J. Whelan, over Sunday.

Mrs. Wilford Allen has received the announcement of the birth of a nine-pound boy, Guy Monroe, to her brother and wife, Mr. and Mrs. Stanley Jacobs, at West Unity, Ohio, November 26.

S. N. Wisner, master of Tipton Grange, has received a communication from John C. Ketcham, master of the State Grange, also chairman of the beet growers' committee, calling attention to the meeting of the Sugar Beet Growers' association in the Masonic temple at Saginaw Monday afternoon, Dec. 8. The Michigan State Grange convenes at the same place the following day. Reduced railroad rates on the certificate plan have been granted to delegates and visitors to the Michigan State Grange. Delegates to the beet growers' meeting who are also to attend the State Grange and remain until Thursday can avail themselves of this reduced rate. "Please," he says, "Give this very important meeting the widest possible notice and urge all beet growers to attend. The conditions under which the 1920 beet crop is to be produced are of first importance to growers and here is the chance to make your desires known. Remember that all beet growers are invited."

The storm, which began with a gentle rain Friday morning, reached its height Saturday afternoon, when a wind which did many dollars' worth of damage swept this vicinity. Arthur Dove seems to have been the worst hit so far as reported. His large barn was partly blown down on the driveway, and there it still hangs, making it unsafe to enter and ascertain all the damage done. So far as is known twenty odd sheep were killed. The horses and cattle escaped injury. At Fred Willnow's, on the Alexander place, the windmill and several trees went down and panes of glass were blown in. C. L. Wisner's windmill was blown down and crates and pails scattered. At Herbert Munger's a large window was blown in. Many chimneys were demolished and many barn doors went down. Linford Slayter's barn was unroofed and much damage done to Mr. Elwood's barn. S. N. Wisner's woodshed was totally unroofed and his sheep barn partially so. Many telephone poles are a mass of wreckage and wires are crossed. Clinton was reported to have been in darkness, but the electric lights are on again at Tipton.

"Gets-It" Peels Off Corns Painlessly

Off They Come Like Banana Skin. 2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there is the peaceful, glorious "peel-it-off" "Gets-It" way. After you have tried "Gets-It" you will say "never again" to all other methods. This is because "Gets-It" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fussing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails.

Cut It? Quit It! "Gets-It" Peels It!

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

DEATH OF GEORGE MERRITT

Former Cigar Manufacturer, the Last of a Family of Franklin Pioneers.

After laying in a semi-couscious condition for more than a week following a stroke of paralysis, George Merritt passed away Wednesady evening, aged 83 years.

Mr. Merritt was in the cigar manufacturing business in this city for about forty years, retiring in 1913. During the years of his business life he occupied the building now owned and occupied by Ben Pulver.

With the passing of Mr. Merritt goes the last of the family of Mr. and Mrs. John Merritt, pioneers of Franklin township. The last three brothers passed away within six weeks, John Merritt dying in Lockport, N. Y., October 16, and four days later the brother, Edward, at Big Rapids.

Mrs. Merritt died some 18 years ago, leaving no children, but Mrs. Eugenia Gordon, the faithful housekeeper, has cared for him through these years as tenderly as one of her own family.

Of a quiet, unassuming disposition, Mr. Merritt was a deep thinker and a student of political and world affairs. He leaves hosts of friends on the business street who appreciated his worth. He was a charter member of the Tecumseh tent, K. O. T. M.

He leaves one nephew, Allen Merritt, of New York City.

The funeral was held from the home on West Shawnee street Saturday afternoon, conducted by Rev. J. G. Widdifield. The pallbearers were C. A. Wright, B. J. Pulver, H. Brant Roberts, Frank Kennedy, George Hanford and James McKinney.

Present from away were the two sisters-in-law, Mrs. E. H. Merritt of Big Rapids and Mrs. C. Hunter, and two daughters, Alice and Frances, of Adrian. The nephew, Allen Merritt, did not arrive from New York City until 6 o'clock Saturday evening and left for home Sunday.

OBITUARY.

Lois Westcott Traver.

Lois Ann Westcott was born April 26, 1857, passing away October 19, 1919. On April 17, 1875, she was married to Henry Fowler. To them were born four children, one dying in infancy. The others are Mrs. Bertha Snell and Mrs. Neva Wilber of Detroit, and Truman Fowler of Coldwater. Her husband died while her children were small, and this dear faithful, loving mother struggled along, keeping her children around her until all were married and established in life.

On July 23, 1905, she was married to Dr. R. C. Traver of Somerset Center, who preceded her in death about twelve years ago.

Lois was a friend to everyone who was privileged to know her, always making herself a comfort wherever she was. We all remember her self-sacrificing kindness and cheerful, sunny way, even though we knew she suffered. She did not wish to worry her dear ones, so patiently bore her pain until the Good Father took her home.

All her brothers and sisters passed on within the past four years, with the exception of Mrs. Hattie Whiting of Kenmore, Ohio, who mourns the separation.

She leaves her three children, five grandchildren, two step-children and many nieces and nephews, who all mourn the passing of one who was always a help and firm support in times of sadness.

Dear, blessed comfort, we all miss you.

endmen and their antics kept the audience in an uproar. Sergeant Hammel, in singing, "Sahara," carried the house with him, figuratively speaking. "Cootie Tickle" as warbled by Corporal Rathbun, also drew much applause. The other colored soldiers were Privates W. E. Service, S. Babcock, Glen Tansley, K. A. Braman, W. D. Perkins and E. J. Rogers, all aiding in making this portion of the show so thoroughly enjoyable. The officer in command was Capt. John Larsen and he happily introduced the various entertainers. The other selections so capably given were as follows: "Just as Your Mother Was," John Kluskinsky; "Everybody Shimmies," W. E. Service; "My Baby's Arms," Gordon Bailey, Harold Lowry, scheduled to sing this, having such a cold he could not appear; "You'd be Surprised," Lillian Kennedy; "Mammy 'o Mine," Glen Tansley; "Nobody Knows," Seymour Babcock, and "I've Got My Captain Working for Me Now," Ernest Church.

The other soldiers and sailors on the program for this part of the performance were Frae Croll, Floyd Willnow, Floyd Woodcox, Kenneth Pennington, Ivan Spitler and Perry Hayden. The Red Cross nurses were Katherine Reed, Lillian Kennedy, Helen McIntyre, Cecil Clark, Ellen Smith, Doris Cooley, Ellen Mohr, [illegible] Mrs. Vera Hodges and Mrs. K. A. Braman.

Variety was added to the program by J. F. McKinney and "Friend," they opening Part Two with "The Man With Asthma." Mr. McKinney's "friend" proved to be a tiny dog which he auctioned for the benefit of the Legion. He uncorked a few jokes and gave a crayon talk, his act meeting with high favor.

The next number was "A Chip Off the Old Block" or "A Student's Dilemma," the finished way in which this farce was produced being a revelation to the local theatergoers. It was directed by Gordon Bailey and he was one of the leading characters, taking the part of Jack Strong admirably. Simpson, the grind, was portrayed by Seymour Babcock; Charles Walden, jr., "Fusser," by Perry Hayden; Charles Walden, sr., by E. E. Berry, and Peggy Walden by Hazel Stahler. All gave proof they had talent as actors, Perry Hayden playing the part of the high-living student in his characteristic manner.

Already a favorite with local audiences, J. Duaine Service won added musical honors with his violin. He was at his best and played three brilliant selections to the deep gratification of the large gathering. His first number was "Souvenir" (Drdla), this favorite delighting all. This was followed by "Hungarian Dance in G Minor" (Brahms) it illiciting such marked and continuous applause that as an encore he favored with "Chant du Soir" (Musin), a number that has a peculiar charm. Mrs. Frederick B. Wood was his accompanist.

The closing number was "Retreat" by a number of local world war veterans under command of Lieut. P. C. Satterthwaite and they gave evidence they had not forgotten how to drill since leaving the service.

In a talk by Capt. Larsen just before the close of the entertainment he thanked, on behalf of Underwood-Orr post, all who had contributed to the success of the undertaking and requested the co-operation of the public in the Legion's work, that of spreading Americanism. He was heartily cheered.

The efforts of the orchestra, led by Archie Boyd, violinist, aided materially in making the production a success, it being composed, in addition to the leader, of the following: Edna Taylor, pianist; Clare Camburn, cornet; Nolan West, clarinet, and J. L. Coller, base viol.

Funds raised through the "Jubilee" are to be used to equip the club rooms of the post, and the distinct success of the show, by which about $200 was cleared, is due to a large part to the zealous efforts of H. H. Hanna, who was the general manager; R. K. Anderson, chief assistant, and Perry Hayden, the advertising manager.

OBITUARY

Mrs. T. P. Collins.

Elizabeth Pennington, daughter of Mary Auletta and John Pennington, was born May 22, 1850, in Macon, Mich. She was a child of the covenant and from early childhood was deeply interested in religion. She became a member of the Macon Presbyterian church in her teens and retained her membership with this church during her life.

On November 11, 1873, she was united in marriage to Timothy Pharo Collins. They resided on the farm in southern Saline township until the spring of 1907, when they moved to the village of Saline.

Mrs. Collins' last illness was of few weeks' duration and she grew gradually weaker until she passed away Tuesday evening, November 25, 1919. This mother is survived by a husband and four children: Grace and Guy S. of Saline and Guernsey Pennington and Gertrude Elizabeth of Ann Arbor; also four grandchildren. Three sisters and two brothers, Mrs. Eleanor Cotton of Clinton, Mrs. W. S. Morden and Mrs. W. M. Fowler of Saline and Mark and Baron Pennington of Macon also survive. Besides the more immediate relatives, she will be lovingly remembered by a large circle of neighbors and friends, who have been associated with her and have come to appreciate her unselfish life.

William Pennington, the original pioneer of the Pennington family, came from England as early as 1697 and settled in New Jersey. John Pennington, father of the deceased, came to Michigan in territorial days, settling in the township of Logan, since called Raisin, Lenawee county, in 1829 and in the spring of 1831 moved with his family to Macon. Mrs. Collins delighted to recall the early traditions of her family and with her friends and loved ones would often recount the scenes and experiences of pioneer days of Michigan.

The deceased was warmly attached to her many friends, but as a true mother she was devoted to her home and family, where she spent her strength in untiring efforts for the welfare of others.

She was modest and retiring in manner, one of those cheering personalities we love to meet and cherish, because of their innate goodness and genuine worth of character. Her children, recalling her many gentle deeds, call her blessed. Her husband fully realizes the loss he has sustained and cherishes her loving memory and all who knew Mrs. Collins willingly recognize that the world has been made the better by the living of this noble life.

The funeral services, conducted by Rev. W. H. Hoffman, were held at her late home in Saline on South Ann Arbor street, Saturday, November 29, at the hour of 12, then at 1:30 at the Presbyterian church in Macon. Interment in the Macon cemetery.

LEGION ENDS FOOTBALL SEASON WITH VICTORY

Playing a better game than at any time this year Underwood-Orr post, American Legion, closed its football season with a victory Thanksgiving day, registering 26 points and holding Chelsea scoreless. The local post had its most experienced players in action and they pulled together so effectively that the opposition did not have a look in.

All of the scoring was done in the last half. The locals made four touchdowns and kicked two goals. Bricker was the star of the contest, he making two long runs for touchdowns and otherwise making himself unpopular with the Chelsea pigskin chasers. Bob Moore and McNeil also showed up well.

This was the last game for this season for the ex-service men.

The severe wind storm which passed through this locality Saturday afternoon did considerable damage. Some buildings were partially unroofed. Fruit trees and shade trees were torn up by the roots. The barn of Will Harris was levelled to the ground. Silos were blown over and also several windmills. Barn doors were blown off and gates and fences flattened and broken. Corn fields were a pitiable sight, everywhere showing the havoc made by the wind. The telephone lines were mixed up in general. It was the most severe wind in this part of the county for some time, doing damage for miles around.

One firm advertised "friendly shoes." Nowadays one scarcely has a chance to get acquainted with one's shoes before they just naturally fade away.

Whom The Church Is For

The Church is not a Museum of Saints; it is a Hospital for Sick Souls.

No man, therefore, should feel that because he is no saint he is a hypocrite if he comes to Church. As well say that because he is not well he has no business going to the physician.

The Church is for those who realize they are not perfect in character and knowledge of God, and desire to grow and know.

They hoped to be ready for business at their Deerfield plant by September 1, but the engine installed was too small to pull the machinery so had to be torn out and a much larger one put in. This also necessitated the erection of a cement building to house the engine. The mill has been overhauled and new equipment added.

Miss Ivah Cook, granddaughter of Mrs. Hiram Westcott and well known here, was the guest of honor Monday evening at a party given by the Adrian employes of the Lenawee County Telephone Co. at the home of Miss Gertrude Winnie. Three times during the past week has the fire department been called out to answer fire alarms when there has been no blaze. Each time the telephone operators have been censured without cause, as it is their duty to ring the gong when they receive such a call. It would be a kindness, they say, both to the department and the operators, if more care would be used and alarms sent in only when it is certain the department is needed.

In the K. of P. hall on Thursday evening was held the annual Thanksgiving dance. About one hundred attended. A U. of M. orchestra, including Robt. H. Moore with traps, furnished the music. Club Work Thrives in Philippines.

Boys and girls in the Philippine Islands are learning the best ways of producing corn and hogs and other farm products in the same kind of clubs that young people in this country have. Although the club work has been in operation only three years in the Philippines, it is now important in every school, and is considered by the superintendent of agricultural extension of the islands as the most productive of all the lines of agricultural activities for which the pupils receive school credit. Last year there were 1,165 agricultural clubs in the islands, with a total enrollment of 18,160 boys and girls. These club members cultivated 270 acres of land planted to vegetables and corn. They owned 58,700 chickens, 2,750 hogs, and cared for 27,592 fruit trees.

The Oracle

DAN McGANN AND UNCLE SAM.

Said Dan McGann to a foreign man who worked at the self-same bench,
"Let me tell you this," and for emphasis, he flourished a Stilson wrench,
"Don't talk to me of this bourjoissee, don't open your mouth to speak
Of your socialists or your anarchists, don't mention the bolsheveek,
For I've had enough of this foreign stuff, I'm sick as a man can be
Of the speech of hate, and I'm tellin' you straight that this is the land for me!"

"If you want to brag, just take that flag, an' boast of its field of blue,
An' praise the dead an' the blood they shed for the peace of the likes o' you.
I'll hear no more," and he waved once more, his wrench in a forceful way,
"O' the cunning creed o' some Russian breed.
I stand for the U. S. A.
I'm done with your fads, and your wild-eyed lads, don't flourish your rag o' red
Where I can see, or at night there'll be tall candles around your bed."

"So tip your hat to a flag like that.
Thank God for its stripes and stars!
Thank God you're here where the roads are clear, away from your kings and czars.
I can't just say what I feel today, for I'm not a talkin' man,
But first an' last, I am standin' fast for all that's American.
So don't you speak of the bolsheveek, it's sick of that stuff I am,
One God, one flag is the creed I brag. I'm boostin' for Uncle Sam."

—Holyoke Transcript.

Purdy followed with some practical ideas on our responsibility of the task, after which an inspirational address was given by Rev. Combellack. A very fine consecration service was held.

THE GUMPS COMING

Big Cartoon Play Taken From Sidney Smith's Famous Pictures Next Attraction at Bradley.

"The Gumps," a real laughable and entertaining musical comedy taken from the newspaper cartoons by Sidney Smith, will be the next musical comedy at the Bradley opera house. The date will either be Friday, December 19, or Saturday, December 20, but every effort is being made to land it for the nineteenth.

"The Gumps" is a real city show, a regular cast, chorus, production n'everything. The following clipping from the Duluth News-Tribune gives you an absolute guarantee that the attraction is a real, worth-while company. If they are considered the 'best musical comedy that Duluth has seen in some time'—a city that is playing the best week in and week out—"The Gumps" certainly should prove a knock out here.

Read the clipping from the Duluth News-Tribune then keep that date for "The Gumps":

A melange of beauty, melody and laughter is the press agent's characterization of "The Gumps," which opened yesterday afternoon at the Lyceum for a week's run. Such it is. It pleased two audiences yesterday and it is indeed one of the best musical comedies that Duluth has seen for some time. It is a clean and wholesome show.

The cast has been well chosen. James Frazer, who takes the leading role of Andy Gump, is like Sidney Smith's hero in his series of cartoons on which the farce is founded. Bessie Clifton as Min brings many a laugh whether she be seeking the much missing Andy with a cleaver or extolling his wonderful virtues. George Evers, as O. U. Efficiency, the colored porter, adds zest to the production and Harry A. Kessler, the salesman of the questionable bricks, brings a laugh with his rapid fire methods of extraction. The chorus has been carefully selected.

Many dancing delights are given between the musical numbers. The musical score does much to make the show a success. It is tuneful and catchy.

The scenery and costumes are pretty. The entire cast appears in "just out of the band box" style and the color tones are appealing. The vehicle has more plot than is usual with a musical farce comedy and is a genuine cure for the blues.

Gambling is never more vicious and reprehensible than when it is applied to the necessities of life.

Bishop's Visit Is A Memorable One

CHARLES D. WILLIAMS CONFIRMS CLASS AT ST. PETER'S CHURCH

Gives Discourse That Startles Congregation — Tells Hearers They Are Asleep Religiously— Says Grace of God Is Only Solution of Present Chaos in World.

Episcopalians of Tecumseh were subjected to a severe verbal shaking on the occasion of Bishop Charles D. Williams' visit to St. Peter's church last Sunday. The head of the Michigan diocese spoke caustically in referring to the apathy regarding religion of the members of the local church and Episcopalians in general, declaring the Tecumseh congregation has been asleep so far as effective work for the Lord was concerned, and made an eloquent plea to rouse the communicants from their slumber.

Bishop Williams' visit to St. Peter's church was primarily for the purpose of administering the rite of confirmation, and these services proved most impressive. The music was of a character to accentuate the solemnity of the exercises.

After the class had pledged its allegiance to God's kingdom on earth, the bishop addressed the members briefly, taking as his theme, "Service." He likened the pledge they had just made to the oath the soldier takes when he enters the service of his country, and besecched them to serve God as faithfully as the loyal citizen does his government. The cross was held up as the symbol of service in the behalf of Jesus, the members of the class being earnestly requested to always keep their pledge in mind and not forsake their Savior.

It was at the close of the confirmation services that the prelate from Detroit gave the discourse which created such a deep impression on the large number in attendance. Bishop Williams opened his talk by announcing he would speak in regard to the World Wide campaign being promoted by the Episcopal church, this being part of the great movement participated in by practically all religious denominations to spread the word of God as it had never been expounded before. Coal Strike Over, Little Fuel on Hand

This City Was Beginning to Feel Effects of Miners' Idleness When Dispute Ended.

Tecumseh has begun to feel the pinch of the coal famine and hails the news that the coal miners' strike is ended with rejoicing.

The Electric company has cut off the "white way" lights all the week, but there has been no further indication on the business street. Mayor Hines has not deemed it necessary to issue a proclamation regarding early closing, as has been the measure adopted in many places, and neither will he until so ordered by the government.

The coal dealers' supplies are getting low. Brown & Co. have very little coal. R. S. Moore has a car on track but the railroad administration will not release it. If they don't he will be out by Saturday. The Lenawee Lumber and Supply Co. has some fuel which it is selling in half ton lots.

The superintendent of the American Steel and Wire Co., C. B. Mize, says they can run as long as the electric company will give them power.

Heesen Bros. & Co. have coal on the track which they cannot get released, but they happen to have a little which will keep them going for a while. The H. Brewer Co has coal enough for three months and won't have to close down unless so ordered.

At the Quaker Oats plant there is coal enough for a month as one car of the two on track the past week was released to them yesterday.

CENSUS GATHERERS APPOINTED HERE

Appointed to take the government census the first of January are Mrs. R. W. Cole for Tecumseh township and Mrs. J. E. Howard for the village. This the government proposes to make a real inventory of every bushel of grain, all machinery, stock and everything of value in the country. Not a cabin up in the mountains is to be slighted, neither a back alley in the city, so Tecumseh comes in line with good enumerators and they will be received with courtesy by this intelligent community.

Churchgoers Are Told to Get Busy

Dr. W. R. Fruit Urges Worshipers to Induce the Indifferent to Hear God's Word—Friends Have Next Community Service.

That the non-churchgoers of Tecumseh will not attend worship unless those who do like to hear the gospel go after them and bring them into the fold, was the assertion made by Rev. W. R. Fruit, D. D., of Detroit in his address at the Community service at the Methodist church Sunday evening. He said he referred especially to those of his own denomination but that most church members were about the same as Methodists in this respect. Dr. Fruit is the district superintendent of the Methodist church and spent the day with the local congregation, preaching an eloquent sermon in the morning also.

For his evening discourse he took as his text the first verse of the 122nd Psalm, "I was glad when they said unto me, let us go into the house of the Lord." He re-

Passenger Trains On Dundee Branch

It is Reported N. Y. Central Has Been Ordered to Improve Service by December 22.

Unconfirmed rumor has it that the interstate commerce commission has given the New York Central until December 22 to put passenger trains on the Dundee branch; that if the company has not done as commanded steps will be taken to force such a measure.

Friday last members of the public utilities commission met with N. Y. Central officials and residents along the line of the Dundee branch at Lansing and the railroad men have been convinced that better service is needed. The new train program as suggested by the prime mover, Jacob L. Alderfer, editor of the Onsted News, gives one passenger train each way daily and three freight trains each way every week.

The people to the west of us have been greatly inconvenienced since November, 1917, when their train service was curtailed as a war measure. Mr. Alderfer visited each station between Moscow and Adrian and induced the residents to join him in the fight for better service. He has worked as energetically with the public utilities commission members and has been partially promised a half way victory. It is hoped that by May 1 the railroad company can see its way clear to install the complete pre-war schedule.

Tecumseh business interests will welcome this new train program and congratulate Onsted on her valiant, perseverant newspaper man.

Pastors to Back The Play Nights

Young and Old Given Opportunity to Get Healthful Exercise at High School Gym Weekly.

There has been much interest taken in the Saturday play nights at the high school gymnasium and the prospects are even more will now attend as the pastors are to lend their support to the plan.

Following the Community service Sunday evening at the Methodist church, the pastors of the co-operating churches held a meeting at the request of Rev. W. R. Curtis and decided to help promote these Saturday play nights. Each of the co-operating churches will appoint one member, these to act as a board to encourage and supervise the play night movement.

It has been arranged that the little children will have the use of the school gymnasium every Saturday night from 6 to 7 o'clock, the older boys and girls from 7 to 8 and the men from 8 to 9.

The coming Saturday night the girls are to play newcombe, the contests to start at 7 o'clock. Volleyball has been found the best adapted for the men, as it gives all an opportunity to participate. It is the belief of those promoting the sports nights that the older people should play more than they do to get the most out of life and it is the hope of the pastors that a large number of the men of Tecumseh will take advantage of this opportunity to romp around like they did in their younger days.

Lester Rogers Again Master

ANNUAL MEETING TECUMSEH LODGE, NO. 69, F. & A. M.

Other Chairs Filled—Ten Tried and True Master Masons of Over Forty Years Voted Life Membership—Fine Roast Pork Supper Preceded Meeting.

The New Officers.

Worshipful Master — Lester Rogers.
Senior Warden—E. M. Campbell.
Junior Warden—F. S. Turner.
Treasurer—Frank Snell.
Secretary—W. S. Dickinson.
J. D.—Thomas Deniston.
S. D.—Guy Nemire.
Stewards—N. C. Emerson and H. C. Halladay.
Chaplain—W. A. Rex.
Tyler—John H. Smith.

Preceding the annual meeting of Tecumseh Lodge, No. 69, F. & A. M., last Friday evening, the members, a fine representation of the lodge, enjoyed an appetizing pork roast supper served in the banquet hall shortly after 6:30 p. m. The menu consisted of prime pork roast, mashed potatoes, brown gravy, cabbage salad, buns, butter, coffee and delicious pie, followed by a smoker and general social time. It required the setting of second tables to accommodate all the brethren.

Opening of the lodge session found the large lodge room well filled. Following the usual opening ritual and business Worshipful Master Rogers announced that Grand Lodge gave the privilege to subordinate lodges to vote life membership to Masons who have been affiliated with their local lodge more than forty years. This honor was bestowed upon ten tried and true Masons of No. 69, their names and dates of raising being as follows: T. C. Cumings (Detroit), 1867; Minor Davidson, 1858; Robt. Houseman, 1868; C. V. Skinner (Hudson), 1873; John VanVleet, 1866; N. F. Doke (River Rouge), 1874; J. W. Gillespie, 1864; S. P. Hosmer, 1873; G. S. Wilson, 1871; Sam'l Kniffen (Minnesota), 1876. The vote conferring this honor upon these members was unanimous.

Secretary Dickinson read the annual financial report and Worshipful Master Rogers the membership report, both showing the lodge in splendid condition.

R. A. Heesen presided over the [illegible] tary J. H. Smith reported that claims amounting to $8,725 had been paid widows and orphans by this association. Mr. Smith urged a larger membership and told of the work of the association. R. A. Heesen and Fred'k B. Wood also spoke in favor of the association in glowing terms. J. D. Shull, Fred Rosacrans and C. B. Mize were re-elected trustees for three years and Chairman F. J. Temple and Secretary-Treasurer J. H. Smith were also chosen to succeed themselves in their respective offices.

Thos. Elliott, R. A. Heesen and Lester Rogers were elected trustees for the term of three years for the Masonic Building association.

The lodge paid a fine compliment to the retiring worshipful master and his officers by giving them unanimous ballot.

The officers did splendid work during the year and the generous acknowledgement is deserved. Clyde Barber, senior warden, announced to brethren his inability to accept further office, hence the other officials were one chair ahead. Guy Nemire and C. E. Williamson acted as tellers and the result of the election is given at the head of this article.

Installation of officers will take place Friday evening.

APPEAL TO HERALD SUBSCRIBERS.

The seriousness of the newsprint situation, the advanced price of not only print paper but of everything used in newspaper making, also the increased postage imposed by Uncle Sam, has compelled many publishers to increase their subscription rates or suspend publication. Many papers have been discontinued—driven out of business.

The Herald has been fortunate in securing a shipment of newsprint after three orders had been turned down. The price paid was four dollars per hundred higher than the next high price paid by this office.

If possible The Herald subscription price will remain the same as at present—$1.50 in Lenawee county, $1.75 elsewhere in the United States. To make it possible to maintain this price during 1920 it will be practically necessary for subscribers to send in their subscription money in advance. We ask that you look at the date connected with your name label on paper or wrapper. The date informs you when your subscription expires. We would further ask that you send in your money without waiting for a request by mail from this office. Let us save the postage so we can keep the yearly subscription price down.

If subscribers in sufficient number respond to this appeal the publishers feel that the saving made will enable them to leave the price as it is, at least for the first half of 1920. Subscriptions paid for the entire year will of course be filled, but only one year in advance will be accepted.

It has been found necessary to change the date and place of the sale of the Dewey property on South Evans street. The public auction for the disposal of this property will be held at the east front door of the court house at Adrian on Monday, January 26, 1920, instead of on the premises.

There was a full house at Horace Lamkin's Monday evening at the Baptist Brotherhood. The paper given by Ira Ashley was very helpful and full of god things. The discussion was opened by Dan Hall and was stirring and he closed by asking the group three questions he would like to have them answer. "Where, when and what is the kingdom of God?" It was decided that the kingdom of God was here, and now, and in the lives of folks. And if we ever get into heaven it will be because we have entered here. The next meeting will be at Dean VanValkenburg's December 22. Anyone will be welcomed.

Miss Lelia Wuerthner has just received a copy of the Great Falls (Mont.) The great instrument, the largest in the state, has a total of 1412 pipes and when all installed will cost the organization about $7,000. Mr. Wuerthner, who is a lawyer of excellent standing, has been prominent in musical circles in Great Falls since going to that city some seven years ago. For five years prior to entering the army he was organist in the First Methodist church and upon his return in February was placed in charge of the music in the Congregational church.

Editorial Comment

Fortunate, indeed, is a community whose business men advertise wisely and liberally, says a bulletin from the Associated Clubs of the World, for that community will grow and prosper.

Good advertising, which means steady advertising, space big enough to tell the story that the advertiser wants to present, brings new dollars to town, and keeps home dollars at home, the bulletin continues.

And what becomes of the dollar that goes into the cash drawer of a local merchant? Three-fourths of it or thereabouts (depending somewhat on the line of business and the nature of the goods sold) goes to the wholesale dealer or manufacturer for the goods the store sells.

The rest stays in the home town. Most of the other 25 cents out of each dollar goes for rent, salaries of employees, and to the local coal dealer, the light company and others whose goods or services are needed in keeping the store going.

Each time the advertising of local merchants brings $10,000 of new business to a town, at least $2,500 of it remains in the town, and is passed around from person to person, and all the people share in the resulting prosperity.

Though some people who are not themselves in business fail to appreciate it, every one in a community has an interest in every new dollar that is brought to town, and that is just as true in the large city, where business is a great network of mutual interest, as in the smaller place, where it is easier to trace the benefits which every person receives.

Advertising has come to be a great power in business because advertising creates markets. Markets are in the minds of people, and can be made through honest advertising. Merchants and manufactuers have found this out, and that is why they advertise.

Bishop Williams no doubt justly accused the majority of the large congregation at St. Peter's church Sunday morning of gross ignorance in religion. The accusation, however, can rightly include neary all church going people of every denomination, for there is no doubt whatever that if the people thoroughly understood religion and followed the teachings of Christ wars and strikes would be impossible.

The nation is now suffering from lack of fuel and the situation is again in the hands of fuel administrators. Orders have been issued to curtail the use of coal. Train service will be cut down and industries not absolutely essential will be stopped. The existing situation is not because of war, but we are indebted to it through human greed and avarice. Miners and mine owners are not following the teachings of Christ. They are not willing to sacrifice or serve for the benefit of the masses.

Tecumseh, we understand, is more fortunate than many towns. Many of our people have heeded the advice of dealers to fill their bins early and as a result there is not likely to be felt any acute suffering here.

James W. Helme of Adrian, former state dairy commissioner and editor of the Patron, the State Grange paper, has been indicted by the grand jury investigating the Newberry election frauds. Mr. Helme appeared voluntarily before the grand jury Saturday, stood mute, and a plea of not guilty was entered. Bail was fixed at $5,000. This step was taken to avoid being called away from the annual meeting of the State Grange in session this week at Saginaw.

"Christmas is just around the corner" is an appropriate expression at this time, and to those who have not already started plans to make others happy the advice to shop early is timely. Only eleven more shopping days before the glorious holiday!

Watching The Herald advertising columns materially helps to make suitable selections. Just watch them this and next week.

Nearly time to think about New Year's resolutions. The Herald publishers will resolve to do their part to make the home paper more attractive than ever. Will you resolve to help?

The Mexican trouble is still unsettled. However, some action by the United States is expected soon. Another war?

Pythians Elect, Have Initiation

Ernest VanVleet Chosen Chancellor Commander — Burial Association Chooses Officers—Lunch is Served.

An unusually busy and interesting session was the annual meeting of Tecumseh lodge, No. 190, Knights of Pythias, held last Thursday evening. There was election of officers, initiation and a lunch in addition to the regular order of business.

The local Pythians have been decidedly active of late and with the number of applications being received the prospects are they will continue to be busy for some time to come. There will be initiatory work again at tonight's session.

At the election of officers the voting was unanimous and these were elected:

The K. of P. burial association also held its annual meeting, the election of a president and secretary-treasurer being the main business features. James McKinney was chosen president of the organization and Guy E. Nemire secretary-treasurer. The reports of the officers showed the association in excellent financial condition. Several of those now affiliated made a plea for more members, pointing out the advantages.

Following the election the initiatory work was taken up and one candidate was made a page, while three pages were proven to be worthy of advancement and were elevated to the rank of esquire.

At the conclusion of the work lunch was served the members and those aspiring to knighthood and then cigars were passed, this portion of the evening's activities being thoroughly enjoyed.

There is one Christmas gift that will bring profound pleasure to the recipient fifty-two times during the coming year. This is a year's subscription to The Tecumseh Herald. CHURCH GOERS ARE TOLD TO GET BUSY

(Continued from Page One.)

ferred to the story of Pollyanna, the girl who could always find something to be glad about no matter how dark the outlook seemed to be, and in this connection told his hearers the world needs to play the game of glad to help overcome the present day problems.

"No heart is really satisfied unless it gets into communion with God," proclaimed the preacher. He urged the members of the church to go out among those not now attending the services and request them to come to the house of God.

There are three kinds of places to go to, Dr. Fruit explained. The saloon and like places, where no one can go and be as good a man when he leaves as when he went in. Then there is the neutral place, like the baseball game, football game and other contests of this character where the result on those present is about neutral. But there is one place where you always get some good and that is the Church of Christ. "To get people to come to the house of the Lord you have got to go after them" was his closing point.

Rev. W. A. Rex pronounced the benediction.

The meeting was opened by Rev. W. R. Curtis offering prayer, Rev. Edward Escolme led the responsive reading and Dr. Fruit read the scripture lesson, Rev. C. M. Thompson presiding over the meeting.

In the announcements it was made known the Community service next Sunday evening will be at the Friends church with Rev. Haldy as the speaker. The following Sunday the service will be at the Presbyterian church and it will be in the form of Community Christmas exercises, with music by a massed choir as one of the principal features. A cantata had been planned at this church for that Sunday and this will be welded in with the general program for the evening, and it promises to be of an unusually interesting character. Rev. Curtis announced the Saturday play night at the high school gymnasium was proving very successful and invited all to participate. Further details regarding these play nights will be found on another page.

ANOTHER TECUMSEH BOY MAKING RAPID STRIDES

Mr. and Mrs. Roger L. Waring and Lester Waring of Detroit were in town over Saturday and Sunday, visiting their parents, Mr. and Mrs. H. S. Waring.

Roger leaves Monday next for Cleveland, where he will take charge of a $4,000,000 building project in that city. It will consist of a 14-story office building fronting 200 feet on Euclid ave., directly in the rear of this is a theatre seating 3,300 people, which is reached through the office building. In the back of the theatre is a seven-story garage. The whole building will cover an area of 200x475 feet and is to be one of the largest in Cleveland. Mr. Waring is employed by C. Howard Crane of Detroit, as architectural superintendent of construction.

The name of the building is the Bulkley-Allen Building. Mr. Bulkley is a member of congress. Mr. Allen owns 87 theatres in Canada, a number of theatres in England and Australia, besides his interests in the United States.

This is another instance of the pluck and ability of Tecumseh boys, Mr. Waring, though young, having already made a name for himself in architectural circles and is likely to become a leading figure in his chosen field.

BISHOP'S VISIT IS A MEMORABLE ONE

(Continued from Page One)

money part of the campaign was the easiest, he declared, but added that even if three times the amount sought was secured and there was not the real religious awakening which the present movement hopes to accomplish, the whole campaign would be a failure. The speaker brought out the salient points of his address in an eloquent manner, using such plain language that all could understand.

In part he spoke about as follows: "Most of you people, as far as religion is concerned, are good—good for nothing. You do not do any great wrongs, live decently, come to church occasionally, probably pay your church dues regularly, but as far as advancing the work of God is concerned you are asleep. Yes, you're sound asleep. You have got to wake up. There is a challenge being heard throughout the world that must be taken up and the church has got to do it. The whole world is in chaos and it cannot be put on a settled and sound basis except through the grace of God.

"Yes, money will be needed in the World Wide campaign and you will have to give as you never gave before, as the gospel of Jesus Christ must be taken to all peoples to prevent utter world ruin. And now is the time. At present the women of this country spend more for candy than is being spent for religious work of all kinds. And you men need not smile. You spend four times as much for tobacco. If you would only realize what this work means. How much time do you devote to the work of the church? How much effort do you exert in furthering God's kingdom on earth? You don't do anything for the church and yet if things go wrong you blame it on the rector. Do you know how much Episcopalians contribute towards religion. It totals 3 cents a week per person. You spend more than that for gum."

The speaker declared all civilizations had failed when they became Godless. He called attention to the collapse of Germany, pointing out that the church in the land of the Teutons was subservient to the government and that it had to give way to the theory that the superman, as developed by the Germans, could rule the earth. But they were mistaken. The bishop referred to the orderly manner in which world affairs were being conducted five years ago and to the great changes which had taken place since. Crowns were tumbling everywhere and unrest and discontent is rampant, we feeling the effects with the rest of the world. Until we apply Christian principles to our everyday business affairs, until capital and labor meet on the common ground of equity and justice and until world problems are met and dealt with on the principle that the strong should bear the burdens of the weak there would be no solution to the threatening conditions now confronting us. The teachings of Christ were the only hope to a permanent settlement of world affairs, Bishop Williams asserted, and until these were thoroughly instilled in the hearts of all humanity there could be no better conditions than those existing now.

Japan was patterning its governmental system on the German plan, it was stated, and now that the Teuton method had failed the Japs were in a receptive mood. China is eager for a new system and other far eastern lands feel the need of something that they have been unable to attain. Now is the golden opportunity to take to these peoples the message of Christian principles of dealing with one another.

The League of Nations was strongly endorsed, Bishop Williams saying President Wilson went to the peace table with high ideals but for the recalcitrant, revenge-seeking and envies ones present his plans for world peace would have been carried out successfully. It was admitted the League of Nations may not be perfect, but at least it is a long step toward the ideal and that politics is all that had kept this country from adopting the measures proposed by its own president.

"We can save the world from complete industrial and commercial ruin on our knees," exclaimed the gifted pulpit orator in closing his discourse. "We must pray as we never prayed before."

Three Point Suspension Springs of Overland 4 Synchonize Your Ride on the Worst. Highways.

When a ship pitches and rolls in the trough of a heavy sea, why doesn't the sailor fall overboard? How does he balance himself?

You've seen the daring bareback riders at the circus? You know what a thrill they give as they race around the track, standing legs apart, a foot on the back of each horse. How do they keep their bodies in balance and at ease as the horses rise and fall in the plunge of their mad gallop?

When you've found the answer you've guessed a good part of the reason why the new three point suspension springs on Overland 4, the new light car recently announced, act the way they do on the roughest, bumpiest roads on which they have been demonstrated in this city.

An engineering explanation of the why and wherefore of the springs takes in much of interest about the principle of the lever and much more of instruction about distribution of thrusts, the force of blows and the like. Then you learn that in some magical, mathematical way this new type of springs has done the same work for the bumps in the road that the music master does for the notes in the scale. The master engineers who designed Overland 4 have found a way to harmonize the bumps in the road; synchonised them, is the engineering phrase. And the result is an apparent floating over ruttiest, bumpiest highways in smooth, rhythmic travel, rather than in the rag-time jerks of ordinary riding.

There has been so much popular and scientific interest in the new springs that E. H. Belden, vice president in charge of engineering for the Willys-Overland Company, has been asked to explain why these springs give the entirely new sensation over bad roads.

"To begin with," Mr. Belden says, "the new spring suspension has turned out exactly as we would like to have it.

"In Overland 4, the springs sweep in a diagonal from a point on the chassis frame fifteen inches beyond the axle at front and rear. The effect is that of four light, flexible levers carrying passenger load on an even keel while lifting the road wheels over rocks and bumps without disagreeably jouncing the passengers.

"No illustration is so apt, perhaps, as that of the circus performer or the rider in the old Olympic games. He urges his horses forward in a wild gallop. He has a foot on the back of each of his two horses. He must maintain balance and equilibrim. And he does. His legs come up and go down with each plunge of the horses beneath but his body remains steady.

"The springs on Overland 4 act like the legs of this circus rider. The body of the car and passengers remain on an even keel while the springs allow the wheels to lift and lower rapidly and easily over the bumps and the ridges and the thanky-ma'ams of the roadway. The blow of the bump on the road has at last been taken away from the spine of the passenger.

"It is because of this flexible lever action that we have found that Overland 4's springs automatically eliminate bobbing."

IT'S NOT YOUR HEART

IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

The Price of Pork Chops and Bacon

Here are reasons why the fine, fresh pork tenderloins and pork chops, or savory ham, or crinkly bacon, which you enjoy for breakfast, cost much more per pound than the market quotation on live hogs which you read in the newspaper:

An average hog weighs 220 pounds.

Of this, only 70 per cent (154 pounds) is meat and lard.

So, when we pay 15¢ a pound for live hogs, we are really paying more than 21¢ a pound for the meat which we will get from these animals, even after taking into account the value of the by-products.

But people show a preference for only one-third of the whole—the pork chops, fancy bacon, and choice cuts from juicy hams.

This means that when we are selling Premium bacon at 43½¢ per pound wholesale and Premium hams at 30¢, there are other parts for which we get as low as 6¢ or 8¢ per pound. The net result is an average profit to us of less than 1¢ a pound.

The choice cuts are higher because of a demand for them.

Another thing: Only 35 pounds of the entire hog—or about 1/6th—is usually marketed at once. The rest must be pickled, cured, or smoked. This takes months, and adds to the costs which must be met.

Concert Proves a Brilliant Success

Entertainment for Armenians Results in $340 Being Raised.

The concert given for the Armenian relief fund on Monday in the high school was a brilliant success.

All the numbers on the program were so good that it is hard to single out any special number for praise.

The hall was packed, decorated with flags, and lighted with colored lamps.

Every number was encored at least once, some doubly.

The Temple quartet's first number, "At Dawning," was followed by "Go Tell Papa" as an encore.

Mrs. Robert Moore gave an Armenian lullaby and a song by Quedy, followed by a "Humorous Reading" as an encore.

The Tecumseh high school chorus, consisting of 30 members, accompanied by Miss Lillian Dibble at the piano, rendered "Song of a Man" and "Good Night Ladies" as an encore.

Duaine Service's violin solo was "Souvenir," (Drdla) and Hungarian Dance No. 5 (Brahms). His first encore was a mazurka by Musin, and in response to the decided request of the audience he played "Chant du Soir" (Musin) as a second encore.

Miss Lillian Kennedy, accompanied by Mrs. Ella Hodges, sang first "Love Here is My Heart," and "From My Window" as an encore.

The piano duet, "Grand Polka de Concert," by Mrs. Fred B. Wood and Mrs. Ella Hodges, aroused positive enthusiasm, and both ladies had to bow repeatedly to the audience, which was anxious for a couple of encores.

Mrs. Edward Heilman, after singing "Love's Rhapsody" and "The Song My Heart is Singing," gave "That's the World in June" as an encore.

Clare Camburn's cornet solo, "Famous Song," was followed by "Old Song" and "Believe Me If All Those Endearing Young Charms" as encores.

Mrs. Robert Moore gave in a most pathetic manner a reading, a poem written by a descendant of the last Armenian king. The beauty and tragedy in it were so well rendered that the audience gave the tribute of a muffled applause.

The Temple quartet—Messrs. Fred Dickinson, W. S. Dickinson, Harold Lowry and Thomas Deniston—did not respond to the encore which followed "Robin Adair."

The Tecumseh ladies' band rendered the "Feld Cornet March" in splendid style as an encore to their first selection, but did not respond to a second encore.

Mrs. Jenny C. Law Hardy gave a short history of Armenia, and pleaded the cause of this most unfortunate people.

The collection taken in the hall netted $110, which with $110 previously collected from the business men of the town by Mrs. Thos. McCann and Mrs. [illegible] Kennedy, and a number of checks handed in to the chairman of collectors, Mrs. Jos. Smith, resulted in a grand total of $275, which was raised by subsequent contributions on Tuesday to $300. Now with the money on hand and a few outstanding pledges the amount has reached $340.

Mrs. Fred B. Wood was the musical director of this most successful concert, Mrs. Woodward, and Mrs. Ella Hodges the accompanists, and the following were the collectors: Mrs. Thos. McCann and Mrs. J. B. Kennedy.

In the hall—Miss Marion Rosacrans, Mrs. Paul Bowen, Miss Katherine Reed, Miss Lillian Kennedy, Miss Hazel Stahler, Mrs. G. A. Rathbun, Mrs. Maynard Mulvaney, Miss Ethel Garlinghouse, Mrs. F. S. Turner, Mrs. Leon Rosacrans, Mrs. R. T. Mead, Rev. W. A. Rex, Perry Hayden, C. W. Price, Geo. Newsom, Harry Duncan, Paul Harwood, Ralph Comfort, Glenn Crittenden and Laurence Harrington.

ALANSON BANGS IS LAID AT REST HERE

The funeral of Alanson Bangs, a former Tecumseh resident, was held Saturday afternoon from the Methodist church, Rev. F. A. Perry of Adrian officiating. Mrs. R. T. Meade and Mrs. Ella Hodges gave two appropriate selections. The bearers were Adrian friends and the remains were laid at rest in the family lot in Brookside.

Alanson Bangs passed away Thursday noon, December 4, at his home in Adrian after an illness extending over five weeks, caused by a general breakdown. Mr. Bangs was 81 years of age. He had always resided southwest of Tecumseh about two miles, settling on a farm near his birthplace and there rearing his family. A few years ago when his health began to fail he left the farm and moved to Adrian.

He is survived by the widow, two sons, Lamont of Oil City, Pa., and Arthur of Spartansburg, Pa., also a stepson, Dr. Guy B. Claflin, of Deerfield, and many relatives and friends here and at Adrian.

Attending the services from away were the family and many friends from Adrian, Mr. and Mrs. M. V. Bangs of Oil City, Pa., Mr. and Mrs. A. A. Bangs of Spartansburg, Pa., Dr. and Mrs. Guy Claflin of Deerfield.

SCHOOL NOTES.

The seniors enjoyed an excellent chicken supper at the home of Blanche Colson a few nights ago. The evening was spent in playing games.

Barbara Williamson of the second grade has been out of school for two weeks on account of scarlet fever.

The eighth grade has been writing Christmas plays. From the two classes, two plays were chosen to be presented at the high school Christmas program. Margaret Turner and Edna Mackey were the authors of the plays chosen.

Miss Hazel Miller has resumed her school work.

A banquet was given by Mr. Price in honor of our football boys in the domestic science room Wednesday evening, December 3. The tables were in the form of a "T." The decorations, which consisted of pennants and orange and black crepe paper, were done by the domestic art girls and the banquet prepared and served by some of the sophomore girls.

In Latin I class Rena Kempf lead the honor roll for December 3, on the speed test, writing 98 words correctly in twelve minutes.

Mr. Price was trying to obtain intelligent answers to his questions in physics class one morning. He obtained it in the definition of horsepower which one pupil gave. It ran thus: "Horsepower is the power of a horse."

The fourth grade pupils are making Christmas booklets this week.

The juniors enjoyed a party at Tipton last Friday evening at the K. of P. hall. The most amusing event of the evening was dancing. There were several nuts, including peanuts.

NEWLY-WEDS ARE THE GUESTS OF THE B. Y. P. U.

Mr. and Mrs. Fay VanValkenburg were hosts for the B. Y. P. U. Friday evening, when Mr. and Mrs. Garland Gove were guests of honor. Games and music entertained the company and then cards were passed with the capitols on a portion and states on the remainder, a wishbone tied to each. The states found their capitols and the partners wrote a wish for the newly-weds, wishing for themselves with the bones.

Supper was served and Rev. W. R. Curtis, in behalf of the organization, presented Mr. and Mrs. Gove with some beautiful flat silver. Over fifty enjoyed the occasion.

LOCAL AND PERSONAL

The Modern Woodmen will elect officers Friday evening.

Underwood-Orr post, No. 34, American Legion, will hold its annual meeting Friday evening and a banquet will be one of the features. Officers will be elected. The session will be held in the K. of P. dining hall, the Pythian Sisters serving the banquet.

Assisting at the Webster Anderson Co. are Mrs. Earl Updike and Mrs. Guy E. Nemire, and at Fred Rosacrans & Sons' Miss Hessie Orr.

Mr. and Mrs. Harry Langton returned Friday from a ten days' visit with his brother and wife in Chicago. Mr. and Mrs. Thos. Langton stayed at the farm while the young people were away.

The Holloway Telephone Co. held its annual election Monday, which resulted as follows: President, Chas. L. Fowler; vice president, John L. Calhoun; secretary, Harrie Smith; treasurer, Dr. J. W. Nixon; directors, Lee McConnell, Herman Schwab and James Moore.

Mrs. Agnes (Montgomery) McCormick writes her sister, Mrs. Jacob Mull, from Ft. Collins, Col., that she has been in a hospital for fifty-four weeks, suffering with mastoids and resulting ailments. Mrs. McCormick has many old Tecumseh friends, having resided here about twenty years ago.

The B. Y. P. U. will hold a business session tomorrow (Friday) evening at the home of Mr. and Mrs. Ed Harkness, when officers will be elected. The affair will also take the form of a Christmas party, with a tree. Each is invited to bring a 10-cent toy which will later be distributed to poor children of the village.

Mrs. John Sherman and Mrs. Emilie Hall entertained Circle No. 3 of the Methodist Ladies' Aid society at the home of the former Saturday afternoon. In spite of the snow storm there was a good attendance, Mrs. Frank Day of Macon being in the party. The ladies visited and enjoyed victrola music and at the close of the afternoon refreshments were served.

One of the small sons of Mr. and Mrs. R. W. Puffer is ill with scarlet fever. Mr. Puffer is sleeping at the Webster Anderson store, of which he is manager. Another forced from his home by the disease is Prof. E. E. Crampton, one of his little daughters being ill and quarantined with the mother. The other two daughters and Mr. Crampton are boarding with Mrs. C. A. Waldron.

Charles Kidd and Miss Mary Nobles of Raisin were married in Adrian Thursday, the ceremony being performed by Judge H. L. Larwill. They were attended by Miss Beatrice Kidd, a sister of the groom, and Amos Wilson. The bride is the daughter of Mr. and Mrs. Willis Nobles and both are well and favorably known in this vicinity. They will reside with the groom's parents, Mr. and Mrs. John Kidd, southwest of town, this winter.

"Will you please send me last week's Herald. We cannot get along without our home paper." Thus writes Henry Becker from Pontiac. He formerly resided in Tecumseh. He realizes what the home town paper means to a family when they have moved away but desire to keep in touch with events in their former place of residence. A year's subscription to The Herald will make a Christmas gift that will be appreciated fifty-two weeks during the next twelve months. The next two issues will be sent free to all new subscribers turned in at once.

The committee having charge of the high school Christmas party wishes to announce to the people of Tecumseh and particularly the parents of the students that on Friday, December 19, there will be given in the gymnasium a dancing party for the students. The committee desires the co-operation of both students and parents in making this a simple dress party to which all high school students can come and have a good time without "a new party dress, pumps, etc." The party will begin at 7:30 and close at 12. An invitation is extended to the parents to occupy the gallery of the gymnasium.

It was erroneously stated in last week's account of the damage done by the storm that the electric lights in Britton, Ridgeway, Deerfield and Petersburg were out of commission from Saturday night until Monday. Those places get the current for their lights from the Tecumseh Electric Company and the towns were in darkness only a few hours that Saturday night, the current being turned on there the same time it was in Tecumseh. The local electric company made a short job of repairing the damage caused by the storm, having men out all day Sunday so that the current users would have service at the earliest possible moment.

There was a good attendance at the art exhibit held at the high school auditorium the evening of December 5. About 200 paintings were on display and an interesting and much enjoyed feature was the living reproductions of some of the pictures by a number of children. The exhibit was for the purpose of raising funds to purchase pictures for the school rooms and halls. The living pictures were as follows: "Pot of Basil," posed by Jeannette Hall; "Baby Stuart," posed by Mary Audrey Smith; "Age of Innocence," posed by Alice Nemire; "Penelope Boothby," posed by Virginia Wilson; "The Strawberry Girl," posed by Catharine Heesen; "The Little Scholar," posed by Marian Jones; "Lilacs," posed by Theresa Deery; "Alice," posed by Marguerite Wilson.

THE GUMPS

Season's Newest Musical Comedy

A humorous farce comedy, entitled "The Gumps," derived from the inspiration of Sidney Smith, the cartoonist, will be disclosed at the Bradley opera house Friday, December 19.

It is described as "a brisk performance, interesting in characterization and unusually spirited by reason of the playwright's quick maneuvering of incidents."

The author has evolved ideas for his comedy, possessing great variety, and has woven them into farcical continuity which should satisfy the most exacting amusement seeker for mirth and diversion. The entire production is said to be rejuvenating and enjoyable to a marked degree.

The performance presented in two acts and six scenes, is said to ably present everything that Howard McKent Barnes has written into the farce. No more rollicking gambol has been seen on the local stage in a long time.

Added to the creation of musical and amusing fiction is a cleverly selected and excellent cast. The chief parts of the comedy are taken care of by James R. Fraser and Bessie Clifton, two players who have the talent of travesty at their finger tips.

The scenery is of prodigal variety. There are picturesque views of famous watering resorts; one of the most noteworthy is a bungalow by the sea at Long Branch in moonlight, with a bevy of singing and dancing sprites, enhanced by changing color effects.

Alcohol prevents your car from freezing; 188 proof sold here at $1.00 per gallon, out of the barrel. Tecumseh Big Chief Garage.—adv.

Bolshevism To Be Fought in Tecumseh

"BETTER AMERICA" LECTURES WILL START EARLY IN NEW YEAR

Pastors to Co-Operate in Campaign to Americanize United States — Community Services Given Over to Movement for Ten Weeks—Coalition Committee Furnishes Slides.

To counteract any tendencies toward bolshevism in Tecumseh a series of illustrated lectures on Americanization are to be presented in this city early in the new year, the local pastors having decided to take an active part in the "Better America" campaign now being waged in Michigan and other parts of the United States. Rev. W. A. Rex has been one of those most active in securing these lectures for Tecumseh and his sermon at the Presbyterian church Sunday morning was along the line of higher citizenship and he announced the "Better America" campaign would be brought to the attention of the people of this city and vicinity in the very near future.

The series of illustrated lectures number ten and they deal with Americanizing America. They were prepared by Dr. Newell Dwight Hillis, he realizing that many of the phamplets and other means adopted to stay bolshevism in this country were not successful. This illustrated lecture campaign for a better America is designed to be an appeal to the eye as well as to the intellect and the ear. Under a practical test it is asserted not only thoughtful adults but boys and girls have followed these lectures with intense interest and endorsed with shouts and cheers every plea for patriotism and every attack against radicalism.

It is planned to start the lec-

Warehouse Blaze Does $400 Damage

Brown & Co. Lose Hay and Straw In a Fire of Unknown Origin.

About $400 damage was caused by a fire in one of the store-houses of Brown & Co. early last Saturday afternoon and how the blaze started is still a mystery.

The building contained about 10 or 12 tons of baled hay and straw and as the roof and building [illegible] the owners carried no insurance on the structure nor on [illegible] contents, which also included some building material and fertilizer.

J. F. Rector, a member of the partnership, discovered the flames when he stepped out of the office to take some coke off a load of fuel which was being weighed. He called up the telephone exchange and told the girl to give the alarm and in record time the fire department was on the job. Hose was laid and a stream of water thrown on the blaze in remarkbly short time. In the meantime, however, chemicals were already being used on the flames, this method of extinguishing the blaze having been brought into play the moment the fire truck arrived.

It was in the southern end of the warehouse that the fire had started and here the flames had pierced the roof and the sides in a number of places when the fire fighters arrived. They fought the fire valiently despite the intense smoke and soon had it under control.

One theory is that the fire started from spontaneous combustion, while others believe that young boys might have been in the building smoking cigarets and a spark from these set the hay and straw ablaze. None of the Brown & Co. officials or empolyes had been in the storehouse Saturday. New straw had been hauled into the building a week previous to the fire, but this was so dry and there was so little of it that combustion would be very unlikely to develop. Last spring a number of boys who were smoking were found in this building.

Pay Subscription Now—Keep Down Price.

Responses to our appeal of last week have already been received and we thank these subscribers for their promptness.

The yearly subscription price of The Herald is a small matter to the individual, but when figured collectively—say from 1,500 to 1,800 individual subscriptions—the individual subscriber will readily see what buying power is behind the total sum.

We need this buying power to keep the [illegible] down where it is at present, and indications point to the fact that we will get it.

The saving derived by receiving this money without mailing "dunning" letters will greatly help to give the people a better Herald at the existing yearly rate despite the additional operating expenses.

Rev. Widdifield Leaves St. Peter's

Accepts Position as Assistant in St. John's Church, Detroit.

Parishioners of St. Peter's Episcopal church will regret very much to learn that their rector, Rev. J. G. Widdifield, has decided to leave his charge here to enter a larger field, having this morning tendered his resignation to the vestry, the same to become effective January 30.

Rev. Widdifield has been offered and has accepted, pending the action of the vestry upon his resignation, the position of assistant in St. John's Episcopal church, the oldest and most influential church in Detroit. Here he will have charge of the church school and the young peoples societies—a work that appeals to him strongly and for which he is exceptionally well equipped.

Since coming to Tecumseh Rev. Widdifield has made many warm friends, not only in the parish but among the people of the city. Upon his return from service in France as Y. M. C. A. secretary he organized in Tecumseh a troop of Boy Scouts of America, and perhaps few in the city know or love Mr. Widdifield more than these boys.

Much could be said of the good work of Rev. Widdifield, but the news reached this office just as The Herald was going to press, prohibiting a statement of any length.

The vestry will probably act favorably upon the resignation at a meeting Sunday next, although the members regret to lose him and his estimable helpmate and family.

Paved Street Is One Step Nearer

Council, at Special Meeting, Turns Chicago Street Over to County Road Commission.

Chicago street, from the west to the east limits of the city of Tecumseh, has been turned over to the Lenawee county road commission that all the preliminary steps may be taken in due time toward getting the state improved highway through here.

The resolution turning Chicago street over to the county road commissioners was taken at a special meeting of the council Monday evening, all of the trustees being in attendance, and the vote was unanimous in favor of the step.

As is now well known, Chicago street is to be part of the state-built paved highway across Michigan and this main artery of traffic from one end of the state to the other passing through Tecumseh will mean much to the future growth and prosperity of this city. The preliminary steps toward constructing this improved highway are already being taken all along the line and the action of the local council was in line with similar resolutions passed by the authorities of other towns on the route.

The state's decision to improve Chicago street will mean that this city will have an opportunity to have its widest and most used thoroughfare paved at a very nominal cost to the residents of Tecumseh and it is a chance which local people should not let slip by.

MONDAY CLUB TAKES ITS HOLIDAY RECESS

The program of the Monday club this week was led by Mrs. J. J. Orr, with a book review, "Christ in the Poetry of Today," by Mrs. Wilfred Waldron and the reading, "Christmas Morning," by Mrs. E. D. Brown. The singing of Christmas carols was heartily enjoyed, with Mrs. R. S. Moore directing.

Mrs. Taylor of Adrian was present, advertising a series of concerts being put on by the Adrian college.

Five new members were voted into the club at this meeting: Mrs. George Church, Mrs. Charles A. Ihrkey, Mrs. Edward Harper, Mrs. Lena Jones and Mrs. J. G. Widdifield.

The club is now taking a holiday recess, not meeting again until January 5.

R. K. Anderson Legion Commander

Underwood-Orr Post Elects Officers Following Banquet—Will Co-Operate in "Better America" Movement.

During the coming year R. K. Anderson will preside over the meetings of Underwood-Orr post, No. 34, American Legion, as he was chosen commander of the post at the annual election of officers of this organization held last Friday evening. The business meeting of the post was preceded by a banquet, the session being held in the dining room of the Knights of Pythias hall. The Pythian Sisters served the menu.

The feast began at 6:30 and included chicken and all the good things that usually accompany it, and all of the large number of ex-service men in attendance will take their oath that the Pythian Sisters are excellent cooks and can serve a meal that will satisfy the most particular epicure.

When the election of officers was held the following was the result:

Post Commander—R. K. Anderson.
Vice Commander—John Larson.
Adjutant—Percy Bowen.
Finance Officer—Frank C. Miller.
Executive Committee—P. C. Satterthwaite, F. C. Hanna and Ivan Spitler.
Entertainment Committee—H. H. Hammel, Archie Boyd, H. H. Hanna, Wm. D. Perkins and Geo. Witherell.
Club Committee—F. C. Hanna, Hile Bricker, John Larson, P. C. Satterthwaite and Ed Rogers.
Athletics Committee — Karl Schneider, John Larsen, Hile Bricker, Henry Fray Croll and Ed Aebersold.

Other important business transacted was the adoption of a permanent constitution and by-laws.

Friday evening, December 12, about 60 members and friends of the B. Y. P. U. gathered at the home of Mr. and Mrs. E. G. Harkness. The house was prettily decorated in keeping with the Christmas season. Santa, arriving by way of an improvised fireplace, aided in the distribution of gifts. The tree was fairly well laden with toys, which later will be distributed [illegible] hitting hardest.

During the social hour the host and hostess served ice cream and wafers.

This being the regular annual meeting of the society, committees were appointed and officers elected for the ensuing year as follows:

The election of officers for the next year resulted as follows:

G. E. NEMIRE TAKES FINE POSITION IN COLUMBUS

Guy E. Nemire, cashier of the Tecumseh State Savings bank, was called to Columbus, Ohio, Friday and while there was offered a responsible position with the Columbus Dry Goods Co., at a flattering salary. Upon his return on Saturday he tendered his resignation to the directors of the local bank to take effect the first of the year.

For eleven years Mr. Nemire has been connected with the local bank, rising from clerk to cashier. Unflagging devotion to duty, keeping his word as good as his bond and unvarying courtesy to all patrons has won for Mr. Nemire high esteem from all he has come in contact with and aided materially in building up the present immense business of the Tecumseh State Savings bank.

Mrs. Nemire and little daughter will not go to Columbus until spring.

SERGEANT RECTOR TO BE RELEASED SOON

A wire from Ft. Sheridan from Albert Boyce, of Columbus, to his sister, Mrs. B. J. Rector, on Friday said the papers for the release of her son, Sgt. Earl Rector, from service, were enroute to Washington and as soon as they return to Ft. Sheridan Mr. Boyce will bring the sick man home.

About the middle of March, 1918, Sgt. Rector was operated upon, following an illness in Central France. After a few months of being moved around in France he was brought to the government hospital at Detroit, where he was treated until in August the government evacuated that hospital and sent their patients to Ft. Sheridan. For almost a year Mr. Rector has been confined to his bed, so his removal home is hailed with pleasure by his many friends.

Concert Program Highly Enjoyed

Ward-Buchner Troupe Gives Meritorious Entertainment at Methodist Church.

It was a musical treat which the Ward-Buchner Concert company presented at the Methodist Episcopal church last Friday evening. The audience was comparatively small but what it lacked in numbers was overbalanced by the appreciation shown, each entertainer being heartily applauded.

The company consists of Corda Ward-Buchner, violinist; Myrtle Robinson, soprano soloist; Lenora Coughlin, piano accompanist, and Victor Croxford, elocutionist. All displayed marked talent in their various roles as entertainers.

Corda Ward-Buchner's numbers on the violin were played with a master hand and her instrument was of a particularly sweet tone, adding much to the enjoyment of her several selections.

Myrtle Robinson has a tender soprano voice and the selections she sang gave her ample opportunity to prove she is a soloist of a high order.

Miss Coughlin is a gifted piano soloist and an accompanist whose playing lends added pleasure to the efforts of the vocalist.

The dramatic readings by Mr. Croxford were ably given and stamped him as an elocutionist with a promising future.

Those who failed to attend this entertainment neglected an opportunity to hear a group of artists. They came under the auspices of the Ladies' Aid of the Methodist church.

ESCAPES ADRIAN JAIL, FOUND UNDER BED HERE

[illegible] incarcerated in the Adrian jail for raising a check walked away Sunday afternoon when the sheriff set him to [illegible] in some weed from outside the enclosure. The sheriff phoned Deputy J. B. Smith, telling him to watch for the lad at the home of his sister, Mrs. Earl Cook, in Brownville.

The Cooks were away in the afternoon so knew nothing of young June when the deputy went to their home, but when Mrs. Cook went to bed she heard some one breathing under her bed and there lay her brother, fast asleep, tired out with his journey over here in the cold. She notified the deputy and the prisoner was returned to Adrian.

A bicycle was reported to the sheriff as missing in Adrian Monday, so he connected the fact with young June's disappearance and phoned the officers here. Marshal Mominee found the "bike" at Earl Cook's and sent it back to Adrian.

ENTERTAINS IN HONOR OF A BRIDE TO BE

Honoring Miss Alice Lowe, a bride of this week, Miss Alma Kloffenstein delightfully entertained a party of twelve young ladies Friday evening. A cobweb miscellaneous shower of beautiful gifts proved to Miss Lowe the love and best wishes of her friends, and the disentangling of the cobweb by the guest of honor furnished much sport for the others. Games, a contest and music filled the hours and Miss Kloffenstein served her guests refreshments at a table charmingly decorated. A candelabra with lighted candles occupied the center of the table, with beautiful baskets of roses at either side.

Miss Ruth Kloffenstein of Detroit, Mrs. Raymond Osburn and Miss Emma Lowe of Ridgeway were out of town guests.

MORE COAL EXPECTED IN TECUMSEH SOON

Although the strike of the coal miners is over, the local supply of fuel is still limited.

All of the dealers have some coal. L. E. Temple & Co., not mentioned in the fuel story in last week's Herald, consider themselves especially fortunate in having laid in a large supply before the miners ceased work.

This concern has been notified that four cars of coal are in transit to their different yards. The railroads for some time have been confiscating or diverting coal, but now they no longer have that power. With the order rescinding fuel restrictions, effective Monday, the railroads were shorn of their authority and the coal dealers are now assured that fuel consigned to them will be delivered. This will soon help to relieve the situation in Tecumseh as well as elsewhere.

With the return to work of the miners business in general has been resumed and the whole nation rejoices that the distress-producing strife between the coal barons and the miners has come to an end.

Grange Changes Date of Meetings

Tecumseh Organization Will Hold Sessions Friday Instead of Saturdays.

Tecumseh Grange has changed its meeting days and now holds its sessions the second and fourth Fridays in the month instead of on Saturdays. The change was made at the regular meeting of the Grange last Saturday. There was a fair attendance at the session and keen interest was taken in the various matters presented. [illegible] Overseer J. O. Eaton presided over the meeting. A short program was given, the feature being an address by Rev. W. R. Curtis on the labor question, especially as it applies to the negro.

The next meeting will be the evening of December 26, at which time there will be initiation work in the first two degrees. January 9 will be the date of the following session and on this occasion officers will be installed. Past Master and Mrs. George Sanford will be the installing officers.

It is believed there will be a larger attendance as the result of the change in the meeting days and members of Tecumseh Grange who were not present Saturday are requested to bear in mind that the organization will now convene on Fridays instead of Saturdays.

WESTMINSTER GUILD HAS JOLLY CHRISTMAS PARTY

Mrs. Will Cubitt, Mrs. E. C. Heilman and Mrs. O. J. Duguid were hostesses to the Westminster Guild Tuesday evening at the home of Mrs. Cubitt. A good sized crowd attended in spite of the snow and cold, assured of the pleasant evening awaiting them. The devotionals were conducted by Mrs. W. A. Rex. Dr. Pauline Bredow was leader of the study session, when the Americanization of the foreigner was discussed, Miss Ethel Garlinghouse leading the discussion.

The remainder of the evening was spent in a social way, the hostesses serving refreshments. A Christmas grab bag made much sport, each lady drawing a toy as a souvenir of the evening. A preponderence of jumping jacks, a snake and a few tottering old men dolls make a jolly hour and everyone pronounced the Guild Christmas party one of the most pleasant meetings of the Circle.

YOUNG MEN ARRANGING ANNUAL CHRISTMAS PARTY

Editorial Comment

Taxes are high this year—that's a well known fact—but there is no sense in spending any time bemoaning the situation. On the contrary we should awaken and see to it that we get our share of the benefits to be derived. We know that we are getting value received from our new school building and its equipment, for our educational institution is spreading daily the fame of Tecumseh.

Particularly would we call attention to the coming road improvement movement. The city council at a special meeting Monday evening turned that portion of the proposed new paved way over to the County Road Commission. This was done so as not to interfere with the construction plans, and the council is to be commended for its action.

The opportunity to get Chicago street paved will never be better than under the present laws. No city, village or township in Michigan has heretofore had the opporunity of having three-fourths of the cost of paving paid by the government. We should not let the opportunity slip by to get all we can while the getting is good.

Unrest and radicalism are prevalent in Michigan as well as elsewhere in the United States. The dangers that confront this country are best illustrated by the steel strike and the coal strike, which caused nation-wide distress.

Radicalism, bolshevism and anarchism must be stayed in Michigan as effectively as it is being done elsewhere, and it is proposed to accomplish this through a vigorous educational campaign tending to illuminate the vital questions of the day. One of the branches of this educational movement is illustrated lectures, which are designed to enlighten, in so far as possible, all the people of the state concerning the true social relationship of one to the other and counteract any and all propaganda attempting to implant in the minds of the present generation a belief in class existence.

These lectures, which have as their object a "Better America," are to be presented in the Tecumseh churches early in the new year. They are intended to help bring order out of the turmoil that is menacing our national life; they are to offset the organized propaganda being carried on by agents of the I. W. W. and other similar organizations.

While Tecumseh is not a hot bed of socialists nor a haven for the bolshevists, yet it is the opinion of those best informed along these lines that work to help Americanize America can be done here and it is hoped to accomplish this through these lectures.

It is through the efforts of the Coalition Committee of Michigan composed of twenty-six men from all walks of life, banded together for the sole purpose to help remedy economic conditions, that the illustrated lessons on Americanism are sent here. P. W. A. Fitzsimmons of Detroit, well known in Tecumseh and a former resident of this city, is the president of the committee. In summing up the present situation Mr. Fitzsimmons says:

"There is big work ahead in restoring normal conditions in Michigan and the Coalition Committee anticipates the hearty co-operation of all real Americans."

Let us all be REAL Americans when these lectures are presented in Tecumesh in the near future, attend them consistently and take to heart the lessons in true citizenship which they teach, that we may do our share in Americanizing America and make the good old U. S. A. a place where the coming generations may enjoy peace and prosperity to the fullest.

Henry Gusser of Tecumseh will probably never be admitted to the ranks of the I. W. W. even if he should desire to join them. He is too industrious, his activities during the past summer being an example which all the agitators for little work and much pay could emulate with benefits accruing to employe and employer.

Mr. Gusser is 78 years of age. During a conversation with a friend a few days ago he was asked how he had put in his time the past summer and related, as though it was nothing unusual, that this fall he had cut 35 acres of corn by hand and after paying his board all the time he was working he had over $300 left as the result of his labors during the past few months. Surely this is a record of which he may well be proud.

A native of Switzerland, Mr. Gusser comes from hardy stock and can still do a good day's work in spite of his advanced years. He was formerly a guide in the Alps.

The various boards of the townships interested in the paved highway have refused to come across in sharing the expense of securing signatures on the petition to the state highway department. They let "George do it," and "George" in this instance was the Tecumseh Commerce Club. This organization deserves the credit for putting over this preliminary work so quickly. Standing the expense alone only adds more honor.

What a shock it must have been to the editorial scribbler of the Detroit Free Press to read in large black type "Wilson's Plan Wins" heading the report of the ending of the coal strike.

Coming daily—new subscriptions. By the new year The Herald family of readers will be largely increased.

That Albert Boyce appreciates the loyalty of the force of employees of the Columbus Dry Goods Company, of which he is president and general manager, was proven when he announced that every one with the firm a year or longer would receive as a Christmas token one week's salary and those holding their positions a shorter time would receive gifts in proportion. Recently the firm adopted a cash selling policy, and since has prospered more than ever before.

Quite a party of ladies availed themselves of the opportunity to see the work of the domestic art classes of the high school Friday, in response to invitations from the students and teacher, Miss Anna Carson. The work was arranged in beautiful order from the samples of stitches by the seventh grade to completed underwear by the seniors. These garments were all hand made and the work of the older girls exquisite. Miss Carson had 76 beginners in the course this year, many who had never sewed a stitch, and their progress is remarkable when we consider that each class can only have two hours per week. In all Miss Carson has 120 pupils.

PRESBYTERIAN SESSION GIVES PLEASING PARTY

As the reward of a certain contest which took place in the Presbyterian Sunday school last summer, the Session of the church entertained the older classes Friday evening at the church gymnasium.

Picked teams of the young people played several games of basketball, then Wilbur Boyce sang two pleasing solos, accompanied by Miss Marjorie Boyce.

Miss Gillespie's class gave a stunt called "Over and Under," and Miss Boyce's class a number of Boy Scouts' stunts on the mat.

The men's class of some twenty or more sang lustily a couple of songs and then followed the athletic event of the evening, games of volleyball, a team from the men's class opposing a team from Mrs. Bowen's class, the contest being umpired by Leroy VanWinkle. This resulted in the young men winning two out of three games. Those on the teams were: Men's class—Rex, Whelan, Boyce, Wyrill, Waring and Sisson; boys' class—Nyland, Duncan, Harrington, Bowen, Cleveland and Nobles.

The Session served their guests with refreshments.

A few centuries from now the reformers will be telling us that nine-tenths of the crime is caused by coffee and chewing gum.

Music is the Great Christmas Gift

This Store Is Ready to Serve You

Everybody loves music, and in this day of wonderful things everybody can enjoy it in his own home. If he cannot play or sing, he can have a phonograph that will bring him the world's greatest artists, and almost all the world's greatest music.

Hundreds of homes in and about Tecumseh are going to make music their Christmas gift. The demand has never been so great, and this store is going to do its share (and perhaps more) to fill it.

A great many people will prefer to buy their gifts in this store, because of the reputation already established by Service & Son as square dealers.

It does make a difference where you buy, and the difference comes not only in the merchandise, but in the service you receive, in the confidence and satisfaction you have in your purchase. Is there any time in which this confidence is more important than when buying gifts of such lasting value as a phonograph?

If you are not in position to pay spot cash for a phonograph, come in at your earliest convenience and we will gladly explain to you our deferred payment plan.

The Coal Situation

When the miners went on strike we had a big stock of all kinds of fuel. We were advised the strike would not last long. After it had been in force two weeks we realized that our stock would not remain balanced very long, as some kinds of coal would be all sold and of the other kinds we would have plenty. So we adopted the plan of asking each purchaser to take some coke with each order of coal where it was to be used in a heating stove or a furnace.

Stock on Hand

We wish to thank our customers for their willing spirit of co-operation in accepting fuels they were not accustomed to using and in fact did not like, they doing this in their desire to help relieve the situation. And they did assist. We still have a well balanced stock and will take care of those residing in the village of Tecumseh and vicinity.

More Coal Coming

We will soon have on hand some of that desirable Ohio Lump and Egg and Pocahontas Lump and Egg, not only at our Tecumseh yards but also at our Cone and Pentecost fuel stations.

Buy Now, Is Our Advice

Our suggestion is that you phone us your requirements at once and later fill up your coal bins. Then in the summer fill your bins again for next winter's use, as we advised you to do last summer. It will be cheaper this way, you will get what you want and you will be doing your share to keep production even for twelve months in the year, which was one of the main issues of the strike of the coal miners.

The Woman's Foreign Missionary society met Thursday afternoon in the Methodist church parlors with a good attendance. Mrs. J. W. McIntyre presided over the business session. The Christmas offering amounted to $8.15 for the out-going missionaries. The third chapter of the text book, the subject, "Crusade of Compassion," was carefully reviewed by Mrs. Wilfred Waldron, who was program leader. Short talks on the topics, "Idol Worship, Foot Binding and Present Government of China," were given by Mrs. Ed Harper, Mrs. E. D. Brown and Mrs. Willett.

George Hines made a trip to Lyons, Ohio, Monday with Brown & Co.'s truck after hides. Near that village the roads consist of two deep ruts from which it is a hard matter to drive when meetin another machine. Mr. Hines had such an experience when the other fellow smashed into the back of his truck, taking off a wheel and bending the back axle. Mr. Hines could get no repairs there so phoned for one of his partners, J. F. Rector, to come to his assistance with another wheel. The truck arrived home that evening, but the other machine was badly damaged.

BOLSHEVISM TO BE FOUGHT IN TECUMSEH

(Continued from Page One)

tures early in 1920 and they will be given at the Community services in place of the sermon. The stereopticon machine of the Presbyterian church has been offered with which to show the views, the projection instrument to be taken to whichever church the service is being held. There are thirty-six slides to each lecture. When the proposition was broached to the pastors co-operating in the Community services they all readily expressed their willingness to join in the movement, as they realize the great benefits to be derived, and all will do their utmost to make the campaign here productive of encouraging results. Underwood-Orr post, No. 34, American Legion, when informed of the plan to hold a "Better America" campaign here, immediately endorsed the movement and at its annual meeting last Friday night adopted a resolution pledging its support to the cause and appointed a committee to co-operate with the pastors.

There is no expense connected with the presentation of the lectures here, and there will be no admission charged or collection taken for the cause. The slides are sent throughout the state by the Coalition Committee of Michigan, which is composed of twenty-six men, civic and industrial leaders, who come from almost as many walks in life and are banded together solely and solidly in an endeavor to remedy economic conditions without thought of personal pay or political preferment. The committee is declared to be non-sectarian and non-partisan. Tecumseh is especially interested in the personnel of this committee as a former resident here and one who is still very well known and has business interests in this city, P. W. A. Fitzsimmons, is president of the body. A second former Tecumsehite who is an officer on the committee is Secretary E. R. Mead, now in business in Detroit. Another member from Lenawee county is Stuart H. Perry, editor of the Adrian Daily Telegram. The county seat has a second representative on the committee in the person of A. E. Illenden, of the Michigan state farm bureau. L. Whitney Watkins of Manchester and Eddie A. Guest, poet and author on the Detroit Free Press, are other members of the Coalition Committee.

Tecumseh may not be the only place in this vicinity where these illustrated lectures will be presented. It is the desire of those interested in the movement here to also show the slides in neighboring places like Macon and Ridgeway and other villages if arrangements can be made, that as many as possible be given lessons in how to make America more American.

Dr. Hillis, the author of the lectures, in an explanatory statement, has this to say:

"These lectures were prepared in the belief that if an all-wise God has so constituted the child that a boy or girl can understand the Ten Commandments, the Golden Rule and the Teachings of Christ, then surely every boy or girl can fully understand the lesser facts as to law, liberty, work, wages, property, wealth and national prosperity.

"The problems that confront the American people today are problems of the soul. If we can manufacture a better quality of manhood, our tools, our shops, our laws, our homes and institutions will take care of themselves. Only by making a better America can we make our constitution the educator of the world in liberty and free institutions."

Here are the titles of the lectures:

"The Sanctity of Property as the Logical Inference from the Sanctity of Life."

"How Ability Increases the Worker's Wage and the Nation's Wealth."

"The Loyal Classes Who Build the State and Enemies Who Undermine It."

"Why No Excuse for Poverty in the United States."

"How Bolshevism Ruined Russia, and how it Works Ruin Where Tried."

"Is Socialism the Perpetual Motion Machine Delusion Converted into Economics?"

"What Our Fathers Paid for the Liberties of the Republic."

"The Republican as a Golden Mean Between Autocracy and Democracy."

"Gains Made During the Last Three Generations Give Promise of the Golden Age for our Grandchildren."

"New Plans for the Better America, Now Being Developed in Our Country."

Our former townsman, Mr. Fitzsimmons, speaking as the president of the Coalition Committee of Michigan, in sending out these lectures makes this plea: "There is a big work ahead in restoring normal conditions in Michigan and in the union, and we hope for the hearty co-operation of all real Americans."

Bell Ringers Give Varied Program

The Dunbar Entertainers Greatly Please Lyceum Course Patrons—Next Number Feb. 5.

On February 5 Dr. Gordon, a lecturer of talent, is to give the final number of the Tecumseh high school lyceum course and if he measures up to the standard established by the Dunbar bell ringers and singers, who presented the third of the series of entertainments last Thursday evening, he will be received with acclaim.

The Dunbar quartet of bell ringers are versatile entertainers, all being vocalists with voices that blend admirably, one of the group is an elocutionist of ability, another a pianist whose playing marks him as one with natural gifts along this line, the third a cellist whose numbers please greatly and the fourth can finger a flute exceptionally well.

Especially enjoyable was the bell ringing, the interpretation of the impression gained by Mr. Dunbar on a Sunday morning in London while the chimes were ringing being strikingly effective.

The singing of the quartet brought much applause, their numbers being numerous and varied. Laugh provoking to a marked degree were the efforts of the dramatic reader and he won general approbation. The selections by the pianist demonstrated he was a musician in every sense of the word, his numbers being of a particularly pleasing character. And of great charm were the selections by the trio playing piano, cello and flute.

It was a much enjoyed program which these four men gave and should they ever come back the greeting extended them will be hearty.

BESEECHES HEARERS TO SEEK THEIR GOD

Adrian Pastor Says in Community Sermon Many People Wait Too Long to Accept Christ.

Rev. Herbert Haldy of the Friends church of Adrian, preached Sunday night at the Community service held in the Friends church. For two weeks he has been assisting Rev. Edw. Escolme in a series of evangelistic services of which Sunday night's meeting was the climax.

Miss Myrtle Allen of Beloit, O., director of the young people's work of the yearly meeting to which this church belongs, was present Sunday at the services, holding a splendid meeting for the young people in the afternoon, at which several accepted Christ as their personal Saviour. Miss Allen made the opening prayer at the evening service, Rev. W. R. Curtis read the scripture lesson and announcements were made for the week's services. Rev. W. A. Rex announced a cantata to be given next Sunday night by the united choirs of the town assisted by the Presbyterian Sunday school. The service is to be held at the Presbyterian church and the collection is to be added to the fund already raised by the Red Cross Concert Co. for the Armenians. Rev. Escolme announced Rev. Lena Lockwood Cox would address the prayer service Wednesday evening and invited the lady's many friends in the village to hear her.

After a beautiful song by the Friends' choir, Rev. Escolme introduced the Rev. Haldy and the latter took for his text "Seek the Lord while He may be found, call upon Him while He is near." His discourse was to this effect:

Man in his own natural state has separated himself from God by his sins and iniquities. God's word reveals man as he really is, not like some photographers view us. Our righteousness will not meet the need of the dying and it takes more than good parents to save us. Salvation is a personal question, not a question of family. We must be born again. We too often base our hopes on eternity on the fact that we are born and raised in the church.

"Seek the Lord while He may be found." Procrastination has been the downfall of many. Many have put off the seeking until God has ceased to strive with them. The first opportunity is the time to seek God. The opportune time is when God calls. When you deliberately turn God aside you go to the bad.

He closed with an ardent appeal to the people to seek their God and Rev. C. M. Thompson pronounced the benediction.

R. K. ANDERSON LEGION COMMANDER

(Continued from Page One.)

In this connection it will be of interest to the general public to kow what the objects and the nature of the American Legion are and for the benefit of the friends of the world war veterans the following is quoted from the constitution and by-laws:

Objects—To uphold and defend the constitution of the United States of America; to maintain law and order; foster and perpetuate one hundred per cent Americanism; preserve the memories and incidents of our association in the great world war; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to promote peace and good will on earth; to concentrate and sanctify our comradeship by our devotion to mutual helpfulness.

Nature—While requiring that every member of the organization perform his full duty as a citizen according to his own conscience and understanding, this organization shall be absolutely non-partisan, and shall not be used for the dissemination of partisan principles or for the promotion of the candidacy of any person seeking public office or preferment.

A resolution was also adopted to foster the "Better America" movement which is soon to be launched here, details of which will be found elsewhere. A committee was named to co-operate in this work, the members being as follows: P. C. Satterthwaite, Frank C. Miller and Leon McLachlin.

The local Legion post is now thoroughly established, has club rooms which are to be made more attractive and if the principles set forth in the constitution are rigidly lived up to the organization will be a powerful factor for good in this community.

PLAY NIGHTS DRAWING BIGGER CROWDS WEEKLY

Interest in the Saturday play nights at the high school gymnasium is increasing weekly. The attendance at the games was larger Saturday night than at any time since these play nights were started and the indications are there will be even more participate this week.

From 6 to 7 o'clock last Saturday night the little children played a variety of juvenile games and enjoyed them hugely. From 7 to 8 the older boys indulged in indoor baseball and from 8 to 9 there were spirited contests when men from the Baptist and Methodist churches opposed each other in volleyball. The Baptists proved themselves the most adept at the game, winning two out of three contests.

There are to be games again the coming Saturday night and the people of Tecumseh, old and young, are invited to join in the sport.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

Bread Important to Health of Children

We eat bread at every meal because it is so nutritious.

And bread is nutritious because of the gluten it contains.

Children are especially in need of this gluten and should be given the bread which contains the highest percentage of this health-producing substance.

Nevison's bread, above all others, is rich in gluten and contains other ingredients in abundance which aid in the proper functioning of the various organs of the human body and in that way is health insurance.

1920 Census Is to be Very Complete

Exhaustive Invoice Will be Made of Agricultural Resources of Country.

When Uncle Sam starts taking the census and an inventory of the agricultural resources of the United States on January 2 he intends to make a very thorough job of it. Especially complete is to be the data gathered in regard to the farms of the country and their equipment, and the agriculturists are requested to begin now to give this matter thought, as a large number of questions will be asked by the census takers. Here are some of the quiries which the farmer is expected to answer:

How many pounds of beeswax did you produce in 1919?

How many guinea fowls on your farm on January 1, 1920?

If any part of your farm is irrigated, give total number of acres irrigated in 1919.

How much maple syrup made in 1919?

How much kafir, milo, durra, sweet sorghum, and sugar cane cut for forage or fodder in 1919?

Number of motor trucks on the farm.

How much cheese made on farm in 1919?

How many almond, pecan, Persian or English walnut trees on the farm January 1, 1920? How many trees are of bearing age and how many not of bearing age?

How many beef calves under one year of age on hand January 1, 1920?

Value of all farm supplies purchased for farm from or through a farmers' organization in 1919?

These are but a few of the questions taken at random from the questionnaire which the census gatherer will present to the farmers and those directing the work ask all agriculturists to give these and kindred subjects thought during the next few weeks that the task of the data collector will be shortened and lightened and the result of the invoice fully as complete as the government hopes for.

Let every member of the schools come prepared to give to this cause freely and abundantly "In the name of Jesus," for He says, "Inasmuch as ye have done it unto one of the least of these my brethren ye have done it unto me."

THE BEST PROOF

Given by a Tecumseh Citizen.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Tecumseh residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony—

The proof convincing.

It can be investigated by Tecumseh residents.

Mrs. Alice Burroughs, W. Pottawatamie St., Tecumseh, says: "I sometimes ached all over and was all tired out and had no ambition. My kidneys didn't act regularly and at times my back ached. I knew of others who had been helped by using Doan's Kidney Pills, so I got some at Wright & Son's Drug Store. In a few weeks, I felt much better and finally I was free from the aches and pains. I was benefited in every way."

AGAIN PRAISES DOAN'S.

Over seven years later Mrs. Burroughs said: "I am always glad to recommend Doan's Kidney Pills, for they are a good medicine. They cured me of kidney trouble."

"THE GUMPS" AT THE BRADLEY ON FRIDAY

"With a company of top-notch entertainers, excellent vocalists, fine chorus, elegant costumes and delightful scenic effects, 'The Gumps' came to Fort Madison last night to drive gloom to the backwoods and inject the mirth bug into the hearts of the 'standing room only' audience at the Grand.

"With melody and sketches the entertainers carried the large audience through three hours of frolic and fun. The house was constantly in an uproar. There was not a dull moment from the rise of the curtain to the finale.

"Comic songs sung by comic songsters, with sayings filled with snap and vim and beautiful solos are all wrapped up in the entertainment.

"The opening musical number, 'Junetime,' by Miss Beverly Byrd as Helen Holmes, was splendid and merely gave an insight on the other good things that were to follow.

"Following 'A Model Young Man,' so ably rendered by Earl K. Leslie, as Tobe Lyons, came the great O. U. Efficiency, whose real name is J. C. Flippen, with his 'Give Me My Roses Now,' and the song proved one of the big hits of the evening. Efficiency kept the audience convulsed with laughter whenever he appeared. 'Flipp' is there with the black face stuff.

"All of the musical numbers were far above the average, and to compliment one member of the cast is to compliment them all.

"Fort Madison takes its hat off to 'The Gumps,' by far the best musical comedy seen here in many months."

The above article was taken from the Evening Democrat of Fort Madison, Ia., under date of Tuesday, Oct. 21, and is absolute proof that what the advertising agents say of that big musical comedy written around Sidney Smith's famous cartoons, which will be seen at the Bradley opera house this week Friday, December 19, is absolutely true.

Willett's six-piece orchestra of Adrian will furnish the music. Seats are now selling, (phone 365 for reservations) and from the present outlook a capacity crowd will greet "The Gumps" on their first visit to Tecumseh.

DEMENTED MAN GOES GUNNING, 2 NEAR DEATH

ED HARKNESS AND JAMES JONES JUST ESCAPE BULLETS FIRED BY JAMES MURRY

Barber Shaves Would-Be Assailant Believing Shooting Was Joke—Inability to Find Patterns Saves Life of Clothier—Revolver Toter Out on Bail.

Temporarily demented, James Murry, hotel proprietor, ran amuck with a revolver Tuesday morning and in discharging the weapon endangered the lives of two men, one of whom, a barber, later shaved the gun toter, not realizing how narrowly he had escaped being sent into eternity by one of the bullets fired by the crazed man. Murry is at liberty on $500 bail, having been accused of carrying concealed weapons.

An effort was made Wednesday morning to interview Mr. Murry at the hotel, but The Herald representative was told:

"Mr. Murry is in his room upstairs lying down as he is not feeling very well. Perhaps later in the day you could see him."

The hotel man had been in Toledo Monday and when he returned he was in possession of a new revolver. He let it be known that a traveling man had given him the weapon. It is suspected he secured something besides the revolver in Toledo, probably liquid stimulant of some kind which caused him to become hilarious, because he began to practice discharging the new firearm, with the hotel dining room ceiling as the target.

Tuesday morning he had the New York Central ticket agent, George J. Zi[illegible], engage for him and Mrs. Murry berths from Toledo to Louisville, Ky., expecting to depart Tuesday night. At that time he seemed in his right mind. In the middle of the forenoon he went over to Frank Snedicor's barber shop across the street from the hotel and asked the proprietor:

"Where's the other barber?" meaning Ed Harkness.

Mr. Snedicor answered:

"In the cellar, but will be right up."

At that Murry stepped to the hallway between the barber shop and Jones' clothing store and began to discharge the revolver into the cellar.

James Jones was also in the cellar looking for some patterns [illegible] Providence [illegible] Jones, for had he been [illegible] ed as quickly as he expected to he would have been on his way back up stairs while the mentally unbalanced man was shooting and would in all probability have been struck by one of the bullets.

After discharging the revolver Murry stepped back into the barber shop, placed the weapon on the shelf and waited for Mr. Harkness to come up from the cellar. The latter, believing the hotel proprietor had been firing blank cartridges as a joke, began shaving his would-be assailant.

In the meanwhile someone had notified Deputy Sheriff John Smith, who hastened to the barber shop and searched Murry, but could not find the revolver. Harkness, in the course of his work, had dropped a towel over the pistol. It was later secured by the local officer. The deputy sheriff did not feel inclined to arrest the demented man without a warrant, though Justice Fisher stated the gun toter could be legally taken into custody without papers first being made out as his offense had been witnessed by several persons. Deputy Sheriff Lancaster of Clinton appeared

CHARLES ORR IS FOUND UNCONSCIOUS IN YARD

Charles Orr, a well known and highly respected resident of the village, was found unconscious in his back yard Monday evening and has been in that condition since. He had left the house about 9 o'clock to see that the rabbits were taken care of for the night and not coming in directly his wife called to him. Failing to get an answer she looked for him and stumbled over his body. He was brought in and a doctor summoned, who found him a sufferer from a stroke of paralysis.

Wednesday morning word from the home was that he had improved slightly, showing a glimmer of consciousness.

The daughter, Mrs. Garland Osburn, and son, Herbert, of Detroit are with the mother, assisting in his care.

Very Pleasurable Session Held at Grange Hall—Superintendent [illegible] Feast.

That the Quaker Oats employes are the "Quaker family" and closely bound by ties of friendship was proven Monday evening when, with their families, they filled Grange hall at the invitation of the company for a Christmas banquet. The hall had been handsomely decorated by Fray Croll, one of the men from the plant, and he is certainly an artist. A great Christmas bell was hung from the center of the room with heavy festoons of the Christmas colors caught from it to the corners of the hall. A tree, beautiful with its tinsel, bells and gilt ornaments, occupied the end of the hall. The tables were inviting

PRESBYTERIAN SESSION ENTERTAINS YOUNGSTERS

The children's classes of the Presbyterian Sunday school, comprising the beginners, primary and junior departments, were delightfully entertained by the Session of the church Tuesday evening at a Christmas party. Later the beginners were taken upstairs for games and the older ones played ball in the church gymnasium. The Session served their guests refreshments and all had a very pleasant evening.

Cantata Is Very Ably Presented

COMMUNITY CHRISTMAS EXERCISES ATTENDED BY CAPACITY AUDIENCE

Presbyterian Sunday School and Choirs of Co-Operating Churches Give Program of Highly Enjoyable Character—Yule Tree a Feature.

Tecumseh's first Community Christmas exercises, a cantata at the Presbyterian church Sunday evening, was a pronounced success in every respect. The attendance was of capacity dimensions and the music of a highly pleasing, yuletide character, while the recitations by the little folks all breathed the spirit of the Christ child and the great blessings resulting. The choirs from the several co-operating churches contributed not a little to the distinct success of the exercises.

The title of the cantata presented, "The Tree of Promise," was stretched across the front of

ACCIDENT VICTIM FOUND UNCONSCIOUS IN FIELD

Will Gibson had a close call Saturday.

A young lady walking past his farm saw him lying over in the corn field and on going to his aid found him unconscious. She summoned help and he was taken into the house and a doctor called, who found him suffering with a broken collar bone. He was soon brought back to consciousness.

Mr. Gibson had been busy with wood sawyers and finding his team in high mettle thought to work them out by drawing cornstalks on a stoneboat. Upon reaching the field, the horses started up quickly, throwing the driver off on the frozen ground, he striking on his head and shoulders.

The victim of the accident is coming on nicely, the fracture causing considerable pain but the bone is beginning to knit well.

Is S[illegible] Train, [illegible]

[illegible] Injuries

Struck by a train while crossing the railroad tracks in his auto just south of Tipton, Roy J. Draper of that place was dragged about 150 feet, stripped of most of his clothing and was found entangled under the cowcatcher when the engine was stopped, being in a serious condition now, suffering with internal and external injuries. He is at the home of his mother, Mrs. James Hogan, near Clinton, the attending physician reporting he is doing as well as could be expected under the circumstances. That Mr. Draper was not killed is considered miraculous, as his auto was reduced to wreckage and he was in imminent danger of being ground to pieces any moment while being dragged under the locomotive. His body is a mass of bruises and while no bones were broken internal injuries have developed and he is in a serious condition.

The accident happened last Friday morning when Mr. Draper, who is mail carrier on route No. 2 out of Tipton, was starting on his daily trip. Just as he drove onto the New York Central tracks a freight, which was switching, started toward him and the engine hit his auto. The machine was demolished, mail scattered right and left and the driver of the auto disappeared under the locomotive. When the train was brought to a halt the mail carrier was found wedged under the cowcatcher with little clothing left on his body. Dr. John L. Tuttle of Clinton and Dr. H. H. Hammel of Tecumseh were summoned and a hurried examination showed no bones were broken, but the accident victim had suffered a gash over one eye, numerous scratches, bruises, all over his body and cinders ground into the flesh in many places. Mr. Draper is now under the care of the New York Central physician.

Though the mail the carrier was about to deliver was badly soiled and scattered, it was gathered up and it is believed can all be sent to its proper estination.

Would the party who took the purse from Mrs. Snell's store Saturday night kindly return the same. No questions and it will avoid trouble.—adv.

Death Sudden For Mrs. A. J. Bigelow

Widow of Well Known Methodist Preacher Had Circle of Friends Which Encompassed State—Was Prominent in Missionary Work and Beloved by All

It was at the close of a day spent quietly with her loved ones that death came suddenly to Mrs. A. J. Bigelow, Sunday evening [illegible] the Presbyterian church. She had been reading aloud to Margaret, but, stopping abruptly, Margaret looked up at her and found her unconscious. She summoned Dr. Pauline Bredow, a neighbor and close friend, and the doctor in turn called the family physician, Dr. H. R. Conklin. He stopped at the Presbyterian church for the daughter and husband, Mr. and Mrs. Frank S. Turner, but before they arrived home the fond mother was no more.

The funeral was held Wednesday afternoon at 1 o'clock from the home on West Chicago street, Rev. C. M. Thompson officiating.

The remains were laid at rest beside the husband in Oakwood cemetery, Adrian.

The widow of a prominent Methodist clergyman, there was probably no woman better known in Michigan Methodism and certainly not in the Detroit conference. One of the charter members of the Woman's Foreign Missionary society in this state, she was president of the conference society in 1900 and for several years thereafter, and held other offices in the conference as well as having been president of the various district meetings. At the time of her death she was president of the local W. F. M. S. and secretary of the home society. Her loss is a sad blow to the Tecumseh church.

Not only was she interested in the work of the church but always kept abreast of the times, enjoying heartily the meetings of the Monday club and the Wit and Wisdom club, both of which she was an active member.

Emily A. Powers was born in Cleveland November 2, 1850, a daughter of Mr. and Mrs. S. A. Powers. Afterward the family came to Adrian, where they were prominent residents. In her young ladyhood she taught school, resigning to become the bride of Rev. Bigelow and care for his family of three little ones, which she did most lovingly. They were married May 21, 1873, in Adrian. Her life was the usual lot of wives of Methodist ministers, caring for her little family, moving to Lapeer, Romeo, Tecumseh, Howell, Birmingham, East Saginaw, Fenton, Northville, Williamston, Flint and Adrian, and making friends everywhere. Back in the old family home in Adrian the couple resided alone until the death of Rev. Bigelow in July, 1906, when Mrs. Bigelow joined her only daughter, Mrs. Blanch Bigelow Turner, in Flint and had since made her home in that family, coming here with them six years ago last May. Here she took up her friendships of the years agone and constantly made new ones, her life has been very happy.

The three step-children, Mrs. G. N. Stacy, Jay and Arthur Bigelow, have all preceded her and now left to mourn are only the daughter and husband and their daughters, Gertrude and Margaret, and one brother, E. E. Powers, of Chicago. But they are not alone in their sorrow, for a host of warm friends grieve over the death of this estimable woman and lovely character as one of their own.

Several beautiful songs were rendered by Mrs. R. T. Meade and Mrs. Ella Hodges. To the following Methodist friends was given the honor of bearing the remains to the [illegible] W. D. [illegible], [illegible] Andrew Taylor, J. O. [illegible] and Dr. E. D. Brown.

Editorial Comment

Christmas is not merely a holiday for any particular nation or religion, but a day for all countries and all people. It is a world's holiday. It is a day of gladness, as it should be, for it commemorates the birth of Jesus who brought to the world the greatest gladness it has ever known. All men are included in it, whether poor or rich, regardless of station in life. It is a time for kindly deeds, for charity, for gifts and all that goes to make life gentler and sweeter. The hardest heart can scarcely escape its softening influence, the most sordid miser must struggle to resist its promptings to generosity.

It is a wonderful thing that Jesus was born a babe in the manger, that he was the son of a carpenter, that he was poor and a wanderer upon the face of the earth with no place to call home. Yet it is more wonderful that now, 2,000 years after his death, His power is over the world greater than any power ever was.

At this season of gladness and in the same spirit which makes Christmas time what it is, we take this opportunity of expressing our thanks to the business men of the community and the readers of The Herald for their cordial co-operation in practical ways which has made it possible for us regularly to present our best editorial efforts to the community.

With you, dear reader, we believe it is more blessed to give than to [illegible] out efforts [illegible] continue [illegible] forward to give you [illegible] possible. [illegible] Merry Christmas.

[illegible] on the Dundee branch [illegible] the New York Central [illegible] the people [illegible] of Tecumseh [illegible] residing [illegible] experience [illegible] not end [illegible] success crowning their efforts to [illegible] result [illegible] fact [illegible] greater.

The railroad was petitioned to restore passenger service on the Dundee road on the ground that the people along the right of way needed these trains for the successful pursuit of their business, whether that business was farming or merchandising. In agreeing to resume the service the railroad company did so fully expecting that those most deeply interested would take advantage of the train facilities offered. And that is what is expected of the people who will be most benefited by the action of the New York Central.

As soon as the promised service is established the railroad has every reason to expect the residents of the communities affected to use the restored train service to the fullest extent possible and thus show their willingness to co-operate in an undertaking which is bound to have beneficial results that will be far reaching.

The restoration of passenger trains on the Dundee branch was not accomplished without considerable effort and one of those who has been most active has been Jacob L. Alderfer, editor and publisher of the Onsted News, and it is due largely to his zealous efforts that the New York Central officials finally consented to put the passenger trains back.

Let the people of Tecumseh do their share toward making this service permanent, as the railroad, like any other public service utility, is entitled to the support of the community it serves.

That the Christmas spirit was prevalent in Tecumseh was evidenced by the large attendance at the Community Christmas service held at the Presbyterian church last Sunday evening, when that edifice, the largest in the city, was filled to the doors. The service was not only commemorative of the greatest world event, but of a pleasing nature, bringing good cheer and the real Christmas spirit to the large congregation.

Now is about the time most people begin to formulate their New Year's resolutions and among those you really expect to keep we would admonish you to include the following: "I will not let the New Year dawn without having paid my subscripiton to The Herald."

You've often heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements. If you read them consistently for any length of time you will agree that this statement is also true.

It pays you in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods as "advertised." You have a right to expect satisfaction from what you buy and get it.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't you want to save money and time? Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Then read the advertisements in The Herald and patronize the stores which can serve you best.

With the ornamental lights again shining brightly, Tecumseh has added proof that the coal miners have gone back to work. The town did look urban and uninviting during the time the boulevard lights had to be extinguished because of the fuel shortage.

with their gorgeous baskets of fruit at frequent places, and each cover with its pretty place card.

Capt. Jack Larsen, the superintendent of the Tecumseh plant, did the honors of the occasion well, seating his guests gracefully as they filed into the hall to music by Coller's orchestra.

The sumptuous chicken dinner was served by young people from the families of the employes and a few friends, with Mrs. Polly Mattis catering. That fact is proof enough of the excellence of the feast. All the "fixin's" were there, ending with ice cream and cake.

As soon as the food had been disposed of, Mr. Croll in behalf of the men at the plant, presented Mr. and Mrs. Larsen with a beautiful reading lamp and Mr. Larsen responded with an appreciative speech. He told of telegrams bearing Christmas cheer and wishes for a successful party from men from the Chicago office, especially from T. A. Potter, who has charge of this portion of the company's business. Mr. Larsen appreciated the kindly feeling at the local plant and loyalty of the employes, now numbering about 60. It is his ambition to make this the biggest plant in the country for the purpose of manufacturing macaroni. The Quaker Oats Co. began with the manufacture of rolled oats and by paying attention to excellent quality were enabled to enlarge their scope until now they make all sorts of cereals and besides are said to be the largest corn grinders in the world. When [illegible] closed they had few [illegible] but now are swamped [illegible] the products of the local industry going to Germany, Belgium and Finland. [illegible] increased greatly [illegible] pleased [illegible] when [illegible]

[illegible] Kempf, one of the city [illegible] for a speech, said that while he was putting up the [illegible] he became very friendly with Mr. Larsen, who had proved to be fair in every way. "I hope you'll make it the biggest business in Tecumseh. The more you work in harmony the better you make the business and for the good of Tecumseh."

Mr. Kempf was advised that the force would appreciate a street light on the corporation line near the plant, and for him to so advise the village council.

Mr. Roberts, in charge of the mechanics, was then called on and responded with "The Quaker Oats Spirit," as he had seen it in other plants. He has been with the company eight years, but never before had he the pleasure of meeting the men and their families as here, yet always the feeling is excellent between the company and employes.

Mrs. E. J. Updyke, for many years forelady at the plant, was another speaker, referring very kindly to Mr. Larsen and his cheerfulness and kindness at the factory and with the force. She also highly appreciated the company's giving such a fine entertainment.

After more music by the orchestra, the company enjoyed a grab bag, of which Will Ross and Louis Dimerio were in charge. Everyone received some toy, and much sport resulted. Then the tables were taken away and the company enjoyed a regular old-fashioned dance, where old and young alike tripped the light fantastic. Shirley Pilbeam and Arlie Goheen called and Will Ross and Jake Mull haven't lost their gracefulness at all since ye olden times.

During the course of the evening several vocal solos were pleasingly rendered by Miss Marjorie Dunscombe.

Everyone had the best time ever and the banquet will be remembered as a red letter event by the Tecumseh employes of the Quaker Oats Company.

ADRIAN MURDERER IS PAROLED BY GOVERNOR

After serving 21 years of a life sentence for committing one of the most brutal murders in the history of Lenawee county, John Higgins, slayer of Lafayette Ladd of Adrian, has been paroled from Jackson prison by Governor A. E. Sleeper. He has been fighting for his release almost from the day he entered the penitentiary, maintaining his innocence.

Higgins was convicted in circuit court at Adrian on June 17, 1898, of having shot Mr. Ladd to death the night of April 17, 1897, while attempting to rob his victim, the latter awakening while the intruder was in his bedroom. Higgins has two brothers in Detroit, one an evangelist and the other a lawyer. A sister, who it is said has been aiding him materially in his fight for liberty, is a school teacher in Jackson.

While he has been confined in Jackson prison Higgins has won considerable fame as a breeder of canaries, having sold about 6,000 birds while serving time and at present has about 400 songsters at the state penitentiary.

Tecumseh Farmers, You Can Do Better!

The department of journalism at South Dakota State college wrote nearly 100 farmers asking their experience with advertising.

One replied that advertising of seed grain had been so successful that next year a new grainery was to be built, a new truck bought, and equipment for cleaning and handling grain added.

Another replied that his success in selling little pigs had been so great through local papers that he had been unable to meet the demand.

A third replied that a small ad in the home paper sold all his settings of eggs.

These typical replies point once more to the potential value of using the columns of the local paper (in Tecumseh and vicinity The Herald) to inform others of what you have to sell.

High School Dance Very Pretty Affair

Decorations Unique and Attractive — Music Spritely and Jolly Spirit Much in Evidence.

It was a very pretty party which the high school put on Friday evening in their gymnasium. The great room was a beautiful place, wagonloads of evergreen boughs having been used in the decorations. On each side of the gallery were banks of the greenery, with colored lights woven in. At each end of the gallery were other boughs, on one end the star of the east gleaming brightly and at the other an immense bell. Hung around the floor of the gallery were strands of paper of the Christmas colors. In the center of the floor was the orchestra platform, surrounded with more banks of evergreen, plentifully showered with cotton "snow." Overhead was a canopy of red and green lattice, making a charming setting for the musicians. At each end of the room were cozy corners filled with chairs, tables, reading lamps, etc., making pleasant resting places.

The music was rendered by Coller's orchestra, Mrs. Will Coller, piano; Archie Boyd, violin; Clare Camburn, cornet; Clarence Bracey of Saline, banjo, and Will Coller, traps. No better music could be asked for. Full of vim, it kept the dancers jolly and went a long way toward making the party the success it was.

The principal, C. W. Price, with a committee of one from each grade, had charge of the decorating and their ideas were unique and cleverly worked out. Paul Harwood and Harold Davidson had charge of the punch bowl, which was kept filled by the efforts of the domestic science class.

In the gallery were the proud parents of the dancers and many friends, enjoying the party almost as much as the younger folks, and wishing that such happy events might have been the program in their youth, where pupils, teachers and friends could have such a good time.

Present from away were the Misses Hildreth Gasner of Adrian, Alice Hardenburg of Oxford, O., and Mildred Comstock of Kalamazoo, Harold Mulvaney of Jackson, Robert H. Moore, Joe Satterthwaite and Harley VanVleet of Ann Arbor.

FRANK A. SMITH BURIED SATURDAY AFTERNOON

The funeral of Frank A. Smith was held from the home on West Pottawatamie street Saturday afternoon, Rev. W. R. Curtis officiated. The burial took place in the family lot in Brookside.

The bearers were Fred Sheldon, Ernest Harris, Horace Lamkin, Ira Ashley, J. K. Waldron and M. J. Johnson. A couple of appropriate selections were rendered by Rev. and Mrs. Curtis.

Mr. Smith had been in feeble health for two years, but it had only been in the last two weeks that he had complained and he was confined to his bed for only two days.

He was born in Milan township in June, 1847, the son of Mr. and Mrs. John R. Smith. Forty years ago the family moved to Tecumseh and since have resided in the same neighborhood. The parents, the other brothers and the sister have passed away, leaving but two brothers to mourn, Harlow, for whom Frank has been housekeeper for many years, and Alphonzo, also of this city.

Camphor and Witchhazel Help Weak Eyes

Tecumseh people are astonished at the quick results produced by simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. Are You Suspicious of Your Health?

One may not be actually sick, yet feel so tired and languid, low-spirited and ambitionless, that he can not truthfully say he is in good health. The kidneys work all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signals by backache, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.

RELIEVED HIS BACKACHE

"It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape."—Jos. O. Wolf, 734 S. Jackson St., Green Bay, Wis.

FOLEY KIDNEY PILLS

give quick and permanent relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. When the kidneys are properly functioning, they filter and cast out from the blood the impurities that cause aches and pains and in the end may lead to serious illness. If you have any cause to suspect that your kidneys need help, you will make no mistake in taking Foley Kidney Pills.

To please a party of their little friends, Mrs. Harry Moore and Mrs. N. A. Howland gave a very pretty little Christmas party at the home of the former Monday afternoon. Mrs. John McKinney, Mrs. E. M. A good sized audience showed continuous appreciation during the presentation of the musical comedy, "The Gumps," at the Bradley opera house last Friday evening. The production includes many sparkling musical numbers, which, in the hands of capable soloists and a pretty, well drilled chorus, were creditably rendered. The costumes were handsome and the scenic effects beautiful. Willet's orchestra of Adrian rendered valuable assistance in making the entertainment the success it was. Manager Mark is to be congratulated upon securing such attractive entertainments for the people of Tecumseh and vicinity.

Immediately following the morning service at St. Peter's Episcopal church the vestry convened in special session to act upon the resignation of Rev. J. G. Widdifield. Regretfully the members voted their rector's release to allow him to enter a field of greater service. In his announcement to the congregation Rev. Widdifield informed his people that his decision to leave was not made because of any dissatisfaction with St. Peter's parish or Tecumseh, but for the opportunity of greater service. In fact, he said, he regretted leaving Tecumseh very much. Members of the parish universally regret losing Rev. Widdifield and his family.

LOUIS S. SCHNEIDER AND ALICE R. LOWE WEDDED

At the home of Mr. and Mrs. Chas. Lowe last Saturday was solemnized the marriage of their daughter, Alice R., to Louis S. Schneider, eldest son of Mrs. L. B. Schneider of Tecumseh.

Promptly at 7 o'clock to the strains of the wedding march as played by Miss Alma Kloffenstein, cousin of the groom, the bridal procession came down the stairs.

The bride was preceded down stairs by eight girls, Lelah McCarbery, Marjorie Pocklington, Esther Patterson, Lillian Dibble, Arlene Underwood, Dorothy Martin, Bertha Florence and Sena Hathaway, who formed an aisle from the door to the altar. The ring ceremony was used, Rev. J. G. Widdifield, rector of St. Peter's Episcopal church of Tecumseh, officiating.

The bride was beautiful in a white satin dress with pearl trimming and a veil fastened with orange blossoms. She carried a shower boquet of pink roses. The bridesmaid, Emma Lowe, sister of the bride, was dressed in yellow satin with a white chiffon overdress. The groom was attended by his brother, Karl.

Immediately after the ceremony a 3-course supper was served to about 75 guests, seated at small tables. Mrs. Polly Mattis catered. The center piece of the bride's table was a basket of red carnations and fern. The decorations in the dining room were red and white and in the living room green and white. The southeast corner of the living room was made into a bower of evergreen with cotton and "snow" trimming. In the center was a large white bell and under this the bridal party stood when the marriage vows were taken.

The happy couple received many beautiful and useful gifts, including cut glass, silver, china linen, furniture and money.

Guests from away included Mr. and Mrs. Edward Palmer and children of Port Huron, Mrs. Eula Avery and Mr. and Mrs. C. J. Underwood of Ann Arbor, Miss Allie Warren of Detroit, Mrs. Mary Rea of Adrian, Miss Alma Moses of Toledo, Mr. and Mrs. Roy Lowery and Roy Blythe of Manchester.

Both young people are well known in the village. The bride attended school here and later learned the millinery trade, working both here and in Manchester. Mr. Schneider has lived here all his life, graduating from the local high school. After being connected with the Tecumseh Electric Co. for several years he entered the United States army and was sent to Russia with the 339th (Detroit's own) as a sergeant. Since his return he has been in partnership with Harold Halladay, running the Gasoline Alley garage, which is proving most successful.

The happy couple have the congratulations and best wishes of a host of friends, both here and in Ridgeway.

MRS. LYDIA CAUSIE WAS WELL KNOWN HERE

Mrs. Lydia Causie, who passed away Friday, December 12, at her home six miles south of Jackson, was well known here among the older Friends families. The funeral was held Tuesday, December 16, at the home.

Mrs. Causie had been in her usual good health, spending a few days each month with her sisters here, Mrs. Mary Wood and Mrs. Hannah Abels, helping in the care of the latter, who has been bed-ridden many months.

She was one of the children of Rev. and Mrs. Richard Harkness, prominent Friends preachers, but long since deceased. She leaves several children and grandchildren, the two sisters here and three brothers, Nathan Harkness of Chicago, Richard of Boulder, Col., and David, who lives here with the remaining sisters.

Thursday night Raisin Valley Encampment, No. 13, furnished a delightful entertainment for Tecumseh Rebekah lodge, No. 338, and Tecumseh Lodge, No. 14, I. O. O. F.

Mr. Clark is improving his equipment, carrying now a frame which he places over a scenic picture, making the effect more beautiful.

The guests were then invited to the dining room, where a dainty lunch was served in cafeteria style by Patriarch Tansley and his committee. The balance of the evening was spent in dancing to music provided by Mr. and Mrs. Thos. Deniston.

IS GIVEN A SURPRISE ON HER TWELFTH BIRTHDAY

Miss Nellie King was happily surprised Saturday evening by a party of her little friends, honoring her twelfth birthday, the party being held at the New Home restaurant. Games made the evening enjoyable and Mrs. King served a delicious little supper, the birthday cake with its twelve candles occupying the place of honor in the center of the table.

The guests were Florence Hill, Esther Peotter, Rosanna Kempf, Ora and Modelle Owens, Thelma Dubois, Christine and Elizabeth Wilson, Morris Coller, Jay Hill and John King.

CANTATA IS VERY ABLY PRESENTED

(Continued from Page One.)

the church in red letters and evergreen and red ribbon, a prettily decorated Christmas tree and an electrical star high up on the east wall of the church helped in producing the holiday spirit.

One of the interesting features of the program was provided by the choir of the Baptist church, the members appearing in the costumes worn by the early English peasants at Christmas time and singing Yuletide carols. The garb consisted of a red cape and cap, and as the choir marched into the darkened church singing Christmas songs the effect was very pretty. Harold Lowry then sang a solo in a most pleasing manner and Rev. Edward Escolme read the scripture lesson. Rev. C. M. Thompson offered prayer.

The songs, recitations and tableaux by the members of the Presbyterian Sunday school were all especially well presented, the tiny and the older children, boys as well as girls, showing they had been thoroughly schooled in the parts they were to take. Miss Mildred Boyce, who has charge of such special work in the Presbyterian Sunday school, instructed and directed the cantata and that her efforts were very fruitful all who attended the exercises will admit. The Presbyterian male quartet effectively participated in two of the numbers and appropriate selections were also rendered by the Methodist choir. Solos by Mrs. Charles Jones and Mrs. Robert S. Moore, were beautifully sung and added to the impressiveness of the whole. The closing selection was given by the Baptist choir. Rev. Thompson pronounced the benediction.

The children who had the more important parts in the cantata were:

"Spirit of Christmas," Juanita Goheen.

Madeline Boyce gave a recitation.

Tableau around the manger—Majel Jones, Audrey Duguid and Jane Gillen.

Girls with candles—Members of Mrs. S. W. Boyce's class. Those reciting were Mildred Haines, Clare Wilson and Rena Kempf.

Tableau with black robed figures—Members of Miss Grace Gillespie's class and part of Mildred Boyce's class, Alice Beasley taking the part of "Despair."

Maxine Wyrill also gave a recitation.

Girls in white with holly branches—Members of Mrs. Mitchell's class, Alice Whelan giving the recitation.

Christmas guests—"Joy," Alice Hall; "Hope," Helen Nyland; "Peace," Frances Gillespie; "Good Will," Frances Tallman, and "Love," Eleanor Caldwell.

Those receiving letters from tree—Junior boys.

It was announced the next Community service will be at the Baptist church.

The collection taken at the exercises was for the Armenians and totaled $66.84. The Presbyterian Sunday school classes also took a collection for the Armenians at their meeting Sunday and this resulted in $56.75 being secured.

WANTED—We want all to know that a year's subscription to The Tecumseh Herald makes a much appreciated New Year present. There is no joy like that of getting the home news, and The Herald presents it all.

GET READY FOR VISIT FROM CENSUS GATHERER

Wives of Tecumseh, do you know where the parents of your husband were born?

This is one of the questions you will be expected to answer when the census enumerator visits you early in 1920. This query is likely to be a difficult one for many of the local wives to answer and those in charge of the census taking request this be given attention and all available data along this line be secured.

All residents of Tecumseh are urged to be prepared to answer the various questions the census gatherer will ask, that the work be accomplished as speedily as possible, only two weeks being allowed for the task.

Government officials also request that the enumerator be received courteously, as the data sought is not for the individual taking the census but for the federal authorities and to make the statistics complete and of value the hearty co-operation of all is needed.

STOMACH TROUBLES

AN IRRITABLE, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach troubles by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Try them. They only cost a quarter.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

The railways of the United States are more than one-third, nearly one-half, of all the railways of the world. They carry a yearly traffic so much greater than that of any other country that there is really no basis for comparison. Indeed, the traffic of any two nations may be combined, and still it does not approach the commerce of America borne upon American railways.

—United States Senator Cummins.

Ask Any Doughboy Who Was "Over There"

and he will tell you that American railroads are the best in the world.

He saw the foreign roads — in England and France, the best in Europe — and in other Continental countries — and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world — we must continue to have the best.

But they must grow.

To the $20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings — and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens, the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen — in competition with other industries bidding for capital, managers and men — the railroad industry must hold out fair rewards to capital, to managers and to the men.

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.

They Are Picking Oranges in Florida

Jewett Whelan Writes Frank J. Temple From Sunny Southland.

Flowers are blooming profusely in Florida now and the country there is beautiful, says Jewett Whelan in a letter to Frank J. Temple of the Lilley State bank. Mr. Whelan motored south and his letter tells of the trip and gives interesting side lights on the activities of the land where they are now harvesting oranges while we are being buffeted by Michigan's wintry blasts.

The letter from Mr. Whelan reads as follows:

Eustis, Fla., Dec, 15, 1919.

F. J. Temple and members of the bank:

I promised you I would drop you a line to let you know how we enjoyed our trip. I will say fine. We had sunshine and dust except the first two days, which were cold. It took us fourteen days to go to Lake City, arriving there November 27. We remained there over Thanksgiving and then went to Jacksonville. We remained there for a time and then proceeded to Eustis, camping at St. Augustine and Daytona and at Eustis four days and then we found two rooms. There are about forty Lenawee county people in Eustis. Five cars of Michigan people came from Bluffton, Ind., to Lake City, Fla., all carrying U. S. flags. Some merry crowds, I'll say.

On our way south we stopped at Mammoth Cave one day and it is some sight. There are acres of roses in blossom in the nurseries and they are very beautiful. The oranges are a fine crop but quite green yet. They are picking and packing the ripest ones. It will take some time to gather the crop.

We find fine roads here, brick, asphalt and sand clay from Jacksonville to Tampa and St. Petersburg. There's a bus line from Orlando to Tampa that carries passengers for less than the railroad does. The bus I rode in would seat twenty people and would run from thirty to forty miles an hour.

Flowers are profuse here, poinsettias are great and may be found in nearly every yard. Well, I could write you about the beauties of these parts till I was black in the face but you can not realize them unless you are here.

Let me hear from you.

Yours truly,
Jewett Whelan.

TECUMSEH GIRL WEDS LANSING WORLD WAR VET

At the home of Mrs. Hiram Westcott, on South VanBuren street, Saturday at noon took place the wedding of her granddaughter, Miss Ivah Isabel Cook, and Arthur J. Talsma of Lansing. About 25 witnessed the ceremony, which was performed by Rev. W. R. Curtis, the attendants being Miss May Dobbins of Adrian and Gerald Broadhead of Jamestown, N. Y., a bunkie of Mr. Talsma while they were in service overseas.

The vows were spoken under an arch of blue and white, further ornamented with wedding bells, occupying a corner of the parlor.

The bride wore a handsome gown of embroidered light blue georgette over satin and carried a shower bouquet of roses and ferns. After congratulations a dinner of charming appointments was served by Mrs. D. H. Adams of Raisin and Mrs. Clare Halstead of North Adrian. The bride's table was handsomely decorated with pink roses.

Besides the above mentioned out of town guests were Mrs. F. J. DeGoode and the Misses Gertrude Winne and Bertine Dewey of Adrian.

A beautiful array of wedding presents attest the love and congratulations of a host of friends.

The groom, whose parents live at Jennings, Mich., has recently returned from overseas service. He suffered a terrible wound in the action at Chateau Thierry, disabling one arm permanently. He is now a student at the M. A. C. and takes his bride to Lansing until he finishes his course.

Mrs. Talsma, the daughter of Mrs. Luella Cook of this city, for two years has been chief operator at the Adrian telephone exchange and has many friends in that city as well as here, who wish the couple all the good things of life.

Why We Pay 5 Per Cent and More, on Savings

It is because we share ALL of the earnings above actual expenses with ALL of the people who do business with us. EVEN THE BORROWER shares in the earnings.

FIVE PER CENT is 66 percent more than 3 percent and 25 percent more than 4 percent. "Say! Would you work for 3 dollars a day if you could get 4 dollars—or better yet—5 dollars a day?" Why should your money work for less than you would?

Miss Ruth McKinney, who teaches at Hamtramck, is home for the vacation.

Mr. and Mrs. Will Wallace and daughter, Lavina, are guests of Mrs. W. J. Preston of Holloway.

Miss Lydia Babcock spends Christmas with Mrs. Florence Elliott and Miss Ione Sisson in Columbus.

Mrs. Otis Sisson entertained a party of fifteen at dinner Monday evening honoring the birthdays of Mr. Sisson and Mrs. Dell Cairns.

James F. Smith returned Monday night from a few days spent with his brother-in-law, Dr. Ernest Gamble, and family at Coldwater.

Mrs. R. B. Stuckey writes friends that her little son, Robert, jr., is dangerously ill with pneumonia in the Cumberland, Md., hospital.

Elman, the small son of Mr. and Mrs. J. D. Service, is ill with scarlet fever and the house is quarantined. Duaine is staying at his father's during the siege.

Alfred Gamble, the oldest son of Dr. and Mrs. Ernest Gamble of Coldwater, formerly well known Tecumseh people, was recently married to a Coldwater young lady and they now reside at Lansing, where Mr. Gamble has an excellent position.

The local high school basket ball team have scheduled a game with the High Life team of Adrian high school for Wednesday night, December 31, at 8 p. m. There will also be a preliminary girls' game, of which Miss Ethel McIntyre will be umpire. Brown of Britton will umpire the boys' game.

Mrs. F. E. Smalledge and Mr. and Mrs. Ed Schreder went to Jackson Monday morning, returning that afternoon with Mr. Smalledge, who for eight weeks has been confined to his bed in the W. A. Foote Memorial hospital, recovering from an accident which befell him while at work at the N. Y. Central freight depot. He was brought home on a stretcher, but hopes to return to Jackson in two weeks to have the cast removed from his leg.

That the home town paper is thrice welcome to the former residents of Tecumseh is being proven daily, the latest evidence of this being presented in a letter to The Herald from Mrs. W. E. Brown, now residing at Lemon Cove, Calif. In sending in a remittance of a year's subscription to this paper she says: "The Herald means a lot to one so far away from home." Doesn't one of your relatives or very close friends reside at a distance and wouldn't this paper be appreciated fully as much by them as it is by Mrs. Brown and others who have moved away and consider the weekly visit of this paper of more interest than a letter from home?

M. E. SUNDAY SCHOOL GIVES A DELIGHTFUL PROGRAM

It was a pleasing program that was presented at the Christmas exercises by the Methodist Sunday school classes at that church Tuesday evening. The exercises were held in the Sunday school rooms, which were prettily decorated, the Christmas spirit having moved those in charge of placing the trimmings. There was a tree, a fireplace and Santa, who saw to it that each child got candy and pop-corn.

Superintendent W. D. Willett and the Sunday school teachers were in charge of the exercises, each number of which was thoroughly enjoyed by the large number in attendance.

DEMENTED MAN GOES GUNNING, 2 NEAR DEATH

(Continued from Page One)

on the scene and he and the other officer then took Murry in charge and escorted him to the county seat. He was placed in the detention cell in the jail and later arraigned on a charge of carrying concealed weapons. Pending a hearing, he furnished $500 bail and was released.

The accused has been subjected to spells of temporary insanity ever since he came to Tecumseh, say those who know him best, and it is also alleged he imbibes freely of liquor at times. Twice previously he has been in a serious condition, brought on, it is asserted, by too liberal doses of stimulants.

So far as can be learned he and Mr. Harkness were on the best of terms and what caused him to go gunning for the barber is not known. The narrow escape from death which Mr. Jones and Mr. Harkness had is the talk of the town and the concensus of opinion is that Murry should be placed where he cannot endanger human life whenever he has one of his attacks of mental aberation.

He returned from Adrian Tuesday evening.

It is only to be expected that the fateful figure 13 should have a place in a near tragedy in which the intended victim shaves the one who attempted to use him as a target for his pistol. While Murry was being waited on by the barber Ticket Agent Ziehr visited the shop and informed the hotel proprietor he had received word from Toledo that the berths for Louisville would be available, and that the Tecumseh travelers had been assigned to berth No. 13. After Deputy Smith left the barber shop Murry hastened over there from the hotel and promised Harkness a box of cigars for hiding the revolver, which the barber had done unintentionally.

Says Michigan Is Not Safe from Wets

DR. J. E. COX WARNS AGAINST ACTIVITIES OF LIQUOR INTERESTS

Hillsdale College Faculty Member Among Anti-Saloon Day Speakers in Tecumseh—Next Community Service to be Newell Dwight Hillis Lecture.

Sunday was Anti-Saloon day in Tecumseh. In the morning the various pulpits were occupied by men sent out by the Michigan Anti-Saloon League. Atty. Archie Graham of Detroit was the speaker at the Methodist church, Dr. Hembut of Albion college at the Presbyterian church and Dr. J. E. Cox of Hillsdale college at the Friends church in the morning and at the community service in the Baptist church in the evening. They impressed their audiences with the fact that though dry now, Michigan is not safe. The wet men are not asleep by any means and if their present plans carry we will have to vote on the liquor proposition again in November and stand our chances of having Michigan wet. Our state seems to be considered the turning point in the United States and if the saloon element can carry this state they feel confident of regaining their power over the country.

But Dr. Cox, knowing the churches had all been addressed on this subject in the forenoon, took for his topic in the evening "Discussion of some after-the-war conditions."

After every great strain comes the relaxation, so after the five years' strain of the great war comes the slump physically, intellectually and morally. Especially did he treat of the moral phase which is indicated by many things. First there is a wave of profanity and careless talk sweeping over the whole world. Another indication of this slump is the gambling fever, one of the greatest vices of the camp life. Now the French and German governments propose to pay their war debts by conducting great lotteries.

The spirit of irreverence prevailing can be laid directly to the war, irreverence for institutions, the law, parents, marriage, property rights.

The soldiers after a couple of years in Europe naturally brought back the European idea about sex and sex relation, also the European [illegible] differently about prohibition, [illegible] licentious and will have none of Puritanism.

The greatest evil of all in this slump is the present condition of public social health. Not all of this vice is in the big cities by any means, and there is by far more vice and contamination of this sort in the civil community than the army camp.

The war is not responsible for these conditions, but has given them an impetus and now comes a period when we may enter moral slump in prohibition.

Dr. Cox closed with a challenge for everyone to brace up, spiritually and morally, to brace society to its one time vigilance.

Next Sunday evening the community service will be held at the Presbyterian church, when the first of a series of lectures by Dr. Newell Dwight Hillis against Bolshevism will be given. The American Legion, Monday club and pastors of the city are behind these lectures so a large house is expected. These especially treat Bolshevism as against the church, the sanctity of property and as a logical inference against the sanctity of human life.

ENTERTAINS IN HONOR OF VISITING COUSIN

Monday evening Miss Muriel Halladay entertained a party of students, home from Ann Arbor for vacation, to meet her cousin, Miss Hope Halladay, of Lansing. In the group were Miss Genevieve Halladay of Lansing, Miss Marjorie Rosacrans of Chicago, Miss Camilla Hayden, Robert H. Moore, Arthur Brown, Harold Lowry, Miss Lillian Kennedy, Joe Satterthwaite and Perry Hayden.

A three-course dinner was served at a table charmingly decorated with Christmas colors, having poinsettia nut cups and candles.

Later the company, augmented by the addition of several more guests, among them Miss Mildred Armstrong of Adrian and Lester Waring of Detroit, enjoyed dancing at the home of Robert Moore.

Christmas Worship

Holy Communion, Sermon, Carols and Anthems at St. Peter's Church

Christmas morning found a good representation of communicants at St. Peter's Episcopal church to participate in the 10 o'clock service, consisting of Holy Communion, the singing of Christmas carols and anthems and an appropriate little sermon for the occasion by Rev. J. G. Widdifield. The vested choir was in good form and the songs heralding the birth of the King rang with joy.

Appropriate to the day was the sermon by the rector, who spoke to his flock in substance as follows:

"On such a festival little need be said. We come today to worship at the cradle of the Babe of Bethlehem; we come to join the heavenly host as it chants over the hills of Palestine 'Glory to God in the highest, and on earth peace, good will toward man.'

"This song of the angels is better translated 'and on earth, peace to men of good will' and such a translation comes home especially with its message on this Christmas day. We have come to the realization that it is only among men of good will that peace can exist. We have seen the devastation wrought through the ill will of Hun empire builders, and at home today in a nominal condition of peace we see there is little peace because of the lack of good will of man for man. The world seems seething today with anything but peace.

"But there is one little section of this world in which perhaps better than in any other place we see the glimmer of peace and brotherliness and love—that is the little country of Belgium, where loving their country and their king the people seem to have arisen above the world turmoil and to be well on the way to the reconstruction of a united national life. It is interesting to ask why. And our answer is because she, above all others, has suffered and sacrificed—because she gave most of all. In her giving she drew from heaven the greatest blessing.

"We seldom connect the joyous season of Christmas with the idea of sacrifice—but it is there. The Babe that lay in the manger cradle of Bethlehem has been the worshipped Lord of man for nineteen centuries, because coupled with the wondrous birth we have the sacrificial life and death—with Bethlehem we have Calvary. The cradle and the cross stand in juxtaposition—and without the one there could not be the other.

"May the Christmas blessing rest upon each of us, and may we learn from the leading of the little Child, not only to sing 'Glory to God in the Highest,' in a joyous thanksgiving for the great gift that is ours today, but also to take to heart the lesson 'on earth peace, among men of good will'."

Vocal duet, by Miss Clara Wilson and Miss Mildred Haines.

Instrumental solo, Miss Florine Linn.

Adrian Doctor Held On a Serious Charge

Dr. J. P. Bland Arrested Following Death of Katherine Smith, 19, of Round Lake.

Charged with manslaughter following the death of 19-year-old Katherine Smith of Round Lake, Dr. J. P. Bland, city health officer of Adrian, asked an examination which has been set for January 7. He has been released on $3,000 bail.

About noon on Christmas day word was received by the county officials at Adrian that Miss Smith had died at the home of her parents near Round Lake and soon thereafter Prosecuting Attorney Leland F. Bean ordered the arrest of Dr. Bland. An investigation was immediately begun, which included an autopsy performed by University of Michigan medical men at the home of the dead girl's parents.

Several weeks ago the case of Miss Smith was brought to the attention of the prosecutor by the parents and some investigating had been done when the young lady's death occurred. It was the result of evidence gathered at that time that caused the arrest of the Adrian health officer immediately after Miss Smith's death. Dr. Bland has been practicing in the county seat for seventeen years and his professional services are much in demand. He enlisted in the medical service of the American army during the war and ranked as a captain when he returned to Adrian.

WEEK OF PRAYER OBSERVED NEXT WEEK

The week of prayer will be observed in Tecumseh next week, January 6 to 9, following the plan and using the topics provided by the Council of the Churches of Christ in America.

Tuesday evening, January 6, in the Methodist church, Rev. [illegible] M. Thompson, speaker. Topic, "The Church Awakened by National Self-Examination."

Wednesday, January 7, in the Presbyterian church, with Rev. W. A. Rex as speaker. Topic, "The Church Awakened by a Vision of the World's Need."

Thursday, January 8, in the Baptist church with Rev. W. R. Curtis as speaker. Topic, "The Church Awakened by a Revival of Family Religion."

Friday, January 9, in the Friends church, with Rev. Edward Escolme as speaker. Topic, "The Church Awakened by a Rediscovery of the Reality and Power of Prayer."

These are all great topics, worthy of a large hearing. Tecumseh should give "right of way" to the spirit and practice of prayer next week. The meetings are open to all and will begin each evening at 7 o'clock.

CHRISTMAS PARTY IS DELIGHTFUL FUNCTION

The Christmas party given by young men Christmas evening was a very pretty function.

The decorations, in charge of Lester Heesen and Glenn Tansley, were of the season's colors, evergreen boughs being used plentifully with the lights tinted red. The reception room had been made homey with rugs, floor lamps and easy chairs and the place was very beautiful.

Coller's orchestra, composed of Mr. and Mrs. Coller, Archie Boyd, Clair Camburn, Mr. Bracey of Saline and Earl Luce of Tipton, furnished as good music as ever given at a dance in Tecumseh.

A fine spread was served during the evening by Mrs. Polly Mattis and her assistants.

Among the fifty couples dancing were Mr. and Mrs. D. C. Heesen of Carrolton, Ill., the Misses Doris Anderson of Dowagiac, Marjorie Rosacrans of Chicago, Ethel McIntyre of Detroit, Alice Hardenburg of Western, O., Camilla Hayden of Ann Arbor, June Brooks of Jackson, Clara Waldron of Port Huron and Wm. Schroeder of Toledo, Wiley McCann and Frank Griffin of Detroit, Lieut. Diamond, Robt. Moore, Russell McNeil, Arthur Brown of Ann Arbor, Lyle McLachlin of Pontiac.

OPAL MANGUS LAID TO REST SUNDAY AFTERNOON

The funeral of Opal, the 11-year-old daughter of Mr. and Mrs. Clyde Mangus, was held from the home on West Kilbuck street Sunday afternoon, Rev. W. R. Curtis officiating. Mrs. R. T. Meade and Mrs. Ella Hodges sang several appropriate hymns. The house was crowded with a large gathering of sorrowing friends, with these young men, former neighbors, as bearers: John Sell, Paul Keyser, Leonard and Bernard Ferguson.

Opal Mangus was born April 18, 1908, on the home farm, northwest of Tecumseh. Here she lived with her parents, attending the district school, until in the first week in December when the family bought a home here and moved into town. Since June last Opal had been suffering with sugar diabetes, but was not seriously ill until Tuesday, December 23, death coming to her release on Christmas evening. Surviving, besides the parents, are one little brother, Lyle, and the grandparents, Mr. and Mrs. Leonard Mangus, of this city.

The little girl won friends easily and will be sadly missed in her home, where she was so dearly loved and becoming such a help, and among her schoolmates.

BRO[illegible] CO. ROBBED OF VALUABLE FURS

Evidently it was Christmas night thieves entered the business place of [illegible] & Co. and walked off with several hundred dollars worth of furs. Apparently they gained entrance through a back window, but were brave enough to take their haul out the front door. They had some choice of furs, too, having a special liking for muskrats and dressed skunk hides.

CHILD FALLS INTO A PAIL OF SCALDING WATER

Harlow, the two-year-old son of Mr. and Mrs. Ruford Anderson, was frightfully burned Sunday when he accidentally sat down in a pail of boiling water. Mrs. Anderson had just scalded a chicken and turned away to care for it when Harlow, who was playing near, fell into the pail. He was so badly burned that when his clothes were removed flesh from the little thighs went with them. Dr. Hendershott was called and dressed the injuries and the little sufferer is improving.

BANDITS LOOT THE OTTAWA LAKE BANK

At Ottawa Lake on Tuesday just after the People's State bank opened for the day's business, seven bandits entered and ordered the cashier, Herman Rothfuss, the teller and a customer to hold up their hands and then proceeded to take all the money in sight. Mr. Rothfuss was a little slow in putting up his hands so the hold-up men accelerated his movements by shooting him in the leg. Then they bound the three and placed them in the vault. They carried off $7,000 in cash and Liberty bonds, which loss is covered by insurance.

At noon on Christmas day the ceremony was read which united Miss Althea Haviland and Harold Foster Palmiter in marriage. The event took place at the home of the bride's parents, Mr. and Mrs. Emery Haviland, on West Shawnee street, Rev. Edward Escolme officiating. The only witnesses were the immediate families of the bridal couple. After the ceremony a splendid wedding feast was served and the young people left on a trip to St. Louis, Mo. Upon their return they will reside in Toledo, where Mr. Palmiter is an accountant clerk at the New York Central offices. The groom's parents, Mr. and Mrs. W. W. Palmiter, of Toledo, were here for the wedding.

The bride, the only child of Mr. and Mrs. Haviland, is a trained nurse, graduating from the Toledo hospital several years ago. Since she has been constantly in practice, recently holding a position in Bixby Hospital, Adrian.

MRS. WILL FLETCHER DIES AT THE AGE OF 39

After an illness of a couple of years of pernicious aenemia, Mrs. Will Fletcher passed away Friday morning, aged 39 years. Subject to frequent sick spells, the sufferer was only confined to her bed three weeks at the last.

The funeral was held Monday afternoon at the home on the John Clarkson farm, Revs. Combellack of Ridgeway and Somers of Dundee officiating. The burial took place at Ridgeway.

Edith E. Rixom was born near Holloway, the daughter of Mr. and Mrs. R. G. Rixom, now of Detroit. She had always made her home in this vicinity and was making plans to move to Tecumseh this spring, Mr. Fletcher having bought an interest in the Daisy meat market some six weeks ago.

Surviving besides the husband and parents are two children, Kenneth and Anna Lucile, a sister, Mrs. Grover Allen, and a brother, Ernest Rixom, both of Detroit.

Mrs. Fletcher was a devoted member of the Ridgeway Methodist church and her patience through the long illness was wonderful. Besides the loved ones, she is mourned by a large circle of close friends.

Editorial Comment

THE NEW YEAR.

What will you do in the New Year?
What have you done in the Old?
Shall it come like a benediction,
Shall it leave you callous and cold?
Shall it leave the solemn tolling
Of a gruesome funeral knell?
See! It comes like the joyous chiming
Of a merry marriage bell.

Have you lifted a load of trouble
By a kindly word or smile
From the shoulder of someone stumbling
O'er the shards of life's long mile?
Will you whisper a word of comfort,
Will you laugh a tear away,
And gladden the heart of a brother
Forever and a day?

We stand on a towering mountain,
Far below us sings the sea,
Straight down o'er the crags and bowlders
Lies the path for you and me.
Straight down through the thorns and briars,
And the way is hard and long;
Come, give me your hand, my brother,
Let us seek the sea's soft song.

Let us find the surf's low crooning,
And rest when the journey's done;
Let us dream of the tempting trials
And smile at the vict'ries won.
There, down o'er the crags and bowlders,
Lies our rough and thorny way;
Come, let us depart rejoicing
On the blessed New Year's Day!
—Selected.

In his sermon Christmas morning, Rev. J. G. Widdifield pointed to little Belgium—the diminutive country that suffered so terribly from the Hun war—as the most peaceful nation of the world. The people love their king and their country and have risen above the world of turmoil.

What a blessing for a people to love their country and its ruler while he is still alive! In modern United States it has been the fashion to wait until death claimed her great rulers (or presidents) before the people as a nation would acknowledge their love. The reason? Peanut politics and partisan jealousy. Where in this country is the spirit of sacrifice that brings peace? Not among our law makers—our hired men in Washington—who will not give their people what the want because of political jealousy. If Belgium, after all her suffering, loss and sacrifice, is the most peaceful country at this time, we may well learn a valuable lesson as a nation.

Ever watchful should be the motto of Tecumseh business interests to guard against such hold-ups as took place. at Ottawa Lake in broad daylight Monday, when a gang of seven robbers held three bank officials at bay and looted the financial institution of $7,000. Should such a hold-up be successfully pulled off in Tecumseh the thieves would undoubtedly secure a better haul, for the robbers have been cautioned time and again by the daily press to be more particular and not leave anything of value. What a fool notion to tell robbers they overlooked $10,000 or $20,000.

Enough of the beautiful fell Monday to lay the dust on our business streets that was swirling around in such great gusts Sunday. It is interesting to note that no dust flies from the oiled street.

Resolve to be just of a little more consequence to the world than you were last year. Strive to be of more benefit to your neighbor, your town, your community and your nation.

The Herald family of subscribers is now larger than it ever was. Good words from regular readers have brought in many new subscribers during the holiday season.

A good word often goes to help your community more than you realize. Speak the good word often during 1920.

Extra police protection did not prevent a night robbery in Tecumseh.

Wish you a happy, prosperous New Year. Good-bye 1919! We welcome you, 1920!

THE USE OF

MIRACLE OIL

WILL PUT DOLLARS IN YOUR POCKET

MIRACLE OIL is a high grade lubricant that is poured into the gasoline and thus introduced into the combustion chamber where it reaches the vital parts of an engine that are imperfectly lubricated by the cylinder oil from the crank case.

It is a gasoline treatment that is soluble in gasoline and does not require stirring or mixing.

It is a high grade lubricant that lives through the heat generated in a gasoline engine.

Prevents the formation of carbon, and when used according to directions will remove same.

Produces more power, speed, pickup and miles per gallon of gasoline.

Reduces friction and resistance to the minimum, as it is the most perfect engine lubricant known.

It is doing its work on the vital parts of the engine when all other oils have been consumed.

Contains no ingredient that will harm a gasoline engine or cause carburetor trouble in any climate.

Is sold under a guarantee to give perfect satisfaction in every detail.

Every explosion of gasoline treated with MIRACLE OIL releases the oil and sprays it over the surface of the cylinder walls, pistons, valves and valve stems, giving a continually oily surface on which carbon will not form; thus reducing friction and resistance to an extent that sufficient speed, power and pick-up will result to give better than 25 per cent more miles per gallon of gasoline.

Tecumseh Girl Far Better, Due To Nerv-Worth

"MORE AMBITION AND CHEERFULNESS," HER GRATEFUL FATHER DECLARES.

Nerv-Worth has lifted thousands of nervous, weak, excitable boys and girls out of their miseries and placed them on the road to good health. See what it did in this case for Farmer Capron's wife as well as his daughter:

"Two members of my family have taken Nerv-Worth and both have been greatly benefited by it. My wife was first to take this tonic at our house and she improved so nicely that we were influenced to give it to the daughter for nervousness and a low vitality. She has been taking the tonic three weeks and her nerves have improved very much and she has more ambition and cheerfulness. The wife had indigestion and Nerv-Worth benefited her greatly."—A. W. CAPRON, Jackson, Mich., Route Five.

Nerv-Worth contains no narcotics, opiates, coaltar products or habit forming drugs. Made from roots and plants. Nature's harmless medicine. Don't envy others their strong nerves and good health. Get them by taking Nerv-Worth.

B. J. Pulver sells Nerv-Worth in Tecumseh.

Obituary.

Early Friday morning word was received from Morenci stating that A. J. Lee, a former resident of this place and vicinity, had passed away the evening before.

Arthur James Lee, one of nine children of the late Thomas and Helen Lee, was born August 1, 1871, and died Christmas night at 10 o'clock at his residence in Morenci, aged 48 years, four months and 24 days. About a year ago he had a severe attack of influenza which affected his heart and eventually caused his death. He had been confined to his bed for nearly eight weeks, where he, with the help of those who dearly loved him, and with the assistance of a nurse, battled valiantly for life, but all efforts were of no avail, and although his suffering at times was intense, yet it was borne with patience and cheerfulness, so characteristic of his whole life.

On May 12, 1903, he was united in marriage to Miss Margaret Hammond of Detroit and she, with one son, Willard, 12 years old, one brother, Albert W. Lee, of this place, and one sister, Mrs. Minnie Boyd, of Saline, survive and keenly feel their loss. His parents, two brothers and four sisters preceded him to the better land.

Mr. Lee received his early education in our schools, and for a time was an efficient teacher in the public schools of Lenawee county, later finishing at Brown's business university in Adrian. He accepted a position as traveling salesman with a large dry goods firm in Detroit a year later, going to St. Louis, Mo., where he remained about a year, and from there went to St. Joseph, Miss., where he and his family resided for several years, he working as traveling salesman during the time. From there he and his family moved to Memphis, Tenn., where he accepted a position as manager and buyer with Wm. R. Moore Dry Goods Co. of that place, and remained there four years. He is still a stockholder in that concern. From there he and his family moved to Toledo, Mr. Lee connecting himself with the Willys-Overland Co. as salesman. In two years this company asked him to take charge of the business in Hudson and then at Morenci, where he labored until his physician ordered him to give up the business.

He was a 32nd degree Mason and Mystic Shriner and took great delight in living up to the principles of the order, both by word and deed, ever ready to help those who were down or in distress. He won many friends by his genial disposition, who regret to learn of his demise and sympathize with those who survive.

Short funeral services were held at his home in Morenci Saturday afternoon at 1 o'clock and were in charge of the Masonic order, assisted by Rev. H. W. Moody. Harry Spencer, T. B. Butler and Harry Allen sang. The remains were then taken to the home of his brother, A. W. Lee, in this place, where the funeral services, in charge of the Masonic order of Tecumseh, assisted by Rev. J. C. DeRemer, were held Sunday at 11 o'clock. E. L. Palmer sang two beautiful solos. The pallbearers were his Masonic brothers, namely: Wells Larrabee, Geo. Houseman, Lavern Smith, O. B. Lenardson, B. J. Pulver and Thomas Russell.

Amid beautiful flowers he was laid to rest in Ridgeway cemetery.

Those from away attending the funeral were: Mr. and Mrs. Geo. Lee, Mr. and Mrs. R. T. Lee, Mr. and Mrs. Wells Larrabee of Detroit; Mr. and Mrs. Sam Boyd of Saline; Mr. and Mrs. Gerald Irelan, Mr. and Mrs. Clarence Zibble, Deerfield; Mr. and Mrs. Truesdale of Belleville; Mr. and Mrs. Aguilla Lee and Mr. and Mrs. Chas. Sanford of Milan.

Card of Thanks.

We are truly grateful to all who were so kind during the sickness, death and burial of our beloved husband, father and brother. We wish to especially thank the members of the Masonic orders from Morenci and Tecumseh for their assistance, those who sang, the pastors, Rev. H. W. Moody and Rev. J. C. DeRemer, and those who sent the beautiful floral pieces. Words fail to express our heartfelt appreciation.

Mrs. A. J. Lee and son, Willard,
Mr. and Mrs. A. W. Lee,
Mr. and Mrs. Sam Boyd.

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accumulated, and the result is that * * * * * very large capital expenditures ought to be made to make up for the interruptions inevitably due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.
WALKER D. HINES
Director General of Railroads.

Work more—
Produce more—
Save more—

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to the Association of Railway Executives, 61 Broadway, New York.

SEVEN-YEAR ILLNESS IS ENDED BY DEATH

Mrs. Hannah Abels, after being confined to her bed the better part of seven years as the result of spinal trouble, passed away Saturday, aged 58 years. All this time her sister, Mrs. Mry C. Wood, has cared for her at her own home, assisted by the brother, David Harkness, and the other sister, Mrs. Lydia Causie, of Jackson, the notice of whose death was published in last week's Herald.

Hannah Abels, youngest daughter of Richard and Deborah R. Harkness, was born at Raisin Valley, December 25, 1861, and obtained her education at Raisin Valley seminary, grauating in 1884. She was married to Peter H. Abels of San Francisco, Cal., in 1902, and lived there several years. She returned to Michigan just before her father's death in 1912 and helped care for her mother until the time of her death in 1914. Then in turn receiving the kindness in full measure as she had meted it to others, for she was taken sick at about that time.

Besides the sister and brother in Tecumseh, two other brothers survive, Nathan Harkness of Chicago and Richard Harkness of Boulder, Col.

DR. L. G. NORTH WRITES FROM SUNNY SOUTH

In a letter from St. Petersburg, Fla., dated December 26, Dr. L. G. North writes his friend, H. H. Smith, that they had a comfortable trip, getting in only 12 hours late. He gives St. Petersburg as a little larger than Adrian but now having about 10,000 tourists. In one cafeteria they served Christmas dinner to 1,453 persons. Just now they are having a cool wave, the thermometer ranging around 44 to 50 degrees.

Christmas night they enjoyed an open air band concert in the park with an aeroplane illuminated with colored lights circling around overhead. "The howl of the propellor did not improve the music," writes the doctor. He continues:

"There is no sugar on the tables at any of the restaurants. They sweeten the coffee, fruit and cereals for you and so one gets his portion, no more. Eggs are a dollar a dozen and we wonder what they are in Michigan.

"Two days before we started I ordered a daily paper sent here, but only one copy has as yet reached us. Mrs. North is democratically inclined so I tell her it is all the fault of this Democratic administration and I a good deal more than half mean it.

"We are wondering how the Tecumseh census enumerator will 'get us' while we are in the southland. We want to be counted."

Next Lecture to Be Held Sunday Night

PRESBYTERIAN CHURCH THE PLACE AND REV. CURTIS WILL BE ORATOR

Series of Illustrated Discourses On "Americanizing America" Decidedly Interesting—Third and Following Lectures to be at High School Thursday Evenings.

If the other nine lectures in the "Americanizing America" series are as entertaining as the first one given Sunday evening at the Presbyterian church, they will be heard with profound interest and convince all who attend them that the teachings of the socialists, communists and bolshevists are very dangerous and strive for the downfall of our republic.

The opening lecture was a body blow at the communists and exploded the theory that goods can be owned in common. The subject of the discourse was "The Sanctity of Property as the Logical Inference from the Sanctity of Life." Stereopticon slides help to make the lectures interesting

Favors Boosting Fee of Sheriff

Supervisor Schreder of Tecumseh Presents Resolution Advocating Increase—Opposes Constabulary.

Lenawee county's board of supervisors is opposed to maintaining the state constabulary and Tecumseh's representative, John F. Schreder, is one of the most emphatic objectors to continuing this organization.

Denunciation of the state constabulary was very bitter at the Tuesday afternoon session of the board of supervisors at Adrian and by a unanimous vote a resolution was passed urging the county's representatives in the legislature to work energetically to have the organization disbanded. When the matter was brought before the supervisors they were vitrolic in referring to the constabulary and severely criticised those who passed the legislation which created the state police.

Supervisor Schreder would raise the per diem allowed the sheriff and his deputies and his resolution was made a special order of business for this forenoon's session of the board. Mr. Schreder favors increasing the fee from $3 to $4. Action on the resolution was delayed to ascertain if such an increase would be constitutional.

The supervisors have granted permission to place a memorial boulder on the court house lawn. The boulder is to commemorate the valiant part played by the men of Lenawee county in the world war.

The music in the program was piano solos by Mrs. Wilfred Waldron and Miss Marjorie Boyce and a sacred solo by Wilbur Boyce.

The program closed with the singing of the Doxology.

The evening's study was appropriate at this time as the churches are now celebrating their week of prayer.

A social session followed the program and the hosts served refreshmnets.

NEW OIL TANK STATION TO OPEN IN TECUMSEH

Moreland Bros. Co. of Adrian have announced that as soon as the necessary tankage can be erected they will open a branch oil plant in Tecumseh. This company has been identified with the oil industry for the past 25 years, and own and operate a plant at Adrian with a storage capacity of one hundred and fifty thousand gallons of kerosene and gasoline, and warehouse facilities for ten cars of lubricating oils and greases.

Moreland Bros. Co. state that arrangements have been completed for the Tecumseh station, and that construction will start within a few weeks. They have purchased the warehouse and tank piers formerly occupied by D. L. Whitenack & Co. They will remodel the warehouse and erect four or five tanks, providing suitable storage for two grades of gasoline and two grades of kerosene, as well as a complete stock of lubricating oils and greases. They announce that they will operate motor trucks in Tecumseh and vicinity, and will thus be able to give their patrons service in town and the surrounding country. This construction will be rushed as rapidly as possible, and the new plant will probably be opened for business about March 1.

Observe Christmas With Turkey Feast

Lenawee County People Spending Winter in Florida Have Merry Celebration of Yuletide.

Lenawee county people now in Florida are enjoying themselves, this being proven by a clipping from a paper published at Eustis, the Eustis Lakeregion of January 1. Charles S. Foote sends The Herald this article taken from the paper mentioned, it giving an account of how the people from this vicinity observed Christmas in the land of sunshine and oranges:

On December 18, 1919, an impromptu meeting was called of the Lenawee county, Michigan, people who were known to be in or about Eustis. The meeting place was Eustis Park and the following officers were elected:

President, Mr. W. H. Baldwin; vice president, Mr. C. S. Foote; secretary, Mrs. Harriet H. Katner; treasurer, Mrs. Ellora Koebbe.

It was moved and caried that the president appoint a committee on refreshments, which resulted as follows:

Chairman, Mrs. Hattie Whelan; Mrs. Wm. VanAntwerp, Mrs. Wm. German, Mrs. Henry Pocklington, Mrs. C. B. Exelby, Mrs. Charles Foote.

As the object for the meeting at first had been to have a get-together turkey dinner on Christmas day, the committee proceeded at once to arrange their forces, the gentlemen agreeing to see that tables and seats were provided.

Mrs. Whelan's committee made out the following menu: Turkey, dressing, brown gravy, mashed potatoes, cabbage salad, cranberries, relish, pickles, bread and butter, pie, doughnuts, coffee.

As a consequence of the above proceedings on Christmas day, by 11:30 a. m., the Eustis-Lenawee county bunch were all assembled in the park.

Mr. and Mrs. Reed and Mr. and Mrs. German, who are camping here for a time, were most delightful hosts and hostesses, extending not only their services and geniality, but the use of their tent and camp outfit, making the coffee and furnishing the delicious mashed potatoes.

Finally the three prime factors arrived on the scene, accompanied by several of our most fearless gentlemen, who brought them by auto from a hotter place than Florida—the turkeys we refer to. The tables fairly groaned beneath the delicious viands prepared [illegible] asked each to find his place, which was indicated by place cards attached to a real turkey feather. This novel idea created a great deal of merriment.

All stood reverently while Mr. C. L. Lowe offered thanks to our heavenly Father for His mercies to all mankind.

Mr. C. Foote and his assistant, Mr. John Koebbe, carved at one end of the long table, while Mr. Neil Exelby and Mr. W. H. Baldwin served at the other end. The inner man finally being satisfied, several pictures were taken of the group. After clearing the tables, every one present had a plum out of a Christmas pie made in a washtub. A business matter was attended to with dispatch, after which a general good time was had visiting with one and another or strolling about the park.

About five p. m. we had supper, when the third turkey was carved, thus finishing it and the day in a happy mood. Everyone agreed in giving a vote of thanks to those members who had been most active in promoting and working so hard to make everything just right for this Christmas banquet by and for the Lenawee bunch.

As is always the case, someone is overlooked because of not knowing where to locate them. Just at the close of the day Mr. and Mrs. Floyd Totten drove up from Leesburg. We were sorry not to have had them with us earlier. However, they are invited for next year. Below are the names of those who are registered and were present:

Mr. and Mrs. W. H. Baldwin.

The cake was a sample of the culinary art of Miss Ethel Keyser and through the courtesy of the recipient the Circle ladies can attest the quality. The hostesses served delicious cocoa, wafers and cookies.

The ladies are piecing quilts at these meetings and the result of their handiwork will be most welcome in some of the homes of the town.

The next meeting will be held at the home of the Misses Gillespie January 20.

MRS. A. J. BIGELOW PAID TRIBUTE BY MONDAY CLUB

This week's meeting of the Monday club was tinged with sorrow, for the late and much loved Mrs. A. J. Bigelow was to have presented a paper, her absence being keenly felt. As a tribute to the memory of this noble woman and valued member of the Monday club Mrs. Robert S. Moore sang two memorial selections which were especially well chosen and deeply moved all present. The numbers were "Legacies" (Mildred Hill) and "There Is a Land Mine Eye Has Seen" (Mary Crowninshield.) "Legacies" so realistically portrays the noble character of Mrs. Bigelow and the song as rendered by Mrs. Moore made such a marked impression on the club members that the words are presented herewith:

Unto my friends I gave my thoughts, unto my God, my soul,
Unto my foe I leave my love, this is of life the whole;
Nay, there is something a trifle more, who shall receive this dower?
See! mother earth, a handful of dust turneth into a flower.

Mrs. C. N. Graebner was the leader for the afternoon and also acted as secretary in the absence of Mrs. F. S. Turner. Community singing was a feature led by Mrs. E. N. Billings with Mrs. F. B. Wood at the piano.

It was with regret that Mrs. Guy E. Nemire, who soon leaves to make her home in Columbus, was given a withdrawal from the club.

Of deep interest was the book review, "The Way of Martha and the Way of Mary," by Mrs. C. A. Wright, her paper showing she had given this volume much thought and she interpreted the author's message in a comprehensive manner.

Next Monday Mrs. E. M. Lewis will be the leader and "Russia's Problems" will be the topic of a paper by Mrs. N. A. Howland. Brief histories of Poland, Czecho-slavia and Jugoslavia are to be given by Mrs. L. E. Temple.

The funeral will be held tomorrow at 2 p. m. at the home.

Mr. and Mrs. J. F. Rector drove to Palmyra to see her Sunday.

COUNTY PASTORS MEET, TECUMSEH REPRESENTED

When the Lenawee County Ministerial association met at Adrian Monday morning one of the features of the session was a paper by the Rev. W. A. Rex of the Tecumseh Presbyterian church. The local pastor handled the subject, "Does the Seminary Prepare the Preacher for His Job?" He admitted that the seminary training is of much value in fitting the candidate to become a preacher, but expressed the belief the present courses could be improved.

Rev. W. R. Curtis, pastor of the Tecumseh Baptist church, was also in attendance at the meeting of the county organization of preachers of the gospel and took an active interest in the proceedings.

The Adrian Ministerial association also held a meeting Monday and the two Tecumseh pastors appeared before that body in the interest of getting the county seat preachers to promote in their home city the illustrated lectures on "Americanizing America," now being held here. Favorable action was taken, the ministers and the Adrian Y. M. C. A. to co-operate in presenting the lectures.

A new and larger battery was ordered purchased for the fire truck, the one now in service on the blaze fighting aparatus being almost out of commission.

Editorial Comment

Teaching a lesson of true citizenship in a clear, easily understood way, the stereopticon lectures on "Americanizing America" now being given in Tecumseh should be attended by every resident of this city as they will be of benefit to all.

They convincingly show the menace in the propaganda being sent out by the bolshevists, communists and anarchists and plead that the great mass of American people stand by the principles laid down by the signers of the Declaration of Independence.

The lectures, as amplified by the lantern slides, paint revolt in its grim hideousness and portray the great blessings that will come if the high ideals which were the foundation of this government are lived up to.

Old as well as young will profit by attendance at these lectures and standing room should be at premium at the next one, for never was there greater need for lessons in true patriotism than now when so many false prophets are at large.

DEATH SUDDEN FOR MRS. HARRIETT CATLIN

Tecumseh friends were shocked and grieved to hear on New Year's day of the passing of Mrs. Harriett Catlin with the old year.

Mrs. Catlin, who was highly esteemed in the village, had made her home here since the death of her husband, the late Dr. Samuel Catlin, and spent much of her time with relatives at Ogden and Palmyra. For some time she had been staying with Mrs. Charles Rau in Ogden, going to the home of her sister, Mrs. Paul Cook, at Palmyra a week before Christmas. A week later she began to be troubled with neuralgia of the heart, but the family nor Mrs. Catlin herself did not think the ailment serious and her death came suddenly.

The funeral was held Saturday afternoon at the Cook home, Rev. W. A. Lees of the Palmyra Presbyterian church officiating. The bearers were nephews of the deceased—Perley Ash, Clarence Ash, Harold Ash, Judd Crane, Alton Crane and Clayton Crane. The burial was at the Friends cemetery in Raisin Center.

Harriett Ash was born July 21, 1854, in Raisin. In 1875 she became the wife of Charles Eastwood, he dying in 1877. In the fall of 1880 she was married to Dr. Catlin, and tenderly cared for him through his old age. He passed away March 14, 1912, leaving her alone with the exception of the one sister, Mrs. Cook, and one brother, J. W. Ash, of Raisin.

Of a refined and pleasing personality, Mrs. Catlin had many warm friends in the Tecumseh Presbyterian church and Eastern Star, both of which she was a member, and many others about the city who sincerely grieve for her.

Various games amused the guests, the prize going to Mr. Nemire. Dainty refreshments were served. Mr. and Mrs. John Calhoun of Holloway were among the guests.

WHAT THE READERS SAY REGARDING THE HERALD

Herewith are presented extracts from a few of the letters being received by The Herald from readers who are renewing their subscriptions:

Mrs. W. S. Hunt of Luverne, Iowa, has this to say: "I don't like to miss my paper as it's most like a letter from home."

W. F. Hood of Detroit, Mich., writes as follows: "The Herald is getting to be an old friend as I left Tecumseh 45 years ago, after a residence of 12 years. No friends like the old ones, as the Irishman said, for where are the new ones that have stood by you as long as the old ones?"

NEXT LECTURE TO BE HELD SUNDAY NIGHT

(Continued from Page One.)

and illustrate the more important phases so that the points to be emphasized are brought forcibly to the attention of the audience.

It has been decided to also hold the second of the series in the Presbyterian church and to have it next Sunday evening. Rev. W. R. Curtis, pastor of the Baptist church, will deliver the next one. The third and subsequent lectures are to be held in the high school auditorium on Thursday evenings. Those in charge remind the public that these lectures are free and everyone is cordially invited to attend.

In beginning the series Rev. W. A. Rex called on Rev. Curtis to read the fundamental laws of this land and the pastor of the Baptist church in giving the scripture lesson repeated the ten commandments. Rev. C. M. Thompson offered prayer and a male quartet sang a tuneful selection. Several hymns were also sung by the congregation before the address was started.

Rev. Rex dramatically read the text of the lecture, the stereopticon slides being shown as the pastor proceeded and aided materially in expounding the theme of the discourse. Views were shown of the destruction done by the radicals in various parts of the country, and the dangers of mob rule depicted, a warning being sounded against the anarchists and reds who seek to overthrow organized government. Abraham Lincoln's words, "No state is safe which fails to protect the property of its citizens," were quoted to emphasize the fact that property must be safeguarded.

To close the program "My Country 'Tis of The" was sung by the audience, all standing, and Rev. Rex pronounced the benediction.

The subject of the next lecture in the series will be "How Ability Increases the Worker's Wage and the Nation's Wealth."

SCOUTS HOLD THEIR FIRST MEETING IN NEW YEAR

The Scouts of troop 1 met Monday night for the first time after vacation. Rev. J. G. Widdifield, the scoutmaster, was absent on account of a great deal of other work and may not be able to meet again with his loyal troop of boys.

The beaver patrol challenged the stag patrol in basketball and the beavers won by a large margin. While the game was going on a "fight" occurred and the troop, showing their desire for justice, chose Perry Hayden as judge, with the Scout boys the jury, and then and there held a mock trial. Fred Temple and Lester Harris were the prisoners, but put up such strong arguments in their own defense that they were acquitted. Marion Alderdyce and Park Nye, also indirectly connected, were discharged.

A large number of interesting games and stunts are planned for this winter. Keep your eyes on the Boy Scouts of Tecumseh in 1920.

The Bad Boy Proposition.

With more interest being shown in Boy Scout activities, the following, sent out by those directing the affairs of the national body and endorsed by the Tecumseh Scout executives, will give an insight into the aims of the organization:

There are no bad boys. We make this statement confidently, knowing that it will be endorsed by educators and all those who have spent their lives in working on the boy problem. We will defend it in spite of all the broken windows, stolen oranges and canned dogs in Christendom.

There are weak boys, boys who lack resoucefulness, boys whose ideas of right and wrong are distorted, but there never was a boy who did not naturally—consciously or unconsciously—do the things which he believed to be right.

The trouble comes when parents, teachers and others who are responsible for the youngster's development fail to fill his time with useful activity. The forces of nature must operate. We cannot stop them while we take our afternoon nap. The wind must blow, the water must flow, and the boy's brain and muscles must work. We put a wind-mill in the path of the wind and it draws water as joyously as it upsets the chairs on the verandah and whisks the family wash from the line. We put a water wheel in the stream and it grinds the grain with the energy which it would otherwise dissipate in washing out its banks and rooting out the trees. These things we know, yet we too often permit youthful energy, our most valuable asset, to run riot. We even attempt to dam it and then complain because it slops over and does damage.

The Boy Scout program is the mill in the stream of boyhood. It provides something useful for every boy to do every minute. Knot tying, first aid and bandaging, signalling, trailing and tracking, fire building and extinguishing, camp cooking, swimming, earning and saving money, hiking, map making and map reading, practical study of flowers, plants and trees, earth and sky, are included in the scout's program for the first year. After these a much broader field is opened, including foundation work in every known trade and profession.

A boy's first idle moment is the starting point of whatever trouble he makes in the world. It is also the big opportunity of the man who is wise enough and patriotic enough to turn national energy into constructive channels.

This Country Prosperous Bank Deposits Prove It

That the United States are experiencing a large measure of prosperity is indicated by the healthy growth of bank deposits generally.

It is the belief of bankers that people in general have profited by the lessons of thrift taught by the government in its campaigns for subscriptions to Liberty Loans, War Savings Stamps and similar drives for funds.

Never in the history of our country has there been such an awakening to the importance of a bank account, especially in the savings department. Concrete evidence of this is found in the growth of the business of the Tecumseh State Savings Bank. This substantial financial institution's deposits increased $170,000 during the past year, this being a 27 per cent growth.

The Tecumseh State Savings Bank's deposits now amount to $790,000.

Its total net resources are $926,000.

Many new accounts are being opened each week. The prospects are that the increase in deposits in 1920 will be even larger than in the past year.

The time to save is when money is plentiful and never has there been such a great opportunity for systematic thrift as now.

Tecumseh Girl Far Better, Due To Nerv-Worth

"MORE AMBITION AND CHEERFULNESS" HER GRATEFUL FATHER DECLARES.

Nerv-Worth has lifted thousands of nervous, weak, excitable boys and girls out of their miseries and placed them on the road to good health. See what it did in this case for Farmer Capron's wife as well as his daughter:

"Two members of my family have taken Nerv-Worth and both have been greatly benefited by it. My wife was first to take this tonic at our house and she improved so nicely that we were influenced to give it to the daughter for nervousness and a low vitality. She has been taking the tonic three weeks and her nerves have improved very much and she has more ambition and cheerfulness. The wife had indigestion and Nerv-Worth benefited her greatly."—A. W. CAPRON, Jackson, Mich., Route Five.

Nerv-Worth contains no narcotics, opiates, coaltar products or habit forming drugs. Made from roots and plants. Nature's harmless medicine. Don't envy others their strong nerves and good health. Get them by taking Nerv-Worth.

Everybody is invited to come to the discussion of centralized school at Grange hall at Tipton on January 16 and all urged to be prepared to talk. Those opposed to this method are requested to be present and tell why they object. It is desired that as much light be thrown on this matter as possible that whatever action is taken will be only after all sides of the question have been thoroughly discussed.

Mr. and Mrs. S. N. Wisner entertained New Years day Mrs. Eliza Daniels, Mrs. A. B. Wisner, Grant Ogden and family, Arthur Daniels and family and Harry Daniels and family. As they gathered around the heavily laden dinner tables the sweet, young voices of Dorothy Daniels and Julia Ogden joined with the others in singing a little verse of a beautiful song before being seated. Miss Irene Wisner made the neat little place cards.

New Year's day the Boy Scouts of Tipton with their scout master, Rev. Oliver, of Tipton, held a big campfire in the woods on the Seth Simmons (old Andrew Wilson) farm. The wind blew and the snow flew and the mercury hovered near zero, but what did such trifles matter to a true scout provided with two matches, one-fourth pound of meat, all the bread he cared for and some potatoes. Each boy built his own fire, some feat in the high wind and snow, and at a general fire roasted their potatoes and broiled their meat, and they declare it was the greatest feast ever.

January 16 the new officers of Tipton grange will be installed, Mr. and Mrs. Daniels of Onsted grange acting as installing officers. The lecturer's hour will be given over to the discussion of the centralized school. The meeting will be open to the public and everybody will be cordially welcome. S. N. Wisner will give a paper, "Should Franklin have Centralized Schools?" Clarence Fisher will follow with estimates on cost, possible salvaging of the present school buildings and other information and this will be followed by a general discussion in which everybody is asked to join.

What Your Kidneys Should Do For You

The kidneys are really filters, finely organized for their work of cleansing and purifying the blood, selecting and throwing out waste products which would act as poisons if permitted to remain in the system. When your kidneys are out of order, the impurities are not removed and remain to poison the system, causing backache, swollen or stiff joints, rheumatic pains, puffiness under the eyes, floating specks, billousness, weakness and pale, waxy, dry skin.

WAS MISERABLE AND ALL TIRED OUT

"I suffered with kidney trouble and have taken many kinds of medicine without getting relief. I used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well. In fact I have not been bothered with kidney trouble since taking the pills."—Mrs. C. J. Ellis, 506 8th Ave., Sioux Falls, S. D.

FOLEY KIDNEY PILLS

are made from the purest and finest medicines, accepted as the most helpful for kidney trouble and bladder ailments. They cost far more to make than the average kidney pills, for the high standard of their making is never deviated from, no matter how the cost of ingredients advance.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

" 'Oh, madam, you must cheer up. Providence, remember, tempers the wind to the lorn sham.' "

Better America Lecture Tonight

THIRD IN SERIES BEGINS AT HIGH SCHOOL AT 7:30

Will Deal With Loyal Classes and Enemies of Government—Second Was Given Sunday Evening—Next Community Service at Methodist Church Sunday Night.

Tonight at 7:30 o'clock at the high school auditorium will be held the third lecture in the series on "Americanizing America," and it is the hope of the three local organizations fostering the movement that the attendance will tax the capacity of the meeting place. The subject of this evening's discourse will be "The Loyal Classes Who Build the State and Enemies Who Undermine It." These lectures, prepared by Dr. Newell Dwight Hillis, one of the most forceful pulpit orators in America, are instructive and entertaining and as they aim to make America a better place for true Americans all loyal citizens owe it to themselves to hear them.

The second in the series was given Sunday evening at the Presbyterian church, Rev. W. R. Curtis, pastor of the Baptist church, being the orator. It brought home to the hearers the fact that brain is mightier than brawn, and rebuked those who are content to labor with their hands

Two Are Raised to Master Masons

E. H. SCHREDER AND REV. J. G. WIDDIFIELD

Work Exemplified Almost Entirely by Episcopaleans—Oyster Supper Follows Lodge Session.

Members in attendance at the communication of Tecumseh Lodge, No. 69, F. & A. M., last Friday evening, found the session a very interesting one. Two candidates, E. H. Schreder and Rev. J. G. Widdifield, were raised to Master Masons, and honoring the latter the work was exemplified by Episcopaleans, with but very few exceptions.

Worshipful Master Rogers turned the gavel over to Past [illegible] C. F. Patterson, who con[illegible] portion of the ritual.

Frank Kilby, past master of Clinton lodge, and a member of St. John's parish, took the latter portion, [illegible] in the delivery of the lecture to such a degree that the brethren were more than pleased. All officers and degree teams were composed of Episcopaleans with the exception of two.

At the close of lodge an oyster supper was served in the banquet hall. This was enjoyed to the fullest extent.

ILL FOR ABOUT TWO YEARS, LESTER SANCRANT EXPIRES

Lester Sancrant passed away this morning at 1:35 at the home of his parents, Mr. and Mrs. Geo. Sancrant, who reside southeast of town on the Nyland farm.

Mr. Sancrant, who was 23 years of age, had been ill for two years with sugar diabetes. About a year ago he was forced to give up his work in Toledo and with his wife, formerly Miss Pearl Weise, of Monroe, and their two little children, Lester, jr., and Jaunita, came to the parental home, where they have since remained. Besides the parents, the wife and children, there survive a large family of brothers and sisters.

The funeral will be held from the home Saturday at 1:30 p. m., conducted by Rev. Combellack of Ridgeway. Burial in the Ridgeway cemetery.

Tecumseh Banks Prospered in 1919

Outlook is Bright for Coming Year—Officers and Directors Elected.

Both Tecumseh banks prospered during the past year and the outlook for 1920 is most encouraging, this developing at the annual stockholders' meeting and election of officers held this week.

Lilley State Bank.

In 1919 the Lilley State bank experienced a marked growth and at the annual meeting of the stockholders on Tuesday a substantial dividend was declared. The election of officers resulted as follows:

President—R. A. Heesen.
Vice President—Frank J. Temple.
Cashier—Herbert S. Temple.
Assistant Cashier—Frank S. Turner.

The board of directors is composed of the officers and the following: P. W. A. Fitzsimmons, Col. A. S. Cummins, Harrison F. Temple, W. D. Reed and Frank E. Bradley.

Tecumseh State Bank.

The annual meeting of the stockholders of the Tecumseh State Savings bank was held yesterday, having been postponed one day so that Edward Frensdorf of Hudson, one of the directors, might be present. The officers elected were:

President—Joseph H. Smith.
Vice President—Edward Frensdorf.
Vice President—Lucian G. North.
Cashier—Frank C. Snell.
Assistant Cashier—George E. Issacson.

Di[illegible]—Edward Fre[illegible] L. G. North, J. H. Smith, Joseph Russell, A. C. Aylesworth, Thomas McCann, Guy E. Belding and B. J. Pulver.

The report of the buziness done by the bank during the past year was very gratifying, as this has been the best year in the institution's history. This is the sixth year of the presidency of Mr. Smith and the twenty-sixth year of his connection with this bank.

Guy E. Nemire, after several years as cashier, closed his connection with the bank Saturday. He is followed by Frank C. Snell, who has been in the service of this financial institution seven years, four years of that time as assistant cashier. Now G. E. Isaacson takes that position after three years with the Adrian State bank.

B. Y. P. U. HAS A MEETING OF ESPECIAL INTEREST

The meeting of the B. Y. P. U. Sunday evening was so well prepared that it called forth high commendation. A playlet of the "Family Altar" was carried throughout the program. The leadership was in the hands of group two, 12 of which were present. Papers on the following subjects were given:

"Character, What it is," Mabel Allison; "Stepping Stones to Character Building," Ernest VanVleet; "Moral Veneer, or Reputation vs. Character," Jay Morse; "Formation of Child Character," Mrs. B. Shea; "Character, Environment, Fate," Mrs. G. Gove; "Wearing Qualities of Character, the Acid Test," Mrs. E. G. Harkness; "Character Our Portrait, or Life is What You Make It," Howard Matthews; "Human Agencies in Character Building, or the Brotherhood of Man," Mrs. E. G. Harkness.

Entertain No Name Club.

Mr. and Mrs. John E. Murphy served the No Name club with a roast beef diner Tuesday evening at their country home. Everyone had a jolly evening if they did have some time getting there through the snow drifts. Progressive pedro was the game of the evening, with Mrs. E. E. Hendershott and O. G. Hunt the prize winners.

Debate Is Won by The Morenci Team

LOCAL SUPPORT OF UNIVERSAL MILITARY TRAINING NOT STRONG ENOUGH

High School Good Loser and Compliments Victors—Attendance Small at First Debate in Some Years.

Congress may now take a long rest, as one of its main problems, the Chamberlain bill advocating universal military training, was voted down Friday night after being thoroughly discussed at the high school. Three of our young students, Marcus Fisher, Miss Helen McIntyre and Ralph Hodges, for the affirmative, were pitted against a team from Morenci, Gayle May, Floyd Lerah and Miles Hochradel, who, as their names would indicate, of course took the negative, as their ancestors had enough of military service and likely came here to avoid the same.

The judges were superintendents of their respective schools, Mr. Nevereth of Manchester, Mr. Cory of Clinton and Mr. Page of Blissfield. Dr. E. D. Brown, as representing the local school board, presided, with the contestant seated at desks on either side of the stage. Only a fair sized audience attended the debate and there was speculation,

Annual Meeting of St. Peter's Parish

REPORTS FROM VARIOUS SOCIETIES ENCOURAGING

Board of Vestrymen Increased From Six to Eight—Pot Luck Supper and Social Time Precedes Business Session.

Monday evening occurred the annual parish meeting of St. Peter's Episcopal church, the occasion proving the conditions of that religious society on a sound basis, notwithstanding that the resignation of the presiding rector, Rev. J. G. Widdifield, becomes effective in a few short days. Promise was held forth at this meeting that there would be no interruption of services at the church.

The annual business meeting was preceded by an enjoyable pot luck supper at 6:15, and social time. The supper prepared by the ladies was excellent and thoroughly appreciated by the participants.

[illegible] business session [illegible]ed with prayer. Secretary Bly read the minutes of the last annual meeting and the same were approved.

Rev. Widdifield read the rector's annual report, which gave evidence of increased spiritual interest in the church work during the past year, with a bright outlook for the future. The report intimated that there would be no interruption in the religious services of the church because of the resignation of the rector, as the names of two possible successors were already at hand. The rector's report showed a total of 106 communicants.

The report of the vestry recommended an increase of membership of the board from six to eight. This recommendation was adopted later under the head of miscellaneous business.

The treasurer's report showed a balance in the treasury after all bills had been paid.

That the church school has been progressing in a satisfactory manner was evidenced by the reports of the secretary and treasurer, read by by W. E. Bly.

The Ladies' Guild has also accomplished much good work and the report of this organization read by Mrs. L. C. Hayden showed a healthy balance in the treasury of the society.

The election of vestrymen resulted in the selection of the following: Lester Rogers, C. F. Patterson, Geo. Hines, W. E. Bly, C. A. Barber, P. C. Satterthwaite, E. H. Ahrens, O. W. Laidlaw.

On motion the meeting adjourned.

The vestrymen will meet next Monday evening for the purpose of organizing.

MONDAY CLUB HAS FINE MEETING—ADDS MEMBER

One new member, Mrs. R. J. W. Bowen, was voted into the Monday club this week during their business session. Later Mrs. E. M. Lewis acted as leader of an excellent program.

Last Thursday evening officers were installed, three pages were advanced to esquires and refreshments were served. Hugh Hanna was chosen a trustee of the burial association to succeed Guy E. Nemire, who has gone to take up his residence in Columbus, Ohio.

The following acted as installing officers: Hugh Hanna, G. C. C.; Andrew Taylor, G. V. C.; Lynn [illegible], G. P.; Jas. Elliott, G. M. at A.; Robert Quakenbush, G. I. G.

The basketball team of the K. of P. lodge is making a name for itself and to show that the order appreciates the efforts of those on the team it was voted to buy them a ball that they might have equipment of their own with which to play the game.

Mrs. Abbie Fisher Claimed by Death

Ill Only 24 Hours, Former Well Known Resident of Tecumseh Dies in California, Aged 82.

Her many friends will be grieved to hear of the death of Mrs. Abbie Fisher which occurred Sunday morning at Long Beach, Cal., which has been her home for the past ten years. Her daughter, Mrs. I. D. Loree, of Ann Arbor, started that day for the far-off western city to settle her affairs. Mrs. Loree had returned home only last October after remaining with her mother for several months.

The body is to be cremated and the ashes brought to the family lot in Brookside.

Although in failing health due to her advanced years, she being 82 years of age, Mrs. Fisher was only sick 24 hours.

Mrs. Fisher was the widow of the late Dr. Wm. Fisher, a prominent Tecumseh physician, and she was a well known and highly respected resident of this city whose loss will be keenly felt by a host of friends.

EDGAR HALLADAY WAS A WELL KNOWN CLINTONIAN

The funeral of Edgar Halladay, a highly respected resident of Clinton, [illegible] Saturday at the Congregational church in that village, Rev. Warren officiating. The burial took place in the Halladay lot in the Clinton cemetery.

Among the relatives attending were Mr. and Mrs. A. B. McLachlin, Miss Lenore and Leslie McLachlin, Mr. and Mrs. Leon McLachlin, Mr. and Mrs. Elmer Halladay, Miss Muriel and Harold Halladay.

Edgar Halladay was born in Manchester, N. Y., March 31, 1840, and died January 8, 1920. When 21 years of age he moved with his people from York state and settled one mile north of Clinton in Washtenaw county.

In 1866 he was married to Mary A. King, and after three years' residence in Bridgewater township they moved to North Adams, where they lived five years, returning to Bridgewater, where Mr. and Mrs. Halladay resided upon the farm of Mr. Halladay's father.

After a few years they moved to Napoleon, Jackson county, where they purchased a farm and where they lived until 1909, when they sold the farm and returned to Clinton, where the last ten years of Mr. Halladay's life was most happily spent.

Mr. Halladay's health began to fail about a year ago and on January 8 he quietly fell asleep to awake with those who have preceded him to the better land.

He is survived by his widow and two daughters, Mrs. H. Ray Kemp of Adrian and Mrs. A. B. McLachlin of Tecumseh, besides four grandchildren and numerous relatives, among them a brother, T. B. Halladay, of Norvell, and a sister, Miss Judith Halladay.

Mr. Halladay was a devout Christian, a courteous gentleman and a loyal friend who will be sadly missed in Clinton.

Miss Lydia Babcock, the manager, has so efficiently performed her duties that she was invited to continue in that position. She reports over 650 phones in the service. Stroke Is Fatal To Charles Orr

Life-Long Resident of Tecumseh Expires Two Weeks After Apoplexy Fells Him.

After lying in a semi-couscious condition for over two weeks, following a stroke of apoplexy, Chas. Orr passed away peacefully Thursday afternoon, January 8. The funeral was held from the home, corner of Kilbuck and Democratic streets, Sunday afternoon, Rev. John Coman, [illegible] church, officiating. Appropriate selections were rendered by Mrs. R. T. Meade and Mrs. Ella Hodges. The burial was in Brookside with the following immediate relatives bearers: Herbert Orr, Garland Osburn, John Orr, Robert Orr, James Cupples and Samuel Linton.

Present from out of town for the services were Herbert Orr, Mr. and Ms. Sam Linton and Miss Nellie Webber of Detroit; the Misses Margaret and Sarah Linton of Toledo; David Linton and daughter, Miss Pearl, of Britton.

Mr. Coman took for his text "I go to prepare a place for you."

Miss Nannie Kyle's Sunday school class attended the funeral in a body, Mrs. Orr being a member.

Charles Orr, a life long resident of this city, was born May 24, 1863, the son of the late John and Hessie Orr, highly respected residents here for many years. After taking a course in Brown's business college, he took a clerkship at the Lake Shore depot also acting as baggageman. This he held for over 30 years, the latter years of that time being stationed at the Junction depot. Two years ago he left the employ of the railroad and went to Heesen's foundry as shipping clerk and assistant.

January 19, 1892, Mr. Orr married Miss Martha Linton of Tecumseh and with her there survive two children, Herbert Orr of Detroit and Mrs. Geraldine Osburn, who with her little family live southwest of town. These two little granddaughters were especial favorites of their grandfather and about his last waking act was to motion for the baby to be placed in his arms. Two brothers also survive, John and Robert Orr, also residents here.

Mr. Orr was a member of the local Presbyterian church, to which he was ever loyal. He was a kind father and husband. All over the city his acts of kindness, for those sick or in need, are spoken of. In all honesty it can be recorded that "A good man has gone."

BRITTON ODD FELLOWS VISIT TECUMSEH LODGE

About 40 members of the Britton I. O. O. F. visited the Tecumseh lodge Tuesday evening and conferred the first degree. For the good of the order came speeches by the local brothers welcoming their guests and responses from the Britton men who heartily enjoyed the evening and told in glowing terms of the splendid advancement of their lodges both in numbers and good feeling. A roast beef banquet followed when over 80 were served. G. H. Tansley and George Hoag were in charge of this feature of the entertainment.

Editorial Comment

The Herald wishes to commend the Lenawee County Board of Road Commissioners in its recent selection as supervisor of maintenance Tecumseh's excellent highway commissioner, Perry VanValkenburg.

It is perfectly plain that this selection was made entirely upon merit, partisan politics playing no part whatever in the choice. The county board is also to be congratulated in being able to induce Mr. VanValkenburg to leave his farm and take up the work.

This selection can also be considered that the county road commissioners are endeavoring to serve the county to the best of their ability.

Tecumseh township roads have for some years given evidence that the highways have been in good hands, for no better roads are found in the county than here. Mr. VanValkenburg is a road enthusiast because he is interested in the work. He has carefully studied the best methods of building and maintenance, giving the latter the most attention, because he knew that the best of roads would soon go to pieces unless properly maintained.

Mr. VanValkenburg's work will take him all over the county to supervise the maintenance of all dirt or gravel roads taken over in the county.

Once in a while we hear a farmer complain of the high taxes and laying the blame to the good roads movement. We don't blame him for complaining of the high taxes when it takes practically all his hog money to make the payment. But we do trust that he will see the light and not make any movement to block the good roads work in his neighborhood.

By the vote of the people the Michigan legislature has appropriated fifty million dollars for good road construction. This money has been appropriated and every taxpayer must pay his apportionment. If the farmer of Lenawee wishes to get some return from his highway tax he must boost for Lenawee trunk or state roads. His apportionment of the fifty million will be just the same if the money is spent on roads in the northern peninsula. Boost for roads that will benefit you and your farm, and don't lose sight of the 75 per cent federal and state aid that is now available.

Boys and girls of school age can obtain much good from the Dr. Hillis lectures being given in Tecumseh and their absence from these entertainments has been a regrettable circumstance. So far the lectures have demonstrated where brains — good, healthy, thinking brains—have put it all over brawn and muscle. Who can tell what boy or girl that attends from this community will receive an inspiration that may not only bring him wealth, but prove a great blessing to humanity. We trust now that these lectures will be held in the school auditorium we will see more of our youngsters in attendance.

Something like 200 subscribers have failed to respond to the appeals of The Herald for their subscription money. This is perhaps due to the many things that need attention the first of the year besides the paying of taxes. We will be glad to see the last two hundred come cheerfully across with their stipend within the next week or ten days.

Readers of The Herald are depending more and more upon the advertising columns of the home paper to inform them of the business activities of our city. The wise need no further hint.

How many resolutions, dear reader, have you violated thus far?

It is best to resolve and stick to it, or not resolve at all.

DEBATE IS WON BY THE MORENCI TEAM

(Continued from Page One)

why school endeavors, except the commencement exercises, meet with such lack of interest in Tecumseh. This was the first public debate in years here and on a topic of interest to everyone, so the efforts of these young people should have attracted a packed house.

The question was stated by Dr. Brown: "Resolved, That Congress Should Adopt a System of Universal Training for all Able Bodied Male Citizens Between 18 and 25," as he read the Chamberlain bill, then he introduced the students.

Marcus Fisher started the discussion by taking the affirmative. He contended the change in world conditions demand military training. Our habit of closing our eyes has become a national trait. Our far reaching possessions must be garrisoned. Germany cannot forget her defeat. We cannot have respect unless we command it. Japan must be watched. Raising an army by the voluntary system was never successful. The universal system of training would not be the standing army system of Europe.

The first Morenci speaker then shot back, with "Do we want America to bring on herself the evils of the old world?" We are not menaced on the north or south by enemies. We have had a century of peace with Canada. If peace is to continue we must not keep a standing army. The militia makes as good a soldier as any country may need. A standing army would arouse suspicion. Japan calls us now militaristic. No nation would respect us if we change our motto to "In our army we trust." If we adopt the reserve order then follows the passport plan, and no man of the ages of 18 to 25 could go freely about his business unless receiving permission from the government. Any man who says this law is for equality is a bolshevist. The Prussians are the most brutal people and the Swiss democracy is of a licentious order which can be attributed directly to the military service.

Miss Helen McIntyre followed with arguments as good and delivered as forcefully as her brother orators. She saw benefits to the country in other than military things. To allow some to shirk is undemocratic. The training will level class distinctions. It will aid in Americanizing our foreigners. Physical efficiency will be increased, as seen in the beneficial effects in the boys of the world war. Twenty-six states have voted unanimously for military training.

The next Morenci speaker avowed the plan is unnecessary and un-American. He would leave the training of the man to the home, the school and the Boy Scouts. Our defense should be naval. The army would work no better under compulsory training. It makes de[illegible] who have no original thoughts, but depend entirely on orders from others. You preach peace but now advocate military training. Why not practice what you preach.

Ralph Hodges summed up for the affirmative side. Not a branch of the service has a full quota of men. The few don't like to fight for the many. At the age specified few boys have chosen professions or occupations. When we went into the great war we had to take a year to get ready when we should have been fighting. Military training reduces crime and develops the best in the man. It is a necessary military measure, will aid democracy and give us a defense easier.

The next Morenci man was a real orator, but a fine example of the need of the setting-up exercises of a military training class. He wants each man to be allowed to decide for himself. England's voluntary army, he said, was the noblest under heaven. The man's ambition is war if taught war, and it will bring war upon us. Shall we throw the Monroe doctrine to the scrap heap? The plan is unnecessary, un-American and inadequate, unjust to the individual, the nation and the world.

In the rebuttal Morenci had the first "say." It was stated our possessions must be protected, but our army must be American not European. Foreigners came here to avoid military service. Our isolation will not protect us. A war with Japan will be brought here. The Swiss system could not work here, as we could not control a man from childhood until he is 48. We do not pay a soldier enough. We need further proof than we now have that Japan is trying to make war with us.

M. Fisher responded: If a man begrudges the time he puts in military training, how about that which he puts in school? We advocate training, not service. The plan used in the old county is service. We want to protect our own doctrines by a strong navy, not ask England to do it for us.

The next speaker among the visitors said crime is on the increase during wars. Give it to everybody, let women and children enjoy (?) this training which makes Socialists and Reds. Pay more in your army and you'll get all the men you want. This training is an insult to young manhood. We are protected by great oceans. Do you consider the Atlantic only a by-path? A large navy is all we need. We are not murderers.

Miss McIntyre followed up with an example she knew about using the lessons in sewing, the training in the sewing class to represent the unprepared man going into war. The bill does insure naval training as well as military. Our men are only to be on the reserve until 28. Liquor and tobacco are not sold to soldiers, so in that are they protected. Officers gain rank in our military service, not appointed through a money pull.

The last speaker for Morenci referred to the Swiss officers as the rich men of the country. They have no strikes there through fear. Seventeen per cent of our population are foreigners and they will fight compulsory military training, gaining us a civil war. We ask for a strong militia and navy.

Ralph Hodges made the closing effort in the rebuttal. The people who don't want to fight for their country can't be depored too quick. The army and navy cost us great numbers of men through la[illegible] training, which is necessary to save life. To learn to swim may come handy, so may military training. Why does compulsory military training invite war?

At the close of the debate the judges, who had sat in far ends of the auditorium, handed in their decisions, which Dr. Brown found to be three for the negative.

Miss June Brooks has labored assiduously with the local team, who by the way are among the brightest young people in the senior class, and with the audience felt the decision keenly, but the local debaters were good losers and congratulated their guests heartily.

Adrian and River Rouge teams debated the same question Thursday evening, with Adrian the victors.

They have sold to Mrs. Preston their Adrian property and as soon as she moves into the latter dwelling they will move to her farm, expecting to go in about a month. Mr. Price has been lineman for the Tecumseh Telephone Co. for over eight years.

The Brotherhood of the Baptist church met at the home of Ira Ashley Monday evening. The attendance was the largest ever. The paper given by Ernest Harris was well prepared and the discussion opened by Fay VanValkenburg was well handled. Many good things were brought out on the subject of "The New Age and New Standards," such as the brotherhood of man, better language to overcome profanity. Tecumseh is loose in this matter, even before the growing boys and girls. The new times demand higher wages if the church people keep pace they will need to pay more than the previous demands. The well meaning people of Tecumseh have a responsibility of furnishing better and cleaner amusement for their young. The Saturday night community play was commended as a step in the right direction. The community house was advocated, also placing moving picture machines in the churches. Ice cream and cake were served by the hostess. Then the men gathered around the piano and enjoyed a good sing.

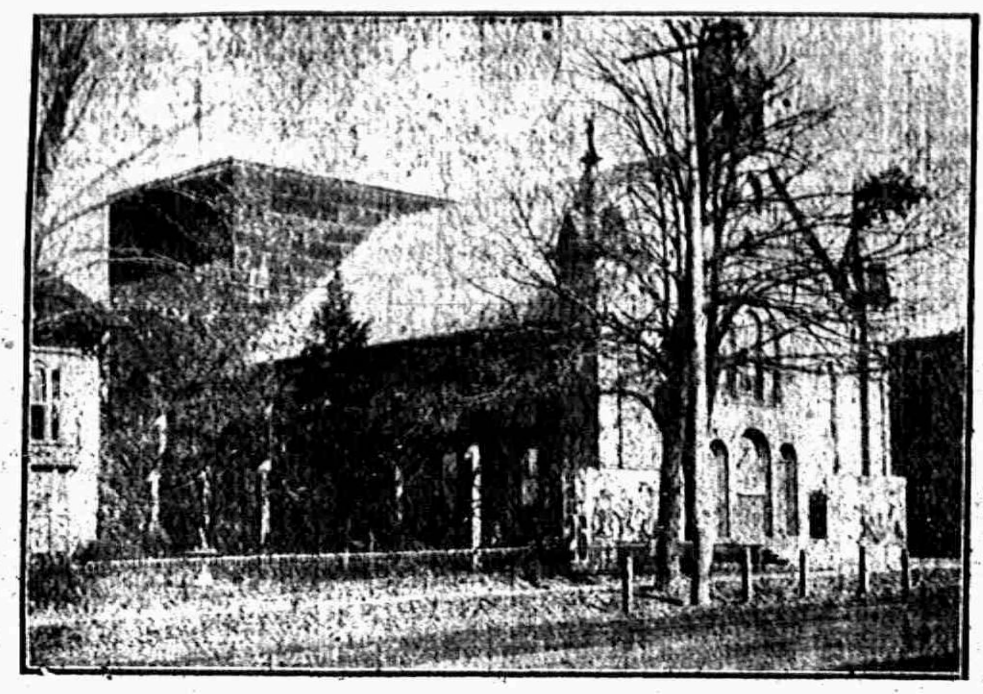
Big Film Attractions Coming to the Bradley



Mr. Marks, of the Bradley, was in Detroit Tuesday arranging bookings on some exceptionally big feature films which will be seen at his popular play house commencing in the very near future. Among some of the more important bookings are "Tarzan of the Apes" and "The Romance of Tarzan" from the popular books by Edgar Rice Burroughs, two of the greatest animal pictures that have ever been produced on the screen; "Shanghaied," claimed to be the best two reel Chaplin film yet produced and now showing in Tecumseh for the first time; a return date on Douglas Fairbank's big eight act production, "His Majesty, the American." It is not often that the management of the Bradley repeats a booking on any film, but the demand has been so great for a return showing on "His Majesty, the American," the greatest Fairbanks film ever produced that a return showing has been arranged to accommodate the patrons of the Bradley.

There will also be early showing dates on "Male and Female" and "Every Woman," the two big Paramount productions that are following "The Miracle Man," and are now having their first runs in the larger cities. These two big productions can easily be classed with "The Miracle Man," and, last but not least, bookings contracts were made for the "New Mack Sennett" and "Arbuckle" comedies although these new comedies call for a higher rental cost than many of the five and six reel features, but, as Mr. Mark says, the patrons of the Bradley can have the best the screen can produce if they want it.

In order that these bigger and better productions may be properly presented, two new Simplex machines of the very latest model have been installed at the Bradley at a cost of over $1,200. These new machines assure a steady picture with no waits or intermissions for changing reels, which have been necessary before in using one machine. These new machines certainly are a great addition to the already up-to-date equipment at the Bradley.

Watch The Herald for future announcements and ads for these bigger and better film productions.

Overland

Price $990 Delivered

This car deserves careful scrutiny, or talk with any owner. Compare it with any make double its price. You will readily see why it is the greatest car ever offered at any where near its price.

Why this Car is in a Much Higher Class than the Price Would Indicate

1—Its Triplex Springs allow you to drive at 35 miles per hour over rough roads with perfect comfort.

2—No car at double its weight will hold the road as well.

3—No $5,000 car is painted better. The Overland 4 has an enamel-baked finish of superior quality. After being used for a long while, it will still look like new.

4—No $5,000 make has better workmanship. Examine it closely and observe the quality of its parts, such as bearings, connecting rods, Halica timing gear, and spiral driving gear.

5—Has nearly seven hundred fewer parts than the Overland 90 model.

6—Owing to its light weight, with equal to 130-inch wheelbase, it gives on an average and by actual test 26 4-5 miles on a gallon.

[illegible]—Owing to its large radiator, water is at the proper temperature at all times.

8—Curtains all open with the doors. The quality, also the one-man top and cushions, is the same as in cars of more than double the price. The top, side curtains and cushions are of Duratex, which is not affected by heat or cold. The upholstery is identical with that in autos sold at a price far in excess of the Overland 4.

He Rolled and Tossed About on A Sleepless Bed

BUT OTTO C. GADTKE OF JACKSON NOW SLEEPS SEVEN HOURS A NIGHT.

Why lose rest when this famous family root and plant nerve tonic is ready for you at Pulver's drug store? Get your nerves right and sleep will follow. Said Mr. Gadtke a short time ago:

"I have used three bottles of your Nerv-Worth for nervousness and sleeplessness and think it a good medicine for these ailments. I was so nervous and restless at night that I would lie awake until two or three o'clock in the morning before I could get to sleep and then would sleep only a short time before I would begin to roll and toss about the bed. I can go to bed now at ten o'clock and sleep until five and get up feeling rested."—OTTO C. GADTKE, 225 W. Main St., Jackson, Mich.

Nerv-Worth steadies and strengthens the nerves, whets the appetite, adds flesh, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headache and other aches and pains, builds up run-down systems.

B. J. Pulver sells Nerv-Worth in Tecumseh.—adv.

One of the pioneer settlers of this vicinity, Philomen Brewer, passed away Tuesday night at his home five miles east of here. If he had lived he would have been 80 years old next Tuesday. His death was due to his advanced age and general breaking down. Possibly the real start of his last illness was a stroke of paralysis which he suffered a number of years ago. He was a Civil war veteran, a member of Co. F., 26th Michigan Infantry. He is survived by his wife, one son, Warren Brewer, of Adrian, one daughter, Mrs. Vesta Lewis, at home, and three grandchildren. The funeral will be held Friday at the home.

BETTER AMERICA LECTURE TONIGHT

(Continued from Page One.)

and then resent it when the man with intellect acquires more of this world's goods than the manual laborer. The lecture was ably given by the Baptist pastor, the numerous illustrations making the interpretation of the message more forceful. It was preceded by the audience repeating the 23rd Psalm, all standing, and Rev. C. M. Thompson, of the Methodist church, offered prayer. The choir sang a much appreciated selection, Rev. Curtis read the scripture lesson and all sang "America." It was then announced when and where the third lecture would be given and Rev. Thompson made it known that the next of the regular community services would be held at the Methodist church next Sunday evening at 7 o'clock and invited all to be present, assuring them a program of interest will be presented. Rev. Curtis took pleasure in announcing he had finally been successful in his efforts to induce the Hillsdale College glee club to give an entertainment here and that the organization will appear in Tecumseh the evening of Friday, January 30, at the high school auditorium. A program of great variety and merit is promised. While there will be a basketball game that same evening between Tecumseh and Saline high schools, it is planned to set the concert early enough or late enough in the evening so that those interested may attend both events.

It is the aim of the second lecture in the "Better America" series to prove that intellect on the part of the workman will enlarge his pay and increase the wealth of the country and numerous cases were cited to substantiate this fact. In part the lecture was as follows, the salient points being stressed by Rev. Curtis in such an effective manner that all present gained the full import of the lesson taught:

"Our age is called the wonderful century. It is the increase of comforts and conveniences through tools that has made our era wonderful. Within a few years man has made more progress through the locomotive and steamship than during previous thousands of years. Locomotives brought us treasures from distant states; steamships brought sugar and coffee, tea and chocolate, India rubber, and a hundred luxuries, from far-off seas. The loom multiplied garments of cotton and wool and silk. The printing press made books and magazines not only beautiful but cheap. Always the Roman emperors could ride in their chariots, but today the poor man rides for two cents a mile in a palace car. Once only kings had beautiful paintings; now the workingman's walls are covered with reproductions of the old masters. Today a laborer who has $5 a day enjoys conveniences that Queen Elizabeth did not have in Kenilworth castle. Men some times speak of the good old times, but in reality there never were any good old times. Those were the bad old times, and these are the good new times.

"Back of every great tool, art, law and liberty stands a great man; therefore, the real business of this republic is the manufacture of souls of good quality. One inventor thinks ships into being, another thinks in terms of bridges, while an architect thinks out houses. Therefore, the way to make the state rich is to grow great men and women, who have thoughts and can put there wise and beautiful thoughts into the books they write, the pictures they paint, the laws they pass and the helpful lives they live. Get strong men and society has everything.

"The story of the first steam engine illustrates the fact that what labor cannot do, can never do, ability accomplishes. A boy of frail health, James Watt, was a mechanic who made measuring instruments. A professor in a university asked him to repair the model of a huge steam engine, then used to pump water out of the mines. These old engines were of little value because seven-eighths of the steam was wasted. In that hour Watt conceived the idea of carrying the steam into another vessel, cooled by jets of water, and therefore instantly condensed. In that moment Watt harnessed the steam and made it work. Today it turns every man into 100 man-power. Palissy turned clay into the beautiful china, the cup, the saucer, the vase. His ability added immeasurably to the wealth of the world.

"For centuries men supposed that fruits and grains were fixed and could not be changed. But suddenly certain men entered the scene that seemed like miracle workers. Thomas Bull took a little sweet grape and emptied its sugary flow into a wild sour grape that was large, and gave us our most wholesome grape, the Concord. Finally Burbank began to study the subject scientifically. He created the new walnut tree, the thornless cactus, the Burbank potato and today he has 6,000 different experiments through which he hopes to double the grains and fruits of the United States, so that our country can feed five times its present population.

"Now in this republic every boy must decide for himself whether he shall put his foot into a spade or his intellect into the iron. If he puts his foot into the spade, he gets $2 a day; if he imitates Edison and puts his intellect into the iron, he may get $1,000 a day. Call the roll of the successful men: Marshall Field was a poor clerk, working for $10 a month; Harriman was the son of a poor minister; Edison was a tramping telegrapher; Carnegie began as a poor messenger boy. These men, by success, have aroused the anger and hatred of some who failed, because they threw away their chances. They began life as humbly as did the failures. You and I have the same chance to build railroads and open up oil fields, to invent autos and build phonographs or found steel mills that these other men had. There was only one difference, we did not have brains enough. We put our foot into a spade instead of our intellect. If you will insist in putting your foot and hand into a spade and are too [illegible] to think, don't be jealous of a Carnegie or hate an Edison, because they used their intellect where you used your legs.

"The helplessness of labor without ability as a guide is aptly illustrated by the fact that if providence should send to the world three men who could solve three problems, the average income would jump from $2,400 a year to $5,000 a year, and some chemists say to $7,500 a year. One half of the anthracite coal is wasted in mining. Soon our mines will be exhausted. Consider also that 85 per cent of the heat of the coal goes out of the chimney. The man who could solve this problem would add enormously to the wealth of the world. All business men are watching eagerly the experiments to convert the coal in the mine into electricity without the intervention of water and steam. Not less anxious are the chemists to discover some way of taking nitrogen out of the air. These three men, when they come, will, with their ability, end poverty and increase the average income to a point that our fathers would have thought was far beyond the dreams of avarice."

The benediction was pronounced by Rev. Curtis.

FORD

The Universal Car

Don't Depend on Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait —even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

That's what a French housewife would say if she knew that she could save at least 10c a sack, or 80c a barrel by baking with

HAYDEN'S
"White Star" Flour

Especially if she knew what a nutritious loaf of bread it would make. Because of the process in which it is milled, "WHITE STAR" FLOUR will bake a loaf of bread that will hold moisture longer than the average flour. Not only that, but it imparts to the bread or cake that sweet, "nut-like" flavor of the wheat berry itself. We do not claim that "White Star" will make as white a loaf as "1900" will. But, we do claim that if you've never tried "White Star" that it will pay you to give it a trial.

Baptists Had Most Successful Year

Reports at Annual Meeting Show Church is in Flourishing Condition—Prospects Bright for Future.

It was a decidedly successful year which the Tecumseh Baptist church has just closed, this being revealed at the annual meeting held last Thursday. The coming twelve months promise to be even more fruitful as all branches of the church work begin the new year with exceedingly bright prospects.

A good representation of the church gathered at the edifice for the yearly meeting, all coming with well filled baskets and bent on making the gathering of an enjoyable character, and it was a feast to be long remembered. Dr. B. F. Steinhoff, who has been clerk for 17 years, was able to walk over to the church, having recuperated to a great extent from his recent operations.

The meeting was called to order at 2 o'clock by the pastor, Rev. W. R. Curtis, singing having [illegible] the opening. Prayer was offered by Deacon VanValkenburg. The minutes were read by the secretary of the trustees, Robert Moore. The report of the treasurer, F. D. Avery, showed a very healthy condition of the church, enough having been pledged to cover all expenses for the year. And most of the pledges have been paid, it was stated by the treasurer. He was in favor of increasing the budget by $400 for the coming year. As the result of the election Ernest Harris and Ira Ashley were chosen trustees, and Fay VanValkenburg was selected church clerk, Dr. Steinhoff having resigned.

Pastor Curtis, in his report, spoke of the hearty co-operation of the church and the unity of spirit, saying each branch of the work was succeeding because the spirit of Christ was supreme rather than bait or the expectation that some surprise might be sprung. He referred to the B. Y. P. U. meetings as being full of life and every service inspiring. The Boy Scout movement has really outgrown its quarters, he announced, and the Sunday school is a joy to all. An encouraging financial report of the Sunday school was given by Miss Bessie VanAntwerp. A report of the activities of the Woman's Mission society by Mrs. Finch showed the year had been very profitable and the attendance good. Mrs. Anna Morse presented a report of the Ladies' Aid society which revealed much good had been accomplished during the year, and she reported a substantial sum on hand for improvements in the church.

Jay Morse was elected superintendent of the Sunday school to succeed himself, Robert Moore as first assistant and A. O. Howard as second assistant.

A marked spirit of unity and general good will prevailed throughout the meeting, augering well for the accomplishment of much in the Lord's vineyard during the months to come. The session was brought to a close by the pastor offering prayer.
